Rec.42-C-43 dated 27th January 1948

Sir,

SUB: EDUCATION - Secondary - High School - Students coming from the District Board area - Payment of contribution Requested.

-000-

REF: Municipal Council Resolution No.263 dated 15-12-48

In its resolution No. 263 dated 15-12-47 the Municipal Council, Walajapet resolved to request the District Board to contribute some amount to this Municipality and also to request the Government for sanction for the reason that a number of students residing in the District Board area are coming to the High School maintained by this municipality, for taking their studies. The subject had been taken up previously in the year 1945, with no result. Particulars regarding the number of students coming from the District Board area ie from the adjoining villages and the number of schools adjoining to this town were already furnished during the year 1945.

The North Arcot District Board is maintaining two Secondary Schools in the vicinity one at Kaveripauk and the other at Arcot, which are 7 miles and 4 miles away from this town respectively. Out of these, three Secondary schools including the Municipal High School, Walajapet, this municipal High School is the nearest to the students of the adjoining villages and hence they prefer this Municipal High School instead of going to the District Board Schools for taking their studies. Further, Telugu is taught in this High School. Now due to the introduction of revised scales of pay to the teaching staff, the expenditure under Education has considerably increased.

For the above said reasons contribution from the District Board is absolutely necessary and so this municipal High School council has resolved to request the District Board for a contribution towards the cost of maintenance of the High School. I request you to kindly convince the District Board to contribute a certain percentage of the cost incurred by this Municipality.

Further in its resolution cited above the municipal Council has resolved to request the District Board to consider ~~whether~~ the possibility of converting the Walajpet Municipal High School into a II Grade College under the joint management of the District Board and this council. I request you to kindly let me know the opinion of the District Board on this subject at an early date.

A copy of Municipal Council Resolution No. 263 dated 15-12-47 is enclosed for favour of information and early reply.

Copy submitted to the Secretary to -
Government, Edn. Department, with a copy
of C.R.No.263 for in favour of early orders,

PRESENT: SRI.W.V.Veeraraghava Mudaliar - Chairman
and 12 other councillors.

Subject No.263

Note of the Chairman suggesting that the Council wants to reiterate its previous resolutions and emphasize the obligation of the North Arcot District Board to lend its support to the Council's High School maintenance funds by way of grant in as much as a great proportion of the pupils came from the District Board area. They may consider the possibilities of raising this school into a second grade college under joint management of a board.

Sir,

Sub: EDUCATION - Secondary - Wallajah Municipal
High school - Contribution by the District
Board - Requested.

Ref: Government Memorandum No.7122-B1-48-1-Edn.,
dated 11.2..1948.

...000...

I herein enclose a copy of my letter to the Commissioner Wallajah Municipal Council requesting him to furnish certain details in the matter. I also submit that in view of the policy of Liberal-Grant in Aid enunciated in G.O. No.975-Edn., dated 10.5.1947 and in G.O.No.1154-Edn., dated 5.6.1947 the contribution requested may not be necessary for the maintenance of the High school at Wallajah.

2. This is not the only Municipality that is maintaining a High School in this District. Every other Municipal Council that is maintaining a High school will come forward with the same request for a liberal contribution towards the maintenance of the high school in their respective localities and hence the District Board will be hard pressed for finding funds for the same.

3. In the case of the Wallajah Municipal council, the District Board waived the recovery of about a sum of Rs.10,000 which was pending recovery on account of arrear toll contribution due from it to the District Board. The dispensary maintained by the Municipality has also been taken over by the Government recently and the annual medical expenditure is also relieved to this extent. I, therefore, request that Government may be pleased to inform the Municipal council not to press for the contribution towards the maintenance of the High School.

Schools. Secondary. Municipal High School, Wallajapet.
Payment of contribution by the Dt. Board, North Arcot.

Please see the letter of the Commissioner, Wallajapet Mety on p 1 c f and the remarks of the Special Officer, Dt. Board, North Arcot on p 5 c f. For the reasons stated in his letter, the Special Officer has expressed inability to sanction the contribution required by the Ml. Council, Wallajapet towards the maintenance of the Ml. High School.

2/ Under rule 1 (B) (2) (c) of Schedule IV to the M.L.B. Act, 1920 read with rule 1-13 (1) (d) of the said schedule, a Dt. Board is itself competent to sanction contributions of the kind referred to. Attention is, in this connection, invited to Memo No. 41100-D/27-2 L.A d 20-11-1947. If the payment of contribution by a Dt. Board to a Mety is justifiable and if the former is not willing to sanction the contribution, Gmt may direct the Dt. Board under section 121(2) of the M.L.B. Act to show cause why any contribution should not be made. If the Dt. Board fails to show cause to the satisfaction of the Gmt, Gmt may under section 121(3) of the said Act, direct it to pay such contribution as may be fixed by them. It is submitted for orders whether in the circumstances stated by the Special Officer, Dt. Board, North Arcot in his letter on p 5 c f, the Gmt should interfere in the matter.

3/. The remarks of L.A. may be invited.

The high school in Wallajapet is not one which has been started anew. It has been in existence for a long time. No claims for

Cancellation has been made till now of the m. council
 In view of the financial reasons put forward
 At T on page 503 and the special reasons
 mentioned at A. It seems not a fit case
 for Govt to interfere. L.A. may see

please esp. H. dept note
 above.

The Wallajahpet m. council
 is not obliged to maintain a High
 school. If it does, it is entirely
 out of its own free choice. It
 cannot, by this reason, claim any
 contribution from the St. Bd. towards
 the maintenance of the High school.
 If the St. Bd. does make any
 contribution, it is entirely an
 ex gratia payment. If it
 does not choose to make any
 there is no reason why Govt. should
 bring any pressure on the St. Bd.
 Govt. may decline to interfere as
 suggested by Esp. H. and ask the St.
 Bd. to reply to the m. council direct
 rather than through Govt. agency.

The case may be referred to Esp. H.

The financial position
 of the m. council is no doubt
 bad. The question of enlarging
 the m. council by amalgamating
 including certain neighbouring
 Panchayat towns in it is under
 consideration. Govt. may decline
 to interfere in this matter. See

Govt. have no power to compel the M. and St. Board
 to pay a contribution to the Municipal Council towards
 the cost of maintaining the High School. A well-run
 High School can easily be self-supporting. If the Council
 is careful about fee-concessions. No figures are
 given by the Board. It shows how many boys
 whose parents live in villages (within the town) are
 attending the School. There is no reason why Govt.
 should do anything in the matter.
