Education facilities in the Andhrarashtra.

No High Schools in Eleven Taluks.

No College for Cuddapah District.

The paper publishes the following report:-

We learn that it is the intention of the Government to establish one College for every District and one high school for every Taluk. It is learnt that there are no high schools in fifteen Taluks and that there are no colleges in two Districts. Neelagiri and Cuddapah Districts are not having colleges. Of the 15 taluks that do not have high schools the following taluks are in the Andhra area.

Vizagapatam District: Pathapatnam, Cheepuripalli

West Godavari District: Chintalapudi

Bellary District - Serugappa

Nellore District: Podilli, Vudayagiri, Rapuru and Darsi

Chittoor District: Vayalapadu, Pu~~Ri~~tturu

Cuddapah District: Sidhavattam. (Already opened)

Only ~~the~~ four taluks in the Tamilnad do not have High Schools.

p16 ante

*****

With reference to Government Memo reference to above, the following Taluqs are suggested for the opening of New Middle Schools by the Dt.Boards Concerned since these Taluqs are not at present served by any Middle School.

1. Nellore Dt.	Rapur Darsi	(A Middle School may be opened in either of these two taluqs)
2. Chingleput Dt.	Sriperumbudur.	
3. Tanjore Dt.	Arantangi.	
4. The Nilgiris.	Gudalur.	

The following Taluqs are not served by any High School and hence the existing Middle Schools in those Taluqs as noted hereunder may be developed into High Schools.

Nellore Dt.	Kavur Udayagiri.	(From IV may be opened in either of these two Middl schools).
South Arcot Dt.	Gingee.	

Copy at (2)

With reference to the maximum rate of subsidy laid down in Government Memo No. 61495 B1/46-5 Edn. dated 8-4-47 the Non-recurring subsidy for the four New Middle Schools and the two schools where Form ~~IB~~ IV is to be opened may be taken to be Rs. 9000/- (6 x 1500) and the recurring subsidy for the four new Middle Schools may be Rs. 13,200 (4 x 3300). As the extra cost to the Dt. Board towards the maintenance of Form IV will be very small the expenditure on teaching grant may be met from the normal provision of that year. It is therefore suggested that a sum of Rs. 9000/- under Non-recurring - Equipment" and Rs. 13,200/- under "Recurring-Teaching" may be provided in Part II of the Budget Estimate for 48-49 in respect of the proposal under reference.

Reply to para 2 of the Government Memo will be submitted separately.

The Deputy ~~D.P.I~~

~~H 20-220~~

Ref. Director's letters c no 2200 G2/47 d 7.10.47 & no 1039 D3/47 d 9.10.47 re payment of grants to local bodies and private bodies for the opening of new middle schools & conversion of existing middle schools into high schools in taluks not served by such schools – Part II scheme for 1948-9.

A provision of 13200 for payment of teaching grants on the full net cost basis for four middle schools to be newly opened by local bodies and the same provision for an ~~equal~~ no of schools to be opened by private bodies have been suggested. As the teaching grant for 1948-9 is payable only

7/11

2/25

in 1949-50, it seems sufficient to make provision for the payment of an advance teaching grant at the rate of Rs 1500 for each school in 1948-9 ~~and~~ for the balance in 1949-50. Please say whether the amount suggested for payment of advance teaching grant is sufficient and if not what amount should be provided. ~~An early reply is sc.~~ The reference may be treated as specially urgent

In continuation of Director's reply referred to above, I have the honour to state that proposals have since been received from the Special Officer, District Board, Tanjore for the opening of a Middle School at Arantangi during 48-49 by the District Board itself and sanction also has been accorded by the Director for its opening. Since this school will receive teaching grant on the half net cost basis according to the revised policy of the Government, there is no need to allow this school the special subsidy comtemplated in Government Memo.No.61495/B1/46-5 Education dated 8-4-47. It is, therefore, recommended that "item3" Tanjore Distict "Arantangi" may be deleted from the list of centres submitted in the

24 FEB 1948

19

Dear Sri Avinashilingam Chettiar,

13424

There are just 8 or 9 taluks in the Presidency without a highschool. Whenever a highschool is opened at Government cost a top priority may be given to taluks where there is no highschool.

In Nellore district there are four taluks without highschools; but in three of them there are middleschools. Rapur Taluk has not even a middleschool. I shall be glad if in our new expansion of highschools Rapur's case may be considered by you.

Thanking you,

Yours sincerely,

B. Gopala Reddi

Hon. Sri T.S. Avinashilingam Chettiar,
Minister for Education,
Fort St. George, Madras.

Secy., E.& P.H.

May be put in the relevant file.

ENCLOSURES ______

SPARE COPIES ______

SUBJECT: Schools - Secondary - Local Bodies and Private agencies - Opening of new Middle schools for boys and conversion of Middle schools into High Schools in Taluqs not served by such schools.

REFERENCE: Government Memo No.70344-B1/47-4 Edn., dated 17.2.48 and 22.3.48.

pp 30-32 of — pp 42-43 of

p 20 ante

The lists of centres submitted to Government in Director's letter Rc.No.2200-G2-47 dated 7-10-47 were prepared with reference to the particulars received from the Inspecting Officers during the last year. Up-to-date particulars have since been obtained from them now and with reference to these particulars the lists required are furnished below.

LIST I.

TALUQS WHICH ARE not SERVED EVEN BY A SINGLE MIDDLE SCHOOL.

Name of Taluq.	Locality in which Middle school has to be opened.	Name of District.
1. Rapur	Rapur	Nellore Dt.
2. Gudalur	Gudalur	The Nilgiris Dt.

The Special Officer, District Board, The Nilgiris has agreed to open a Middle school at Gudalur (item 2 referred to above) by converting the Higher Elementary Standards of the Local Board Higher Elementary school but it is reported that the Higher Elementary school is not having sufficient strength. However, this centre also is suggested for the consideration of Government and it is submitted that the question of sanctioning a Middle school will be decided on the merits of the case after regular proposals are received from the Special Officer with full details in May or June.

LIST II.

TALUQS WHICH HAVE MIDDLE SCHOOLS BUT WHICH DO NOT HAVE EVEN A SINGLE HIGH SCHOOL.

Name of Taluq.	Name of Locality in which Middle school has to be developed into a High School	The standing of the Middle school.	Name of Dt.
1. Palmanar	Palmanar	Opened during 47-48.	Chittoor Dt.

Chittoor Dt

P.T.O.

2.	Darsi	Kurichedu	Opened during 47-48	Nellore Dt
3.	Udayagiri	Udayagiri	Old school	-do-
4.	Podili	Podili	Open~~ing~~ed during 47-48 under the Special subsidy scheme under reference.	-do-
5.	Pathapatnam	Hiramandalam		Vizagapatam.Dt.
6.	Chipurupalli	Chipurupalli	Opened during 47-48	-do-

The strength of the Board Middle School, Udayagiri (item 3 - referred(to above) for the last 3 years is as follows.

44-45	45-46	46-47
I.17+2 II21+2 III15+2	I23+2 II21+2 III15+2	I39+1 II27+1 III24+1
I 19 II 21 III 17	I 25 II 23 III 17	I 40 II 28 III 25

This is an old school with 17 years standing and though the strength is not satisfactory, this centre, also is included in the list for consideration of Government. Since it is a very backward and isolated area. The Middle schools in the remaining 5 centres in the list have been opened only during 47-48.

LIST III.

TALUQS IN WHICH MIDDLE SCHOOLS HAVE TO BE OPENED IN ADDITION TO THE EXISTING SECONDARY SCHOOLS THEREIN.

Name of Taluqs.	Name of Locality in which Middle school is to be opened.	Name of Dt.	Spl.reasons in their favour.
1. Nellore	Indukurpet	Nellore Dt.	There are no High or Middle schools in Nellore Taluq though there are several in Nellore Municipality.
2. Almakur	Kaluvvi	-do-	This centre is removed from any secondary or Middle school by 21 miles with certain natural barriers between.
X 3. Darsi	Darsi	-do-	Vide copy of letter dated 1.3.48 from Sri B.Perumallu Naidu M.L.A.
X 4. Wynad	Manamtody	North Malabar.	The existing High school in this Taluq at Kalpatta serves only South Wynad and thus leaves the void in the N.Wynad. The proposed school at Manambody will serve North Wynad.
5. Pollachi. (Private Agency)	A. Nagore	Coimbatore Dt.	Thiruvalluvar Tamil Kazagam A.Nagore, is willing to open. There is only one Board Higher Elementary School at Negaman and fair strength is expected.

P.T.O.

The Taluqs referred to above (excepting No.3) have been suggested by the Inspecting Officers for the opening of Middle Schools in addition to the Secondary schools existing therein. As regards item 3, Sri B. Perumal Naidu, M.L.A. has suggested that a Middle school may be opened at Darsi which is the Headquarters of the Taluq in addition to the Middle school at Kurichedu (Opened during 47-48 - Vide item 2 in List II) on the ground that the latter serves only the corner of the Taluq and that there are a large No. of villages in the east of the Taluq. Government have in the last sentence of Government Memo No.70344-B1/47-4 Edn., dated 17.2.48, called for a list of Taluqs in which more than one new Middle school may be allowed. If the intention of Government in calling for this list is that 2 Middle schools are to be opened in the same Taluq, newly then it is submitted that none, the 4 cases referred to above can have a place in this list, though the case of Darsi (item 3) is different from those of others in that the Middle school in this Taluq at Kurichedu has been opened only during 47-48.

In conclusion it is recommended that 5 centres may be selected for the opening of new Middle schools by local Bodies and One by Private Agency from the lists I and III and 2 centres may be selected from List II for the development of Middle schools into High Schools.

***

Sub: Education - Secondary - district board - Vizagapatam - Middle School at Chipurupalli - Covernsion into High School.

Ref: Government Memorandum No.20542-BI/48-I, Edn., dated 22--3--1948.

***

With reference to the Government memorandum cited above I submit that representations were received from the public of Chipurupalli to convert the existing middle school into a High School with effect from the School year 1948-49. The High School committee was informed that the accommodation of the present middle school is quite inadequate and that unless proper accommodation was provided for the High School Classes it is not possible to convert the existing middle school into a High School. No reply has so far been received from them.

2. The present Middle School is located in the Ele. School Building which is neither adequate nor suitable for the Middle School and the Ele. School has also been deprived of its accommodation. Therefore, unless the peopale of the place come forward to provide the accommodation needed for the high school it is not possible for the District Board in its present financial position to launch a building scheme for providing accommodation for the High School.

3. Government in their scheme for the starting of High Schools in every taluk where there are no High Schools at present may be pleased, to take up the question of starting a High School in Chipurupalli as this Taluk has no High School. They may sanction the necessary recurring and non-recurring grants for the opening of High Schools forms from the school year 1948-49. The District Board is prepared to start the High School from 1948-49., if the villages come forward with a building and if Government is pleased to sanction the expenditure involved as contemplated in their Memorandum No.61495 BI/46-5, Edn., dated 8-4-47.

EDUCATION AND PUBLIC HEALTH DEPT.

From
S.A.Iyengar Esq.,I.C.S.,
Special Officer, District Board,
Nellore.

To
The Secretary to Government,
Education and Public Health Department,
Madras. ✓

Sir,

Subject:-- Education- Secondary- Opening of a High School at Darsi by the Nellore District Board- Sanction of.

---

pages 56-57 infra

29/24 In enclosing a copy of the Mahzar petition dated 24-3-1948 put in by the residents of Darsi and some of its surrounding villages representing the need for opening of a High School at Darsi from the beginning of the next school-year, as also a copy of the forwarding remarks of Sri B.Perumalla Naidu, B.A.,M.L.A., of Kandukur on the said petition, I wish to state that the Taluk of Darsi, which forms a part of the backward area of the District in the matter of higher education, is now served only by the Middle school at Kurichedu which was opened by the District Board recently in August 1947.

2. I have to state, in this connection, that the District Board is already faced with large additional liability as it undertook to maintain the three new Middle Schools at Kota, Kurichedu and Podili, which were opened by it this year and on account of the conversion of the Middle School at Atmakur into a High School during the current year; and so it will not be possible for the District Board to undertake at present further liabilities for the expansion of secondary education. The District Board will, however, have no objection to start and maintain a High School at Darsi provided the Government would be pleased to sanction grants towards the full cost of the initial equipment, that may be required for the school and also recurring subsidy equal to the annual net cost that may have to be incurred by the District Board for its maintenance and provided also that the petitioners would provide suitable permanent buildings at their own cost for the location of the school at Darsi.

A. Mangapathi Naidu
19.4.48

For Special Officer,
Nellore District Board.

JAS 19.4.48.p.b

Copy to Sri B. Perumalla Naidu, B.A.,M.L.A., Kandukur with reference to his endorsement dated 21-3-1948.

28956
7.7/48

y of Mahazar petition dated 24-3-1948 of the residents of Darsi and rounding villages of Darsi Taluk addressed to the Special Officer, Nellore District Board, through M.R.Ry B.Perumalla Naidu Garu, B.A., M.L.A., Kandukur.

We, the residents of Darsi and other surrounding villages of Darsi Taluk, beg to bring to your kind notice that there is a population of 1,20,000 in Darsi Taluk. There are 6 District Board Higher Elementary schools, wherein the lower education is imparted to our children. When we require to educate our children in the higher classes, we have to go either to other Taluks or completely abandon their further education. In addition to this, most of the population is poor, without sufficient means as to send their children to other places and educate them. Only the rich can send them to outside places and have higher education. On account of these hardships and handicaps, this Taluk remains still back-ward as to speak of education and other matters. We have submitted many a petition to the District Board authorities as to start high school in Darsi, but all our attempts were in vain.

Last year, a middle school has been started in Kurichedu, which is situated in a corner of the District and this has been immediately carried out, as there were large donations from the rich people of the place who were much interested to educate their children there itself. The Kurichedu is on the border of our Nellore District and Guntur District and the children of other districts are much benefitted than our district people.

Our Darsi Town is located in the centre of all the villages of the Taluk and almost all the children may be educated without any difficulty and inconvenience. This will be within the reach of our Taluk people.

We may submit in this connection that our taluk is still back-ward in all respects, viz., political, economical, education etc., Due to the poverty of the people, there is none to come forward to donate something towards the starting of the High school. The Government have to bear entire cost of this High school and thus eradicate the illiteracy of this Taluk.

We therefore most humbly request that your honour will be pleased to consider this request of ours in view of the facts stated above and order for the starting of a High school in Darsi Town at least from the next academic year, i.e., from July 1948.

For which act, we shall ever remain grateful. P.T.O

57

-2-

Copy of Endorsement of Sri B.Perumalla Naidu, B.A., M.L.A., dat
21.3.1948.

There is no gainsaying about the ~~immediate~~ imminent need of a High school in Darsi, the Taluk Headquarters and the centre of the Taluk. Pupils that finish their education in the Higher Ely schools are being sent to High schools in distant places. Since that is possible only in a few cases, when a High school is opened at Darsi it will surely meet a keenfelt want. The usual contribution demanded from the public in these cases may be waived since the Taluk is a poor one.

Sd. B.Perumalla Naidu,
D/ 21-3-48.

2 - JUL 1947
GOVERNMENT OF MADRAS

Camp: Cuddalone,
1st July 47

35

Dear Mr. Subrahmanyam,

5 4138 I shall be glad if you can get me information as to the number and names of taluks where there are no complete high schools. The information may be supplied at an early date.
District-wise.

Yours sincerely,
B. Gopala Reddi

M.V. Subrahmanyam, Esq., I.C.S.,
Secretary to Govt., E & P.H. Dept.,
Fort St. George, Madras.

E/10H (P.0)

Asst.

The

28 AUG 1947
GOVERNMENT OF MADRAS
DEPT.

Education P.0

The lists asked for by Hon. (Dir.) are at pages 7-10 c.f. Pages 11-13 contain the listing of taluks where there are incomplete for high schools.

S
19.8.47

36

Anjengo in Tinnevelly is not a taluk

I am not sure whether Yercaud is a taluk.

All these taluks are very poor.

Nellore Dst. has the highest number of taluks without a high-school. In Atmakur this year a high-school is opened. There are still four taluks remaining.

D.P.I. may be asked to get in touch with the Collectors concerned and see ~~soon~~ high schools are started either under local boards or

4

under private managements. Something must be done for next year. Govt may give some special grants.

Our motto must be 'No taluk without a high-school' — for boys.

H.M. (Edn) may see

M.G.A.

The Govt have already recognised the need for providing one high school in each taluk. It has been considered that to begin with a middle school should be opened in taluks which have not even a middle school and it should be developed into a high school in due course and that ~~of a taluk~~ where there are only middle schools, one of the schools should be converted into a high school. In order to encourage local bodies to open schools in each taluks the Govt have decided ~~to make~~ sanction as a special case maintenance grant ~~[illegible]~~ towards the actual

East

37

net cost subject to a maximum for a period of five years instead of one half of the approved net cost admissible to the existing institutions and also a non-recurring subsidy towards the full cost of the initial equipment to be purchased subject to a maximum of Rs 3000 for each school. The scheme will be spread over a number of years. During the current year the Govt sanctioned the payment of subsidies for four new middle schools and two high schools. It is for consideration whether the DPI may be asked to submit proposals for subsidising six new secondary schools from 1948-9 for consideration as a Part II scheme for that year

p 3 g (Y) (removed)
A

2. The scheme outlined above provides for the opening of new schools by local bodies only. HM (Fin) has suggested that private managements may also be encouraged to open high schools in taluks which are not now served by such schools. The DPI submits proposals for admitting to aid secondary schools newly opened by private managements for consideration as a Part II scheme every year. ~~The DPI~~ He may be asked to give preference to schools established in taluks not served by middle or high schools. Teaching grants based on two thirds of the approved net cost and ~~equipment~~ grants towards one half of the cost of the equipment to be purchased are admissible for schools newly opened. It is for consideration whether private bodies may also be encouraged to open schools in taluks not served by a middle or high school by payment of teaching and equipment grants subject to the limits fixed for payment to local bodies and if so whether the DPI may be asked to submit proposals for the payment of grants for ~~the opening of~~ six schools to be newly opened by private bodies in 1948-9 in taluks not served by any middle or high schools.

C.No. 80907/47 - From the DPI No 2200 D2/47 d 7-10-47

C 80910/47 " No 1039 D3/47 d 9.10.47

The DPI has submitted proposals for the payment of teaching and equipment grants to local bodies and private bodies for eight middle schools to be newly opened by them in taluks where there are no middle schools and for the high school forms to be newly opened in four existing middle schools in taluks in which there are no high schools as required in memo No 70344/B1-47.2 Edn d 27.9.47.

p16 cf

2 ~~In~~ The Director has recommended that provision may be made in the BE for 1948-9 for payment of teaching grants for the new middle schools at the ~~maximum~~ rate of Rs 3300 for each school. Under the existing system teaching grants should be assessed under the Grant-in-Aid Code and the grant for 1948-9 is payable only in 1949-50. Normally no provision need be made for these new schools in the BE for 1948-9 but as the local bodies and private managements which come forward to open middle schools in these backward taluks may not be able to meet the entire cost of maintenance of these schools without some financial assistance from Govt. provision may be made for the payment of an advance ~~teaching~~ teaching grant at the rate of Rs 1500 for each middle school. As pointed out by the DPI the expenditure on the opening of Form IV in middle schools selected for conversion into high schools will be small and teaching grants for these schools for 1948-9 may be paid as usual in 1949-50.

3. The DPI has suggested the taluks in which new middle schools may be permitted ~~to~~ to be opened by local bodies & middle schools may be converted into high schools - vide p.20 cf. In regard to the selection of centres in which schools should be opened by private bodies he has promised to send a report later on. The selection in these cases may perhaps be made after the receipt of this report.

The policy of Government is to rely on local bodies and private agencies for the expansion of facilities for secondary education of boys. There are certain taluks in this Province which have not even a single high school. It is considered essential that there should be atleast one high school in each taluk, that to begin with a middle school should be opened in taluks which have not even a middle school and it should be developed into a high school in due course and that in a taluk where there are only middle schools ~~but no~~ high school one of the schools should be converted into a high school by the opening of Form IV in the first year and Forms V & VI in the succeeding years. In order to achieve this object within a reasonable time, it is considered necessary to encourage local bodies and private agencies to open schools in these backward

10

taluks by payment of grants towards the full cost ~~cost~~ of the initial equipment to be purchased for each school subject to a maximum of Rs.3,000 ~~[illegible]~~ (payable in two equal instalments in ~~two~~ successive years) and also teaching grants based on the entire net cost of maintenance of the schools subject to a maximum of Rs. 3,300 a year for a middle school and of Rs.4000 a year for a high school for the first five years from the opening of the school instead of a portion of the net cost, as in the case of the existing schools (half the net cost in respect of secondary schools under local bodies and two thirds of the net cost in respect of schools under private bodies). The question of restricting the teaching grant to a portion of the net cost will be considered at the end of the 5th year ~~period~~.

2. As a first step in this direction, the Government sanctioned the payment of subsidies to local bodies in the current year for four new middle schools ~~to be~~ to be newly opened by them in taluks where there are no such schools and for the conversion of two middle schools into high schools in taluks in which there are no high schools. Three new middle schools and two high schools have been opened under this arrangement and the remaining middle school will be opened during ~~from~~ the next school year. It is considered that not only local bodies but also private managements should be encouraged to open schools in ~~[illegible]~~ backward taluks so that the object of providing atleast one high school in each such taluk may be achieved as soon as possible. It is accordingly proposed to provide for the payment in 1948-9 of ~~[illegible]~~ teaching and equipment grants for 8 middle schools to be newly opened (four by local bodies and four by private bodies) and for the conversion of four middle schools into high schools- two by each (agency) from the next school year. The teaching grant for 1948-49 for the schools to be newly admitted to aid are payable only in 1949-50 but as the managements may not be able to meet the entire cost of maintenance of the middle schools to be newly opened, it is proposed to make an advance teaching grant of Rs.1500 for each school in 1948-49 and pay the balance of the grant due for 1948-49 in 1949-50.

3. The ultimate cost involved in the proposal is Rs.42,400 recurring and Rs.36,000 non-recurring and the cost in 1948-9 is Rs.12,000 recurring and Rs 18,000 non-recurring ~~as shown in the summary above.~~ This department recommends that ~~a~~ provision ~~of Rs.30,000~~ be made for the purpose in the budget for 1948-49 as shown in the summary at the top of this note.

	Grand total ..	42,400	36,000	12,000	18,000

The policy of Government is to rely on local bodies and private agencies for the expansion of facilities for secondary education of boys. There are certain taluks in this Province which have not even a single high school. It is considered essential that there should be at least one high school in each taluk, that to begin with a middle school should be opened in taluks which have not even a middle school and it should be developed into a high school in due course and that in a taluk where there are only middle schools but no high school, one of the schools should be converted into a high school by the opening of Form IV in the first year and Forms V and VI in the succeeding years. In order to achieve this object within a reasonable time, it is considered necessary to encourage local bodies and private agencies to open schools in these backward taluks by payment of grants towards the full cost of the initial equipment to be purchased for each school subject to a maximum of Rs. 3,000 (payable in two equal instalments in successive years) and also teaching grants based on the entire net cost of maintenance of the schools subject to a maximum of Rs. 3,300 a year for a middle school and of Rs. 4,000 a year for a high school for the first five years from the opening of the school instead of a portion of the net cost, as in the case of the existing schools (half the net cost in respect of secondary schools under local bodies and two-thirds of the net cost in respect of schools under private bodies). The question of restricting the teaching grant to a portion of the net cost will be considered at the end of the fifth year.

2. As a first step in this direction, the Government sanctioned the payment of subsidies to local bodies in the current year for four new middle schools to be newly opened by them in taluks where there are no such schools and for the conversion of two middle schools into high schools in taluks in which there are no high schools. Three new middle schools and two high schools have been opened under this arrangement and the remaining middle school will be opened during the next school year. It is considered that not only local bodies but also private managements should be encouraged to open schools in backward taluks so that the object of providing at least one high school in each such taluk may be achieved as soon as possible. It is accordingly proposed to provide for the payment in 1948-9 of teaching and equipment grants for eight middle schools to be newly opened (four by local bodies and four by private bodies) and for the conversion of four middle schools into high schools—two by each agency from the next school year. The teaching grant for 1948-9 for the schools to be newly admitted to aid are payable only in 1949-50 but as the managements may not be able to meet the entire cost of maintenance of the middle schools to be newly opened, it is proposed to make an advance teaching grant of Rs. 1,500 for each school in 1948-9 and pay the balance of the grant due for 1948-9 in 1949-50.

3. The ultimate cost involved in the proposal is Rs. 42,400 recurring and Rs. 36,000 non-recurring and the cost in 1948-9 is Rs. 12,000 recurring and Rs. 18,000 non-recurring. This department recommends that provision be made for the purpose in the Budget for 1948-9 as shown in the summary at the top of this note.

M. V. SUBRAMANIAN—15-10-47.

Please see the Part II scheme note on pp 11-12 cf. Provision has been ~~made~~ suggested in the BE for 1948-9 for payment of teaching and equipment grants to local bodies and private managements for four new middle schools and two high schools to be newly opened by each in taluks not served by such schools. In his letter on page 20 cf. the DPI has suggested the centres where the new schools may be opened by local bodies. As regards private managements, the report promised in his letter on page 22 cf. has not yet been received. He may be asked to suggest the centres now.

2 Out of the sanction accorded for payment of grants for four middle schools to be newly opened by local bodies in taluks not served by such schools in the current year, the provision for one middle school was not utilised. Finance have agreed to one school being opened in the ~~current~~ next year. Vide A on page 8 ante & the Finance Deptt's note thereon. The DPI may be asked to suggest one addl centre for the opening of a middle school by a local body.

[T.M to the DPI d 7.4.48]

No 26981/48 From the D.P.I. No 2200 G.2 /47 dated 9-4-48

pp 46-48 cf

Provision has been made in the current year's budget for payment of grants to local bodies and private agencies for the opening of new middle schools and conversion of existing middle schools into high schools in taluks not served by such schools as detailed below:-

Local bodies .... 4 new middle schools and 2 high schools
Private bodies .... 4 new middle schools and 2 high schools.

2. According to the lists now submitted by the D.P.I., there are only two taluks which are not served even by a middle school Viz Rapur in Nellore Dt and Gudalur in ~~Nellore~~ Nilgiris District. Rapur and Gudalur may be selected as centres for the opening of new middle schools for boys by district boards under the system of special aid.

A

20.4.48

3. There are only six taluks which have not even a high school for boys. Vide list II on pp 46-47 C.F. The D.P.I. recommends that two may be selected for conversion from this list into high schools. In all the six taluks only local bodies have opened middle schools and the schools will have to be converted into high schools only by them. It is therefore for consideration, the conversion of four middle schools into high schools may be permitted this year. There will be no extra cost to Govt as ~~there is no proposal~~ it is not proposed to permit private bodies to convert middle schools into high schools and it is proposed to allow the opening of two new middle schools instead of four by local bodies. Only Form IV will be opened in the current year and Forms V and VI will be added to only in the succeeding years. Attention is solicited to the letter from the S.O. Dt Bd Vizagapatam

B

20.4

For orders as to the schools where higher forms [illegible] opened. [illegible] select four from the list at pp: 46-47 cf.

4. The policy of Govt is to see that every taluk has atleast one high school and with a view to encourage local bodies and private agencies to come forward to start schools in these backward taluks, the system of special aid was introduced. With a view to find out whether it is necessary to allow more than one high school in a taluk, the D.P.I. was asked to report whether there are any such cases and if so to give reasons for allowing more than one high school in such taluks. The D.P.I. has reported that there are five ~~such~~ taluks where it is considered necessary to open new high schools in addition to existing schools. If more than one high school is to be allowed for each taluk under the system of special aid, selection will have to be made with reference to the taluks which have the smallest numbers now. These will be the taluks where there were not even a single high school now and a high school has been newly started under the system. The list III drawn up by the D.P.I. does not [illegible] in the names of such taluks and as pointed out by the D.P.I. himself at M on p48 cf. none of the taluks except Darsi will satisfy that criterion. It would seem unnecessary to make a selection from list III now. The system of special aid may be confined to the provision of one high school in taluks which have not ~~even~~ a single high school.

p1 ccpp1-2 of ii (IV) + OM on p 9 of do

p 32 cf

[illegible]

2.6.48

5. It may be mentioned in this connection that the Retrenchment Committee has considered it unnecessary to grant full net cost. The D.P.I. who was consulted in the matter has stated as follows=

" I agree with the views of Govt that it would not be desirable now to restrict the grant to half the net cost inrespect of the schools for boys opened under the special subsidy scheme during 1947-8 since these schools have been opened on the distinct understanding that a grant towards the full net cost will be paid As regards the schools to which this scheme has yet to be extended, I wish to state that there are only two centres for the opening of middle schools and six centres for the development of middle schools into high schools under this scheme and that as provision has been made in the B.E. for 1948-9 for the opening of five* middle schools and development of two middle schools into high schools (by local bodies) the scheme will almost be complete during the year 1948-9 itself. I therefore suggest that the scheme may be allowed to be extended to the remaining centres also which are very few in number on the basis of the existing policy"

C

This ~~is~~ proposal is under separate consideration and the file will be sent to Finance. (Seen by [illegible] HM (Edn) HM (Fin) [illegible] on 30/4/48)

TSA 10.5.48

SECRETARY, EDN. AND P.H. DEPT. 10 MAY 1948 GOVERNMENT OF MADRAS

Please see the orders in circn. on page 16 ante.

2. A. Nagore in Pollachi taluk Coimbatore Dt (included in list) is a centre in which it is proposed to open a new middle school by a private agency. There are already secondary schools in the taluk and an additional school is considered necessary. It is presumed that it is the intention of HM that grants should be made towards the actual net cost of the school as a special case.

3. A draft order is submitted below for approval. Finance may see before issue.

List III on p47 cf

Portion marked T on p2 of dft.

The present working scheme is for a period of 5 years from the date of opening of schools. It is presumed that no qualification need be made to this in view of HM's remarks at X on p 16 ante

11.5.48

E&P.H. U.O. No. 70344 Bn/47-7. 11-5.48.

ASST. SECRETARY TO GOVERNMENT 36539 11 MAY 1948 FINANCE DEPARTMENT

Finance (Exp.-A) Deptt.

(Previous Finance note on p.15 above).

Please see the orders in circulation on p.16 above and the subsequent notes of E & P.H.

The draft order provides for the opening of three new middle schools and the conversion of three middle schools into high schools, against two and four respectively approved in circulation. It is not clear whether the proposals as embodied in the draft order will involve larger expenditure than those approved in circulation on p.16 above. If the cost will be more, E & P.H. may circulate the case to H.M.(Fin.) before the draft order is issued. If the cost is, however, likely to be the same, or less than the cost of the arrangement approved on p.16 above, Fin. may agree to the draft order being issued without further circulation.

Fin U.O. 36539 Exp A1 12/5/48

E&PH (BI)

With reference to the Finance Deptt's note above, it is submitted that the ultimate cost to govt on ~~[illegible]~~ ~~of the~~ payment of grants towards the maintenance of new middle schools will be less than the cost involved in subsidising a high school. Vide estimates on pp 5-6 of of G.O. No 1353 Edn dated 26.6.47 – The maximum teaching grant payable for the first five years for a middle school is only 3,300 per annum while in the case of a high school it is Rs 4000 p.a. The grant towards the purchase of equipment is the same in both cases – It is not therefore necessary to circulate the case to HM (Fin). again. (W)

2 The DPI has recommended the opening of a middle school only by a private agency. and list III on page 47 of from which A. Nagore in Pollachi taluk has been selected by HM (Edn) refers also to taluks in which new middle schools have to be opened in addn. to existing schools – This has apparently been included under high schools in ~~this~~ the minutes of HM (Edn) on p16 ante by mistake and it is presumed that it is his intention that a middle school only should be opened at that place.

3 The file may be circulated to HM (Edn) for approval of the draft order before issue with reference to para 2 above.

GOVERNMENT OF MADRAS

1 Podili in Nellore Dt
2. Cheepurupalli in Vizag Dt

High schools for boys

HM (Edn) wishes to know whether the proposals for the above have been received from the DPI

23/5/48

Item 1. above. Podili in Nellore Dt

A middle school for boys was opened at Podili in 1947-8 by the Nellore Dt Bd under the system of special aid. In connection with the selection of centres for the conversion of middle schools into high schools in 1948-9, the DPI included Podili in the list of taluks which have middle schools and do not have even a single ~~into~~ high school. Of the three such centres in the Nellore Dt (Darsi, Podili and Udayagiri) Udayagiri was selected by HM (Edn) and orders have accordingly been issued for the conversion of the middle school at that place into a high school. The Director's proceedings sanctioning the opening of Form IV in that school have not yet been received.

p 58 of ibid

Item 2 Cheepurupalli in Vizagapatam Dt

A middle school was opened by the Vizagapatam Dt Bd in 1947-8 and the institution has been

2

20

48407A

admitted to the ordinary teaching grant. This was also included by the D.P.I in the list of taluks which have middle schools but not even a high school. There are two taluks in the Vizagapatam Dt in which there are middle schools but no high schools, viz Pathapatnam & Chipurupalli. A middle school was opened in the former taluk at Hiramandalam under the system of special aid and the conversion of that middle school into a high school has been sanctioned in the current year. ~~vide G.O~~ No. 1213 Edn dt 14.5.48. Chipurupalli was not selected. Attention is in this connection solicited to the report of the S.O Dt Bd Vizagapatam on pp 5-6 of the lodged paper - no 20542 B1/48 dt 2-6-48. It will appear therefrom that there is no adequate accommodation ~~of~~ for the opening of higher forms in the middle school building at Chipurupalli. Unless a suitable building can be secured for rent, it will not be possible for the conversion of that middle school into a high school in the current year.

Vide item for p17 of (G) (R.Dis. 779 EA 5-6-48)

Vide pp 46-47 c.f. of (W)

pp 58-57 of (W)

(V)

3. Provision has been made in the current years' budget for the opening of 8 new middle schools and conversion of four middle schools into high schools under the system of special aid. Orders have been issued for the opening of only 3 new middle schools and conversion of three middle schools into high schools. If it is considered that the existing provision may be utilised for the conversion of middle schools into high schools in taluks which are not served by high schools, new centres may be selected. There are only three such taluks which have not even a high school viz Darsi & Podili in Nellore Dt & Chipurupalli in Vizagapatam Dt and in all the three taluks middle schools were opened only in 1947-8.

On the whole there are 5 taluks without full High schools including Rapur & Gudalur
B.G.R.

p12 of (W)

p58 of ibid

When other things are almost equal, these taluks must be given priority.
B.G.R

TSA

16.7.48

In Kurichedu (Darsi Taluk) and in Podili (Tk in Nellore Dst) IV Form was opened this year. They will be complete secondary schools in another two years.

Thus there are only 3 taluks without complete secondary schools. Chipurupalli, Rapur and Gudalur.

Nothing more need be done this year.
