SRI S. PARAMANANDA ROYAR, M.L.A.

EDUCATION AND PUBLIC HEALTH DEPARTMENT.

*Q.- No. 445. Will the Hon'ble the Minister for Education be pleased to state:-

'a) whether a recurring grant of Rs. one lakh was sanctioned for the Annamalai University from the financial year 1946-47;

(b) whether the amount was intended to be spent during the course of every year towards the raising of the salaries of teachers of the University;

(c) whether in 1946-47, the amount was spent for the purpose for which it was intended; and

(d) whether the Government have taken steps to satisfy itself that it was done and, if so, how much was spent towards the raising of the salaries?

SRD/2-9

DRAFT ANSWER

(a) Yes.

(b) The grant was for the purpose of raising the scales of pay of the teaching staff of the University.

(c) and (d) The grant was sanctioned as a recurring block grant; it was left to the university to adjust its scales with reference to the grant. The University has adjusted the grant towards the revision of the scales of pay and towards the conversion and addition of certain posts. The extra expenditure incurred on the revision of scales is estimated at Rs. 60,481. The extra expenditure including the additional teaching staff employed in the university is Rs. 1,03,548.

QUESTION No. 445 for the meeting of the Legislative Assembly to be held on the 19th next.

Two copies of this question are forwarded to the E and P.H. Department.

The question has been admitted.

To
The E and P.H. Department.

No 5621/47-5MC
13-9-47

Edn. & P.H. (G3)

Please see the Legislative Assembly Question on p.1 c.f. Clause (a). In G.O.No.735 Edn., dated 4-4-46, the Govt. sanctioned a recurring block grant of Rs. 1 lakh from 1946-47 onwards towards the cost of revising the scales of pay of the teaching staff of the Annamalai University. The answer to this clause may be "Yes".

Clause (b). The grant was intended for raising the scales of pay of the University staff. It was sanctioned with reference to the estimated extra cost of Rs.1.86 lakhs involved in the proposal, based on the average of the scales of pay then in force and those proposed to be given at the time when the grant was applied for by the University. As the grant was a recurring block grant it was left to the University to adjust the scales with reference to the grant.

Clauses (c) and (d) - The Registrar states that the actual extra expenditure incurred per annum on the revision of scales was Rs.60,481/- from July 1946 to June 1947 and this is perhaps based on the actual pay drawn by the staff in the new scales. The extra cost on the salaries of pay after revision is

PP51529 of 8

Rank 47 of 8

PP51529 of 8

P39 of 5

Rs. 65,857/- based on the difference in the average of the scale of pay prior to the sanction of the grant and the scales that were actually adopted by the University. But the University has strengthened the staff by increasing the staff, and the extra cost, if the additional staff is taken into account, is Rs. 1,03,548/- (5) P2 mg 8/20

The revised scales adopted by the University were less than those proposed at the time when the grant was asked for, and the reasons for this variation are:-

(1) the University was allowed to adjust the scales of pay as it thought proper with the aid of the grant and

(2) that the University had incurred additional cost on account of the employment of increased staff.

The University will be incurring more in subsequent years, as the average extra expenditure on account of the increased scales of pay is estimated to be over a lakh of rupees per annum, taking into account the additional staff employed by it.

A draft answer is submitted.

May be circulated to H.M. (Edn.) and H.E.

The answer suggested for (c) and (d) may be only for (c)

The answer to (d) may be as follows:

The Government is in correspondence with the University about the matter.
