SPARE COPIES

Ref: My letter Rc.No.310 E/46 dated 25-3-46.
(ii) Govt.U.O.No.17150 C2 Edn., dated 21-5-46.

In my letter quoted above I have suggested that applicants for Technical Teachers' Certificate should undergo a special course of training for one year. On *future* consideration I am of opinion that it is not practicable to arrange a special course for these students. It will be sufficient if they remain in our normal training schools for one year during which they will imbibe sufficient knowledge of class management, discipline, aids to teaching etc.

2. I have also recommended that after a period of 2 years all candidates for Technical Teachers' Certificate should be trained teachers of the Higher or Secondary grades. It may not be practicable to enforce this rule, for a teacher who is talented in music for instance may not have the aptitude or the temperament to become a teacher of the ordinary class subjects. Therefore after further consideration of the whole subject I suggest the following proposals for approval of Government:-

- that the present system of awarding technical teachers' certificate be abolished with effect from next year.
- that all applicants for the technical teachers certificates should undergo the first year's course in a Higher Elementary or Secondary training school according to their general educational qualifications and
- that at the end of the year, the Technical certificate holder will be eligible for a Technical Trained Teachers' certificate of his or her grade, provided they are given a certificate of having undergone the course in the first year satisfactorily.

3. In this connection I suggest that it may be proposed to the Industries Department that a Teachers' Course of 9 months may be attached to some of their Industrial Schools to which not only the students who have undergone the Industrial course in that particular school but also Technical Certificate holders in the subject concerned will be eligible for admission.

p.t.o.

: 2 :

4. The students who undergo the first year's course in the Training Schools under the control of the Education Department may be given stipends at rates admissible for Higher Elementary and Secondary grade teachers according to their general educational qualifications.

5. I also suggest that trained teachers of the Higher Elementary or secondary grade who also hold Technical Trained Teachers certificate and who teach Technical subjects may be given an allowance of Rs.5/- and Rs.10/- respectively.

6. If Government is agreeable to the above suggestions, I will submit details regarding the financial implication of the proposal and also draft amendments to the existing rules in the Madras Educational Rules.

To The Secretary to the Government of Madras,

Education and Public Health Department.
Fort St. George, Madras.

Sir,

With reference to the above I have the honour to submit herewith the following details regarding the financial implications of the proposal.

2. The average of the total number of candidates that appeared for the Technical Teachers' Certificate Examination for the last three years is 261. In the absence of definite details, presuming that half the number are eligible for admission to Secondary Grade and the remaining half to Higher Elementary Grade (H.E.G.) as 130 and 131 respectively against each grade, the cost of granting stipends to them for one year at the existing rates will be as follows:-

(a) Secondary Grade at the rate of Rs 18/- 130 x 18 x 10
per mensem for ten months in a year for 130 students. = Rs 23400/- per year
= Rs 23400/-

(b) Higher Elementary Grade -
At Rs. 12/- per mensem for 10 months in a year
for 131 students Rs. 15,720/-
 $12 \times 10 \times 131 = \text{Rs. } 15,720 \text{ per year.}$

Total cost of stipends Rs. 39,120/-
.. .. per year or
Rs. 39,100/- in round figures.

3. As regards the proposal for granting allowance to
Technical Teachers' Certificate holders teaching Technical subjects
who are trained teachers of the Higher Elementary and Secondary
grades at the rate of Rs. 5/- and Rs. 10/- respectively per mensem
it is submitted that there are at present 454 Higher Elementary
Grade Trained Teachers and 205 Secondary Grade Trained Teachers.
The cost will be as follows:-

Secondary Grade Teachers holding Technical Teachers' Certificate.
 $205 \times 10 \times 12 \dots\dots\dots \text{Rs. } 24,600 \text{ per year}$
Higher Elementary Grade Teaching holding Technical Teachers' Certificate.
 $454 \times 5 \times 12 \dots\dots\dots \text{Rs. } 27,240/- \text{ per year}$

TECHNICAL TEACHERS' CERTIFICATE EXAMINATION - ABOLITION.

From the D.P.I. Rc No. 3181 E.4/46 dated 14-8-46.
 From the D.P.I. Rc No. 3181 E.4/46 dated 12-5-47.

Last year, the D.P.I. suggested that applicants for Technical Teachers' Certificate should undergo a special course of training for one year and on further consideration he withdrew his suggestion saying that it would be sufficient if they remained in the normal training school for one year during which time they would imbibe sufficient knowledge of class management, discipline, aid to teaching etc. He now suggests that --

1. (a) that the present system of awarding technical teachers' certificate be abolished.
- (b) that all applicants for the technical teachers' certificates should undergo the ^{first} ~~five~~ years' course in a Higher Elementary or Secondary Training School according to their general educational qualifications; and
- (c) that at the end of the year the Technical Certificate holder will be eligible for a Technical Trained Teachers' Certificate of his or her grade, provided they are given a certificate of having undergone the course in the first year satisfactorily.
2. that it might be proposed to the Industries department that a teachers' course of nine ^{months} ~~may~~ be attached to some of their Industrial Schools to which not only the students who have undergone the Industrial course in that particular school but also Technical certificate holders in the subject concerned will be eligible for admission.
3. that students who undergo the first year's course in the Training schools under the control of the Education Department may be given stipends at rates admissible for Higher Elementary and Secondary Grade teachers according to their general educational qualification.

The additional cost to Government, Rs 90920, appears to be very heavy and it is very doubtful whether this amount could be made available ^{now, not} ~~for~~ ~~for~~ ~~orders~~ does the scheme appear to be of such an urgent nature. For orders
