Sir,

Sub: BUILDINGS - Govt. Arts College, Coimbatore - Construction of a tiffin shed and dining hall (temporary structure) at private cost - Permission - Requesting -

I have the honour to submit herewith copies of two letters

R.C.No. H.1/47, dated 20th Octr. 1947 from the Principal, Arts

College, Coimbatore and to state that the Executive Engineer,

Coimbatore Division who was consulted in the matter has reported

that sanction of Government is necessary to allow any building

either temporary or permanent, to be erected in a Government compound

by private parties - Vide his letter to the Principal No. 823 M,

dated 1--3--1948 (Copy enclosed) since the buildings to be constructed

are reported to be purely of a temporary nature. I request that

Government may be pleased to accord necessary permission ~~to be~~

for the construction of the same by the donor himself.

Copy of letter R.C.No. H-1/47, dated 20-10-47 from the Principal, Govt. College, Coimbatore to the Director of Public Instruction, Madras

Students of this college coming from distant places who bring tiffin from home, have neither any convenient place for keeping it in the college, nor is there any separate room or hall for eating what they have brought. They have therefore, been keeping the tiffin in the Slater Hall and eating it in the hall and other class rooms and making the hall or room dirty. Sri P.S.G. Ganga Naidu has promised to have a tiffin shed constructed at a cost of about Rs 750/- for the benefit of the students of this College, free of any obligation on the part of Government. I request that sanction may kindly be accorded for the proposal.

Copy of letter R.C.No. H-1/47, dated 20-10-47 from the Principal Govt. College, Coimbatore to the Director of Pub. Instruction, Madras.

The accommodation for the students in the hostel attached to the College being inadequate, many students had to be refused admission thereto, in consequence of which they were obliged to seek board and lodging elsewhere, in spite of unhealthy food available in hotels and inconvenience and difficulty in finding suitable lodging. A philanthropic gentleman of this place has agreed to have a dining hall constructed adjacent to the present outhouses of the hostel.

I request

Ref: Your No. RC.H-1/47, dated 14-2-1948.

Sanction of Government is necessary to allow any building (either temporary or permanent) to be erected in a Government compound by private parties. There are no rules authorising any subordinate officers to issue permission to construct temporary buildings or permanent buildings in the compounds adjoining Government buildings. If the buildings are to be constructed by private persons, they can only be treated as deposit works and the donor should give the money and the P.W.D will construct the buildings. Alternatively the donor may construct the same. If the buildings are temporary, they may be constructed without the P.W.D supervision by the donor but Government sanction for the same is necessary.
