No. Roc. 607 K3/48 dated 7th May 1948 .

Sir,

Sub:—Schools—Government High School for Girls, Salem—
 Continuance of classes II and III and the Second
 section in Form III and the post of secondary grade
 teachers—Sanction—Requested.

Read:—G.O. Ms. No. 1690 Edn. dated 3.9.46. (A) 13-4

1. I have the honour to state that in the G.O. cited above sanction was accorded for the continuance of classes I to III and of the second section in Form III and the four secondary grade teachers employed therefor in the Government Secondary School for Girls, Salem, for a further period of two years from the school year 1946-47. The sanction given for the continuance of the classes and additional section and the posts of teachers will expire by the end of the current school year.

2. I have issued instructions to the Inspectress to close class I and the additional section in class IV during the school year 1948-49 and progressively the other classes. I consider that it is unnecessary to continue class I to V in Government Secondary schools since English is to be taught only from Form I and since most of the schools are in need of additional accommodation and the closure of the lower classes in Government Secondary Schools will afford greater facilities for the development of secondary education. Hence there is no need to continue class I and the post of the Secondary Grade Teachers sanctioned therefor in the school during the school year 1948-49. But there is need for till the continuance of the class II and III and the additional section in Form III as the present strength of Form II in two sections is 77. Sanction was accorded in G.O. No. 1650 Edn. dated 23rd July 47 for the employment of a secondary grade teacher for the additional section in class IV for a period of two years from 1-10-47. This post will be utilised for one of the classes as there will be no additional section in class IV during the next school year. In the circumstances I request that Government may be pleased to sanction the continuance of class II and III and the second section in Form III and the posts of two secondary grade teachers therefor for a period of one year from the school year 1948-49.

3. The strength of class I to III and Form III in 1946-47 and 1947-48 is furnished below:

Class of form	Strength during	
	1946-47	1947-48
Class I	36	43
Class II	43	45
Class III	37	46
Form III	74	80
