Grant - Buildings - Aided secondary schools and Training schools - Inclusion of schemes in the list of approved

works

From the D.P.I. R.C.No 62 D2/48 dated 24-4-48

As required in Memo No 22981 B1 /48-1 Education

dated 6-4-48, the D.P.I. has submitted a consolidated list of building schemes for aided secondary schools arranged in the order of priority for considering whether they may be included in the list of approved works maintained by the D.P.I. under Rule 53 of the Grant-in Aid Code.

2. Secondary schools for boys

According to the restrictions imposed in G.O.

No 1915 Edn dated 9-12-41 no building grant should be made to secondary schools for boys unless a special case is made out that a grant is essential to the institution i.e the management is not in a position to meet the entire cost from its own funds without any financial assistance from Govt. The Govt have so far sanctioned the inclusion of four schemes in the list of approved works as detailed below:-

1. George High School Kalladaikurichi- extensions
- 2- T.T.T.V. High school Madras. Construction of an additional storeyed block
3. Hindu Nadar's High School Sivakasi
- 4- Sri Sai Baba National High School Anantapur.

In connection with the selection of the last two schools H.M.(Edn) minuted as follows:-

" With regard to boys schools, unless absolute necessity is proved we do not generally give capital grants and generally we must also encourage schools in rural areas The two items may be approved Others may wait the revision of our policy decision pending before the

informal meeting of the cabinet. // No final decision has yet been reached on the question of financing building grants out of loans and the matter will be placed before the Cabinet on the 18th instt.

For orders whether any secondary schools for ~~boys~~ mentioned in the Director's letter on page 2 C.F. will be selected now, ~~and if so~~ which of them

Secondary schools for girls

~~Out of the 15 building schemes have been placed on the approved list during the last two quarters, funds have been provided in the current year's budget for the remaining schemes~~ The question of providing funds for these schemes will have to be considered in connection with the budget for 1949-50. The D.P.I. has now recommended only five schemes. It is for consideration which of them may be placed on the list of approved works.

Training schools The Director has not included any scheme in the list.

The file may be circulated to H.M. (Edn) for orders.

Orders are requested on

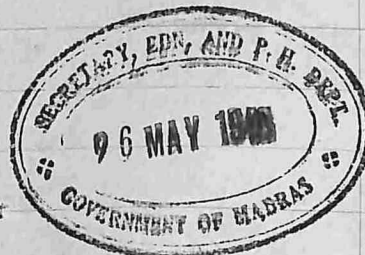

A and B above

With regard to boys' school buildings, I think, we will consider them in connection with other schemes that we are having. I find there are two proposals for hostels for boys schools. Those two proposals for hostels viz., the proposal for the Christian college High School hostel and the Sri Ramakrishna Mission Vidyalaya High School hostel (Dormitory, Dining Hall and kitchen block) may be approved and the grant to be given should not exceed Rs.30,000/-.

With regard to the girls' schools, No.2, St. Mary's Girls High School, Chingleput - construction of the compound wall, (3) Sri Sarada Vidyalaya Girls High School, Madurantakam - purchase of site - may be approved as those amounts are small.

With regard to the high school buildings, the L.S.N. Convent Secondary and Training School, Ottapalam and the

Girls High School, Lalgudy may be approved and the Govt. grant to be given should not exceed Rs.30,000/-.

With reference to X on p 2 ante, it is presumed that the Govt. has not selected the scheme for the construction of a building at a cost of Rs 75000 for the school. A draft order is submitted below for
