Sir,

Sub: Buildings - Government Secondary and Training school for women, Erode - Construction of additional buildings on the Coronation site - Cost Rs.1.05 lakhs - Proposals - Submitted.

26936 -

Ref: Government Memo No.37 Edn dated 12.8.47.

----

(2)/25-26. Removed and given to the

With reference to para 2 of the Government Memo quoted above, I have the honour to submit herewith proposals for the construction of additional buildings etc., for the Government Secondary and Training school for women, Erode on the 'Coronation Site' at an estimated cost of Rs.1.05 lakhs.

b2 infra

It is proposed to construct a block of 6 class-rooms of the same dimensions as, and parallel to, the existing shed, and to connect the two, with another block of 4 rooms as shown in the plan enclosed. The front poriition alone, will be provided with a first floor, which will accommodate 6 classes. Thus in all i.e. including the existing 6 rooms, there will be 22 rooms (6 plus 6 plus 4 plus 6). There are at present 18 sections on the whole in the school, and in addition to these, accommodation has to be provided for laboratory, library, Headmistress' room, Teachers' room etc. Thus it may be seen that the accommodation now proposed, is only, the minimum required.

It is also suggested that a hostel block, consisting of 13 rooms (3 rooms of 16' X 16' and 10 of 12' X 16') may be constructed. The block will be a L shaped one with foundations strong enough to take up another floor later.

The Inspectress states that the P.W.D. Overseer has estimated the total cost of the scheme at Rs.1.05 lakhs approximately. The estimate includes provision for Sanitary fittings, electrification, and for a compound wall. A rough plan and an approximate estimate furnished by the Inspectress are enclosed herewith. The estimate however appears to be very low.

I have already informed the Government that it will be very difficult and inconvenient to run the school in two buildings with a distance of about a mile between them. The construction of additional buildings now proposed should ~~is~~ therefore be pushed through as expeditionsly as possible, so that the whole school may be concentrated in one place i.e. on the 'Coronation site'. I therefore request that Government may be pleased to accord their administrative approval to the scheme and provide necessary funds for the same in the Budget Estimate for 48-49.

In continuation of my letter Roc.No. 6906-G3/46 dated 25.9.1947, I have the honour to submit herewith plans and an approximate estimate for Rs. 2,12,600/- for the construction of additional buildings for the Government Secondary and Training School for women, Erode and hostel, on the Coronation site since received from the Executive Engineer. The cost of the scheme was reported in my letter referred to above, as Rs. 1.05 lakhs approximately, based on the P.W.D. Overseer's estimate. The vast difference in the two estimates is mainly due to the fact, that the rate adopted by the Executive Engineer, is Rs. 18/- per sq.ft. against Rs. 9/- adopted by the P.W.D. Overseer. I may also mention in this connection, that I have already pointed out the fact that the estimate for Rs. 1.05 lakhs appeared to be very low.

Ref: Memorandum No.76936 B1/47-14 dated 30-3-1948, Government of Madras, Education and Public Health.

I regret to submit that the Management is not in a position to pay Rs 10,000/= before the end of July. It is prepared to remit Rs 5000/= before 30--7--1948 and another sum of Rs 5000/= before 31--12--1948. Within the last three years we have collected from the public more than Rs 35,000/= and it will be impossible to collect Rs 10,000 before 31st July 1948.

So I have the honour to submit that the Government may be pleased to accede to our request and transfer the site and the building to the Nilayam. If orders are passed transferring possession of the site and building to us at an early date we could start digging a well in the site. Now that there is rain, planting of trees could be undertaken by us forthwith.

Schools - Govt Secondary and Training school for women Erode - Construction of additional buildings

From the DPI Ro.C. no 6906-G/46 d 25.9.47

The Govt Secondary and Training school for women Erode is now located in rented buildings - As the accommodation was inadequate, a temporary shed was constructed in the Coronation site to provide addl. accommodation. It is now proposed to construct an additional block of six rooms of the same dimensions and parallel to the existing shed and to connect the two with another block of four rooms, so that the entire school may be located in one and the same place and the objections raised to the school being housed in two buildings situated far away may be overcome. It has already been considered that the Coronation site is the only available site suitable for the school and in view of the inconvenience now experienced, the necessity for the construction of additional buildings may be admitted.

2. In addition to the school buildings, the Director has proposed the construction of a hostel block consisting of 13 rooms with foundations strong enough to take up another floor later on. The DPI may be asked to explain clearly the necessity for the construction of the hostel and whether rented buildings cannot be secured for the purpose till the prices of building materials & labour come down to normal.

3. If the construction of the hostel is put off and the school buildings alone are constructed now, the approximate cost will amount to Rs 75000 ~~[illegible]~~. The DPI has observed that the estimate is very low ~~too late~~. For considering the proposal as a Part II scheme, it would seem necessary to obtain an approximate estimate approved by a gazetted officer of the P.W.D. ~~[illegible]~~ though in view of the ~~necessity~~ urgency for proceeding with the proposal the submission of detailed estimates may be dispensed with.

4. The remarks of P W D as to may be invited.

This may be done. The D.P.I may also be told that unless an approximate reliable estimate of the proposed construction is furnished it will not be possible to make necessary provision in the B.E. for 1948-49 after considering the proposal as a Part II scheme for 1948-49.

under para 57 of the Budget Manual, Part II Schemes relating to works should be accompanied by sketch plans and approximate estimates. In this case, sketch plans and approximate estimates have not been received. The scheme is not therefore ripe for consideration as a Part II scheme for 1948-9.

Further, H. F. M. has ordered that all building schemes should be deferred for the present in view of the high cost of materials and labour - please see the Finance U.O. note No. 63695 F.C-1 d 29-X-47. The case may be returned to E & P. H with reference to the instructions in the above U.O. note.

E & P. H. do not apparently press the scheme now & it should be deferred.

The proposal is not also important & immediately essential.

2. The Kalaimagal Kalvi Nilayam which is situated near the 'Coronation Site' on which construction of buildings for the Government Secondary and Training School, for Women, Erode, is proposed, has made the following requests and they are under consideration in Home Dept:

(i) The 'Coronation Site' may be given to the Nilayam for its use,

(ii) The Government Secondary and Training School for Women, Erode, may be housed in the compound and quarters of the Deputy Superintendent of Police, Erode, and

(iii) The Deputy Superintendent of Police may be provided accommodation in the quarters of the Dy Supdt Prohibition and the latter may be accommodated in one of the existing buildings occupied by the Government Secondary and Training School for Women, Erode.

H.M.(Education) has supported this proposal. The proposal for the transfer of the compound and quarters of the Dy. S.P. was previously considered and the Inspector-General of Police did not then agree to it. But now he agrees to the proposal on the condition that one of the

buildings

76936(M/47)

buildings now occupied by the Government Secondary and Training School for Women, Erode, is given to the Dy. S.P. Home Department also has supported the proposal.

3. The Inspectress of Girls' Schools concerned has already reported that the hostel attached to the Government Secondary and Training School, Erode, alone could be located in the quarters of the Dy. S.P. after carrying out necessary alterations and that new buildings would have to be constructed for the whole school. The construction of new buildings for the school in that compound will take some time. This department has, therefore, suggested in that file that before proceeding further, the Director of Public Instruction may be consulted in regard to the arrangements that will have to be made for the location of the school, pending the construction of new buildings. That file has been passed on to P.W.D. with this department U.O.No.88271-B1/47-1 Education, dated the 12th November 1947.

4. In the circumstances, it is for orders whether the proposal for the construction of buildings on the 'Coronation Site' for the Government Secondary and Training School for Women, Erode, ~~should be pressed~~ may be deferred till a decision is reached in the file referred to in para 3 above. The file may be circulated to H.M.(Education) for orders. ~~If the proposal is to be pressed,~~ If however it is considered that the proposal may go forward, the file may also be circulated to H.M.(Finance) and H.P.M. for orders with reference to the Finance U.O. Extract of the notes from the Home Department file (C.No.64807-K/47) relating to the transfer of the quarters and compound of the Deputy Superintendent of Police, Erode, for the use of the Government Secondary and Training School, Erode.

x x x x

Finance (Exp.C) Department

With a view to relieve congestion in the Govt. Secondary and Training School for Women, Erode, the Government constructed a temporary shed and a latrine ~~On~~ on the Coronation site at Erode, at a cost of about Rs.20,500/-, for accommodating a portion of the school there. Proposals for ~~constructing~~ the construction of additional buildings and a compound wall on the site are now under consideration as a Part II scheme for 1948-49.

Z There is no information in the file regarding the terms on which the Coronation site and the shed thereon are to be placed at the disposal of the Kalaimagal Kalvi Nilayam, Erode, if the proposal materialises. E.P.H. will no doubt let this Department see the case again, at a later stage, with reference to the terms to be settled.

2. Consequent on the proposal to hand over the Coronation site to the Kalaimagal Kalvi Nilayam, Erode, for accommodating their School and Hostel, a portion of the Government Secondary and Training School which was proposed to be transferred to the Coronation site is proposed to be shifted to the Deputy Superintendent of Police's Bungalow, the Dy.S.P. being accommodated in the building now occupied by the Prohibition Deputy Superintendent of Police. The Prohibition Deputy Superintendent of Police is proposed to be shifted to the rented building in which the Government School is now partly located.

This Department may agree with Home and P.W. that, if the proposed arrangement is given effect to, full rent for the rented school building should be recovered from the Prohibition Deputy Superintendent of Police.

3. E.P.H. propose to obtain the remarks of the D.P.I. on the proposals mentioned in para 2 above which involves additional expenditure to the Government and interim difficulty in housing the school as explained in para 4 of the notes on page 7 above. No remarks are called for in this department, pending receipt of the D.P.I.'s reply to the proposed reference.

This file deals with the following three proposals:-

(i) to hand over the compound and quarters of the Deputy Superintendent of Police, Erode, to the Education Department for the use of Government Secondary and Training School for Women, Erode,

(ii) to provide accommodation to the Prohibition Deputy Superintendent at Erode in one of the rented buildings occupied by the School, and

(iii) to make over the 'Coronation Grounds' in which temporary sheds have been constructed for the school to the Kalaimagal Kalvi Nilayam, Erode.

This department is concerned with proposals (i) and (ii) above. The I.G. has no objection to hand over the Deputy Superintendent of Police's quarters to the school provided the rented building in which a part of the Girls's School is located is made over to the Police department. The I.G. proposes to accommodate the local Deputy Superintendent of Police in the Prohibition Dy.S.P.'s quarters and the latter officer in the rented building referred to above.

This department agreed with the I.G.'s proposals. With reference to G.O.Ms.No.2710, P.W.D., dated 6-9-47 it is proposed to recover the full rent for the portion of the rented building to be occupied by the Prohibition Dy.S.P. This department, P.W.D. and Fin. have agreed to this.

2. It is stated that the Dy.S.P.'s quarters will accommodate a hostel for the Girls' School, that a new building for all the classes of the school should be constructed and that it will take some time to construct new

3. Orders of H.M. (Home) may now be obtained on the proposals of the I.G. of Police and the file may then be transferred to E.& P.H. for further action.

(i) whether the Dy.S.P.'s quarters at Erode may be handed over to the Government Girls' High School at the place, subject to the condition that the rented building now partly occupied by the school is handed over to the Police department and

(ii) whether the Dy.S.P. may be permitted to occupy the Prohibition Dy.S.P.'s quarters, the latter officer being accommodated in the rented building now occupied by the school and full rent recovered from him for the building.

Education & Public Health Department.

The summarising note of Home Department and the orders in circulation on pages 9-11 above may be perused. It has been decided that the compound and quarters of the Deputy Superintendent of Police, Erode, should be transferred to this department for the use of the Government Secondary and Training School for Women, Erode, subject to the condition that the Prohibition Deputy Superintendent of the place should be accommodated in one of the rented buildings now occupied by the school. The Inspectress of Girls's Schools, Coimbatore, has already reported that the quarters of the Deputy Superintendent with few alterations can accommodate only the hostel attached to the school and a new building will therefore have to be constructed for housing all the classes of the school. Construction of new building will take some time and in the meanwhile the school will have to be ~~to be~~ located in rented buildings. It is also necessary to find out the terms on which the 'Coronation Site' and shed already constructed on it for the school should be handed over to the Kalaimagal Kalvi Nilayam, Erode. The Director of Public Instruction may be consulted. A draft memo is submitted below for approval.

2. Before a reference is made to the Director, the file may be circulated to the Hon'ble Minister for Education with reference to the copy of his minutes at 'A' on page 9 cf.

It is not necessary to consult the D.P.I. The compound and Quarters of the Dy. Superintendent of Police, Erode, may be taken over by the Government Secondary and Training School for women. One of the rented buildings which is being utilised as a hostel for the girls may be arranged to be given to the Deputy Superintendent of Police as suggested above.

2. A certain amount of money has already been sanctioned for putting up a building for the girls' school. That money can be used for putting up the further buildings necessary for the girls' school in the compound now occupied by the Deputy Superintendent of Police, which is going to be transferred to the Education Department.

3. The Coronation site may be handed over to the Kalaimagal Kalvi Nilayam under the following conditions:-

* 1. That the money spent on the sheds buildings and the compound wall be paid by the Kalaimagal Kalvi Nilayam to Government;

2. If at any time the Kalaimagal Kalvi Nilayam ceases to conduct educational work recognised by Government, the site will come back to Government with the buildings put up by the Nilayam.

3. No part of the ground should be hired out or used for any profit making business. The site and the buildings on it should be exclusively used for recognised educational purposes.

Draft orders may be issued on these lines.

* This money may be utilised for purposes of putting up the necessary buildings for the Girls' School in its new place.

Please see the minutes of the Hon'ble Minister for Education above. The file may now be sent to the Home Department for the issue of orders on points (1) and (2) on pages ~~10~~ 9-10 ante.

2. Further action in regard to the proposal to hand over the coronation site with shed constructed thereon to the Kalaimagal Kalvi Nilayam will be taken in this department on receipt of the necessary extracts of the notes connected with this proposal. The Finance Department will have to be consulted before the management of the Nilayam is consulted whether it is agreeable to the conditions proposed by the Hon'ble Minister for Education.

He may be requested to make necessary arrangements to take over the quarters of the Deputy Superintendent of Police by transferring the rented building now occupied by the hostel of the school and to accommodate the hostel in the quarters of the Dy. In this connection, the Director may also be informed that the question of handing over the Coronation site with the temporary sheds already constructed on it to the Kalaimagal Kalvi Nilayam is under consideration and that the construction of buildings for the school on that site may be dropped. With reference to para 2 of ~~the copy of~~ the minutes of H.M.(Education) on page 11 ante, it is submitted that the only amount sanctioned was Rs.20,500/- for the construction of sheds for the school on the Coronation site and that work has already been carried out - Vide the notes in para 3 on page 2 n.f. of Memo No.37 Education, dated the 12th August 1947. It will thus be seen that no sanctioned amount is now available for the construction of buildings necessary for the school in the compound of the Deputy Superintendent of Police.
