From

Dr. B. B. Dey, D.Sc.(Lond.), F.R.I.C.
Offg. Director of Public Instruction, Madras.

To

The Secretary to Government,
Education & Public Health Department, Madras.

Sir,

Sub: Elementary Education - Introduction of compulsory education.
Ref: G.O.Ms.No.1224, Education, dated 11-8-45.

I have the honour to invite your attention to this office letter R.C.No.2879 B/44, dated 24-5-45. In para.5 of my reference, I stressed the necessity of allowing to the aided managements the same concessions as were given to the District Boards in regard to staff, accommodation and equipment. In Govt. U.O. reference dated 31-5-45, Government stated that private managements could come in under the ordinary conditions of Grant-in-Aid. In my U.O. reply dated 9-6-1945, I once again urged the necessity of showing some consideration to aided managements. But in the orders passed by Government on the proposals from each District Board for the introduction of compulsion in selected areas, Government Ordered that in case private managements provided additional school places they would be eligible for grants under the ordinary rules. As a result of my further representation in reference R.C.No.2879 B/44, dated 1-8-45, Government Ordered in G.O.Ms.No.1224, Education, dated 11-8-45 that government had no objection to grants towards rent charges for providing school accommodation or constructing new school places where necessary, being made available to private managements also on the scales authorized for district board schools. No concessions have however been sanctioned by Government in regard to staff and equipment.

1035
12-7-45
para 3/B5CF

2 I wish to represent once again the absolute necessity of allowing concessions to aided managements in regard to additional staff that they have got to employ and the additional equipment that they have got to provide on account of the admission of new pupils, under the compulsory scheme. As pointed out once before, teachers in the aided schools are drifting into board schools on account of higher salaries and fixity of tenure. As a result of this, aided schools are denuded of the proportion of the trained teachers which they have got to maintain in order to be eligible for the usual grant. I understand from the Divisional Inspector of Schools, Anantapur and from the Inspectress of Girls' Schools, First Circle, that many aided schools have had to close on account of emigration of trained teachers from aided schools into board schools. When even an untrained higher grade teacher is eligible for a pay of Rs.15/- per mensem in a District Board School it is not likely that a trained teacher of the same grade who would get Rs.20/- as the initial salary in a Board School would remain in an aided school for a maximum grant of Rs.14/-. I had suggested in a previous reference that the grant for the aided school teachers might be increased by 33 1/3 per cent in the compulsory areas - vide R.C.No.2879 B/44, dated 14-4-45. As it is very necessary that this concession should be given to the teachers in the aided schools, I once again impress on the government the necessity of reconsidering their previous decision in the matter.

3 As regards equipment, Government have allowed Rs.100/- per teacher in board schools. If aided managements are to be given only the usual grant for equipment, they would be eligible for Rs.50/- per teacher. The following points may be considered in this connection:

P.T.O.

1. Applications for equipment grant have got to reach Inspecting Officers by the 1st of May. Therefore, it is now too late to entertain any application.

2. When applications are entertained, the amounts required for grant are communicated to this office and are included in the budget for the following year. This has not been done and it is not possible to do so now.

A

3. Considering the very heavy prices of articles of furniture, it is not really fair to ask private managements to meet half the cost of the equipment required for the compulsory scheme which government has introduced and for which government is prepared to meet the full expenditure. In the case of board schools, the people of each centre contribute to the finances of the district board by way of various taxes. In addition to it, Government is willing to give full subsidy to District Boards for the introduction of compulsory education. It seems, therefore, only fair that private managements who are willing to shoulder a part of the burden should also be treated in the same manner.

For the above reasons, I earnestly request Government to reconsider their decision in the matter and to permit me to sanction full grants to the private managements for EQUIPMENT which they are required to supply on account of the introduction of compulsion.

4 I request that this reference may be treated as very urgent as aided schools cannot carry on the work without the necessary staff and equipment.

R. Narasimha

R.C. No. 3465 B/45 dated 23--10--1945

Sir,

Sub: Elementary Education - Compulsory - Introduction in Selected villages in each District
Ref: G.O.No. 1224 Edn., dated 11--8--1945

48279 p3CF (B)

The Government have in their order referred to above permitted the payment of grant to schools under private managements for constructing temporary structures for providing additional school places upto a maximum of Rs 1000/- for each school. But the competent authority to sanction grants for the purpose has not been mentioned in the said G.O. With reference to the rules relating to sanction of building grants to elementary schools (Chapter III of Part II of the rules relating to elementary schools) only the Director is empowered to approve building grant schemes and place them in the priority list. Hence applications for grants for the construction of temporary structures have been called for from the District Educational Officers and Inspectresses of Girls' schools and a few schemes have so far been approved. The plans and estimates of the temporary structures do not require much scrutiny. The only thing that has to be looked into is whether the proposed shed and its location are suitable and if it is adequate for the

4

number of pupils newly admitted or to be newly admitted after the introduction of compulsion. I therefore suggest that the -- Divisional Inspectors and the Inspectresses of Girls' schools may kindly be empowered to sanction grants for the construction of temporary structures. The grant that will be paid from Provincial funds will be limited to the actual cost of the shed or to the cost of the shed as estimated by the Tahsildar, whichever is less, subject to a maximum of Rs 1000/- for each school.

2. I also request ~~th~~ Government to empower the Divisional Inspectors and the Inspectresses of Girls' schools to sanction house rent grant to aided schools in the new compulsory areas sanctioned in G.O.No. 1224 Edn., dated 11th August 1945.

GRANTS to aided elementary schools in rural areas where elementary education has been made compulsory.

From the D.P.I., Rc.No.2879.B/44 dated 13-10-1945.

...

The Government accept the recommendation of the D.P.I. that grants may be disbursed to aided elementary schools in areas where elementary education has been made compulsory, towards the full cost of the equipment that they are required to provide on account of the introduction of compulsion, the maximum grant payable being limited to Rs.100/- per teacher. This concession will be in force only for three years from the date of introduction of compulsion in each area.

2. In the letter referred to above, the Director has stated that many aided elementary schools had to be closed as a result of the migration of teachers to Board schools on account of higher salaries and fixity of tenure. He is requested to give some concrete instances to support the statement. He is also requested to report the probable cost that will be involved if the grant for aided elementary schools teachers in compulsory areas is increased by 33-1/3 per cent as proposed by him.

From (Name) Dr. S.R.U.Savoor, M.A., D.Sc., I.E.S.,

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,

Education and Public Health Department.

Sir,

I have the honour to state that the migration of teachers from aided elementary schools to schools under District Boards is from schools within the compulsory areas as well as from outside. In case the rate of grants to teachers in aided elementary schools in compulsory areas is increased by 33 1/3 percent as recommended by me there will be less tendency on the part of teachers and teacher-managers of aided elementary schools in compulsory areas to leave the aided school and join the Bd. schools. This will also encourage the private managements to open new aided elementary schools in the compulsory areas and to appoint additional teachers in the existing aided schools in the compulsory areas. I have already reported to the Government more than once that the question of granting concessions, given to Board schools, to private managements also is of the greatest importance/because without much concessions private managements have no inducement to provide additional accommodation, equipment and staff for the additional number of pupils to be enrolled.

p.t.o.

18

pp 15-16 ante

: 2 :

2. As stated in the Government Memo cited above, the increase in the rate of grants to teachers in aided elementary schools within the compulsory areas will not prevent the migration of teachers from aided schools in non-compulsory areas. But it will be a great incentive to the managers and teachers in aided elementary schools in non-compulsory areas also, not to abandon aided schools they would become eligible for the same concession (viz. 33 1/3% increase in the rate of grant) as soon as their schools are brought under the compulsory elementary education scheme; since the intention of the government to expand the scheme of compulsory elementary education year after year is widely known to the people of the Province.

X This is far fetched

p 13 ante

3. The additional cost worked out by me and furnished in my letter Rc.No.2879 B/44 dated 11-2-1946 represents the expenditure on the payment of increased grants to aided elementary schools in the areas selected for the introduction of compulsion this year alone and it does not include the cost in respect of the areas to be selected for compulsion in 1946-47 also. I may however invite the attention of government to my recommendation that teachers with the same qualifications should get the same scale of pay, irrespective of the management under which they serve. If this recommendation is accepted by Government there is no need to sanction enhanced scale of grants to aided school teachers in compulsory areas.

M. This may not come into question soon.

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,

Education and Public Health Department.

Sir,

G

I have the honour to state that the Government in their memo cited above have accepted my recommendation that grant may be disbursed to aided elementary schools in areas where elementary education has been made compulsory towards the full cost of the equipment that they are required to provide on account of compulsion the maximum grant being limited to Rs.100/-per teacher. It has been represented that certain managers of aided elementary schools in compulsory areas are not in a position to pay the cost of equipment to the suppliers and then to claim the grant from Government with necessary stamped vouchers etc. as required by rule 3 of chapter IV of the rules relating to elementary schools. Hence they are unable to take advantage of the concession granted by the Government in their Memorandum quoted above and supply the necessary equipment for the schools. I feel that it is not quite reasonable to expect the poor

p37 of Book put up

p.t.o.

: 2 :

managersof aided elementary schools in the compulsory areas to find adequate funds for the purchase of equipment and then claim grants from Government and that it is essential that rule 3 referred to above should be relaxed to some extent so as to permit the managers of aided elementary schools in the compulsory areas to claim grant from Government before actual payment is made to the suppliers. After the equipment has been actually supplied to an aided elementary school its manager may be permitted to claim Government grant on production of the invoices and to submit the stamped receipt for the payment of the cost of equipment within a period of 15 days after the receipt of the grant.

2. I request Government to approve of my suggestion and to pass necessary orders in the matter.

2. The two points on which remarks of this Department are called for are:-

(1) ~~Extension of the concession of grant given to~~ That grants should be assessed at enhanced rates for teachers in ~~Dt. Board~~ elementary schools under private management in areas where compulsory education has been introduced; ~~to teachers under private management, and~~ and

point (1) on p1 above

(2) ~~Payment of~~ That grants to cover the full cost of equipment supplied may be allowed to new aided elementary schools in compulsory areas, as in the case of Dt.Board schools.

point (2) on p1 above

3. Item (1) above. The position at present is that compulsory education might be started through Dt.Boards alone and private managements ~~mg~~ might be allowed to come in if they ~~were~~ are willing, under the ordinary conditions of the grant-in-aid without any special concessions. E.P.H. have examined the question of private managements being given the same concessions in regard to enhanced rates of grant to teachers more than once and did not agree with the Director. They consider that it is unnecessary to go beyond the decision already made for the reasons given at P on p.2 above In the circumstances stated, this Dept. may agree with them.

p.67 c.f. of (I)

pp 64-65, 78 & 81 c.f. of (I)

14.11.45

Item (2) ~~abx~~ in para 2 above. Under G.O.1224 Edn. dated 11-8-45, Dt.Boards are given, under the compulsory elementary education scheme, a subsidy not exceeding Rs 100 per teacher towards equipment. This is intended to provide seating accommodation for the pupils of one class, for ~~for~~ a table and a chair for the teacher and a black board for the class. The D.P.I has stated that, if aided managements are to be given only the usual grant for equipment, they would be eligible for Rs 50 only per teacher. The D.P.I. has remarked ~~out~~ that, in view of the heavy prices of articles of furniture, it is not really fair to ask managements to meet half the cost of equipment required for the compulsory scheme which Govt. have introduced and for which Govt. are prepared to meet the full expenditure. He considers that private managements, who are willing to shoulder a part of the burden of compulsory ely. edn. scheme, should be treated in the same manner as Dt. Boards. E.P.H. have supported the proposal.

(Issued as Memo.No.45883.B.2/45-5 dated 1st March 1946 to D.P.I.)

C.17797. From the D.P.I. Rc.2879.B/44 dated 11-2-1946 and 28-3-46.

---

p15 cf

The file deals with the question of payment of increased grants to aided elementary schools in compulsory areas. The Govt. sanctioned in 1945-46 a scheme of compulsory elementary education in selected villages in each district. The D.P.I. has brought to notice that on account of the fact that conditions in board service are more favourable than those obtaining in aided elementary schools, teachers in elementary schools under private managements in compulsory areas leave their schools and seek employment under district boards. The Director has suggested that with a view to putting an end to this flow of teachers from aided schools to schools under local bodies, the rate of grant payable to teachers in aided elementary schools in compulsory areas should be raised by 33-1/3 per cent.

Para 2, p1 cf

2. Elementary school teachers under district boards are eligible for pay in the time scale, prescribed by Govt, while ~~While~~ schools under private managements receive a grant from Provincial Funds at certain rates based on the qualifications of teachers. ~~in their schools.~~ The time scales of pay for teachers in board schools and the rate of grants admissible to teachers in aided elementary schools of the same qualifications are set out ~~up~~ below:

	Pay of teachers in schools under Dt.Bds.	Rates of grants to teachers under private management.
	Rs.	Rs.
Lower elementary	15-20	9/-
Higher elementary	20-30	14/-
Secondary	25-45	18/-

Dearness allowance is granted to teachers in board schools at Govt. rates (Rs.16 a month). In the case of aided elementary schools the rate was Rs.8/- a month. The rate has ~~been~~ recently been enhanced to Rs.16/- a month.

3. The question whether any special concession shd. be shown to teachers in aided ele. schools by way of increased grant was discussed previously. Attention is solicited to the following:

para 7, 65; pp 64 WF (1) Para 4 of D.O. on pp.63-64 c.f.; of G.O.1035.Edn.d/12-5-45.
para 2 (2) Sub-para (c) on p.78 n.f. of G.O.1035 Edn.d/12-5-45;
(3) D.P.I's letter on pp.1-2 c.f. and
(4) Note on pp.1-4 ante.

I

I

removed

---

p9 cf

p13 cf

p15 cf

p17 cf

The D.P.I. was ~~has been~~ asked to report the extra cost that would be involved in the grant of the concession to aided elementary schools. He has estimated the cost at Rs.2.04 lakhs p.a. This expre. is in respect of areas selected for compulsory edn. last year. Govt. have decided to extend the scheme of compulsory education to other villages in each district this year. An equal amount may have to be expended on the payment of increased grant to aided elementary schools in the new compulsory areas.

4. The Director was consulted as to whether the flow of teachers from the aided elementary schools to schools under district boards was within the compulsory areas or from outside. He ~~The Director~~ reports that the migration is ~~from both~~ from within and outside. The proposal to increase the rate of grants by 33-1/3 per cent in respect of aided elementary schools in compulsory areas will not prevent migration of teachers from outside. On the other hand, it will increase migration. The arguments of the D.P.I. at "X" on 18 c.f. seem ~~so~~ far fetched.

5. The question for consideration is whether any special concession should be shown to teachers in aided elementary schools in compulsory areas, especially in view of the fact that the rate of dearness allowance has recently been raised from Rs.8/- to Rs.16/- a month ~~recently~~. The Director says that about 125 elementary schools have been closed as a result of migration of teachers. About 707 teachers have, according to him, joined ~~the~~ services under district boards. In view of this great fall in the number of aided elementary schools in compulsory areas it appears that something should be done to prevent the flow of teachers from aided elementary schools to schools under local boards. The

It is also proposed to give the full assessed grant to teachers as salaries, a separate grant being made to managements for upkeep of schools.

p13 CF

6. The File may be sent to Finance for remarks before circulation.

4.5.46

4/5/46

We have not been made aware how what the extent of migration from within the compulsory area is, and what the extent of it

8

from outside the area is.

While the proposal of the D.P.I. might arrest migration within the area, it would enhance the migration from outside the area – as conditions in both aided schools and local board schools in the compulsory area would be more attractive than conditions in aided schools outside the area.

'X' at p. 18 c/f is a convincing argument. It would really mean, from one aspect, that the enhanced grant would be available all over the Province in the entire ~~[illegible]~~ that is not the line which we are contemplating. From another aspect, it is quite unlikely that this psychological factor will work in the manner suggested by the D.P.I. to avert the migration which is the immediate problem.

I do not think it is proper, therefore, to differentiate in this respect between aided schools inside and outside the area.

Taking the critical problem as migration to local board schools it may be expected that it would be somewhat lessened by the enhancement of dearness allowance to aided school teachers to Rs. 16/-. In any case the permanent normal solution will be the production of more teachers who will [illegible] [illegible] elsewhere will take the places of the teachers who migrate to local board schools and thus avert the closure of aided schools; and others

---

9

27

for increasing the number of teachers are more weighty; meanwhile, in compulsory areas, if any private schools should happen to close down, the L.B. has to, and can, make its own arrangements to provide the necessary number of school places instead. The interim period need not be very long, too, before we get to the position indicated at 'P' at p. 2 ante; and this is what has been indicated by the D.P.I. too, at 17 at p. 18 c/f. I consider, therefore, that the proposal of the D.P.I. need not be approved.

p 1 f
p 7-9 ante

The file relates to the payment of increased grants to aided elementary schools in areas where elementary education has been made compulsory in order to prevent the migration of teachers from aided elementary schools to schools under local bodies. The Director has proposed an increase of 33 1/3% over the assessed grant. The view has been recorded that there is no need for sanctioning the increase, H.M. (Edn.) has minuted that the question may await the ~~discussion~~ decision of the Cabinet Sub-Committee in the matter of raising salaries of teachers in schools.

2. The Government have decided to introduce revised scales of pay for teachers in elementary schools under local bodies and revised scales of grants for teachers in private schools as indicated below:-

Teachers.	Local Bodies	Private schools.	
	Scale of pay	Scale of grant	
		Untrained	Trained
	Rs	Rs	Rs
Lower Ely. Grade	20--30	8	15
Higher Ely. Grade	25--40	15	20--½--25
Secondary Grade	35--65	20	25--1--35
Collegiate grade	-d0-	25	35

Even now there is much difference between the scales of pay and the scales of grants allowed to teachers in the ele. schools under the two managements. A draft order regarding the introduction of the revised scales of pay ~~has been~~ sent to the D.P.I for remarks, ~~It~~ has ~~just~~ been received back and ~~will be~~ has been subd. separately. for orders (file in circulation).

The D.P.I. asks for orders on his proposals for the payment increased grants to aided Ely. schools in compulsory areas. The file may be submitted to H.M.(Edn.) for orders. Attention is solicited to the notes of Secretary on pages 7--9 ante.

The point for decision is whether aided elementary schools under areas of compulsory elementary education should be given a higher grant than those outside. If the conditions under which these elementary schools are working are just the same as other elementary schools, they will not be entitled to any higher grant. If on the other hand, we impose upon them certain conditions which we normally do not impose upon other aided elementary schools, then they may ~~not~~ be entitled to grant. Just now we have had a revision of the salaries by which we have made it compulsory on the management to contribute Rs.5/- for the teachers. Under the present rules the ordinary aided elementary schools are allowed to charge fees. It is open for the management to collect fees and make up this Rs.5/- . I would like to know whether the aided elementary schools in the compulsory areas are allowed to charge fees and also if any fresh conditions are imposed upon aided elementary schools in compulsory areas which are not imposed upon the normal elementary schools in the ordinary areas. That also may be brought out.

Education Act, managements of aided ele.schools even in compulsory areas can levy fees from pupils. The question whether levy of fees in compulsory areas should be abolished or not has been raised separately.

As regards the other conditions imposed on schools in compulsory areas, which are not imposed in normal schools in ordinary areas, submitted, that the responsibility for the enforcement of compulsory ele.education in an area is vested by the Act on the local authority,(Dist.Bds. in rural areas and Municipal councils in urban areas). Teachers in ~~private~~ private ele.schools have to prepare defaulters' lists and submit them to the Attendence Committee for scrutiny.(The question of further amendment of the rules is under consideration. Draft amendments have been published for criticism). In any case, managements of aided ele. schools have no duty to perform in regard to the enforcement of the scheme of compulsion.

Technically, the managements may not be debarred from levying fees. But when local board schools exist by the side, who are debarred from levying fees, It will not be possible for the aided school managements to levy ~~fees~~ them. Since we have imposed upon the managements the duty of p aying at least Rs.5 more per teacher, I think it is incumbent upon us to see that at least ~~that~~ is made good. In these circumstances, the suggestion of the D.P.I. that some more grant should be given to the aided s chools in the compulsory area may be considered.

My attention has been drawn to the note of the Secretary on pages 7 to 9. At the time the note was written, ~~I~~ we did not compel the aided school managements to pay the extra Rs.5; but in the light of the new circumstances, I think we must pay at least this Rs.5 more to the aided schools in the compulsory area.

Sub:- Introduction of Comp. Ele Education in selected villages in each distt.
Participation by private managements

HM (Edn) has recorded the view that the managements of aided ele schools in compulsory areas will not be able to pay the extra sum of Rs 5/- (x) to teachers in addition to the grant assessed on their behalf from provincial funds. He is of the opinion that a grant from provincial funds should also be paid towards the additional expenditure of Rs 5/-, ~~above~~ in compulsory areas. The extra liability to Govt on this account ~~is not~~ known. Perhaps it may be much. The D.P.I. may be asked to furnish an estimate of the cost involved, so that the matter may be placed before the S.F.C. if necessary.

(x) In the case of lower elementary grade teachers an increase of Rs 2 has been ordered

2. A draft memo is submitted for appr. The Finance Dept may perhaps see.

[The proposal as originally formulated by the DPI related to areas selected for compulsory ed. after 1945. The orders of HM on p 14 ante will apply not only to those areas but also to areas where the scheme was previously introduced (the areas & some rural areas). The Director may be asked to report the extra cost separately for these areas]

2. In another connection the question has been raised whether ~~the~~ a grant may not be paid from Govt. funds towards the extra remuneration of Rs 5 in the case of all aided elementary schools (in compulsory and non-compulsory areas). The matter is to be dealt with as a Part II scheme for 1948-49. A decision on this question may be awaited.
