In a separate file, the Govt. have provisionally come to the decision that 25% (i.e., one out of every 4) substantive vacancies in the Administrative Secn. of the M.E.S. (posts of D.E.Os., P.A. to the D.P.I., Insp. of European Schools, etc.) should be filled or reserved to be filled by the appt. of non-Govt. school teachers, B.T.'s or B.Ed.'s, below the age of 40, who have put in 12 years of service as teachers in recognised schools, preference being given to persons who have officiated as Headmasters ^{of High Schools}. Draft amendments to be made to the Special Rules for the M.E.S., to give effect to the decision, are ready. The M.P.S.C. has also agreed to the rules being amended suitably. The file concerned is in circn. now.

To the vacancies in qn., teachers from all recognized non-Govt. schools, together, will be eligible to compete, and it is not as if that a particular vacancy will be ear-marked for municipal school teachers and another for local body teachers, and a third for aided school teachers. The answer to clause (a) of the Assembly Qn. below should therefore be in the negative.

The actual recruitment of these teachers can take place only after the rules are amended. The vacancies that will fall to be filled by them, in the order of rotation, will be advertised in due course by the Commission, after the amendment of the rules. Clause (b) of the question, strictly speaking, does not arise. But an answer on the following lines is suggested for consideration:

"The statutory rules governing conditions of service in the Administrative Secn. of the M.E.S. will be amended shortly. Only after the amendment of the rules can the recruitment of the non-Govt. school teachers as D.E.O.'s, etc. be made - to vacancies which will arise thereafter and which will have to be filled by ~~those~~ ^{them} teachers in the order of rotation."

For orders as to circn.

The answer may be as follows:

"(a) It has been decided that 25% of the substantive vacancies in the Administrative section of the M.E.S. (Posts of D.E.Os., P.A. to the D.P.I., Inspector of European Schools, etc.) should be filled or reserved to be filled by the appointment of non-Govt. school teachers, B.Ts. or B.Eds. below the age of 40 who have put in 12 years of service as teachers in recognized schools among the aided and the local board managements.

(b) Action will be taken after the rules are amended."

I do not know why it should take so long for us to amend these rules. I think decision was taken in the matter many months back. The reason for the delay may be explained.

The rules have since been amended in

No. 803-Edn., dated 7-2-48.

Though a provisional decision was taken

M.(Edn.) and H.M.(Fin.) on 20-7-47, the M.P.S.C. had to

consulted at two stages of the case - first on the proposals

in a general form and subsequently on the wording of the actual

amendments. After the Comm. concurrence was recd., H.Pr. and H.E. also had to see - as the matter was an important one, involving a question of policy. The file was circd. on 25-2-48 and it ret'd. only on 6-4-48.

2. The following may, it is subd., be the reply to clause (b) of the Question - [the answer to clause (a) being: "No."]

"The statutory rules governing conditions of service in the Administrative Secn. of the M.E.S. have been amended so as to allow the recruitment of qualified teachers employed in recognized non-Govt. secy. schools to one out of every four substantive vacancies arising in that section. No teacher has been recruited so far. Action will be taken to recruit qualified teachers to such of the vacancies arising since the amendment of the rules as should be filled by them ~~xxxxxx~~ in the prescribed order of rotation."

The Explanatory Note at p. 67 of (Y) shows the qualifns. read. of the teacher-recruits and the concessions allowed to them after appt.)
