R.C. No. 1960/B.1/47 dated 15th April 1948.

Sir,

SUB:- Basic Education - Conversion of Government Training Schools into Government Basic Training Schools:

REF:- My letters to Government R.C.No.1960/B.1/47 dated 8th October 1947 and 31st March 1948.

ASST. SECRETARY TO GOVERNMENT 21 APR 1948 EDUCATION AND PUBLIC HEALTH DEPT.

28976

I have the honour to state that in my letter R.C.No. 1960/B.1/47 dated 31st March 1948, I suggested the conversion of the following six Government Training Schools into Government Basic Training Schools during 1948--49:-

1. Government Training School for Men, Ramnad
2. GovernmentTraining School for Men, Negapatam
3. Government Training School for Men, Coimbatore
4. Government Training School for Men, Arcot
5. Government Training School for Women, Cuddalore
6. Government Training School for Men, Kovilpatti.

Now I find that the Government Training School, Coimbatore is not quite suitable for conversion into a Basic Training School, though at the time when the recommendation was made it was hoped that the school would be shifted to a rural locality, but this is not found possible. I, therefore, suggest that it may be left out and that the Government Training School, Ranipet may be approved for conversion into a Basic Training School instead.

2. One more Training School in the Andhra Desa may be converted into a Basic Training School during 1948--49 and I recommend the Government Training School for Men, Pentapadu, West Godavari District.

3. In each of the schools referred to in paragraph 1 above, it is proposed to have only one section in the Junior Class consisting of 35 candidates and to restrict the admissions only to the Higher Elementary Grade. All the seniors in those schools will also be given training in Basic Education. The number of sections in each of the 6 schools referred to in paragraph 1 above during 1948-49 will be as follows:

1. Government Training School, Ramnad: 2 Sections (1 Junior and 1 Senior)
2. Government Training School, Negapatam 3 Sections (1 Junior and 2 Senior)
3. Government Training School, Ranipet: 4 Sections (1 Junior and 2 Senior Higher Grade and 1 Junior Secondary Grade).
4. Government Training School, Arcot: 3 Sections (1 Junior and 2 Senior)
5. Government Training School for Women, Cuddalore - 2 Sections - (1 Junior and 1 Senior).
6. Government Training School, Koilpatti - 3 Sections (1 Junior and 2 senior)

4. In the Government Training School, Pentapadu during 1948--49, there will be 4 Sections (1 Secondary Senior and 3 Higher Senior). In addition to these 4 senior sections, it is proposed to have one more section in the school during 1948--49 for the retraining of teachers (30 Elementary School teachers from July to November 1948 and 30 trained Graduates from December 1948 to March 1949 - vide my letter to Government RC. No. 451/B.1/48 dated April 1948). No freshers will be admitted into the School during 1948--49.

5. Details relating to the additional staff, equipment etc. required in respect of each of the Training Schools and the extra expenditure to the Government are furnished hereunder.

(1) Government Training School for Men, Ramnad.

The school has the following sanctioned strength.

3 L.Ts.,

Of the 3 L.Ts. posts, one post has been kept in abeyance. For the 2 Sections in the Government Training School, Ramnad only 2 L.Ts. are necessary. Hence I recommend that one of the L.T. Posts held in abeyance may kindly be transferred to the Government Training School, Kovilpatti with effect from 1st July 1948 where an additional L.T. is required. One of the Secondary Grade Posts, the post of the Drawing Master and of the 2 peons may be abolished with effect from 1st July 1948 as they are not required after the conversion of the school into a Basic Training School. The ultimate savings on account of the abolition of these posts will be Rs.3149/- per annum.

As there will be 3 sections in the school during 1948--49 3 L.Ts. will be necessary for the school. Hence the creation of the post of an additional L.T. is requested. The post of Drawing Master and 2 Peons may be abolished with effect from 1st July 1948 as these posts are not required for the Basic Training School. It is proposed not to continue the temporary post of the Manual Training Instructor beyond 30th June 1948. The savings on account of the abolition of the post of the Drawing Master and of the post of the 2 peons will be Rs.2051/- per annum.

Besides the additional staff, equipment etc., required in my letter RC.No. 1960/B.1/47 dated 8th October 1947, one more L.T. is required for the school in addition to the existing 2 L.T. Posts. The additional cost on account of the proposal is shown hereunder.

1 Manual Training Instructor
5 Secondary Grade Teachers (for Model School)
2 Peons
1 Clerk - Temporary upto 30th June 1948
1 Part time Music Teacher (Temporary upto 30th June 1948).

During 1948--49 this school will have 4 sections for which 4 L.Ts. are required. At present it has only 2 L.T. posts and so 2 more L.T. posts are necessary for the school. The post of the Manual Training Instructor, the post of the Drawing Master and the two posts of the peons may be abolished with effect from 1st July 1948 as they are not required for the school. The savings on account of the abolition of those posts will be Rs.3149/- per annum.

Besides the additional staff, equipment, etc. required in my letter RC.No. 1960/B.1/47 dated 8th October 1947 - two additional posts of L.Ts may kindly be sanctioned for the school with effect from 1st July 1948. The temporary Secondary Grade Teacher's post, the 2 posts of the peons and the post of the Drawing Master may be abolished with effect from 1st July 1948 as they are not required for the Basic Training School. I have the honour to state that in the proposals submitted to the Government in my letter referred to above, I recommended the conversionof the Government Training School for women, Cuddalore, into a Basic Training School in addition to other 6 schools. For the Cuddalore Training School for women I have made provision for the appointment of only one cook. There are 2 hostels at present in the Government Training School for women, one for Hindus and the other for Xians which will be in future be vegetarian and non-vegetarian hostels. Though there should be only one hostel with a common mess for all Basic Training Schools, I consider that 2 hostels - one for vegetarians and the other for non-vegetarians may be continued during 1948-49 in order the existing arrangement are not disturbed. Moreover two buildings are necessary as the strength is large. All the juniors in the Basic Training School will be admitted only in the vegetarian hostel. Such of the seniors and of the high school students who are already in the non-vegetarian hostel will be continued in that hostel. For the 2 hostels 2 cooks are necessary. Hence I request Government to sanction the appointment ofone more cook so that each hostel which are located in different buildings and away from each other may have a cook of its own. This is recommended to avoid any distinction between the junior and senior students, between the Basic and non-Basic Trainees. Already there is distinction in the amount of grant.

* The cost on account of the proposal during 1948-49 will be 320/- Including this amount the total extra cost on account of the conversion of the 7 Basic Training Schools during 1948-49 will be 91,500 in round figures as against a provision of Rs.98,300/- made by me in Part II of the Budget Estimate for 1948-49 submitted to the Government in my letter Rc.No. 1960-B1/47, dated 8-10-1947.

I am sorry I have not yet seen the list of places selected for starting basic training schools for the next year and also Places in which we have proposed to build the 10 basic training schools for which we have made an allotment of Rs.10 lakhs. Both of these must be settled as soon as possible. With regard to the opening of basic training schools, I would like to have the places mentioned even now so that we can arrange with our colleagues to give publicity to the opening of these institutions. The D.P.I. may be asked to expedite the matter and submit the necessary papers as soon as possible.

The sanctioned strength in the L.T posts for all the seven training schools is 12. The Director has stated that an additional 5 posts will be necessary when the ordinary training schools are converted into Basic training schools. He has reported that the posts of the secondary grade teacher ~~and~~ the drawing master & the peons (may) be abolished in such schools where they are not required. & the proposal will result in some savings in each of the school. ~~Perhaps the extra expenditure on the appointment~~ of additional L.T teachers may not therefore be appreciable In the circumstances it is for orders whether the proposal of the DPI to appoint additional L.Ts may be agreed to. The other items of expenditure do not call for any special remarks.

In the case of the Govt training School Ramnad only two L.T posts are necessary for purposes of Basic training. The sanctioned strength is 3 L.T posts. The D.P.I proposes to transfer one of the L.T posts to the Basic training School at Koilpatti which requires one more L.T post besides the sanctioned strength. The proposals of the D.P.I may be agreed to.

The D.P.I. had sent up proposals for the establishment of basic training schools for next year. They are, I think, Ramnad, Negapatam, Arcot, Ranipet, Koilpatti and Cuddalore. About Andhra, only Pintapadu is suggested. The D.P.I. may be asked to select another place for Andhra which will be a girls' institution and intimate the name of that place.

I hope you have already allotted the various trainees that are training at Perianaickenpalayam and Sewagram between these various schools.

I am anxious that everything should be ready by the beginning of June. I also want a good publicity to be given to this institution and the sort of education that is meant by basic education. That may, to a certain extent, be done by having opening functions for these institutions by Ministers or other public men. I shall be glad to know when these institutions will be ready for opening and when you may be able to fix the opening functions. If necessary, I will put in a word with my colleagues asking them to accept to go for these opening functions. The Premier himself will be interested, as you know, in basic education and will be glad to accept it.

The opening function need not necessarily be held on the first day of the school. In fact the school must be opened by a couple of days earlier and must be in full working condition before the opening ceremony is made. The mistakes that happened last year must not be allowed to happen this year. We must foresee all the needs of the training school and supply them before the training schools are actually open. The equipment necessary must be purchased and be supplied to these institutions before the opening of the school is made.

With regard to the basic schools, I would like to know

p.t.o.

whether any more schools are expected to be opened in the current year and if so, in which places. I would like also to know whether trained teachers are being trained ~~in~~ for basic schools in Vinayasram. If so, where they are being posted. The Basic Education Officer and the Deputy Director in charge of elementary and basic education may go into the matter in detail and arrange everything so that it may be begun efficiently and run efficiently from the very beginning.
