Dear Dr. Savoor, 3

Presidency College, Madras
Reorganisation – Removal
of Intermediate classes

–

cf

In continuation of my DO No: 60587-1/47A d/ 12.8.47. I am to request you to send up proposals for the removal of the Intermediate classes in the Presidency College, Madras, to the Queen Mary's College and the Govt Muslim College for Men from next year (the women students to Queen Mary's and the men students to the Muslim College) in connection with the Part II estimates for 1948-49. The Queen Mary's College and the Muslim College may work in double shifts if necessary.

GOVERNMENT OF MADRAS

D.O.
Office of the Director of Public Instruction,
Cathedral P.O.,Madras, 29th September 1947.

My dear Subramanian,

SUBJECT: Presidency College - Re-organization - Shift system.

REFERENCE: D.O.No.60587-2/47.A.Edn., dated 19--8--47. p2 ante

----

77675

1. With reference to the D.O. mentioned above, if the new building of the Government Muslim College for Men is ready before July 1948, it would be possible with the sanction of the University to transfer the Intermediate classes to the Muslim College and work that College in two shifts, though there will be a number of difficulties. I am enclosing herewith an extract from the letter R.C.No.981/47 dated 9-9-47 of the Principal, Government Muslim College on this subject. It is, however, very difficult to say whether those buildings would be ready. In fact, because of the lack of steel girders the building operations have been at a stand-still for more than four months and it looks doubtful whether the buildings would be ready before July 1948. Under these circumstances, some other method will have to be found if the laboratories of the Presidency College are to be used for purposes of increasing the number of Honours and research students working there.

p7-8 infra

Newspaper cutting (Hindu) 5-10-47 [illegible]

2. I have generally discussed this matter with the Principal of the Presidency College, but there has been no time for him to send me detailed proposals as regards the method which I have suggested to him.

3. The proposal is that the Intermediate students should work separately from the Degree, the Honours and research students. The college will then work in two shifts as follows:

	A		B
	7-30 to 8-30	Interval from 12 to 12-30.	12-30 to 1-30
	8-30 to 9-30		1-30 to 2-30
Interval	9-30 to 10	Interval	2-30 to 3
	10 to 11		3 to 4
	11 to 12		4 to 5

The Intermediate classes will work on the mornings of Mondays, Wednesdays and Fridays and in the afternoons of Tuesday, Thursday and Saturday. The Degree classes will work on the mornings of Tuesday, Thursday and Saturday and the afternoons of Monday, Wednesday and Friday. If the classes are arranged to work in this way, there will not be more than about 800 students working in the Presidency college at any time. For effective discipline this number is very much better than the huge number (1600) that we are having in that college at present.

4. The students will work for 6 days at 4 hours regular work each day excluding the half hour interval, instead of the present system of 5 days of 5 hours each. They will thus work for 24 hours per week instead of 25 and this is sufficient for the working of the Time-table.

5. Every lecturer should be in the college either from 7-30 to 1-30 or from 11 to 5, that is 6 hours including two half hour intervals, while at present he has to be in the college for 6 hours from 10 a.m. to 4 p.m. with an interval of one hour. By this arrangement all the lecturers in the college will be available every day between 11 and 1-30 and the Principal will be able to meet all during this period and discuss any day-to-day arrangements.

PTO.

6.By separating the Intermediate classes from the Degree classes the whole of the accommodation of the college will become available to the Degree students when they come for work. So far as the Honours students are concerned, they can easily work from 10 to 5.

7.The key subject and which gives most trouble for instruction in colleges is Chemistry and if we are able to arrange for the instruction of larger numbers in that subject it will generally be possible to work the other subjects also to a similar extent.

8.The University Commissioners have always required that a cupboard with the necessary laboratory articles should be set apart for students' work. The Intermediate and Degree students working in Chemistry have usually been allotted a cupboard in which the most common laboratory articles which they have to use every day for practical work are kept below the work seat. In practice, one set of these articles used by Intermediate students is assigned to one student of each batch. Thus it is used during the week by 4 students corresponding to the four batches working at the seat at present.

9.In the case of the B.Sc. Main students, the chemical apparatus that is locked in a cupboard at the seat is used only by one student.

10.In the case of the Honours students similarly, each student is given a separate working place with separate locker wherein he keeps all the necessary laboratory apparatus which he has to use every day.

11.During the four years that the Chemistry honours students of the Andhra University were working at the Presidency College chemical laboratory, they could not be given independent cup-boards with independent apparatus for each student on the work-bench. They were actually working in the Intermediate laboratory and had the necessary apparatus stored in the adjoining balance room in separate cupboards and they brought whatever they wanted for their practical work from the adjoining room to the work seat. The students worked from 7 A.M. till 10 A.M. or sometimes till 10-30 A.M. if there was no practical class for the Intermediate students of the Presidency College. Dr.T.R.Seshadri, Professor of Chemistry of the Andhra University, told me that the system worked quite satisfactorily. As such an arrangement worked satisfactorily for honours students of the Andhra University for four years, I think that it should be possible to work similarly for the Intermediate students of the Presidency college. The proposal in short is that all the cupboards in the Intermediate laboratory should be assigned to the Degree classes and the apparatus necessary for Intermediate students stored in cupboards in an adjoining room placed on the work-bench before the practical class begins.

12.As I have mentioned above the scheme requires the sanction of the University of Madras and involves, apart from the additional staff and equipment that may have to be provided for, the following facilities being given to the students:-

(1) Canteen arrangements have to be made for supplying the students with articles of food in the 3 intervals between 9-30 and 10, 12 to 12-30 and 2-30 to 3. The member of the staff in charge of the canteen will have to be paid an honorarium for the work done.

(2) A college bus as is provided at the Loyola college will be necessary.

PTO.

(3) In view of the fact that the college will practically work from 7-30 to 5, and it is not possible for the Principal to be continuously there throughout that period it will be necessary for a Senior Officer to be completely in charge of the Intermediate classes.

13. If staff and equipment can be provided and the University allows it, it will be possible to use the laboratories for about $1\frac{1}{2}$ times the present number of Honours and Research students and about $1\frac{3}{4}$ the present number of B.Sc.Main students.

Yours sincerely,

To

M.V.Subramanian, Esq., I.C.S.,
Secretary to Government,
Education & Public Health Department,
Fort St.George, MADRAS.

Copy of letter R.C.No.981/47 dated 9th September 1947 from the Principal, Government Muslim College, Madras to the Director of Public Instruction, Madras.

Sub: Double shift in Intermediate courses.

Ref: Your Proceedings R.C.No.60587-2/47-A Edn., dated 19th August 1947 and D.O. dated 26th August 1947.

I have the honour to submit herewith a detailed report containing the additional staff required for the shifts and the initial and recurring expenditure for the different departments of this college. Details regarding the additional staff for the college office are also furnished.

A. The introduction of the shift system becomes possible only after the extensions to the present building are completed and the class rooms and laboratories are completely furnished and equipped.

The present library is in a small hall and is not big enough to be used by the students of both the shifts. No library could be exclusively set apart for students of one shift; there would always be an overflow of students of one shift into the hours of the other. Hence a separate library containing about 5000 volumes on all the subjects of the Intermediate courses at a cost of about Rs.30,000 should be set up and maintained separately for the second shift. As there is no room in the building under construction for this library, a big hall with all adjuncts suitable for the library has to be constructed.

As there will be about 600 students in the Intermediate classes per shift, there should be a canteen big enough to serve this big number in about half an hour's interval (between 10 to 10-30 A.M.)

For effective supervision of the working of the college in two shifts there must be a Vice-Principal appointed from the Senior M.E.S. officers of the college to assist the Principal. The Principal, Vice-Principal and the other heads of the departments of different subjects, who will be in charge of the work in both the shifts, should be given extra allowances.

B

B. With regard to the introduction of the shift system, I have the honour to point out some of the drawbacks, difficulties and inconveniences that will be felt and that will go against the satisfactory working of the college and the very spirit of University education.

1. The extra curricular activities (College Union, Subject Associations, Annual functions), which are arranged outside the college hours during evenings will find no place in the double shift system.

2. The working of the U.O.T.C. will not be possible.

3. Physical Training and games cannot be enforced.

4. Because of the long four-hour session, students will not be interested either in the class or practical work during the last hour of each shift; they will be idle for half a day.

5. As students have to come from distant places the strength of the classes will be generally small during the first hour (8 to 9 A.M.) and this will seriously affect their study. During the rainy months this difficulty will be much more and the students may come late even by two hours.

6. Laboratory work:- If the laboratory is engaged from 8 A.M. to 5 P.M. every day those students who fail to do the experiments suffessfully during the regular time, will have no time available to them to repeat such experiments.

8

If any one of the working days happens to be a holiday, the practical work of the batches working on that day cannot be arranged outside the college hours to make up the loss. This should be done so that no batch would lag behind the others.

An interval of half an hour may not be sufficient for the laboratory to be arranged for work for the second shift.

As there is University Examination in Practical work for the Intermediate students from this year onwards good training must be given to the students in laboratory work. Hence there should be provision for the students to repeat the experiments which they fail to do successfully, and to do the experiments they miss on account of holidays. This is not at all possible if the shift system is introduced.

7. Effective supervision of the work of students would not be possible for the huge numbers of these two shifts. Contact between the teacher and the taught, the very essence of the educative process cannot be assured. The building up of character which is an indefinable process even in the presence of favourable factors would receive a set-back with huge numbers. In short, colleges would approximate more to factories where commodities are manufactured than institutions whose main purpose ought to be the development of human personality.

Educational Department.

R.C.No.1226 K2/47.

Office of the Director of Public Instruction,
Cathedral P.O., Madras, 14th February 1948.

From

Sri D.S.Reddi, M.A.(Oxon).,
Director of Public Instruction, Madras.

To

The Secretary to Government,
Education & Public Health Department,
Fort St.George, Madras.

11584

Sir,

Sub: Presidency College, Madras - Removal of the Intermediate classes.

I have the honour to state that the question of abolition of the Intermediate classes in the Presidency College was discussed with the Vice-Chancellor and the Principals of the two Colleges. The Vice-Chancellor agreed to the gradual abolition of the Intermediate classes from the Presidency College. It was decided that provision should be made in the Government Muslim College, Madras, for the admission of 400 students in Science and 150 students in Arts in the Junior Intermediate class in 1948-49 subject to the proviso that for Natural Science only a maximum of 240 students should be admitted. The admission of these additional students in the College is, of course, subject to the condition that the new buildings under construction will be ready for occupation by the beginning of the next academic year. The extra fee income in 1948-49 and subsequent years on account of the admission of these students will be Rs.34,200/- and Rs.68,400/- respectively.

B

A

pages 21-23 w/p

2. I furnish in Annexure A to this letter a list of the existing staff in the various subjects in the Muslim College and the additional staff required in 1948-49 and 1949-50 on account of the admission of the increased students. So far as equipment is concerned it is not possible to transfer from the Presidency College any of the equipment like chemicals as these will be necessary for the B.Sc and Honours students for whom increased provision is to be made in that college. The additional expenditure on the provision of equipment in the Muslim College will be as follows:-

(a) Chemistry:

Non-recurring	Rs.	
(i) Cost of 60 individual outfits	15,000	
(ii) Equipping by way of shelves and bottles	8,000	
(iii) High flow pressure gas holder of 2,000 c.ft. and an additional producer for supply of gas to 800 students	15,000	
(iv) An electric motor pump and two 400 gallons tank for water	3,000	
	------	41,000

PTO

PRB 17/2/48

70,493

68,400
51,200
119,600
83,300
36,300

It may be observed that the ultimate cost on the employment of additional staff in the Government Muslim College is more than covered by the ultimate fee income of Rs.68,400/- and the anticipated savings of Rs.51,200/- on account of the release of the superfluous staff in the Presidency College details of which have been furnished in Annexure B.

page 23 infra

5. If this transfer is decided upon it will be necessary to put in an application for the affiliation of the Muslim College in Sanskrit, Hindi and Kannada. This will have to go to the Senate so that the statutory difficulty of late application may be waived.

Please see Director's DO on page 48 infra

6. The question of transferring the women students of the Presidency College to the Queen Mary's College does not arise as in the current year no girl students were admitted into the Junior Intermediate class. The present girl students of the Senior Intermediate class of the college will pass out at the end of the current academic year.

7. The Principal, Goovernment Muslim College points out that certain additions to the buildings are necessary to accom modate the large number of students in the Chemistry laborato

(a) The open space 20' X 10' lying vacant between the existing college building and the new verandah proposed to b constructed on the northern side of the new block may be covered with an open terrace and added to the existing balar room to give sufficient accommodation for 30 balances in th place.

(b) a hall 40' X 20' may be constructed adjoining the existing store room so that there may be sufficient space for all the chemicals and apparatus of the Chemistry Department.

A

I consider that item (b) is not an immediate necessity and may be taken up in the beginning of the academic year 1949 when the second year students are admitted.

R

8. The admission of a large number of students will naturally increase the work of the Principal who will be sol responsible for the effective supervision and efficient wor of the College. Further, I consider that the Principal sh be relieved of much of the routine work that is being done

pres

R | present and that a Personal Assistant in the rank of an Assistant Lecturer is essential. The extra cost in 1948-49 as well as the ultimate cost ~~of~~ if this is approved will be Rs.1,000/- and Rs.2,220/- respectively.

9. So far as the Presidency College is concerned the release of the superfluous staff mentioned in Annexure B does not take into consideration the additional staff that may be required if the strength of the various degree classes are to be increased. The increase in 1948-49 may not be appreciable as the Intermediate laboratories will have to be retained for the work of the Senior Intermediate class during that year and as the laboratories cannot be altered to suit the requirements of the Degree courses. Every attempt will however be made to increase the strength in the various degree courses particularly in the Science subjects and to explore the possibility of providing the maximum laboratory accommodation to meet the increased demands. No additional staff for the increased strength in 1948-49 may be required. I enclose herewith a statement showing the present strength of the degree classes and the probable increases in 1949-50 and subsequent years. I wish to point out in this connection that the ratio of staff to students increases steeply for the higher classes, specially for Honours and Research work. For this large increase in strength (which is a little over 50 per cent of the present strength) the additional staff which will be needed for the Science subjects would be 9 Assistant Professors and 10 Demonstrators. The cost in 1949-50 as well as the ultimate cost on account of the employment of the additional staff will be Rs.~~27,000~~ 15,480/- and Rs.33,980/- respectively. The ultimate loss in fee income on account of abolition of the Intermediate classes will be Rs.1,19,727/-, but the increased admissions in the Pass and Honours classes will yield an income of Rs.1,06,908/- which is considerably in excess of the expenditure which has to be incurred on the additional staff. Proposals for the actual employment of the additional staff will be submitted in due course.

page 23 infra

page 25 infra

K ||

M |

A | 10. In case these proposals are accepted, it is requested that Government may take urgent steps to see that the P.W.D. complete the building in time for fitting the laboratories before the opening of the college after Summer vacation. The

B | Principal will also have to be given permission to proceed with the work of getting the furniture and equipment at an early date.

The Executive Engineer, South Presidency Division, has stated that the R.C. floor slabs over ground floor are being laid and that these are expected to be completed by about the 1st week of March 1948. The contractor has promised to complete works by 30--4--48. The Executive Engineer, therefore, considers that laboratory fittings can be commenced from about the middle of June.

From the D.P.I., Rc. No. 1226-K2/47, dated 14.2.1948.

Presidency College, Madras – Removal of the Intermediate Classes.

Memo. No: 60587/47-7-A, Edn., dated 4.3.48

It is suggested that as the proposal is only to transfer the Intermediate Classes from one College to another, it is not necessary to sanction additional staff for the Muslim College, abolishing at the same time certain posts in the Presidency College, but that the proper course will be to transfer a portion of the teaching, ministerial and menial staff from the Presidency to the Muslim College. The D.P.I. is requested to consider this and ~~report sugges~~ suggestion and report how much of the staff can be so transferred. If, even after such transfer and taking into account the ~~ex~~ existing staff of the Muslim College and the hours of teaching work for them, more staff

para 2 of Fin. note on pages 11-12 c.f.

32

more staff is considered necessary, an estimate of such additional staff with full details of cost may be submitted to the Govt. for consideration.

2. The Director is also requested to consider and report whether some at least of the equipment and stores in the Presidency College may not be transferred to the Muslim College, thus reducing the proposed non-recurring expenditure of Rs. 79,000/- on them.

para 3 & 7 in note on page 12 n.f.

3. An estimate of cost, together with a plan, for the proposal in paragraph 7(a) of the Director's letter read above may also be got prepared urgently and submitted ~~at~~ an early date.

* Sub: PRESIDENCY COLLEGE, Madras - Removal of the Intermediate classes.

Ref: Government Memo No.60587/47-7 A Edn., dated 4-3-1948. pages 31-32 ante

I have the honour to state that there is no objection to the transferring of the superfluous staff in the Presidency College, Madras, to the Government Muslim College, but this is possible only in regard to the additional staff required in 1948-49, as the superfluous staff available in 1949-50 in the Presidency College in the Science subjects will have to be retained in connection with the increased admissions in the B.Sc. Pass and Honours Classes. D

2. For the year 1948-49 the following staff may be transferred.

English ..	1	Assistant Professor and 2 tutors.
Sanskrit ..	1	Assistant Professor.
Mathematics.	1	do.
Physics ..	2	Demonstrators.
Chemistry ..	2	do.
Natural Science	1	Assistant Professor and 1 Demonstrator

In addition the following staff will be required for the Muslim College.

Tamil ..	1	Assistant Lecturer and 1 Pandit. A
Malayalam .	1	Assistant Lecturer.
Telugu .	1	do.
Hindi .		do.
Kanarese...		do. P
Physics. .		do.
Chemistry ..		do.

S

In 1949-50 the following superfluous staff may be transferred.

English ..	1	Assistant Professor and 2 tutors.
Sanskrit ..	1	Assistant Professor.
Tamil. ..	1	do. & 1 Pandit. B
Telugu.	1	Assistant Professor.

S

The additional staff required will be

Mathematics.	1	Assistant Lecturer.
Physics.	1	Assistant Lecturer & 2 demonstrators
Chemistry.		do.
Natural Science.	2	Demonstrators.

18 MAR 1948
GOVERNMENT OF MADRAS

ASST. SECRETARY TO GOVERNMENT
18 MAR 1943
EDUCATION AND PUBLIC HEALTH DEPT.

D.O.

Office of the Director of Public Instruction,
Cathedral P.O.,Madras, 11th March 1948.

Dear Sir,

SUBJECT: Presidency College - Removal of the Intermediate college.

With reference to the telephone conversation on the question of ultimate cost on the employment of additional staff in the Muslim College, I am explaining the position below:

p13-19 ante

In my letter R.C.1226 K2/47 dated 14-2-48 submitting the proposals, I had already furnished the extra fee income to the Muslim College on account of increased admissions and also the additional expenditure on the staff that will be necessary. These are as follows:--

Fee income	1948-49	Rs.34,200/-
	1949-50 & ultimate	68,400/-

Expenditure - Staff: (Ultimate) 83,300/-

The expenditure on the staff had been calculated without taking into account the surplus staff that will be available in the Presidency College on account of the removal of the Intermediate classes. In para 4 of that letter, I had also mentioned that the ultimate cost on the staff in the Muslim College will be more than covered by the ultimate extra fee income of Rs.68,400/- and the savings of Rs.51,200/- on account of the surplus staff in the Presidency College.

p35-36 ante

In their Memorandum, Government wanted to furnish the estimate of additional staff that may be required in the Muslim College after transferring such of the surplus staff as are available in the Presidency College. In my letter R.C.No.1226 K2/47 dated 8-3-48 I have furnished separately (a) the staff that can be transferred during 1948-49 and 1949-50 and (b) the additional staff required in 1948-49 and 1949-50. The ultimate cost of item (b) works out to Rs.32,200/- This does not take into account the extra fee income of Rs.34,200/- already pointed out earlier.

Yours sincerely,

To

The Hon'ble Sri T.S Avinashilingam Chettiar, B.A.,M.L.,
Minister for Education,
Fort St.George, Madras.

D.O.

Director of Public Instruction,
Madras, 22nd March 1948.

Dear Sir,

I have discussed the question of the transfer of the Intermediate classes to the Muslim College and am glad to inform you that the explanation I offered to you this morning in regard to the profit that Government would be making is correct. As I have already pointed out in my D.O. letter dated 11--3--1948, the total ultimate cost in the Muslim College will be Rs.83,300/- while the fee income would be Rs.68,400/- leaving a balance of Rs.14,900/- to be met by Government.

pp43-44 ante

p17 ante

p17 ante

As against this the increased admissions in the B.A., and B.Sc (Pass and Honours) classes in the Presidency College would bring in an additional fee income of Rs.1,06,900/- ultimately as against an additional expenditure of Rs.33,980/- on staff, leaving a balance of Rs.72,920/- to the credit of Government. The net profit on both the proposals

p19 ante

would

46

would, therefore, be Rs.72,920/-.

Yours sincerely,

To

The Hon'ble Sri T.S.Avinashilingam Chettiar, B.A.,M.L.,
Minister for Education,
Fort St.George, MADRAS.

47

27

D.O.

Director of Public Instruction,
Madras, 6th April 1948.

Dear Mr.Subramanian,

This is the time when Principals of all colleges have to publish in the Gazette the prospectus of their colleges for the guidance of intending applicants. In the absence of orders of Government approving the transfer of the Intermediate classes from the Presidency College to the Government Muslim College, Madras, I am unable to issue any instructions to the Principals. May I request you to let me know if in anticipation of the approval of Government, I can instruct -

Must once be covered by Govt orders to be issued. X

(1) the Principal of the Muslim College to notify that applications for the Intermediate from all communities will be entertained as the institution will be a general institution from this year onwards;

do

(2) the Principal of the Presidency College that he should ~~inform~~ invite applications only for the B.A., and B.Sc, Pass and Honours.

PTO

48

In this connection I may state for your information that the Committee appointed by the Syndicate to look into this question has inspected the Muslim College already and has given general approval for the proposal. It has yet to decide only the actual strength that will be permitted in the different Groups. This question is expected to be decided on the 15th of this month when the Committee is meeting again.

I presume that Government do not intend to change the name of the College and that the present designation "Government Muslim College" is to continue. I presume also that the Muslim community will not be given any special preference in the matter of admissions, at any rate into the intermediate classes.

Yours sincerely,

To

M.V.Subramanian, Esq.,I.C.S.,
Secretary to Government,
Education & P.H.Department,
Fort St.George, Madras.

pp 13 & 35 cf

College - Presidency - Transfer of Intermediate classes to the Government Muslim College, Madras - Sanctioned.

Letters from the D.P.I. No.1226-K2/47 dated 14-2-48 and 8-3-48.

Order/MS. No. 1253 (Edn.) dated 17/5/48.

The Presidency College is ~~one of the Prem~~ the only Govt ~~ier~~ institution in which there is provision ~~exists~~ for a number of courses of study including post-graduate and research work. The existence of the Intermediate classes in the College has however ~~prevailed~~ prevented the College ~~in the past~~ from developing the Post Graduate and research side ~~to a great extent~~ and also prevented the admission of a larger number of students in science subjects for the degree courses. In order to remedy this the Government ~~accordingly~~ direct that the Intermediate classes ~~section~~ in the Presidency College be transferred to the Govt. Muslim College, Madras, with effect from the academic year 1948-49. No admission will be made to the Junior Intermediate class in the Presidency College for 1948-49; but the students promoted to the Senior Intermediate classes will be allowed to complete the course in the college and the Intermediate classes will be completely abolished ~~in~~ 1949-50.

2 (a) When the Intermediate classes are transferred from the Presidency College to the Government Muslim College all the staff now employed in the former college will not be necessary there and some additional staff will be necessary in the latter college. The Govt. therefore direct that the following portion of the staff employed in the Presidency College be transferred to the Government Muslim College:-

p 35 cf : From the beginning of the academic year 1948-49.

English Department - 1 Asst. Professor and 2 Tutors ✓

Sanskrit -do- - 1 Asst. Professor ✓

Mathematics -do- - 1 Asst. Professor ✓

Physics -do- - 2 Demonstrators ✓

Chemistry Department	- 2 Demonstrators
Natural Science Department	- 1 Asst. Professor and 1 Demonstrator

From the beginning of the academic year 1949-50.

p 35 cf

English Department	- 1 Assistant Professor and 2 Tutors
Sanskrit -do-	- 1 Assistant Professor
Tamil -do-	- 1 Assistant Professor and 1 Pandit
Telugu -do-	- 1 Assistant Professor

(b) Besides the staff mentioned above, the Government sanction the employment of the following additional staff in the Government Muslim College for a period of two years.

From the beginning of the academic year 1948-49.

p 35 cf

Tamil Department	- 1 Asst. Lecturer and 1 Pandit
Malayalam -do-	- 1 Asst. Lecturer

SUMMARISING NOTE FOR CIRCULATION TO HON'BLE MINISTERS.

Subject: College - Presidency, Madras - Transfer of the Intermediate classes to the Government Muslim College, Madras.

The Government had for some time past under consideration a proposal to develop the Presidency College, Madras, as a premier institution in post-graduate and research studies. It was pointed out, in this connection, that the existence of the Intermediate classes in the college prevented it from developing its post-graduate and research side and also prevented the admission of a larger number of students in science subjects for the degree courses. In order to remedy this, the Government ordered the transfer of the Intermediate classes in the Presidency College to the Government Muslim College from the academic year 1948-49. No admission will be made to the Junior Intermediate class in the Presidency College for 1948-49 but the students promoted to the Senior Intermediate classes will be allowed to complete the course in the College and the Intermediate classes will be completely abolished from 1949-50. The transfer has necessitated the employment and also the purchase of some new equipment of some additional staff in the Muslim College. Details of the staff sanctioned will be found in G.O.No.1253 Edn. dated17-5-48 (copy enclosed). pp 53-56 of As the colleges reopen ~~on~~ by the end of June and as action ~~should~~ had to be taken urgently the matter could not be placed before the Standing Finance Committee and the cabinet, ~~and~~ orders were issued in the matter after circulation to H.M.(Edn.), H.M.(Fin.) and H.Pr.

A copy of this note ~~may now be~~ is circulated to all Hon'ble Ministers who have not seen the case, to the Chief-Secretary and the Secretary, Finance Department for information.

21/5/48

21/5/48

Immediate

As

p53 cf

Orders have been issued that no admissions should be made to the Intermediate in 1948-49, but that Sr. Inter students might be allowed to continue in 1948-49

This has already been issued for orders.

Secretary, E.& P.H.

Orders have been issued transfering the Intermediate section of the Presidency College to the Muslim Men's College. That will mean that hereafter there will not be admissions for the Intermediate classes in the Presidency College. Those boys who were admitted in the Presidency College for the Intermedite should be admitted in the Muslim Men's College from the next college year. We have also made arrangements to admit extra numbers in the Muslim Men's College.

Till now admissions to the Muslim Men's College are governed by a special G.O. i.e., up to 75 percent preference will be shown to Muslim students. That can't be continued any more, as the Intermediate section of the Muslim Men's College is to cater to the needs of the general public also. And so orders may be issued that for the Intermediate, admissions may be made in the normal course as in any other Govt. college having in consideration the needs of backward communities also. Special reservation for Muslims which applies to B.A., B.Sc. and other post-Intermediate courses will not apply to the Intermediate from this year.

REF:- G.O.No.1253, Education, dated 17th May 1948.

I have the honour to request that Government may kindly issue orders that the general orders issued from time to time in the matter of admissions be made applicable to the Muslim College also in regard to the admission in the Intermediate Classes.

2. As the college will in future be a non-denominational one, I solicit orders whether the Government propose to extend the general orders about admission to the other classes also e.g. B.A. and B.Sc., + Hons.

35

Dear Mr. Avanashilingam Chettiar,

I am very sorry to read from the papers that the Government Muslim College, Madras will not work as a denominational college from the next academic year. First it was the college for Muslim women and now it is the Muslim College that is going to be abolished. All this is against the spirit and letter of the agreement arrived at in the Conference between your good-self and Muslim leaders at your house and against the G.O. which embodies portions of the said agreement.

I am at a loss to understand why the Government is adopting such a course after coming to a decision as a result of the discussions which took place over a period of months. The abolition of the college will seriously interfere with and affect Muslim education and the people feel very sore and bitter about the action of the Government referred to; and I request that the Government may be pleased to re-consider their present decision and allow the Muslim College, as well

64

Dear Mr. Ismail,

Your letter of the 21st May. This is to inform you that your impression that the Muslim College for Men has been abolished, is not correct. What has been done is that the Intermediate section in the Presidency College has been abolished and that has been tagged on to the Muslim College for Men.

Let me tell you that I will try to do all I can to respect all the reasonable sentiments of Muslims and other minorities in every possible manner.

Thanking you,

Yours sincerely,

R.C.NO.129-A2/49 dated 5--3--1949.

Sir,

Sub: Government Muslim College, Madras - Provision of gas holder - construction of a brick tank-incurring of expenditure on-sanction requested.

REF: G.O.No.1253-Education dated 17-----5-----1948. (A)

18472

item (iii) in para 3 on (A)/2

Government in their order cited above sanctioned the incurring of an expenditure of Rs.15,000/-① gas holder in the - Government Muslim College, Madras in connection with the transfer of the Intermediate Class from the Presidency College to - that College. The above provision does not include the amount necessary for the construction of a brick tank to install the - gas holder. The Executive Engineer, South Presidency Division has submitted an estimate for Rs.2,700/- in the above connection (vide copy enclosed). He reports that as no provision is made in the Budget estimate under "Minor works" during the current year to meet the expenditure it is not possible to carry - out the work during the current year itself. However, as the matter is urgent and as the gas holder should be erected and the work finished before the close of the current financial year I have countersigned the plans and estimate and have asked the Executive Engineer to proceed with the work in anticipation of necessary sanction of the expenditure by Government. I may also add in this connection that Messrs. Vijaya Brothers the Contractors have already prepared the gas holder and it is ready for installation.

① in the provision of an additional

A

2. The expenditure can be met from the savings under the allotment "laboratory charges" of the college for the current year. I, therefore, request that Government may be pleased to sanction an expenditure of Rs.3,100/- (Rupees.2,700/- estimated cost of the work plus 14½ centage charges) on the above work.

ASST. SECRETARY TO GOVERNMENT 25 JUL 1947 EDUCATION AND PUBLIC HEALTH DEPT.

60587

Secretary, E. & P.H.

The Presidency College at Madras is supposed to be our premier institution where the standard to be maintained must be very high. But unfortunately of late, there has been a deterioration in the standard in the Presidency College. Various reasons have contributed to this and one of the important reasons seems to be that it is pulled down with the weight of the ~~with~~ Intermediate classes. Suggestions have come from the University as well as other Committees which have considered the question that the Presidency College should become a post-Intermediate College freed from the Intermediate classes and should be allowed to devote itself to higher studies and that arrangements should be made for higher specialisation as well as researches in the various departments. Till now, unfortunately, this matter has not been attended to. With the incoming of Independance, it is absolutely necessary that at least some of our colleges should maintain a very high standard as well as provide for high-grade research. The Presidency College is the only College which is eminently suitable to be made so and I think it is time we consider the subject.

If these things are to be done, three points have to be considered for immediate action:

(1) The taking off of the Intermediate Section from the Presidency College.

(2) Providing larger scope for B.Sc. and other post-Intermediate courses in the Presidency College with professors of suitable standing and elevation for instruction.

(3) Organising research in the Presidency College under the direction of suitable men.

If the Intermediate section is to be abolished, we should have to provide for the Intermediate section elsewhere. The rush for the Intermediate still continues and there will be a great deal of cry if we abolish it in the Presidency College without providing for it in other places. It seems to me that in view of the low strength in the Government Muslim College and in view of the fact that we are putting up extra buildings in that college, it can be made possible to work a second shift and the whole of the second shift may be devoted to an Intermediate College.

B.Sc block

The D.P.I. may be asked to examine these and the ther suggestions mentioned above and put in early proposals so that t may be included in the Part II Scheme for consideration by the abinet.

issued

This matter of removing the Intermediate Section from the Presidency College and working in its stead a second shift in the Government ~~Queen Mary's College~~ Muhammadan College for ~~Wo~~men may be treated as a separate proposal.

SECRETARY, EDUCATION & P.H. DEPT.
1[illegible] AUG 1947
GOVERNMENT OF MADRAS

46

It need not be confused with the constitution of a special cadre of Professors in the Presidency College. This proposal, as I have put it now, will not possibly cost any extra money to Government and so, only this matter of taking off the Intermediate section from the Presidency College and working double shifts in both the Queen Mary's College and the Muhammadan College for the Intermediate alone may be asked to be considered by the D.P.I.

The matter may be expedited so that it must come within the Part II Schemes for the next year.

TSA
(13-8-4)

The Director's replys in regard to the constitution of a special cadre of Professors in the Presidency college has just been recd: and the concerned file will be subd separately. Extracts of the minutes of H.M. in this file will be added to that file.

This file may deal with the question of the transfer of the Intermediate classes in the Presidency College to the Queen Mary's College and the Govt Muslim college for men.

A draft D.O (memo) to the D.P.I is subd.

14/8/47.

14/8/47 S

16/8/47

(Issued as D.O.No.60587.2.47.A.Edn. dated 19th August 1947).

C.No.77675.

From the Director of Public Instruction, D.O. dated 29th Septr. 1947.

...

The D.O. from the Director of Public Instruction on pp.4-6 c.f. may be perused. The Director states that if the new buildings for the Muslim College for Men are ready before July 1948 it would be possible to transfer the Intermediate Classes in the Presidency College to the Muslim College for Men and work that college in double shifts with the sanction of the University, although there will be a number of difficulties. The Director however reports that the work of construction of ~~the~~ additional buildings for the Muslim College has been at a stand-still for more than four months owing to the want of materials and that it is doubtful whether the buildings will be ready by July 1948. He has, therefore, suggested alternative proposals for working the Presidency College itself in double shifts retaining the Intermediate Classes and making more ~~home~~ room for degree and honours students.

para 3 on p.4 c.f.
para 6 on p.5

2. The proposal is that the College should work in two shifts as indicated in paragraph 3 on p.4 c.f. with the Intermediate and the Degree classes working alternately in the mornings and in the afternoons for six days in a week for four hours each day. Thus by separating the Intermediate classes from the Degree classes the whole ~~of the~~ accommodation will become available to the degree students when they start work. The Honours students it is stated can easily work from 10 A.M. to 5 p.m. If the proposals are given effect to, it is stated that it will be possible to use the laboratories for about 1½ times the present number of Honours and Research students and about 1¾ times to the present B.Sc.(Main) students.

para 3 on p.4 c.f.

para 6 on p.5 c.f.

ibid

para 13 on p.6 c.f.

3. The main difficulty in giving effect to the proposals is, it is stated, with reference to the University Regulations requiring that a cup-board with the necessary laboratory articles should be set apart for the work of ~~these~~ each student. The approval of the University has, therefore, to be obtained for the arrangements proposed by the Director.

paras 5 7 & 8 on p.6 c.f.

4. The Director has not given an estimate of the cost involved in the proposals. It is for consideration whether the file may be submitted to the Hon'ble the Minister for Education for the approval generally before an estimate of expenditure is called for and the proposal considered as a Part II Scheme in the usual course. If the Hon'ble the Minister generally approves the proposal the Director can also be asked to take steps to get the approval of the University while the proposal is being considered as a Part II Scheme. //Perhaps the Secretary may also discuss the matter with the Director at the next Conference.

Please see my remarks below. If my view is not accepted, this may be done.

I do not think this need wait until then.

10/10/47

S!

The present proposal is designed to make only increased provision for Science work in the Hons., Research & B.Sc Courses (please see 'H' at p.6 c.f.). It does not deal with the other aspect of the case, that the institution has become too unwieldy in regard to discipline and so on; for although the pupils will be split up into two batches they will all still belong to the institution and questions of discipline will still be there for all of them together. It seems to me therefore that until the extensions to the Muslim College are ready, when the question of actually shifting the Intermediate classes from the Presidency College to that place can be considered, the question may be deferred, and that the present proposals need not be pursued.

The article that appeared in the Hindu is placed below.

HM (Ed.)

This may be sent to me after 5 days. In the meantime, I propose to have a talk with the Vice-Chancellor over the proposals.

TSA
30-10-47

30 OCT 1947

I have discussed the matter with the Vice-Chancellor and the D.P.I. I have asked them to suggest ways and means of relieving the Presidency College of the Intermediate classes so that the Presidency College may really become a first class high grade institution. It is with this end in view that this shift system was suggested. The Vice-Chancellor suggested to me that this can be done by accommodating a large number of persons in the present Muhammadan College itself. I have asked him to work ~~at~~ out a definite scheme including the financial consequences of the scheme in consultation with the D.P.I., and send it on to me by the end of this month. This file may be sent to me about the 25th of this month.

I have spoken to the D.P.I. and the Vice-Chancellor. They have not yet submitted their scheme. I think we may proceed ~~wxth~~ on the assumption that the scheme will go through and that we shall be able to shift the intermediate section of the Presidency college to the Muslim College for men in the year 1948-49 - the coming year.

A

TSA
25-11-47

H. M. seems to agree with Secry.'s view at 'K' on p 7 ante. The D. P. I. may be informed as at 'A' above and may be asked to submit proposals for the removal of the Intermediate classes from the Presidency College to the Govt. Muslim College and the Queen Mary's College; and for making more provision for B. Sc., and other postgraduate and Research Courses in the Presidency College. A draft D.O. is put up for approval.

[D.O. No. 60587-4/47 A, Edn., dated 5.12.1947] pages 9-10 c.f.

R.No. 11584/A/48 from the D.P.I., Rc. No. 1226 Ka/47, dated 14/2/48. pages 13-25 c.f.

The D.P.I. has submitted the proposals called for in the D.O. on pages 9-10 c.f. They are at pages 13-25 c.f.

2. The first

---

2. The first point to be considered is whether the new buildings under construction for the Muslim College will be completed before the next academic year begins - vide 'A' on pages 13 and 19 C.F. - for, on this, depends the shifting of the Intermediate classes to the College for Muslim men. The C.E. may, therefore, be asked at what stage the construction is and whether it can or will be completed before July. The draft + T.M. below is for approval.

+ Issued vide page 27 c.f.

3. The next point for consideration is whether the Director's present proposals for the gradual transfer of the Intermediate classes from the Presidency College to the Muslim College, which, it is stated, was agreed * to by the Vice-Chancellor, will be accepted. H.M.'s intention in his minutes at pages 1-3 and 7-8 ante appears to be that the entire Inter. classes of the Presidency College should be shifted to the Muslim College ~~atxxx~~ all at a time. H.M.'s orders may be taken on this point in due course. However, on the presumption that H.M. will agree to the present proposals, they are examined below.

* Vide para 1, page 13 c.f.

* 'B' on p. 13 c.f.

4. The Director has explained his proposals in paras 2 to 9 on pages 13 - 19 c.f.: (i) The addl. staff to be employed in the Muslim College is given ⊕ on page 23 c.f. and in para 3 on page 15 c.f. The financial effect is as follows:-

⊕ Annexure A

Year.	Addl. Fee Income.	Expenditure.	
	Rs.	Recurring Rs.	Non-recurring. Rs.
1948-1949	34,200	18,440	79,000
1949-1950	68,400	12,400	...
	Ultimate cost	Rs. 83,300	

Savings on account of the release of ~~[illegible]~~ superfluous staff in the Presidency College } Rs. 51,200

Thus the ultimate cost is more than covered by the ultimate fee income of Rs. 68,400 and the above savings of Rs. 51,200. The addl. staff asked † for by the D.P.I. may be agreed to.

† in Annexure A [illegible] or page 23 c.f.

(ii) Regarding para 5 on page 17 c.f., the D.P.I. may be asked to take suitable action for affiliation of the courses referred to, as soon as the proposals are approved.

(iii) In view of para 6 on page 17 c.f., no question of transfer of girl students to the Queen Mary's College arises.

(iv) The D.P.I. presumably supports the Principal's proposal in para 7(a) on page 17 c.f. He has not given the addl. cost that will have to be incurred on account of this. The cost will perhaps not be much. For orders whether this proposal also may be accepted. If approved, the C.E. will be asked to make the proposed addition.

(v) The D.P.I.'s suggestion that the Principal's proposal in para 7(b) on page 17 c.f. may be taken up next year, may be agreed to.

'A' on page 17 c.f.

(vi) In para 8 on pages 17-19 c.f., the D.P.I. makes a special proposal for the employment of a P.A. to the Principal in the grade of an Asst. Lecturer. This may perhaps wait for a year, after which one can have sufficient experience to know as to what kind of assistance the Principal would be mostly in need of. For orders. (If, however, the D.P.I.'s proposal is approved, the cost in 1948-49 and the ultimate cost will be increased by Rs.1,000/- and Rs.2,220/- respectively).

DPI's proposal may be approved.

(vii) The permission asked for at 'B' on page 19 c.f. may be accorded.

5. In para 9 on page 19 c.f., the D.P.I. speaks of the proposals for increasing the strength of the various degree classes in the Presidency College. But he wants addl. staff for the purpose only in 1949-50. No addl. cost is to be incurred during 1948-49. He himself has stated that proposals for the employment of the addl. staff will be submitted in due course. He may be asked to submit them in time for consideration as a part II Scheme for 1949-50.

'M' on page 15 c.f.

6. It is now too late to make any addl. provision in the B.E. for 1948-49 for the proposals referred to in para 4 on pages 9-10 above. The D.P.I. may be asked to apply for the required addl. funds in due course.

7. The file may be sent to Fin. for remarks before circulation.

FINANCE DEPARTMENT

Recd. at 11.30 pm in E III 28/2/48

The case deals with the proposal to remove the Intermediate classes from the Presidency College to the Muslim College, Madras with effect from 1948-9 so that the Presidency College may be utilised for higher studies and research in the various departments. The details of the proposal submitted by the D.P.I. are on pp 13-19 c.f. He has also furnished a statement on p. 23 c.f. showing the details of additional staff required for the Muslim college and ~~the~~ staff that will be rendered superfluous in the Presidency College. He has also stated that in addition to the teaching staff, ~~the~~ clerical and menial staff mentioned at A on p. 15 c.f. and that a P.A. to assist the Principal will be required.

R on p. 19 c.f.

According to him the ultimate cost on account of the additional staff works out to Rs. 70,500 p.a as follows, as against the anticipated saving 51,200 on account of the abolition of the staff rendered as superfluous in the Presidency College.

p. 17 c.f.

	Rs.
17 Assistant Lecturers	37,740
15 Tutors and Demonstrators	21,000
8 Pandits	4,752
1 U.D. clerk	1,211
1 L.D. clerk	810
1 Asst. Librarian	~~[illegible]~~ 810
5 Attenders	1950
1 P.A. to the Principal	2220
	70,493 or Rs. 70500

R on p. 19 c.f.

2/ It is submitted that as the proposal merely relates to the transfer of the Intermediate classes from one college to another college, ~~the~~ a portion of the staff (teaching as well as ministerial) ~~staff~~ may be transferred from the Presidency College to the Muslim College and there is no necessity to sanction additional posts for the Muslim college, at the same time abolishing

12

certain posts in the Presidency College. This dept. may suggest that the D.P.I. may be asked to take into account the transfer of the staff from the Presidency college and estimate the requirements for the ~~net~~ additional staff, ~~having also~~ taking into account the existing staff in the ~~Muhammadan~~ Muslim College and the hours of teaching work allotted to them. ~~The~~ On receipt of the estimate, the proposal for the additional staff may be examined further separately.

M

P 1/3/45

AR 28-2-48 3/. The D.P.I has proposed a non-recurring expenditure of Rs 79,000 on equipment and stores for the Muslim College. He may be asked whether they cannot be transferred, at least in part, from the Presidency college.

1.3.48

4/. Buildings: The proposals contained in para 7 of the D.P.I's letter on page 17 C.F. and E&PH's remarks at M on page 10 above may be perused. The following remarks are called for:-

→ M on p 10 above - Item (ii)

(i) Proposal 7(a) on page 17 C.F.: As pointed out by E&PH the D.P.I. has not given any idea of the cost involved in this proposal. Finance may, therefore, advise that ~~the~~ no expenditure should be incurred on this proposal before obtaining the sanction of the appropriate authority to the estimated expenditure; and that the necessary plans and estimates ~~together with the cost involved~~ may be obtained urgently from the D.P.I.

28.2.48

(ii) Proposal 7(b) on page 17 C.F.: The D.P.I. ~~has reported that~~ and ~~he~~ considers that this proposal is not an immediate necessity and that it may be taken up in the beginning of the year 1949-50. E&PH have, however, ~~have~~ noted that the proposal may be taken up next year, presumably during 1948-49. ~~That department~~ They may be requested to consult the D.P.I. ~~on this point~~ whether the building should be constructed in 1948 itself. ~~No doubt plans and estimates for the work will be got sanctioned by the proper authority, before taking it up for execution.~~

(Previous Finance notes on pp.10-12 above)

ASST. SECRETARY TO GOVERNMENT 16660 13 MAR 1948 FINANCE DEPARTMENT Recd 12.55

The case deals with the proposals for the employment of additional teaching and ministerial staff and the purchase of additional equipment for the Government Muslim College consequent on the proposal to transfer the Intermediate Classes from the Presidency College to the Government Muslim College with effect from 1948-49.

2.(a) Teaching Staff: It was previously reported that the additional staff required for the Government Muslim College and the staff that would be rendered surplus in the Presidency College would be as follows:

p. 23 c.f.

Additional staff required for the Govt. Muslim College.	Staff rendered as surplus in the Presidency College.
M 17 Assistant Lecturers. 15 Demonstrators&Tutors. 3 Pandits.	B 13 Assistant Professors. 15 Demonstrators&Tutors. 1 Pandit.

This Department suggested that as the proposal merely amounted to the transfer of the Intermediate classes from the Presidency College to the Muslim College, the staff rendered as surplus in the Presidency College might be transferred to the Muslim College and that net requirements might be estimated after taking into account the existing staff in the Muslim College and the ~~lines~~ hours of teaching work allotted to each Lecturer. The E & P.H. department have now forwarded the letter received from the Director of Public Instruction on pp.35-36 C.F. with reference to this Department's suggestion, for further remarks without any examination. No details have been furnished as to the number of hours of teaching work each member of the staff will have.

M p.12 above

p.14 above

The Director of Public Instruction has now estimated the requirements as follows:--

p 35 c.f.

	Additional Staff required for the Muslim College.			Staff proposed to be transferred from the Presidency College.			Net additional staff required.		
	Asst.Lecturers.	Tutors and Demntrs.	Pandits.	Asst.Lecturers.	Tutors & Demnrs.	Pandits.	Asst. Ltrs.	Tutors & Demnrs.	Pandits.

Total.	18	15	2	8	9	1	10	6	1

N B

The extra cost of the additional staff required Viz. 10 Assistant Lecturers,
6 Demonstrators
1 Pandit.

works out to Rs. 42,480 p.a.

R on p. 36 c.f.

(a) It is submitted that ordinarily the mere transfer of the Intermediate Class~~es~~ from one College to another College should not result in the appointment of any additional staff except during 1948-49 when the Senior Intermediate Class will continue to ~~work~~ in the Presidency College and the Junior Intermediate class will be working in the Government Muslim College. On the other hand, the amalgamation of the Intermediate Classes in ~~the same~~ the two Colleges should result in an appreciable reduction of the existing staff in the two Colleges. It is also observed from a ~~classification~~ comparison of the statements ~~above, as above with that~~ at M & N on p.15 above in regard to the additional staff required for the College, the Director of Public Instruction has ~~extended~~ increased the number of Assistant Lecturers required from 17 to 18 and reduced the number of Pandits from 3 to 2. This is due to the ~~proposal ordered~~ provision made for 2 Assistant Lecturers in Telugu in the Muslim College as against 1 Assistant Lecturer and 1 Pandit asked for, a fortnight ago. This department may suggest that the additional staff required for the Telugu Department may be 1 Assistant Lecturer and 1 Pandit as previously asked for by the D.P.I. As 1 Assistant Lecturer will be transferred from the Presidency College during 1949-50 and as there will be only Junior Intermediate Class in 1948-9 it would seem sufficient if a Pandit is appointed as against 1 Assistant Lecturer asked for by the Director of Public Instruction.

S ap. 35 cf.

S ap. 23 cf.

P

P (1)

(b) Similarly as against 2 Assistant Lecturers, 2 Pandits asked for the Tamil department this department may suggest that 1 Assistant Lecturer and 3 Pandits may be sanctioned. One Asst. Lecturer & one pandit will be transferred from the Presidency College during 1949-50. The additional staff to be appointed during 1948-9 may be limited to 2 Pandits as against 1 ~~Assist~~ Asst. Lecturer and 1 Pandit asked for.

P

B ap. 35 cf.

P (2)

H ap. 35 cf.

(c) The number of candidates taking up Hindi, Canarese and Malayalam as their second language is likely to be very few. It may therefore be suggested that 3 pandits may be sanctioned as against 3 Asst. Lecturers asked for for the 3 languages.

See K ap. 15 above

~~Financi may agree to [illegible] Asst. Lecturers~~

P

P ap. 35 cf.

(3)

E ap. 36 cf.

1 Asst. Lecturer – Maths
1 – do – Physics
1 – do – Chemistry
1 – do – N. Science

D ap. 35 cf.

See item (b) ap. 15 above

(d) As regards the additional ~~teachers~~ staff required for the Mathematics, Physics, and Chemistry Departments it will be observed from the statements at ~~(B)~~ on ~~a~~p.15 ~~etc etc~~. above that the D.P.I. proposes to transfer out of 13 Assistant Professors, 15 Demonstrators and Tutors and one Pandit, only 8 Assistant Lecturers, 9 Demonstrators and Tutors and one Pandit to the Muslim College. He has stated that one Asst. Lecturer and one Tutor in English will be abolished and the remaining staff of 4 Asst. Professors and 5 Demonstrators rendered as surplus will have to be retained in the Presidency College in connection with the increased admissions proposed to be made in the B.Sc. Pass and Hons. Classes. As an additional staff of one Addl. Lecturer and 3 Demonstrators only has been proposed for the N.Science department, this department may suggest that for the Physics and Chemistry Departments also the additional staff may be limited to one Asst. Lecturer and 3 Demonstrators each for the Physics and Chemistry departments in view of the facts that there are already 3 Assistant Lecturers each for the Physics and Chemistry departments in the Government Muslim College, any additional staff required being considered during 1949-50 in the light of the experience gained in the actual working of the College during 1948-9.

(4) P

B ap. 21 cf.

(e) The one Assistant Lecturer ~~as~~ proposed for the Mathematics Department may be agreed to.

P

If the above suggestions are accepted, the additional staff to be sanctioned will be ~~3~~ 3 Asst. Lecturers, 4 Demonstrators and ~~6~~ 6 Pandits. The extra cost will be reduced from Rs. 42,480 p.a. to Rs. 29,400 p.a.
(Against this there will be a saving of Rs. 4800 p.a. on the abolition of 1 Asst. Lecturer and 1 Tutor in English.)

X ap. 36 cf.

R app. 17 & 19 cf.

(3) Other Staff: Personal Asst. to the Principal. As no P.A. has been sanctioned, so far, to the Principal of the Presidency College, on the ground that there are a large number of students in the Intermediate Classes there is no justification ~~xxxxxxxxx~~, a P.A. to the Principal of the Muslim College on account of the transfer of the Intermediate classes from the Presidency College to the Muslim College. The request may therefore

18

be negatived.

Ministerial & other Menial Staff: ~~Oxxxx~~ Cost

One U.D.Clerk
one L.D. Clerk
one Asst. Librarian
two Library Attenders
two Laboratory Attenders
one Night Watchman
six Sweepers
one Gardener

4781

The D.P.I. has merely stated that it is not possible to transfer any of the Ministerial and Menial staff from the Presidency College. No details have been furnished as to the existing staff either in the Presidency College or in the Muslim College. It is not clear whether the transfer of the Intermediate Classes may not result in appreciable reduction of work in the Presidency College so as to justify the transfer of a portion of the staff from the Presidency College such as Laboratory Attenders, Library Attenders etc. E & P.H. may be requested to examine the need for the additional staff in the light of the above remarks.

4. Expenditure on equipment: The expenditure on the provision of equipment for the Chemistry, Physics and Natural Science Department is estimated as follows:-

	Non-Recurring.	Recurring.
	Rs.	Rs.
Chemistry.	41,000	7,000
Physics.	20,000	4,000
N.Science.	18,000	4,000
Total.	79,000	15,000

p. 13 & 15 cf.

The D.P.I. has stated that no portion of the equipment can be transferred from the Presidency College, as they will be necessary for the B.Sc. and Hons Students for whom increased provision is proposed to be made in that College. The proposal may be accepted.

para 4 at. 36 & 2 at. 1

G.i. 15.3.48

5. As the proposal involves an expenditure of more than Rs. 20,000 p.a. on account of the staff, it will have to be treated as a 'New Service' and placed before the Standing Finance Committee & the Cabinet. A supplementary ~~statement of expenditure~~ grant will also have to be obtained in due course.

18/3/48

p.p. 45-46

C.F.

I have had a talk with the D.P.I. over this matter. It may be seen in the file that Finance had not taken account for the income from the extra students to be admitted into the Presidency College. I put that matter before the D.P.I. and asked him to go through the matter and give me a definite note about the financial consequences of the proposal. His note is sent herewith. He has stated as follows:

"The total ultimate cost in the Muslim College will be Rs.83,300/- while the fee income would be Rs.68,400/- leaving a balance of Rs.14,900/- to be met by Government.

As against this the increased admissions in the B.A. and B.Sc. (Pass and Honours) classes in the Presidency College would bring in an additional fee income of Rs.1,06,900/- ultimately as against an additional expenditure of Rs.33,980/- on staff, leaving a balance of Rs.72,920/- to the credit of Government. The net profit on both the proposals would, therefore, be Rs.72,920/-."

So, it will be seen that the proposal, instead of working at a loss as explained, is working at a profit, and so, the matter may be approve

I am anxious that orders on this must be issued immediately so that the real reorganisation work may be taken up at hand to be ready when the colleges reopen in June and so, I shall be glad if H.M. Finance will appro

GOVERNMENT OF MADRAS

The figures furnished by the D.P.I in his note on pp 45-46 cf and referred to in the minute of H.M.(Edn) above are those furnished by the Director in his letter on dt 14.2.48. In the Memo dt 4.3.48. the Director was asked to furnish details of the net addl staff required for the Muslim college after ~~trans~~ taking into account the 'surplus staff' that can be transferred from the Presidency College to the ~~Muslim~~ that college. From the Directors reply on pp 35-36 cf it is observed that the net addl recurring cost on staff is about + Rs 32,200 If to this the other recurring items (Rs 15,000) are added the total cost ~~will~~ will be about Rs 47,200. The addl fee income is expected to be about Rs 68,400. The recurring expenditure will be more than covered by the addl fee income.

pp 17-19 cf

p 31 cf

x does not take into a/c D.A. & MHA which amounts Rs. 10280

p 36 cf & 15 cf

68,400
47,200
Saving 21,200

A

p 19 cf

Some addl staff will be required in the Presidency college when increased admissions are made to the Pass and Hons classes. The ~~costs~~ ultimate cost of this staff is estimated at ~~Rs 34,000~~ about Rs 34,000. The ultimate loss in fee income on account of the abolition of the Intermediate classes is about Rs 1,19,730. but ~~the~~ the increased admissions is expected to bring in an addl fee income of Rs 1,06,900 which is in excess of the expenditure that has to be incurred on the addl staff. The net loss in fee income will be Rs 12,830. In view of the saving referred to at A above and in view of the advantages that will accrue if the facilities are provided in the Presidency College for higher grade research the proposal seems acceptable.

— do

The D.P.I has stated that no portion of the equipment in the Presidency college or the ministerial or menial staff can be transferred to the Muslim college.

Finance may see before circulation.

G.O. Ms. No. 0605-10/47A dated 24.3.48

Fin. (E.III)

Please see the previous Fin. note on pp. 14-19 above and the notes following.

On the basis of the letter from the D.P.I. on pp. 45-46 cf. H.M. Edn. has observed that as the proposals (i) for the transfer of the Intermediate course from the Presidency College to the Muslim College and (ii) the increase in the number of admissions in the B.A. & B.Sc. (Pass and Hons. classes in the Presidency College will result in a ~~f~~ net profit, the matter may be approved.

M on p. 19 above

It is respectfully submitted that the proposal dealt with in this file relating to the transfer of Inter classes from the Presidency College. Even if both the proposals are taken together for the purpose of working out the financial implications, the proposal will not result in a net profit. On the other hand it will result in a net loss to Govt. if the loss in fee income viz. Rs. 1,19,727 on account of the abolition of the Intermediate classes in the Presidency College is taken into account, which the D.P.I. has omitted in his letter of

K on p. 19 cf

C no 60587 A/47.

Similarly the Statement at A on p. 20 above does not take into account the loss in fee income in the Presidency College though it takes into account the cost of the staff to be transferred from the Presidency College for arriving at the net additional recurring cost on staff. It does not also take into account the cost of the ministerial and other menial staff referred to at A on p. 15 cf. If that also is taken into account, together with the D.A. & M.H.A. the net additional expenditure will be Rs. 43,700 ~~[illegible]~~ recurring and Rs. 79,000/- non recurring, as against the profit anticipated on p. 19 above. This dept. may therefore adhere to the views already expressed on pp. 18-19 above.

GOVERNMENT OF MADRAS

May be recirculated to H.M. (Edn.)

H.M. (Fin.)

I have had a discussion with the Vice-Chancellor over this matter. He is very particular that this change should go through in view of improving the efficiency of the Presidency College as a first grade and Honours institution where Research also may be provided. If this object is to be achieved, it can be done only by taking the Intermediate. He also explains that while there is reduction in the number of admissions in the Intermediate, there will be a corresponding increase in the number of admissions in B.A., B.Sc., and Honours classes and in the post-graduate research students and so the reduction is not real but only apparent. In these circumstances, I think the suggestion may kindly go through even from this year. ~~H.M. Finance may kindly see~~ In view of the increased number of colleges coming up, he also feels that this reduction will not matter. H.M. Finance may kindly see again the

Reorganisation of the Presidency College is necessary in order to put the College on a sound footing. There is no college in the province~~xxxxx~~ which can ~~give~~ promote research and which can give really high grade instruction on the model

that the University College is at Waltair doing in the Andhra University. Unless we have one such college at least in this province, we will have only third rate men and women out of this province. This matter has been long under consideration. The University has made recommendations on this matter many times. With the incoming of Independance, it is necessary that at least some of our colleges should be of top efficiency. Unless we can take off the incubus of the Intermediate, it is not possible to introduce that efficiency in the Presidency College. This matter has been done at the insistence of the Vice Chancellor and the D.P.I. in order to have at least one good first grade college for higher grade work. [illegible] I would suggest that the matter is urgent and immediately orders may be issued. If H.Pr. wants further information, I would request him to call for the Vice Chancellor or the D.P.I. and talk over the matter.

Edn

Please see the minute of the Hon'ble Premier on the previous page. It is presumed that ~~the minister~~ H. M. (Edn) and H. M. (Fin) have discussed the matter with the Hon'ble Premier and that the Hon'ble Premier agrees to the proposal being sanctioned. ~~A draft order is subd~~ (A draft order is subd).

In his letter on pp 35-36 cf. the Director furnished an estimate of the net addl. staff to be employed in the Muslim college after the Inter. classes are transferred to that college. In their note on pp 15-17 ante the Fin dept suggested certain reductions in this staff. It is presumed that the staff proposed by the Director may be sanctioned and the reductions suggested by Fin need not be taken into account. ~~Please~~ see note and orders in circulation on the previous page. | C

The D. P. I. has in this connection raised two points:-

(1) Whether the designation "Govt Muslim college" should continue. p48 cf

(2) Whether the Muslim Community should be given any special preference in the matter of admissions

(1) above

The Retrenchment and Reorganisation Committee has recommended that all denominational institutions must be changed into general institutions. In that connection it was noted that if students of all communities are admitted into the college freely it will become a general college. For orders whether the designation of the college may be changed and if so ~~into~~ how | A

The word 'Muslim' may go; "Govt. College for Men" Triplicane do, I think.

At present the institution is mainly intended for Muhammadans and other communities up to a limit of 25 p.c. are admitted. It seems ~~that~~ ~~no~~ ~~is~~ sufficient if special preference need be shown to Muslims in future in the matter of admission to the college. | B

The draft order may be sent to the Fin dept for acceptance. After return of the file from Fin, it may be circulated to H. M. (Edn) and the Hon'ble Premier for orders on A & B above. Necessary addition will be made to the draft after orders are passed in circulation. ~~Necessary~~ The usual summary note will be circulated to H. M.'s who have not seen the case. Steps will also be taken to get a supplementary estimate.

Orders have been passed transferring the Intermediate classes from the Presidency College to the Government Muslim College for Men. The intention was to take off the incubus of the Intermediate from the Presidency College so that it may develop into a high grade institution devoted to higher study andresearch. Now as the Intermediate classes are being abolished in the Presidency College and transferred to the Muslim College for Men, it follows as a corollary that the Inter mediate section of the Muslim College cannot continue to be a communal college as henceforth. That is, according to the rules, all eligible students of the Muslim community must be taken for admission up to 75% of theseats available in the college. That rule cannot any more apply since for the purpose of the Intermediate section, ~~of~~ the Govt. Muslim College for Men must be considered as a general college and so, as suggested in my previous note, the rules applicable to any other Government college may apply to the Intermediate section of the Govt. Muslim College for Men.

A note recd from H.M. (Edn) has been added to the cf - p 59 cf.

The next question is about the name of the College; whether the name may be changed and if so, how. The Secretary has suggested that the word 'Muslim' may go and the name 'Government College for Men' should do. Recently, we have abolished the Muslim Women's College. There was a lot of agitation over that and if we abolish this also, there is likely to be a great deal of agitation and a sense of dissatisfaction among the Muslims and I do not think we need change the name just now. The name may continue ~~[illegible]~~ as before

With regard to admissions in the B.A. or B.Sc. classes, the admission may be according to the old rules for the present. After a couple of years, the system of admission that we are bringing into force in the Intermediate section this year is bound to make itself felt in the admission to the B.A. classes and then, it will be time for us ~~to change the name~~ ~~[illegible]~~ to make the change ~~[illegible]~~ there at.
