Extracts referred to overleaf.

-Extract from the letter No.518/47 dated 25th September 1947
of the Principal, Teachers' College, Saidapet.

The applicants have to be interviewed by the Principal before selection.

1. Admissions - Caste-war - 40 per cent Brahmmins, 60 per cent Non-Brahmins. (All Muhammadans and Scheduled castes are admitted. The same principles are adopted in the case of applicants who have undergone Secondary Grade Training.
2. The selection to be based on the length of service put in by the applicants divided into the following 3 categories:-
Applicants with 2 years and more service.. 50%
" with less than 2 years' service. 40%
" with no service. 10%
3. In the actual selection all things being equal
(a) to include as many districts as possible.
(b) to give preference to men who had definite physical and games propensities when in Colleges - U.T.C.included.

Deviations from these are made when vacancies exist after making the admissions according to the above rules.

Extract from the letter No.Rc.92/47-B dated 26-9-1947 from the Principal, Lady Willingdon Training College, Triplicane, Madras.

As regards the question about other criteria followed in the selection of B.T.candidates, I have to submit that applicants with war service or previous teaching experience or coming from backward communities or with science qualifications were given preference; that is, applicants possessing one or more of these were selected in the first list; as some originally selected withdrew, all applicants except a few for whom place could not found in the history group, were admitted.

Extract from the letter No.Rc.536-D/47 dated 1-10-1947 of the Principal, Government Training College, Rajahmundry.

1. Preference will be given to Harijan and Muslim candidates and the candidates of the other backward classes.
 2. Proper representation from all the districts - preference being given to candidates from Ceded Districts and Chittoor.
 3. Candidates with higher academic qualifications.
 4. Candidates with previous experience.
 5. Special consideration is being given to women candidates.

From the D.P.G. No. 1101 K2/47 d. 9-10-47 - p 7 CF

From the letters on p 8 CF it will be seen that there is no uniformity in the principles followed in the selection of candidates for the Training colleges.

I believe that most of the teachers who turned up for admission in the Teachers' College, Saidapet, were admitted. Possibly, it may be true with regard to the Rajahmundry College also. Enquiries may be made over these and the fact intimated to enable answering supplementaries.

A fair draft of the complete answer may be typed and submitted.

Kind attention is invited to the extracts of the letters of the Principals of Training colleges on p 8 c.f. It will be seen that there are at present no definite rules laid down for being followed in the matter of making admissions to Training colleges; and, in practice, too, no uniform procedure is followed in making admissions to the various Trg. colleges. But there are some common features in the principles followed, such as - (1) preference is given to students from backward communities, scheduled classes and Muslims, (2) preference is given to applicants who have had previous teaching experience, (3) endeavour is also made to secure representation, as far as possible, to all districts, and (4) special consideration is also shown to women applicants (though this is stressed only by the Principal of the Govt. Training College, Rajahmundry it is impracticable that any one applicant to
