Schools - Secondary - Aided - Kshatriya Vidyasala

High School, Virudhunagar - special grant for 1946-7.

Request - Negatived.

From

SV. P. N. S. T. NAGARAJAN, B.Sc.,
Correspondent & Secretary,
Kshatriya Vidhyasala Managing Board Ltd.,
VIRUDHUNAGAR.

To The Hon'ble Minister for
Education,
Government of Madras,
M a d r a s.

Ref. No. 117/47 Dated 15th Dec. 1947 .

Sir,

Subject:- Prayer for Special Grant to the Kshatriya
Vidhyasala High School, Virudhunagar based on
the Financial Statement for the year 1946/47.

This Kshatriya Vidhyasala High School is an institution of 58 years' standing. Like every progressive institution it has been steadily growing from year to year in all its departments until now. It has got on its rolls 1,232 pupils in 32 sections with 50 members on its Staff.

With the sole and noble aim of imparting and spreading education to the maximum possible number of school-going pupils of this locality and its surroundings, it has adopted as its ideal 'FREE EDUCATION' to all, irrespective of castes and creeds.

In the pursuit of this noble and laudable ideal, it has been finding out and augmenting its financial resources with single-minded and wholehearted devotion to meet the evergrowing expenses for the upkeep and development of this hoary and useful institution.

The huge sums of money, that are being spent on its Staff and buildings, are all met solely from the resources of

SV. P. N. S. T. N.

P.T.O.

3. Memo No 86306 B, 149-2 Edm d/17-11-49.

3

2

3

this Managing Board Ltd., completely unaided by the Department of Education, Madras. Except for negligible sums of money got as help from Government on a very few occasions, in all these 58 years, for furniture, books and science materials, the huge expenses, permanent and recurring, on buildings and staff running upto Rs.42,350/- a year are all met by this Board only, without any financial aid from the Government.

Now that Local Board Scales for salaries and Government rates for Dearness Allowance have been adopted from this year on, the expenses of the Board have become far greater than before. If the policy of free education (to children of the toiling thousands of these parts) very nobly conceived and perseveringly pursued for the past 58 years in the face of innumerable obstacles, is ever to be given up in the years to come on account of the increasing and too heavy a burden not being shared by the Department of Education, it will be a terrible blow to the cause of Education in these backward parts, where the people are too poor to pay for Education and at a time when the spread of Education among them is much more necessary and urgent than ever before in these days of democratic Governments.

Since this Managing Board has borne and is willing to bear a considerable portion of its expenses in future also, it appeals to the Department of Education, Madras to be graciously pleased to come to its aid and relief by granting as a Special case to this unique charitable Institution, substantial sums of money yearly as special teaching grants in suitable proportion to the huge sums of money disbursed unaided.

Though this institution collects no tuition fees whatever from any pupil in any of the classes or forms, herebelow are furnished figures showing the amount which it will be entitled to draw from the Department of Education as aid or Grant as per the Grant-in-aid Code of the Madras Education Department

SV.P.N.S.J.N.

P.T.O.

(i) As per 32 (i) Grant-in-aid Code	Rs. 1,919-- 8--0
(ii) " (ii) (a) "	1,791-- 0--0
(iii) " (ii) (b) "	1,873-- 1--7
(iv) As per War concession rules	284-- 0--0

Total	5,867-- 9--7

(v) In addition, 20% at least of the net cost to this Management amounting to Rs. 8,470--0--11 may also be paid as Special grant or subsidy to this Board by the Government.

The total coming to Rs. 14,337--10--6 a year.

As has been pointed out above, if this Board offers free Education to all, it is on account of the fact that the area is backward and too poor, but the need for education is all important and urgent. If the Government is now requested to help this Board financially as shown above, it is only as a sort of relief to the ever increasing burden. If the Government condescends to sanction teaching aid to this school as per items 1 to 4 above, it only does what it will do as per the Grant-in-aid Code Rules to any school levying tuition fees. In this case it does not pay more, nor does it break the rules of the Grant-in-aid Code. If there is loss of income to any party, it is not to the Government but to this Board only, which it has undertaken willingly in the past and undertakes in the present and future also to face in the cause of a very noble and useful purpose.

Otherwise, the fee concessions of the Government being too inadequate to meet the dire need of all who deserve them richly by reason of poverty, many pupils will have to leave school and stop their education which will be a terrible loss to national wealth in these days of democracy.

P.T.O.

SV. P. N. S. J. N.

(5)

Therefore, it is prayed that the Department may be graciously pleased to sanction the sum of Rs. 5,867--9--7 (as shwon in itmes i to iv above) as teaching grant to this school as a very special case as per the Grant-in-aid Code, and the amount under item v above as a special relief in an extraordinary case.

This appeal is made in the sole interest of the Institution in its further development in the payment of very liberal salaries to its Staff and in making the Institution more and more efficient and sound.

S.V.P.N.S.J. Nagarajan.

CORRESPONDENT,
KSHATRIYA VIDHYASALA HIGH SCHOOL.

Encl:- Statement showing the calculation of Grant amount.

Copy of the Petition is submitted through the District Educational Officer, Ramnad at Madura and advance copy forwarded to:-

1. The Director of Public Instruction, Madras.
2. The Divisional Inspector Of Schools, Madura Division, Madura

(i) As per 32(i) Grant-in-Aid Code

Deficits:- Standard Rates fees Total Rs. 37,462-0-0

Secretary, E. & P.H.

Please see herewith a representation that has been received from the Correspondent and Secretary of the Kshatriya Vidyasala Managing Board Ltd., Virudhunagar. They are running a high school with about 1,200 pupils where no fees are charged. I understand they are incurring an expenditure of Rs. 42,350/- every year, that till now, they have not received any grant. I am told that when they charge no fees, grants are not given simply because they do not charge any fees. I do not see any reason why the normal grants payable to other institutions should not be given to them. The matter may be examined and put up.

U.O. reply No.1225 D1/47 dated 24th March 1948.

SUBJECT: Grant - Teaching - Kshatriya Vidyasala (High School) Virudhunagar.

REFERENCE: U.O.No.99596 B1/47-1, Education, dated 23-12-47.

Submitted.

2. The K.V.Sala Managing Board requests Government that in view of the very heavy expenditure they are now incurring on the payment of salaries etc., to the staff and in view of the fact that they have been maintaining the school as a free school single-handed without any aid from Government all these years, the Government may be pleased to grant them as a special case a grant of Rs.5,867/- under rule 32 and War concessions and a special relief to the extent of 20 per cent of their expenditure as an extraordinary case, thus making up the total aid for 1946-47 to Rs.14,337/-.

3. It is true that all these years the institution was not practically getting any code grant even under Rule 32 (i). No compensations under 32 (ii) (a) and (b) were allowed apparently on the ground that there was no actual loss to the management.

4. On their present representation to the Hon'ble Minister for Education, the Minister seems inclined to think, why this institution cannot be treated on a par with other educational institutions which are in receipt of all the grants ~~are~~ normally entitled to under the rules in force in the department. The Director has been asked to examine the question.

5. The question has been examined in consultation with the Inspecting officers. I am inclined to recommend that, in view of the fact that the members of the community, whether individually or collectively, are paying fees in the shape of donations and contributions to the funds of the school, the non-levy of fees as such need

not

not vitiate the issue and that the school may be given aid under rule 32, Grant-in-Aid Code, items (i), (ii)(a) and (b) and military concessions.

6. If this is agreed to, leaving the Code grant which has been separately sanctioned (a sum of Rs.572/- this year), the institution will become eligible for the following (based on the figures furnished by the District Educational Officer).

1. 92 M.E.R. concessions	...	Rs.1,791	0	0
2. 32 Grant-in-Aid Code (half of 10 % of fee income at standard rates).		1,873	0	0
3. war educational concessions.		269	12	0
		3,933	12	0

7. I may also add, in this connection, that the constitution of the scheme for the administration of the school, is such that the scheme cannot be amended, even if one individual opposes the proposal of levying fees in this free school. The legal difficulties in the way may be considered.

8. If Government are inclined to relax the rules and are pleased to sanction the request of the Managing Board the additional expenditure on this account can be met from this year's allotment itself.

From the D.P.I. No 1225 D1/47 dated 24-3-1948

pp 10-11 C.F

Please see the Director's remarks on pages 10-11 C.F. He recommends that the management of the Kshatriya Vidyasala (High School) Virudhunagar may in addition to the teaching grant admissible under rule 32 (i) of the Grant-in-Aid Code on the basis of the net cost of maintenance of the institution, ~~be paid~~ ^{be paid} compensation (a) towards the loss of fee income on account of the award of fee concessions under Rule 92 of the Madras Educational Rules (b) half the expenditure incurred on scholarships and fee remissions up to a limit of 10% of the fee income reckoned at standard rates and (c) war educational institutions. *Concessions.*

The institution is not collecting fees from any students but the Director considers that ^{the} need not stand in the way of the institution receiving the aid which it would otherwise be eligible to get if ^{it} were levying fees. If this is done it would mean that the management is ~~fixing~~ foregoing the fee income calculated at standard rates minus the compensation paid by Govt ^{under} ~~the~~ items (a) and (b) specified above. In the circumstances stated, the Director's ~~recommendation~~ recommendation may be accepted.

2. It is now too late to make any grant to the institution in the current year. The grant of Rs 3933 -12-0 recommended by the D.P.I. for the year 1946-47 which should in the ordinary course be paid in 1947-8 may be paid in 1948-9 as a special case. *The*

3. The remarks of the Finance Department may be invited u.o.

I do not think a theory of 'constructive loss' is tenable. The items referred to at 'A' above have reference only to actual loss or compensation for actual expenditure incurred, i.e., in cases where fees would otherwise have normally been levied, and in this particular set of cases ^{alone} no fees are levied or ~~compensation~~ concessions are given, compensation is contemplated under these items. In this institution no fees will be levied in any case, and therefore there are no grounds really

for making any compensation. The institution is not entitled to anything except the teaching grant admissible under rule 32(1) of the Grant-in-Aid Code. The proposal for compensation made in respect of the items referred to at 'A' on page 2 ante should, I think, be negatived.

6-4-48

H.M. (Edn)

This is a school which has been running on for the last many years, possibly about a quarter of a century. They have not been charging fees in all these years, neither have they been getting any grant. Till now, they have not cared to get a grant because they had large finance but, now the school has become very big with a strength of about 1200. They want the grant which we are normally giving to other institutions. I don't see how we can refuse that grant. ~~Simply because they don't charge fees.~~ As suggested above, the teaching grant may be given and also the compensation which we give to other schools should also, in justice, be given to them.

H.M. (Finance) may see.
