note.

The Govt Middle School for Muslim Girls Comibatore. is not one of the schools recommended for closure in connection with the recommendation of the Retrenchment + Reorganisation Committee for the closure of uneconomic schools. The strength of class I to IV is very poor and there is no justification for the continuance of the three forms. It is open to the few Muslim girls who are studying in these forms to seek admission into the other girls' schools in the town and there will be no difficulty as the medium of instruction in these forms will hereafter be the regional language. The D.D. may therefore be asked to put up a notice that unless the strength of class I to IV improves, the school will be converted into an Elementary School and to report the decision of the S.D. on the question of taking over the management of the school under its control. In the meantime the staff may be continued for one more year.
