Acting Principal.

TO

The Chairman and Members of the

Board of Governors of the

L. M. R. M. School, Lovedale.

Dated 15th September, 1947.

GENTLEMEN,

I have the honour to submit the Annual Report for the year
1946-47.

Owing to the resignation of the Revd. F. R. L. Brooke, I was
appointed Acting Principal with effect from the 12th August
1947. I assumed charge at a time when the future of this School
was still undecided, and information had been received from the
Government of India, Defence Department that the annual grant
to the School would not be renewed for the year 1947-48.

On the 10th October 1946, I attended a Conference at New
Delhi, and the following proposals were drawn up and submitted
to the Government of India for consideration.

1. All three Schools to continue to function.
2. Government to make a *per capita* grant in respect of
entitled children at the Lovedale and Abu Schools.
The *per capita* cost of educating and maintaining a
pupil to be as certain from the respective Principals.
3. Sanawar to be re-constituted on the lines of other Schools.
During the transitional period of three years, special
treatment to be accorded to the School, at the end of
this period it will receive a *per capita* grant like Lovedale
and Abu.

4. All Schools to give priority of admission to entitled children, but to consider the scale upon which it will be necessary to admit non-entitled children.
5. Government's liability gradually to decrease as entitled children are eliminated and the Schools gradually to become private Institutions under private management open to all classes and creeds on a fee paying basis.

About a week before the commencement of the new term in February 1947, I received information that a Grant-in-aid had been sanctioned for the year 1947-48. This grant was Rs. 53,000 less than the previous annual grants made to the School. This involved considerable retrenchment. On receipt of the letter from the Government, informing me that a grant had been sanctioned, I immediately replied requesting that the heartfelt thanks of the Trustees, Board of Governors, the Staff and pupils of the School be conveyed to the Government of India.

Owing to the reduction in the grant, it became necessary to increase the School fees. Elsewhere in this report will be found a detailed statement of the increased rates of School fees sanctioned by the Board of Governors.

Numbers and Fees.—The unavoidable increase in School fees resulted in a number of withdrawals, and others were withdrawn because of repatriation to the United Kingdom. For these reasons the School opened in February below its normal strength.

Staff.—There have been several changes in the Staff during the year. This has been caused mainly the uncertainty prevailing with regard to the future of the School. We were fortunate in being able to secure the services of Mr. Brookes, Mr. Cockburn, Mrs. Newey, who were appointed to the Boys' School Teaching Staff. Miss Rule and Mrs. Rule were appointed on the Preparatory School Staff. These appointments were made during the School year, *i.e.*, between May and November 1946. At the end of November, Mr. Chalke, Mr. Shanley, Mrs. Shanley, Mr. Robson and Mrs. Pharoah resigned from the Boys' School Staff, and Mrs. Dover, Mrs. Newey, Miss Day, Miss P. Dover and Mrs. Prager resigned from the Girls' School. The Preparatory School lost the services of Mrs. Richardson, Mrs. Hiscox, Miss Cronk, Mrs. Cronk and Mrs. Holdaway. The following Staff appointments were made in January 1946 to fill the existing vacancies: Miss O. Mather was appointed Headmistress in the Girls' School, and Mrs. V. Sherrard, Headmistress in the Preparatory School, Mrs. Chill and Miss Mortimer were appointed Assistant Mistresses in the Girls' School. Miss, V. Calver and

Mrs. Inglis were appointed as Assistant Mistresses in the Preparatory School. The following appointments were made in the Boys' School: Mr. O. Johnson, Headmaster, Assistant Masters, Mr. Pembshaw, Mr. Trutwein, Mr. Salisbury, Assistant Mistresses Miss Cardis, Mrs. McCready and Miss Joyner.

Dr. Elwin and Miss P. Baker resigned from the Hospital Staff. Dr. Cadogan who was appointed Resident Medical Officer, and Mrs. Richtor as the Boys' School Nurse.

The School owes a deep debt of gratitude to those members of the staff who decided to risk the uncertainty of the future and stand by the School in its hour of need, for without them I doubt if it would have been possible to re-open the School in February 1947.

Teaching and Work.—No report would be complete without reference to the work of the staff during the past year. In spite of the many difficulties with which they have had to contend, they have succeeded in maintaining the School at a high level of efficiency. In this connection I wish to place on record the work done by the members of the staff outside the sphere of the class room. Mr. O. Johnson is to be congratulated on the efficient manner in which he has organised the Games and Sports. The Band Master Mr. Prince has worked miracles with the Band, and the improvement has been phenomenal. Major Nicholls also is to be congratulated of the efficiency and discipline of the boys on the Parade ground. The Cambridge Examination results reflect great credit upon the work of the Teaching staff and the children. Although the results were not as good as those obtained in past years, I consider the School was fortunate in doing so well, despite the fact that the organisation was handicapped by the departure of members of the staff during the working year. One boy took the Cambridge Higher Certificate Examination and passed. 25 candidates took the School Certificate Examination and 18 passed, while 32 out of 36 candidates passed the Junior Cambridge Examination. Six boys were presented for the Entrance Examination for Chepstow of whom four passed. 27 candidates were presented for the Associated Board of the Royal School of Music Examinations and 25 passed.

Physical and Military Training.—The School still continues to maintain a high standard of efficiency.

The School was placed second in the Empire in the Imperial Challenge Shield Shooting Competition. Medals of Honour were awarded to four competitors.

The Chapel.—After the departure of the Revd. F. R. L. Brooke, arrangements were made to continue the daily services in the Chapel and also the services on Sunday. The Sunday

services were taken by Dr. Elwin and the Revd. C. F. Ash. I thank them sincerely for their willing assistance, during the last four months of the School term. The Rt. Revd. Lord Bishop of Madras held the annual Confirmation Service on 12th October 1946, 31 boys and 24 girls were presented for Confirmation.

Plays.—Miss Mather produced "Hansel and Gretel", which was acted entirely by the girls. The Play proved to be a great success. She also produced a Staff Play "The Passing of the 3rd Floor Back". This was also a great success, and the credit for the successful production of both these Plays should be given to Miss Mather, the producer, Miss Sanderson, who was responsible for the costumes, and Miss Day who undertook the responsibility for the Stage properties. The Preparatory School children produced 'The Dolls' Wedding', which was staged during Founder's Week. This was very successful, and Mrs. Richardson and the Preparatory School Staff are to be congratulated on what was probably the finest production ever staged by this School.

The proceeds of these Plays were devoted to various charities.

Health.—The health of the School has been good, thanks to the unremitting care of Dr. Elwin and his Hospital staff, and also to Lieut.-Col. A. I. Cox, O.B.E., District Medical Officer, whose valued assistance was always so constantly and willingly given to the School.

Special Emergency Department.—The numbers in this department dropped considerably by the end of November 1946, and it was doubtful if it would be possible to continue this department in 1947. However, it was decided to try and keep the department open for another year, and in February 1947, it opened with a strength of ten boys, which was increased to twenty-two by the end of March. The name of the Department was changed to Special Civilian Department and it was decided to admit Indian boys. The Department was advertised in the Newspapers. Numerous enquiries were received from Indian gentlemen, but only four Indian boys were admitted. I feel that the fees were rather too high, i.e., Rs. 165 per mensem, hence the poor response. I hope to be in a position to admit many more Indian boys next year, consequent upon an anticipated reduction in the fees.

Conclusion.—The future of the School is still undecided, but I anticipate that by the end of the year 1947, I shall be in a position to make a definite announcement regarding the position of the Lawrence Schools in an Independent India.

Since I was appointed Acting Principal there have been several changes on the Board of Trustees and the Board of Governors.

Sir George Boag resigned his Office as Chairman of the Board of Trustees in March.

I have the honour to be,
Gentlemen,
Your most obedient servant,
(Sd.) A. V. RICHARDSON,
Acting Principal.

*Report of the Engineer on Buildings, etc., of the
Lawrence Memorial Royal Military School, Lovedale
for the year ending 31st March 1947*

Water Supply.—The Pumping Plant is in good condition. The Catchment area, springs and Reservoir have been cleaned. Lack of funds has prevented the fencing in of this area either with barbed wire or aloe bushes, as suggested at a Board meeting. A Chowkidar has been engaged to keep out intruders and cattle. Upper Reservoir was partially drained to recover two suicides' bodies.

Buildings.—Internal white and colour washing have been carried out. External washing and oiling of windows and doors of the square near Knapp House has been attended to. Painting of the Boys' School, Girls' School and Preparatory School refectories has been done, also the Boys' bath-room. All doors and windows have been either wood oiled or painted. The Staff Club was painted and colour washed as well as the Hospitals. The Principal's, Chaplain's and Doctor's quarters thoroughly overhauled. Other Staff quarters attended to as required. The Dhobi lines and servants lines have been thoroughly overhauled. In addition to the periodical repairs an average of 3 indents a day were executed.

A new class-room was built for the Preparatory School; a pipe line built up with old materials for the Dhobi lines and a wooden girder bridge built over the nullah. The Accounts Office and Quartermaster's Office, fitted up for the Headmaster, the Head Master's Office fitted up for Boys' capes, the Ladies' Cloak Room fitted up with shelves for storage of tuck and the Parents' Waiting Room fitted up for the Principal and his Staff.

A large number of repairs could not be carried out for lack of funds or material.

Panes of glass were unobtainable except at prohibitive prices. The Knapp House and Matron's floors require early renewal. The Boys' Library roof has been shored up against collapse but should be attended to at an early date. All country tiles on Staff and menial quarters should be turned and at least 50% renewed.

The cold water tank for the Boys' baths will not last another year, neither will the hot water boilers in the Girls' School and the Preparatory School; the former has been painted both inside and outside the latter electric-welded by courtesy of the Superintendent, the Cordite Factory.

A great saving was effected in the purchase of stores by obtaining these from the M.E.S., Wellington. They were not able to help us in the matter of glass.

Sanitation.—Drains have been cleaned and repaired and the Septic Tanks and Latrines attended to.

Roads and Drains.—Very little could be done in the way of renewals beyond patch repairs. Drains were attended to and surfacing renewed as required.

Playground.—Were marked out for the Sports and Trooping of the Colours and surface attended to. No provisions has been made for a new pavilion as yet.

Lighting.—The installation has been satisfactorily maintained.

Forests.—Blue gum seedlings have been planted out on Big Hill and below Seven Times Hill.

The supply of fire wood was adequate and regular. The leaves of the trees felled brought in an income of Rs. 100 per mensem.

School servants have been permitted to cultivate small allotments. A tally of all blue gum has been made.

Transport.—As the School Staff were unable to recondition the old Bedford Lorry, the Principal, the Rev. Mr. Brooke, decided to sell the same.

The new Ford Lorry functioned well up to November and then began to give trouble. It was put out of commission for a time and overhauled by the School Staff without any satisfactory results, so it was sent to a firm at Ootacamund for repair.

Engineer.

ANNEXURE B

Extracts from the Visitors' Book, 1946-47

I. I carried out the Annual Inspection of the School on the 9th April 1946. I was very impressed with the drill, turn-out and steadiness on parade. The children appeared to be healthy, happy and well fed. I went over the whole school and formed the opinion that every department was very well organised and administered. I was particularly impressed by the fine spirit which prevails throughout the school. Mr. Brooke and his staff are to be congratulated on the way the School is running. This can only have been achieved by excellent team work.

9th April 1946.

(Sd.) C. W. W. FORD.

II. I had long heard of the School and been keenly looking forward to seeing it. My pleasure in doing so on 30th and 31st May when I at last visited Lovedale far exceeded my anticipations.

I attended the Ascension Day Service in the Chapel; took the salute at the March-past. Afterwards, was shown all over the Preparatory School by the Principal and Head Mistress; and on the 31st May saw the School Sports.

I was tremendously impressed by all that I saw: the bearing and behaviour of the boys and girls in Chapel, on parade, in the class-room, at the sports and about the place; the buildings themselves and, perhaps most of all by the atmosphere of happiness, keenness and fitness.

It is obvious that the School is doing a very fine job, and great credit is due to Mr. Brooke and his staff. I earnestly hope that ways and means will be found of securing the School's continuing for so long as the need for it exists.

I should like to add that my wife and two A.D.C. who accompanied me fully share my views.

ANNEXURE E

Rules regarding the Constitution and Working of the School

PREAMBLE

The Lawrence School at Ootacamund was projected by the late Major-General Sir Henry Lawrence in 1856 for the children of British soldiers serving, or having served, in the British Army in India. Provided that the School should be placed on the same footing in every respect as the School which he had already founded at Sanawar. In his Will the late Sir Henry Lawrence commended this School to the East India Company. The School was opened on the 6th September 1858, and was placed by the Secretary of State in 1859 under the charge of Government as had been done with Sanawar School from a regard to the last wishes of Sir Lawrence and from a desire to secure to a numerous class of His Majesty's subjects peculiarly calling for sympathy and assistance, the benefits which the Lawrence School is calculated to afford. In 1871 the Military Male Orphan Asylum, Madras, was added and in 1904, the Military Female Orphan Asylum, Madras, was also amalgamated, the rules and the title of the Lawrence School being adhered to. The name of the School was changed from 'Lawrence Asylum' to the 'Lawrence Memorial School' in 1913 under the orders of Government. On 1st April 1925, the School was removed from Government control and placed under a Board of Trustees the administration being entrusted to a Board of Governors. On the 1st September 1925, His Majesty the King-Emperor was graciously pleased to approve of its designation as the 'Lawrence Memorial Royal Military School, Lovedale'.

The object of the Institution is to provide for the children of British officers and soldiers serving or having served in India, a school wherein they may obtain the benefits of a bracing climate, a good and above all a religious education, so that with divine blessing, they may be consistent Christians and useful citizens of the Empire.

1. *Control*.—The Lawrence School is vested in Trustees appointed under the Trustee Scheme.

2. (a) The Trustees will appoint a Board of Governors who will hold office for three years and will be directly responsible to the Trustees for the management and administration of the School and carry out the orders of the Trustees relating thereto. Every Governor must be of British origin and a member of the Church of England, or of the Church of Scotland and military officers, will, as far as possible, constitute a majority of the Board of Governors.

(b) The Commander, Madras District, shall be *ex-officio* Chairman, and the Collector of the Nilgiris, *ex-officio* Vice-Chairman of the Board of Governors, and the D.A.Q.M.G., Madras District; the Officer Commanding, British Infantry Regiment, Wellington; the Garrison Engineer, Wellington; the Superintendent, Cordite Factory, Aravankadu; and the Commandant, Ratan Tata House, Ootacamund,—*ex-officio* Members of the Board of Governors provided that they are qualified under Rule 2 (a).

In the event of the Commander, Madras District, or Collector of the Nilgiris not being qualified to hold the office as Chairman and Vice-Chairman respectively, the Trustees shall appoint a Chairman and Vice-Chairman as may be necessary.
