With reference to the Memo cited above, I have the honour to state that there is no provision for Technical Education in Secondary Schools at present. This is proposed to be introduced under the re-organised scheme for Secondary Schools as a Bifurcated course.

2. Presuming, however, that Government had in view the particulars relating to the Manual Training subjects now taught under Group B of the S.S.L.C. Scheme, I have collected figures in respect of these subjects. The details as required in the Government Memo are given in the statement enclosed herewith. The statement includes particulars about "Provocational Training" in Higher Elementary Schools.

3. Particulars of cost and the number of teachers employed are not available.

Please see the minutes of Hon. Premier above. It has been decided that a start should be made from the school year 1948-49 by introducing the bifurcated Courses in 50 selected secondary schools at the rate of two for each district ^{taking} ~~assuming~~ the City of Madras as a district for that purpose. Out of these 50 schools, nine

 The Government schools (4 for boys and 5 for girls), sixteen are ~~schools~~ local bodies and the rest ~~are~~ under private managements. The Courses proposed to be introduced are: - (1) Secretarial (2) Engineering (3) Agricultural, (4) Drawing, Painting, etc., (5) Domestic Science and Cookery and (6) Music and dancing. Secretarial and Engineering Courses are proposed to be introduced in two Govt Boys Schools each. Of the 5 Govt girls schools, four will have 'Domestic Science' and the other one 'Drawing and Painting'. The cost of the introduction of the Courses in the 5 schools in 1946-47 is Rs. 74,850/- recurring and Rs. 2,94,800/- non-recurring. It is not clear whether 'technical education' refers to these new courses proposed to be introduced or existing. There is no information in the office in regard to the number of schools ~~providing~~ ^{proposed to be} for technical ~~proposed to be~~ for the bifurcated courses + what is the anticipated strength of pupils.

3
 There is also no definite information whether any other number of pupils proposed to be taught, the technical education is already for ~~provision~~ income and the expenditure incurred on this ~~proposed~~. A copy of the minutes of Hon. Pr. may be sent to the D.P. and he may be requested to furnish the information at a very early date.
