From

Dr. S.R.U. Savor, M.A., D.Sc., I.E.S.,
Director of Public Instruction, Madras.

To

The Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George, Madras.

R.C.No. 1278-K2/47 dated 16th Sept. 1947.

Presidency College, Madras -- Employment of a Photographer-
Artist for the Natural Science Departments.

I have the honour to request that Government may be
pleased to sanction with effect from 1.7.1948 the employment of
Photographer-Artist in the Presidency College, Madras in the scale
of Rs. 60-4-100. The necessity for an Artist is explained fully by
the Principal in his letter R.C.No. 392/47, dated 25.8.1947 (copy
enclosed).

2. The extra cost involved in the proposal will be as
follows:--

Cost in 1948-1949.

Salary of a Photographer-Artist in Rs. 480/- or
the scale of Rs. 60-4-100 for 8 months Rs. 500/-

Ultimate cost.

Average pay of a Photographer-Artist
84 4/9 x 12 Rs. 1013/- or
Rs. 1,000/-

2. I am including the necessary provision in Part II
of my estimates for 1948-49.

For Director of Public Instruction.

Enclosure.

Copy of letter R.C.No. 392/47 dated 25th August 1947 from the
Principal, Presidency College, Madras to the Director of Public
Instruction, Madras.

Additional staff--employment of an artist to the Natural Science
Departments.

I have the honour to submit the following proposal
favour of necessary sanction.

(i) The want of an artist with a good knowledge of Photo-
graphy has been very keenly felt by all the three natural science
departments. The College offers instruction for the honours
courses and in many cases original and sometimes out of the way
diagrams have to be made from actual specimens or dissections for
the use of the students. Diagrams and charts are also essential
for teaching the subjects to the Pass course students, main and
subsidiary. The diagrams and charts available in the market are
very costly and they do not come up to our requirements as most
of them do not represent Indian specimens. The cost also has
increased enormously.

(ii) In the honours classes and for research work
microphotography plays an important part and though we have the
necessary equipment, we are unable to utilise them to the maximum
possible extent. Lantern slides prepared here will be much less
costly, be what we require for our purposes and this item alone
will perhaps more than repay the salary of the artist.

(P.T.O.)

(ii) The purchase of charts at high prices from outside can be discontinued or atleast very much minimised. The charts prepared here will be suited to the requirements of the college.

(iv) In the Geology section particularly the students are given maps regularly. These maps are at present cyclostyled and are not correct as they are prepared by unskilled hands. Printed maps were available till 1943. At present they are out of print. Further even if they are available the types of maps could not be changed from year to year and thus no variation in exercises is possible.

(v) Students who have to go to Geological Survey work have to get the maps enlarged and not more than about 20 maps are required per year. It will be very expensive to print such a small number every year. Printing on a large scale is not desirable for reasons given in the previous para.

(vi) In both Botany and Geology sections skeleton maps and charts are given for filling in details both in examinations and in class instruction. The value of an artist here cannot be over-estimated, and in the long run it is much cheaper.

For the above reasons I request you to kindly address Government for the appointment of a Photographer-artist with the qualifications prescribed for the Artists employed in the Agricultural colleges in the scale of pay of Rs. 60-4-100 common to all the three Natural Science departments.

The University Commissions nowadays insist on an artist being appointed for Natural Science Departments. The Pachappa's College has appointed one on the recommendation of the University Commission and I believe the Maharajah's College, Ernakulam has also one.

The proposal to employ a Photographer - Artist on Rs 60-4-100 in the Presidency College, Madras involves an extra cost of Rs 1260 p.a. recurring. The proposal calls for the following remarks in this dept.

(a) In the circumstances explained in the enclosure on p. 1-2 CF, the proposal to sanction a post of Artist-photographer in the Presidency College, Madras for the Natural Science Dept., may be agreed to in this dept. The post may be sanctioned for one year in the first instance as proposed by E.P.H. of Draft working

(b) The scales of pay of Artists, Photographers and Artist-Photographers in the various sub-ordinate services is shown in the statement at (d). The scale of pay suggested for the proposed post of Artist-Photographer in the file viz Rs 60-4-100 corresponds is the same as that allowed to Artists in the Vegetative Propagation Section, Govt. Plantation, Annamalais in the ^{General} Subordinate Service. cf statement at (d)

10/17/3
The scale of pay of Artists in the Agricultural Subordinate Service is 90-3-120 and does not seem to be 60-4-100 as ~~was~~ stated at 'K' on p. 2 CF. The Artists-Photographers in the II nd grade in the Medical Subordinate Service are allowed only the scale 40-3-55 & 2-75. E.P.H. may be requested to examine whether the scale 40-75 will not be sufficient for the post proposed in the file.

(c) There is at present no post of Artist-Photographer in the Educational Subordinate Service. E.P.H. may examine separately in consultation with Pub (ser), the category of service in which the post will may be included and ^{issue necessary} whether any ad hoc rules will have to governing the post, will have to be framed.

FINANCE DEPARTMENT

(Pre Finance note on p. 2-4 above) with reference to this dept's suggestion that the scale of Rs 40-3-55-2-75, admissible to the Artist Photographers Gr II, in the Medical Subordinate Service, may be adopted to the proposed Photographer Artist for Natural Science Dept, in the Presidency College, Madras, the D.P.J. has stated that it will not be possible to secure a qualified hand on the scale of 40-75. He now suggests a new scale of 70-5-100 for the Photographer Artist. (This scale is admissible to Artist Photographers Gr I in the Medical subordinate Service). However the D.P.J. has not given any reasons for suggesting a higher scale (60-4-100) than the one originally suggested by him (60-4-100). As the D.P.J. has however stated that it will not be possible to get the qualified hands on the scale of 40-75, this dept may suggest that the Photographer Artist, proposed for the Presidency College may be on the scale of Rs 60-4-100 (admissible to Artist in Cinema Dept, Govt Plantations, Aramalai and suggested by the D.P.J. originally).

E.H. will no doubt, issue the necessary ad hoc rules for the above post, in consultation with Pub (E.III)
