To

The SECRETARY TO GOVERNMENT,
Education & Public Health Department,
Fort St. George, Madras-9.
R.C. No. 2483 K.2/1 dated 19th May 1948

Sir,

* Subject: COLLEGES - Engineering College,
Guindy - Electrical communication
Engineering - Staff - Continuance.

(X) R e f: Government Order No.2610, Education,
Dated 8th December 1947.

X-X-X-X-X-X-X

The sanction accorded in the Government Order,
referred to above, for the continuance of the following
staff employed in connection with the introduction of
Electrical communication Engineering Course in the
College of Engineering, Guindy, expires on 31st July 1948.

One Signal Instructor.
One Store-Keeper.
One Instrument Repairer.
One Attender-
One Cleaner.
One Peon.

I am submitting herewith an extract from the letter
R.C. No. 387-D/44, Dated 6/13th May 1948 from the
Principal, College of Engineering, Guindy, explaining
the existing demand for this new course of study in the
College. As the course has to be continued in the
College, I recommend that the temporary posts detailed
above may be continued for a further period of two years
from the date of expiry of the existing sanction. As
it is, the above posts will complete three years of
existence by 31st July 1948.

2. In their Memo.1795-5/48-A, dated 12-3-48,
sanction was accorded for the continuance of the

of the temporary post of steno-typist upto 31-3-1948. Government also directed that sufficient justification should be shown for the employment of the Stenographer beyond 31st March 1948. The Principal proposes to submit a separate report on this question and this will be submitted on receipt.

3. In paragraph 1 of Government Order No.2610, Education dated 8th December 1947, sanction was also accorded for the continuance of the two laboratory assistants till the end of July 1948. I would invite attention to my letter R.C. No.3344-01/47 dated 7-5-1948 submitting proposals for the employment of three Instructors. two in 1948-1949 and another in 1949-1950. It was also suggested that one of the posts of laboratory assistants might be converted into a post of Junior Instructor in Electrical Communication Engineering. As a staff of one professor, two Instructors and one Laboratory Assistant is considered necessary in 1948-1949, I request that one post of laboratory assistant may be continued for another year till July 1949.

for DIRECTOR OF PUBLIC INSTRUCTION.

3/24/5.

Copy of Extract From the letter R.C. No.387-D/44, dated 6th May 1948 of the Principal, College of Engineering, Guindy, to the Director of Public Instruction.

x-x-x-x-x

In their Government Order No.2610, Education dated 8th December 1947, the Government were pleased to sanction the following staff for the telecommunications course for a period of one year from 31st July 1947. This sanction expires on 31st July 1948 and I request that the staff may please be put on a permanent basis.

1. One signal Instructor.
2. One Store-Keeper.
3. One Instrument Repairer.
4. One Attender.
5. One Cleaner.
6. One Peon.

2. The reason for this request is that this course fills a real need. Telecommunication graduates are in considerable demand by the various telecommunication services in the country, both civilian and military. All except one of the first batch of eleven students have secured employment and the remaining one is expecting to be employed any moment. The second batch of ten students have just completed their final B.E. Examination and their results are expected in another two or three weeks. Even so, the All India Radio authorities have called up all of them, including the lady candidate, for interview at Delhi on the fifth of May 1948 with a view to their selection as Technical Assistants. This will serve to indicate the demand that exists at present for telecommunication engineers.

3. The various telecommunications services like the All India Radio and the Directorate of Civil Aviation etc. have schemes of expansion; the armed forces are being rapidly Indianised. All these will, I believe, require telecommunication graduates in the succeeding years as well.

4. The Telecommunication course at this college thus meets a real need and its continuance on a permanent basis as an integral part of the college will be in the interests of the country.

5. This is why I am requesting that the staff below may please be made permanent. They have all gained excellent experience and have proved themselves very valuable in conducting the work of the department. It will be in the interests of the telecommunication course and of the college that these good men should be made permanent.
