ENCLOSURES.

No.

R.O.C. No. 2086-E/47.

Spare copies:

Station Madras, Dated the 14th November 19 47.

From (Name) Dr. S. R. U. Savor, M.A., D.Sc., I.E.S.,
(Designation) Director of Public Instruction,
Madras.

To The Secretary to the Government of Madras,

EDUCATION AND PUBLIC HEALTH Department.

FORT ST. GEORGE, MADRAS.

Sir,

Reference: - 1. G.O. No. Ms. 1877-Education and Public Health dated 2.9.1936

2. G.O. No. Ms. 2283-Education dated 27.11.46.

I have the honour to state that in the second G.O. referred to above, Government were pleased to order the levy of the following rates of fees from the recipients of the Research studentships in the Presidency College, Madras for a period of ten months in the year.

1. Physics .. Rs. 15/- per mensem
2. Chemistry .. Rs. 15/- per mensem
3. Other subjects Rs. 10/- per mensem.

2. The ~~Responsible~~ Principal, Presidency College, Madras now suggests that the fees may be collected from the Research

students as shown below:

1. Science subjects .. Rs. 100/- (Payable in two instalments).
2. Other subjects (Arts) Rs. 50/- (Do. Do.)

The suggestion of the Principal involves in loss of Revenue to Government to the extent of Rs. 500/- per annum. But it is pointed out that it is found difficult to secure Honours men to take up Research work, unless the net amount of scholarship to be paid to them is more attractive to enable them to concentrate on their work without looking about for bettering their prospects until the work is completed.

3. In the above circumstances I consider that the suggestion of the Principal is reasonable and justified. I request that orders of Government may be kindly obtained to levy fees at Rs. 100/- per annum for science subjects and at Rs. 50/- per annum for other subjects payable in two instalments.

I have the honour to be,
Sir,
Your most obedient servant,

FOR DIRECTOR OF PUBLIC INSTRUCTION.

3 - E. P. G. (A)
 Memo No 90903-1/4) A. Educ. dated 27-11-47.
 Sub: College Presidency, Madras. Research
 Studentships - Levy of research fees - Revision
 from the D.P.G. No. 2086-E/47 dated 14-11-47.

The D.P.G. is requested
 to state what is the number of applications
 received in 1946-47 and 1947-48 for the
 Research Studentships in question. He
 is also requested to state whether, if his
 proposal to revise the rate of research
 fees levied from the recipients of Research
 Studentships sanctioned in G.O. No. 860 Educ. d. 23-4-46
 is to be given effect to, it will not give rise to
 the demand for a similar revision in the
 rates of research fees levied from city
 stipendiaries; and if ^{whether} he would recommend a similar revision in that case
 also.

To the D.P.G.

P. R. A.

18

2. The Director is also further requested to report the numbers of rety. stipendia that are now ~~making~~ engaged in research, and the total loss to Govt, if the research fees are revised in this case also.

R.C.NO.2086-E.3/47

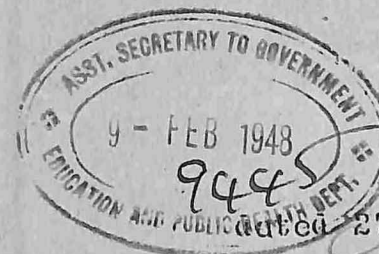

Office of the
Director of Public Instruction,
Madras, Dated 6---2--1948.

From Sri D.S.Reddi, M.A.(Oxon),
Director of Public Instruction, Madras.

To The Secretary to Government,
Education and Public Health Department.

Sir, Sub: Presidency College, Madras - Research Studentships -
Levy of research fees - Revision.

Ref: Govt. Memo.No.90903-1 and 2 /47 Ean dated 27-11-1947
and 26-1-1948

The particulars required by Government in their Memo.No.
dated 27-11-1947 referred to above are submitted below:

- (i) The number of applications received in 1946-47 for the research studentships was 20 and that in 1947-48 was 22.
- (ii) The research fees levied from University stipendiaries are also the same as the fees levied from the research students and so, a revision of the rate of fees levied from the latter will naturally give rise to the demand for a similar revision of the rate of fees levied from the former. Hence I recommend a similar revision in their cases also, and
- (iii) there are in all 7 research workers in 1947-48 in all Departments and of them only one is a University stipendiary working in the Chemistry department. The total loss to Government in the shape of fees is Rs.350/- as shown hereunder:

Department:	No of students	rates		Loss
		Rs.	new rates Rs.	
Geology	2	300	200	100
Physics	2	300	200	100
Chemistry	2	300	200	100
Politics	1	100	50	50
				350

for Director of Public Instruction

RVR 7/2/-

3. In order to meet the expenditure on the above proposals this Department recommend that provision may be included as shown in the summary at the top, in the annual estimate of expenditure for 1948-49.

M.V. Subramanian,

Secretary to Government.

C.No. 9445/A/48 from the D.P.I., Re. No. 2086-E/47, dated 6.2.1948.

Colleges - Presidency College, Madras - Research fees levied from recipients of Govt. Studentships and University Stipends - Reduction of.

p. 8 of (T)

In Co. No. 1877 Edw., dated 2.9.1936, the Govt. revised the rate of fees levied from university stipendiaries doing research work in the Science Laboratories of the Presidency College, Madras :-

Subject	Fellows	Students
Physics	Rs. 20 p.m.	Rs. 15 p.m.
Chemistry	Rs. 20 p.m.	Rs. 15 p.m.
Other Subjects	Rs. 15 p.m.	Rs. 10 p.m.

The fees were ordered to be payable monthly in advance for the month in a year. Similar fees were ordered to be levied from the recipients of the Govt. Studentships for research sanctioned in Co. No. 860 Edw., dated 23-4-1946. The value of the Research Studentships is Rs. 75 a month.

For the reasons stated at pages 1-2 and 7 of the D.P.I. proposes that the above rates may be reduced to Rs. 100 per annum (payable in two instalments) in the case of Science Subjects and to Rs. 50 per annum (payable in two instalments) in the case of other subjects (Arts.) The net loss to Govt. is estimated to be Rs. 350. In view, however, of the reason given at A' on page 2 of, the Director's proposal may be approved and ordered to take effect from 1948-49. For orders,

3. The remarks of 7 in. may be invited as

D.P.H. u.o. 90903-3/r7A
dated 28.2.48

2/2/48 3/2/48

Finance may agree to the proposal of P. H. at B on p. 1 above.
 The loss involved is Rs 350/- p. a. running.
 H. M. (Fin) may see.

He fees levied prior to 1936, as revised in 1936 and as now proposed to be revised compare as follows:-

	Prior to 1936	As revised in 1936	As now proposed
(1) Physics ...	10 p.m.	15 p.m.	100 p.m.
(2) Chemistry ...	10 p.m.	15 p.m.	100 p.m.
(3) Other Subjects ..	10 p.m.	10 p.m.	50 p.m.

In respect of items (1) & (2), the proposal amounts to the adoption of the rates in force prior to 1936, while in respect of item (3) it will result in a reduction to 50% of even the 1936 rate. The reason given for the proposed reduction is that it is found difficult to secure students men to take up research work, unless the net amount of scholarship to be paid to them is more attractive to enable them to concentrate on their work without looking about for bettering their prospects until the work is completed. The value of the research studentship is Rs 75 p.m. The net amount after deducting the fees specified in cl. (3) above does not seem to be inadequate for each student. It is observed that there is no fall in the number of applications for research studentships - please see item (i) on page 7 CF.

In view of the high cost of providing facilities of education, the Govt. have recently raised the fees in various Arts and Professional Colleges. There is therefore a strong case for raising the existing fees shown in cl. (3) above, instead of lowering them as proposed in cl. (4) above. This department may therefore strongly advise against the proposal.

If Expt. wish to pass their proposal, they may be requested to take orders in circulation including H.M. (Finance).
