To
The Secretary,
Department of Education,
Govt. of Madras.
Madras.

Sir,

May the following few lines be brought to your notice and a favourable reply be please expedited.

43550A

I passed my S.S.L.C. examination in Madras University, ie. from Board High School, Tiruthani, in the year 1942 and thereafter I joined in the War Service where I was upto 1946. The attached copies of the War Service Certificates will furnish full information. I resigned my appointment in June 1946 on the ground of taking University Education to qualify me to take up Engineering Degree course as I was working in the Military Engineering Department. At the time of my resignation I was given to understand by the Defence Authorities that the period of time I spent in War Service would not be considered as a bar for my further University education. On the strength of that information only I resigned my appointment and joined in the college to pass intermediate science. Now I have passed my inter science in the first attempt and applied for admission in the Engineering College at Guindy. As per my date of birth my age is twenty three years. As the age limit for the admission in Engineering College, Guindy is twenty two years, I request you to kindly consider my case as an EX SERVICEMAN and please issue the necessary exemption on the strength of the war Service Certificates, copies of which are herewith attached. Please treat this matter as very urgent as I have to produce the letter of exemption to the College Authorities immediately. Since I resigned my job particularly to take up my Engineering Course, I will be very much grateful to you if you treat this matter as urgent. Otherwise my whole career will be ruined which I am sure you will agree as most deplorable in view of my efficient War Service which I rendered in the war.

Thanking you very much indeed.

Yours obediently,

ADDRESS:
N.V. Rajan,

4 TRUE COPY of Certificate issued by the
G. E. Engineering Park - Bombay.

It is certified that N. Varadarajan was in War
Service from 1943 to 1946. He had signed the War
Service Agreement form I. A. P. 2. 2055 when he was
employed in the Defence Department (i.e. Military Engineering
Service).

It is therefore recommended that due consideration
may please be given as an ex-service man in
providing admission in the Engineering College.

Copy of the Certificate issued by the Magistrate,
Tiruttani taluq:-

This is to certify that N. V. Rajan was in War Service
(Military Engineering Service) from 1943 to 1946. I understand
from his War Discharge Certificate that his service in
the Defence Department was to the entire satisfaction
of his superior officers.

I therefore strongly recommend to provide an
admission in the Engineering College - Groundy to
which the Candidate has since submitted the
necessary application.

C.No: Petition from Sri N.V. Rajan
for age exemption for admission
into the Eng. college

Rules 34 & 35 of the
Balundia Panchayat

According to the Eng. College rules
candidates for admission must be
under 22 years of age on the 30th June
of the year of admission. But this
age limit shall be extended by two
years in the case of Muslims and
Oriya candidates, candidates belonging
to the Bangaru community and those
coming from the Nerya tracts.

Candidates otherwise qualified
but whose age exceeds the maximum
laid down above may be admitted
if the strength of the class permits.
Students so admitted shall be ineligible
for scholarships and prizes.

(A)
In G.O No: 1167 Edn D 12.6.46 the
Govt have laid down that 10 p.c.
of the seats in Eng colleges should
be reserved for ex-service ~~personnel~~
The petitioner is an ex-service man
and seeks admission into the Eng.
college. He says that he is overaged
by one year (he has not given his
date of birth) and requests that he
may be exempted from the age rule.
It does not appear that such cases
were contemplated when the further
education scheme for ex-service personnel
was sanctioned. The orders issued on
the scheme say that 10 p.c of the seats

2

should be reserved for such personnel,
admission being made subject to
the rules of academic qualifications
and merit.

There seems to be no objection
to complying with the present request
provided there are not sufficient
number of qualified candidates ^{within the age limit} to
fill the 10 per cent. reserved seats for
ex-servicemen. For orders.

This will be taking a narrow view of the case.
We cannot take this 10% as separate and so, that ^{age} relaxa-
tion is to be given if sufficient ex-servicemen are not
coming. If sufficient people are not coming in within
the age required, when taking the whole thing into ques-
tion, then this age relaxation must be given. The number
of candidates for admission in the Engineering Colleges
is very great and this will not happen. It won't be fair
to give any age relaxation.

After issue the papers may
