Grant-in-Aid Code - Rule 32 - Amendment - Alteration of the basis
of assessment from one half to two thirds of the net cost

G.O. No 975 Education dated 10-5-47

,, 1154 Education dated 5-6-1947

From the D.P.I. NoC.No 370 D1/48 dated 14-4-1948.

Under Rule 32 (1) of the Grant-in-Aid Code, the amount of teaching grant payable to an aided secondary school in any one year will normally be based on half the approved net cost for the preceding financial year i.e half the excess of the approved recurring expenditure over the income from tuition fees reckoned at standard rates the number of instalments being restricted to eight. With a view to insist on managements of aided secondary schools adopting at least the revised scales of pay fixed for teachers in secondary schools under local bodies, the Govt have raised the basis of assessment of teaching grants from onehalf to two thirds of the approved net cost from 1-6-47 in the case of those managements which have adopted the revised scales of pay. In the case of those managements which have not yet adopted even the revised scales of pay fixed for teachers in secondary schools under local bodies, the grant will have to be assessed on the basis of half the net cost only as was done hitherto until the financial position of the managements are examined and steps are taken to enforce the adoption of the revised scales of pay. Rule 32(i) may therefore be amended to provide for assessment on half as well as two thirds net cost basis as proposed. The D.P.I. has been asked separately to report whether managements have adopted the revised scales of pay and what steps have been taken to see that they adopt the revised scales.

2. Special grant. This is to be made purely as a temporary measure till the revised scales of pay are adopted. Under the existing orders the special grant will have to be paid only from the school year 1947-8. The question whether the grant should continue to be made until the managements of aided secondary schools adopt the revised

with reference to the minutes of H.M. (Edu) above, attention is solicited to item (iv) on p 2 of G.O. No 1154 Edu D 5-6-47 wherein it is stated that in view of the raising of the basis of assessment of teaching grant from one half to two thirds of the approved net cost of maintenance of aided secondary schools, the govt insist on managements of aided secondary schools introducing atleast the revised scales of pay fixed for teachers in secondary schools under local bodies from 1.6.47. But how is this to be insisted on has not yet been decided. If the financial position of a management does not permit the adoption of the revised scales of pay even with the help of a two thirds grant, how can it be compelled to adopt the revised scales unless govt are prepared to make grant to meet the entire deficit caused by the adoption of the revised scales. The condition can be enforced only after examining the financial position of each management which has not introduced the revised scales of pay and till then the management cannot be

deprived of the teaching grant on half the net cost basis which it was hitherto getting. from govt. The DSD has been asked to ~~report~~ ascertain & report how many managements of aided secondary schools have not yet adopted the revised scales of pay & what steps have been taken to enforce the adoption of the revised scales. It seems therefore that until all the aided secondary schools adopt the revised scales - provision ~~for~~ for the assessment of teaching grant on half the net cost basis should be retained. ~~It is considered that~~ The draft order provides for this
