In deciding 'seniority' in the M.E.S., the same rule as applied to other services viz., rule 29 of the General Rules for the Prob. & Subordinate Services, is followed. Under that rule, the period of service other than in the M.E.S. is not taken into account; seniority is determined by the date of the individual's first appointment to the service or class, category or grade therein; where the transfer of a person from one class or category to another carrying the same pay is involved, the date of his first appt. to the class or category from which he was transferred counts. The answer to the Assembly question shd., therefore, be in the negative. (See.) may see before On. 12/11/47
