I request that the same may be forwarded at a very early date. It is unnecessary for me to point out again how hopelessly inadequate this Officer's pay is for the responsibility he holds.

Gout Pras. Sir K. Goudarajan, Electrical and Mechanical Engineer, Application for the post of Asst. Works Manager, Maintenance (Electrical) to the Federal Public Service Commission.

pl ef

From Sir S.S. Rajagopal Krishna Rao, Secy to Govt.

The S.G.P. has forwarded an application to the Federal Public Service Commission from Sir K. Goudarajan, Electrical and Mechanical Engineer, Gout Pras. He requests that the application may be forwarded to the Federal Public Service Commission. The pay the officer has is hopelessly inadequate for the responsibility he holds. The post for which the officer has applied is that of Asst. Works Manager, Maintenance (Electrical), Fertilizer Factory, Sindri, Bihar. Apparently the pay in this post is much higher than that of the post in the Gout Pras, Rs. 250-500. It is for order whether the application may be forwarded to the Federal Public Service Commission. The application (if it is decided to forward) should reach the Commission before 15.5.48.

It may be taken in P.H. Minister in my tier he can be moved. May be forwarded.

10.5.48 J.M. 10/5/48 S. 10/5/48 M. (Cm) While while I asked in this to let us know what the result has been of applications forwarded. The

The 13 have provided the information
 the previous application were with.
 provided - ①, ② & ③. The
 reasons for which the application
 were withheld this was not.
 The present application may
 also be withheld.

The 6 explain why the case was
 put off without mentioning the
 previous history.
