With reference to the Government Memorandum No. 46849.B1/46-30 Education, dated 12--4--1948, I have the honour to state as follows:-

p 4 infra

(2) Originally 50 schools shown in Annexure I were selected for the intorduction of the Bifurcated courses from '48-49. Out of these 50 schools the two Government schools shown in the margin* were removed subsequently from the list on account of inadequate accommodation in Government Brennen College High School, Tellicherry and closure of High School classes in Government College High Schools, Mangalore from '48-49. Out of the remaining 48 schools the 32 schools shown in Annexure II have accepted to introduce the courses from '48-49'.

pp 84-85 infra.

(3) I have asked my Inspecting Officers to select other suitable schools in the place of the 16 schools which are not willing to introduce the courses from '48-49' and their reports are awaited. My Technical Education Officer, who is on tour to inspect the schools that are willing to introduce the courses will also contact the local Inspecting Officers and select suitable schools in the place of 16 schools mentioned above.

(4) I am submitting this list subject to the final report of my Technical Education Officer. I shall send my final report on this matter before the end of this month.

dated 29-5-1948

Minutes of H.M.(Education and H.M.(Finance)

The order may be approved.

p 67 m f cf (X)

These lines -- " The names of the high schools selected so far, for the introduction of bifurcated courses and the course or courses to be introduced in each school are specified in annexure 11 to this order". These lines in page 3 of the draft order may be omitted and the annexure 11 may also be omitted- This may form a separate order as it is not necessary that this should form part of this order which sanctions a comprehensive scheme for bifurcation.

So also para 5 may beomitted. The above and para 5 may form the subjects for a separate order and that order may be issued immediately after this.

orders may be issued very urgently as the schools concerned have to advertise for teachers sufficiently early. The Director requests that he may be permitted to advertise for the teachers required for the Govt institutions. The intention appears to be that the appointments to the new posts should be made by the Director or his Deputy and the posts should be outside the purview of the M,P,S.C. As the interval for advertisement and selection of candidates for appointment is very short this may be approved.

A

3. The qualifications for teachers and the scales of pay to be be given to those to be employed in the selected high schools under local bodies have also to be fixed immediately as otherwise the posts cannot be advertised. by the S.os of Dt Bds & Commissioners of Mcls.

4. The qualifications proposed by the Director for the various posts may be approved. They may be revised lateron, if necessary, after experience is gained of the working of the new scheme. The scales of pay proposed by the Director now vary from the scales of pay previously proposed by him. The proposals are examined in the sectional notes below. The Director has also proposed one Asst. Instructor and one Junior Mechanic for Engineering Course. This staff will have to be employed only later on. This may be verified

B

5. A draft order sanctioning the introduction of the bifurcated courses in the selected schools is submitted below for approval. If any further names are reported by the D.P.I. they may be included before the order is issued. The scale of staff sanctioned for the Govt secondary schools in which it is proposed to introduce the new courses is the same as that previously reported by the D.P.I. except that it is now proposed to enploy an attender instead of a peon for the Engineering and Domestic science courses. The scale of pay is subject to approval by Finance.
