Rc 551/47

Presidency College, Madras,
14th July, 1947.

From

Sri S.G. Manavalaramanujam, M.A., Ph.D.(Lond) D.I.C.(Lond),
Principal of the Presidency College, Madras.

ASST. SECRETARY TO GOVERNMENT
15 JUN 1947
57492
EDUCATION AND PUBLIC HEALTH DEPT.

To

The Secretary, Education and Public Health Department,
Government of Madras, Fort St.George.

Sir,

In reply to your D.O.No. 57135-1/47 A. Edn. dated the 12th July, 1947, I have the honour to state that, as admissions to B.Sc. and Intermediate classes are not yet completed, the details called for in your D.O. cited above can only be given by Friday this week by which day it is hoped to finish the admissions.

2 The Presidency College is the only Institution in the Presidency where there is provision for teaching all science subjects both for Honours and Pass courses. Applications are, therefore, received in very large numbers from students all over the Presidency. Whilst making admissions, the seats were distributed to different communities as classified in Government orders, namely, Brahmans, Non-brahmans, back-ward communities, Muslims, Christians and Harijans. Preference was given to back-ward communities. In a large number of cases, i.e. in 80 to 90 per cent of selections the merit of the candidates in each community was taken into consideration. In a few cases, the Principal selected students on considerations other than marks. In the first selection no special consideration was shown to the students of this College as against other applicants, but in all subsequent vacancies, preference was given to the students of the Presidency College.

I have the honour to be,
Sir,
Your most obedient servant,

S.G.M. Ramanujam

Principal.

Copy to the Director of Public Instruction, Madras.

24 JUL 1947

64725

Sir,

Ref: Your D.O. No. 57135-2/47 Edn. dated 25--7--1947.

I am submitting herewith a statement of admissions community-war to each junior class of the College for this year 1947-1948. In doing so, I wish to state that the delay is due to circumstances which I am setting out below.

2. As you are, perhaps, aware, the selection of candidates for admission to the professional and Technical Colleges in the Presidency, such as, Engineering, Medical, Agricultural, Veterinary, Forest, etc., took place after admissions have been made to the third year classes in the College. Many of the students who were sent admission Memos, obtained seats in one or the other of the professional Colleges and which created considerable number of vacancies which were filled by transfers or new admissions. The admissions were not completed to the full strength until the beginning of this week.

3. I propose to send in the near future a detailed report making recommendations to overcome some of the difficulties experienced.

I have the honour to be,
Sir,
Your most obedient servant,

S.G.Ramanujam

Principal. 8/8/47.

Rc 551/47

Presidency College, Madras No. 5.
15th September, 1947.

From

Dr. S.G. Manavala Ramanujam, M.A., Ph.D., D.I.C.,
Principal.

ASST. SECRETARY TO GOVERNMENT
21 SEP 1947
EDUCATION AND PUBLIC HEALTH DEPT.

To

The Secretary to Government,
Department of Education and Public Health,
Government of Madras,
Fort St. George, Madras.

Sir,

I have the honour to submit my report on the admission to the Presidency College in June-July of the year, in continuation of my letter Rc. 551/47, dated 8-8-1947.

(1) Admission of women students.

The strength sanctioned by the University of Madras for women students in this College is 250. Last year, (i.e) July 1946, 114 women students were admitted to the III year University classes. Based on that, Memos of admission to about 114 women students were issued for the III year classes, but it was subsequently found that Memos of admission should have been sent only to 96 candidates, as this would make 250 with the 114 and 40 students promoted to the IV year and II year classes respectively. University of Madras was, therefore, approached to increase the strength of women students for this year by about 30. The University sanctioned only an increase of 15. Subsequently two more students were allowed at the special request of parents of the women students concerned. The number of women students on the rolls of the College to-day is 267.

If future, if the University limit is to be observed, it would not be possible to admit women students into the Junior Intermediate class of the Presidency College. I have already explained these facts in a communication addressed to the Director of Public Instruction Rc. 551/47, dated 26-6-1947 and the Director has been pleased to approve of my action and to direct that in 1948 it might definitely be advertised that no women students would be admitted into the Junior Intermediate class of this College.

Admission of different communities.

The Government issued orders early in June that the seats, particularly in science sections, were to be distributed to all communities. Admissions were made so as to see that the different communities under the categories prescribed by Government were fairly represented in all departments of studies in this College. I might, perhaps, be permitted to state that I was struck in this connexion by the average performance of students from backward communities and it appeared to be no way less than that of the other communities, showing thereby that what is wanted for the backward communities is opportunities. I might perhaps also add another tendency that was noted viz., that Mathematics is losing its importance and few students applied for it. A large number, however, was forced into it, when seats in other sciences were not available.

Admissions to III year to be considered as promotion from II year.

It has been suggested that admissions to III year classes in the College may be regarded as promotion from second year to the third year class on the basis of the results of the University examinations. But no college considers the admission to its III year class as a matter of promotion of its own students from the senior Intermediate class. The Intermediate examination provides the basic qualification for admission not only to Arts and Science courses, but to professional courses as well like Engineering, Medical Veterinary, Agricultural, Forestry etc.,

P.T.O.

Sir,

SUB: PRESIDENCY COLLEGE, MADRAS - Admissions in 1947-48.

REF: Government Memo No.57135-4/47-A Edn., dated 6.2.48.

ASST. SECRETARY TO GOVERNMENT 9 MAR 1948 EDUCATION AND PUBLIC HEALTH DEPT.

16588

I have the honour to offer the following remarks on the letter of the Principal, Presidency College, Madras, Rc.537/47 dated 15-9-47.

(i) Admission of Women Students:-

In G.O.No.1815 Edn., dated 13-8-47 Government have directed that women students should be admitted into the Presidency College only for such groups of the B.A. classes as are not provided in the Queen Marys College and for the B.Sc. and Honours classes. Further the whole question of removing the Intermediate classes from the College is now under consideration and when it is finally decided to abolish them, the difficulty of restricting admission of girl students to the sanctioned strength will be solved.

(ii) Admission of different Communities. Simultaneously with the removal of the Intermediate classes, it is proposed to increase the admissions in the various Science Courses (Pass & Honours) and if these are given effect to the difficulty of providing seats in the science subjects may be solved.

(iii) Admission to third year classes. It is found that it has been the practice not only in this college but also in all other Government Colleges, that admissions to Class III are treated as fresh ones and that outsiders are preferred to their own students on the basis of marks. I consider that every college should give preferance to its own students in the matter of admission to the B.A. or B.Sc. classes. If Government agree with my view necessary instructions in this regard will be issued to the Principals of all colleges.

(iv) Remedies:-

(1) It is not feasible to accept this suggestion.

P.T.O.

17

(2) There does not appear to be any objection for ~~k~~ accepting the suggestion. This may therefore be agreed to. . . . . p12 ante

(3) At present refund of tuition fees are sanctioned in case of students who have secured admission into a Government Technical College. Any revision of the above rule will cause hardship to the students. It is not therefore desirable to accept the suggestion do of the Principal.

As regards additional staff for work in connection with the admission, I may mention that in the current year a temporary lower division clerk was sanctioned by me. In view of the provision of a number of courses of study in the College and in view of the large number of applications extra clerical staff is necessary and I may be permitted to sanction the employment of additional clerks as is found quite essential. A

Sir,

REF: Government Memo No.57135 A/47-6 Edn., dated 30-3-48.

With reference to the Government Memo cited above, I have the honour to state that last year the Principal, Presidency College, Madras, requested sanction for the employment of an additional clerk to assist in the work relating to admissions. There was a very heavy rush of applications for admissions to the College. The work on account of admissions involves the registration and consolidation of all the applications with the necessary particulars and it even entails correspondence in several cases which has got to be attended to promptly. As it would not be possible for the normal clerical staff of the college to deal with this heavy item of additional work without causing delay or inconvenience, I sanctioned the employment

21

employment of an additional clerk in the College for a period of 3 months, under the powers vested in me. As there was a real need for the services of the additional clerk for some more thing to complete the work for which he was employed the post was continued for another 3 months. Now the Principal has again submitted proposals for the employment of an additional clerk in the College for a period of 3 months to cope with the additional work on account of admissions, in 1948-49. As it is proposed to remove the Inter classes from this course, admissions to the Junior Intermediate class will cease with effect from 1948-49 and for this reason, I consider that the work connected with admissions for next year will not be so heavy as to justify the employment of an additional clerk. I am, therefore, instructing the Principal to manage with the existing clerical staff.

for DIRECTOR OF PUBLIC INSTRUCTION.

& then put up to me

T.S.A.
18.8.47

The figures furnished by the D.P.I. disclose that the number of Harijans admitted this year in each junior class of the College - particularly in Honours course - is grossly inadequate. I have received complaints that some Harijan students seeking admission into the Honour's course have been denied admission. It may be argued that they did not secure brilliant marks in the Inter public examination. If this consideration is to weigh in respect of Harijans also even after the dispensation of the merit rule, I am afraid it will be impossible for them to get higher education for some decades. I suggest that the Principal may be asked to ~~be very liberal~~ strictly adhere to the 100% limit admissible to Harijans in giving admission to Harijans in all junior classes including Honours till Harijans offer themselves for higher education in adequate numbers. I also suggest that a Harijan student from West Godavari district who sought for admission into the Honours course in the Presidency College this year but admitted by the Principal in the pass course be now admitted into the Honours course as a special case. I feel it really injustice to the Harijans when the principals do not care to follow the instructions issued by the Govt. Explanation from the Principal, Presidency College may be called for why he did not admit the Harijan student who had applied for a seat into the Hons Course.

V.K.
23-9-47.

I am afraid for Honours Courses and such other specialised courses, we cannot enforce these percentages strictly because to benefit by the course itself, they will have to acquire a proficiency. Specialisation is a matter of aptitudes and aptitudes cannot be created or regulated. While lower standards may be fixed, we cannot set aside all standards for admission to these classes.

From the next year, the standard for admission for Harijan students in the Honours classes may be slightly decreased but care should be taken that they should have the requisite standard to benefit by these courses.

What is the standard?
The candidate, (Prakasa Rao of Chataparru - W.G.Dt) I am told got good marks but not distinguished a distinction. Marks obtained by the candidate who was refused a seat in the Hons Course, Presidency College, may be called for. My information is that the principal purposely refused admission in order to provide a seat to some other students.

principals, if Govt. agree. In practice, it is certain that preference is given to some extent to students belonging to the same college, in the matter of admission to B.A. or other Higher classes in the College. It does not seem that any special instructions need be issued, in the matter, as proposed by the D.P.I. and also it is not desirable. For orders whether the D.P.I. may be informed accordingly.

The views of the D.P.I. on points (i) and (ii) on page 16 c.f. and those under (iv) on pages 16-17 c.f. regarding the remedies suggested by the Principal for obviating the difficulties and defects at present experienced in connection with admission work, may be concurred in; 'A' on page 17 c.f. may also be agreedto. The Director may be informed accordingly.

The papers may also be recorded. A draft order is submitted for approval. Finance may see before circulation (para 4 of the draft)

Finance E III

The case relates to certain proposals Connected with the admission of students into the Presidency College, Madras. The file has now been remitted to this deptt with reference to the proposal to accord permission to the Director of Public Instruction to appoint such number of additional clerks, in Connection with admissions, as is found quite essential - please see the proposal of the D.P.I at 'A' on p17 c.f, the note of E.P.H at 'x' above and para 4 of the draft order.

E.P.H may, in the first instance, be requested to indicate the procedure followed at present in regard to the sanction of temporary staff, in connection with the admissions and also examine whether there is much delay and inconvenience caused in the existing procedure.

p 18 c.f
p 20-21 c.f c.no. 32302 from the D.P.I. No. 995 K/47 d. 27.4.48.

Please see the D.P.I.'s letter on p 20-21 c.f. No action is necessary, in the circumstances, w.r.t. the last para of the D.P.I.'s letter on p 16-17 c.f.

~~A draft order restricted to the other points approved in this Dept's note on p 5 ante is submitted for approval.~~

It has since been ordered that the Intermediate class in the Presidency College should be transferred to the Govt. Arts College from 48-49. In view of this no orders are necessary on points (i) and (ii) on page 16 c.f. A draft memo in respect of the other points is subd. After issue the papers may be recorded.
