Reservation of seats in Institutions for Higher Technical Education - Cochin State subjects.

...

In pursuance of their policy of providing facilities to the State students for higher technical education this Government have been anxiously considering the possibility of securing some seats reserved in the Technological Institutes and Colleges outside the State, and more particularly in the Madras Presidency. It will be, therefore, really beneficial to the State if a few seats are got reserved for Cochin students in the Arthur Hope College of Technology, Coimbatore.

I have the honour to request that necessary arrangements may kindly be made with the Madras Government to

reserve.......

reserve a few seats for Cochin students in the aforementioned Technological College. The terms, if any, for reserving seats may also be ascertained and communicated to me.

An early reply is solicited.

Dear Mr. Avanasalingam Chettiar,

At present two seats have been allotted for the Cochin students in the Engineering College at Guindy. The Annamalai University also has reserved two seats for the State students under Engineering. These are too insufficient to meet the growing demands of the State.

The State has no Engineering or Medical Colleges of her own. She has therefore to depend upon other Governments in the matter of securing seats for Cochinites under Engineering, Medicine etc. I am therefore putting down in writing the request of the Government of Cochin for the reservation of at least four seats more in the Engineering College at Guindy. The Government are agreeable to pay the usual contribution.

I would therefore request you kindly to dispose of this matter early enough so as to enable us to send our students with the reopening of the College this year.

Thanking you,

Yours sincerely,

Subject:- Provision of seats in Engineering Colleges for students of Orissa.

72410

Sir,

I am directed to say that the Government of Orissa are facing considerable difficulty in executing their development schemes due to paucity of technically-trained men and more specially of Engineers. Orissa has not got an Engineering College of its own. Government of Madras were kind enough to make available one seat for Orissa in the Arthur Hope College of Technology, at Coimbatore and two seats in electrical and mechanical engineering in the College of Engineering at Guindy. This is not, however, sufficient to meet the urgent needs of the backward province like Orissa which is trying to make up for the lee-way. Government of Orissa, therefore, request the Govt. of Madras to make available to them two more seats in civil engineering in the Arthur Hope College of Technology at Coimbatore and two more seats in civil and mechanical engineering in the College of Engineering at Guindy for the next session commencing in 1948.

2. With regard to the contribution payable for students belonging to other Provinces and States, I submit that while the students who are natives of this Province are paying a higher rate of fees, students who do not belong to this Province should similarly be charged a higher contribution. I suggest that the contribution of Rs. 700 may be raised to Rs. 1000 a year.

[illegible]

The Govt. agree with the suggestion of the D.P.I. that the contribution payable by outside administrations on account of their students reading in the Govt. Engg Colleges should be raised. They, however, consider that the contribution should be refixed with reference to the present cost of running these colleges. The Director is requested to examine the question in the light of the above suggestion and to submit revised proposals in the matter.

Proceedings R.O.C. No.432-K.2/47 dated 8-7-47, regarding increase in the contribution payable by other Provinces and States.

--

The average annual gross cost per student inclusive of the interest and depreciation on ~~a~~ capital cost for the last three years comes to Rs. 682/- as shown in the statement below. The amount of the capital cost of the college equipment has been approximately fixed at Rs. 30,00,000 and interest and value of depreciation on capital cost at 6% per annum for the purpose of the above calculation.

2. Students from other Provinces and States are deputed for studying in Engg. course and the contribution is payable for that course. Hence the calculation of the average gross expenses should be for that course alone. It is pointed out that major portion of the expenditure in this College relate to Engineering Course as the majority of staff employed and the cost of equipment and working expenses of Laboratories and workshop are for this Course. Hence, I will fix up the proportion of the expenditure between the two courses now in existence in this College (Viz) Engineering and Licentiate in Engineering courses at 4/5 and 1/5th respectively. On the basis of this proportion the approximate average annual gorss cost inclusive of the interest and depreciation value on capital cost per student of the Engineer class comes to Rs. 876/- These particulars will prove that the enhancement of the existing rate of contribution payable by these outside administrations on account of the students studying ~~in~~ in Engineering Colleges as justifiable and I recommend for the increase of the same by 20%(ie Rs. 840/- (Rs. 700 plus 140) per candidate.

Engineering Colleges- Reservation of seats.

At present 2 seats are reserved for students belonging to the Central Provinces and Berar in the Engg. College, Guindy. In your letter No.1794CXXI dated 21-6-47 it has been stated that no such reservation of seats is necessary from the academic year 1947-48 but that students already under training in the college may be allowed to continue until the completion of their courses. This Government have raised the tuition fee payable by Madrasi students in the college by 20 per cent from the academic year 1947-48 the increased rate being applied also to students who are already on the rolls of the colleges. Consequently the contribution payable by the Govt. of Central Provinces and Berar is liable to be increased from 1947-48. Information as to the exact amount payable will be intimated in due course.

Engineering Colleges--Reservation of seats for students from outside--Administration.

Reference:-Your Proceedings Rc.No.758-K2/48 dated 23rd March 1948.

During the past 10 years, Sandur State has not deputed any candidate for admission into this college while Pudukottah has deputed three candidates.

2. As Sandur State has not utilised any seat so far and Pudukottah has been merged with the Madras Province, the existing reservation of seats may be abolished. The reason why we had such few students from Pudukottah is that the state requires the students to pay the heavy capitation fee.

3. As Pudukottah is now merged in the Madras Province, the students of that area would automatically become eligible for admission to Engineering Colleges, and one of the advantages of merger would be that the students from that area would not have to pay the heavy capitation fee.

4. I suggest that in the matter of admission to the Engineering Colleges, Pudukottah may be considered as a separate district. This will entitle Pudukottah District to two seats on the basis of population.

Sub: Students from Indonesia - Placement in Institutions in India -

-----

I am directed to say that the Government of India offered in 1947 seven scholdarships tenable in Indian Universities and Institutions to students from Indonesia. The Republican Government of Indonesia accepted the offer and have recently furnished the names of their nominees for the scholarships. They have also forwarded the names of seven students whom they propose to send to India for higher studies at their expense and for whom they have asked us to secure seats in suitable Institutions. The selected candidates are students of the Technical University of Jogjakarata. Details regarding their age, name, qualifications, and the courses which they propose to study in India, will be found in annexure I to this letter while annexure II contains an extract of the syllabus of the Technical University in Mechanics, etc. It has been ascertained that all the students can read and write English.

In view of the desirability of developing and strengthening India's cultural and friendly contacts with Indonesia the Government of India attach very great importance to this scheme and they therefore request that the admission of these students should be treated as a special case ~~and~~ and that they should be placed in suitable institutions, if possible even by relaxation of the ordinary rules where necessary. The Government of India will be grateful for your co-operation in this matter. In the present circumstances when technical Institutions are over crowded the placement of the students will no doubt present some difficulty but it is hoped that in view of the larger issues involved to it will be possible for you to admit them and to render to them the facilities they require. I am to request that this Ministry may kindly be informed as early as possible the following:

1) Whether your institution will be able to admit all the five students to the courses commencing this year and if it cannot admit all the five, the number which will be admitted,

2) the class in which the students will be placed if it is considered that they can be admitted to a higher class than the first year class in view of the previous training they have undergone.

3) the date of commencement of the course, and

4) Whether the students may be permitted to join a few months prior to the commencement of the course so that they may be able to adapt themselves to local conditions, and if so, the date by which they should arrive.

A very early reply is requested.

DIRECTOR OF PUBLIC INSTRUCTION
18 MAR 1948
C.432 K2/48
MADRAS

To

The Director of Public Instruction,
MADRAS.

Sir,

Sub: Admission of students from Indonesia into the College of Engineering, Guindy.

I am herewith enclosing ~~a~~ letter No.F.18-1/48-O.D.I. dated 2nd March 1948 from the Ministry of Education, New Delhi requesting me to admit five Indonesian students into this College, and a copy of my reply to it.

2. If the Government desire to find places for these students in the Engineering Colleges under them, I would state that it would be possible to admit all of them in the College of Engineering, Guindy if certain adjustments are made in the seats reserved in that College for candidates from outside the Madras Presidency, as explained below.

3. SEATS RESERVED FOR CANDIDATES FROM OUTSIDE THE PRESIDENCY.

N.W.F.P. Candidates: The Government have reserved three seats in the College for nominees of the North West Frontier Province Government. This was done at the time when the N.W.F.P. was a part of India. I presume, now that this Province is in Pakistan, no seats will be reserved for ~~the~~ students of this Province. In that case, three seats would be available for students from Indonesia without upsetting other existing arrangements.

Bangalore Candidates: Students from the Civil and Military Station, Bangalore have been allotted three seats at Guindy, one at Anantapur, two at Cocanada and two at Coimbatore. I have repeatedly protested that the seats allotted to the C. & M. Station, Bangalore are overwhelming and that even one seat for that area is too much, considering that there is a College in Bangalore itself to which they are eligible for admission. I think it should be easily possible to reduce the seats for this area by two and allot them to students from Indonesia.

Apart from the overwhelming number of seats allotted to this area, it should be considered whether any seat should be allotted to it, since the Civil and Military Station does not exist any longer.

Burma Evacuees: Five seats were reserved for Burma Evacuees during the War. This reservation is still continuing. I would like you to examine whether this reservation should not cease now that Burma is free and their Engineering

College is functioning.

It will be seen from the above that it is easy to find five seats for the Indonesian students.

4. CLASSES IN WHICH THE STUDENTS MAY BE ADMITTED.

The Government of India suggest that the students may be admitted in a class higher than that in which they were studying. I am afraid this is out of the question as the course in the Technical University, Indonesia is very different to that of the Madras University. In whatever class they may be admitted, the sanction of the University of Madras has to be obtained.

I suggest that the four students who have completed the third year course at the Technical University may be admitted in the third year class of this college and the sanction of the Madras University may be obtained for this. The students will then spend two years in this College before qualifying for the B.E. Degree. In my opinion, a period of two years is not only necessary for deriving lasting benefit from the course in this College, but also from social and cultural contact with the students and people of this Province.

The fifth student was doing the second year course at the Technical University. In my opinion, the best course for this student would be to join the first year class. Alternatively, if the University of Madras permits, he may join the second year class. According to the Rules of the Madras University, he will have to take the first and second year University examinations together at the end of his 2nd year course.

5. HOSTEL ACCOMMODATION.

The College has single-seated and double-seated rooms. The former are only allotted to the final year students. It may be desirable to allot the single-seated rooms to the Indonesian students as a special case. Alternatively, they may each be put in a double-seated room with one of our students as his room-mate.

6. DATE OF JOINING.

The Government of India would like these students to come to India sometime before the commencement of the session to enable them to adapt themselves to local conditions. I am afraid that this object will not be accomplished if the students come during the summer vacation as there will be no students in the College. Moreover, I do not think it is necessary for them to come

---

come before the commencement of the session. It would be enough for them to come to the College by 3rd July 1948, when the new session starts. I do not anticipate that they will have any difficulty in adapting themselves to local conditions, particularly as they are not very different to Indian students and our students are very social and accommodating.

7. CAPITATION FEES.

The Universities abroad do not levy any capitation fees on our students. I therefore suggest that the Government should not levy any capitation fee on the Indonesian students.

78

year courses. He should not mind this, as there are quite a number of students who take the first and second year examinations together.

If the Government of Madras decide to admit these students into this College, it would neither be necessary nor desirable for the students to join the College before the opening of the session on the 3rd July 1948. The College is residential and I do not think that the Indonesian students will have any difficulty in adapting themselves to the conditions here.

Sir,

I have the honour to say that the Rewa Govt. propose to depute one candidate for Automobile Engineering course during the next session. The Principal, Arthur Hope College of Technology, Coimbotore, Peelamadu, who was addressed on the subject, has written to say that the Govt. of Madras should be moved in the matter. The candidate deputed by the Rewa Govt. will fulfil all the requirements regarding the qualifications etc. prescribed by the college and will also defray all the expenses such as capitation and tuition fee etc. It is, therefore, requested that permission to reserve one seat for the Rewa State Nominee may kindly be accorded.

Favour of an early reply is requested.

Sir,

I am directed to say that there being no facilities in this State for higher technical education of its students we often have to seek admission for them into the Colleges and technical Institutions of the neighbouring Provinces whose good neighbourly co-operation hitherto extended to us is acknowledged with gratitude.

As our necessity of technically trained personnel is still on its increase, the Government of Mayurbhanj would further be grateful, if your Government could see their way to reserve a few seats in the Colleges in your Province for the training of at least the State-sponsored candidates. The immediate requirements of this State would be :-

(a) Two seats in the Medical College

~~Owing to the great rush for admissions into the Eng colleges in this Province this Govt have decided that no seats need be reserved for evacuee Students from Burma~~

At present 5 seats are reserved for evacuee Students from Burma, in the Govt Eng. colleges in this Province. Due to the great rush for admissions into the colleges this Govt have decided that no such reservation need be made with effect from the academic year 1948-49. The present Students will however be allowed to continue and complete their courses.

In Jany 1947 the then Govt of the

North West Frontier Province represented to this Govt that some seats might be reserved for the Students from their Province also. This Govt proposed to reserve three seats, subject to the usual conditions which have since been agreed to by the Govt of the N.W. Frontier Province. Copies of the relevant correspondence in this connection are herein enclosed. I am to state that for the reasons stated in para 1 above and also because the Province has since gone to Pakistan this Govt have decided that these seats should be ~~deserved~~ dereserved and thrown open to the Students of this Province with effect from the academic year 1948-49. As the N.W.F. From (Name) SRI D.S.REDDI, M.A. (Oxon),

(Designation) DIRECTOR OF PUBLIC INSTRUCTION, MADRAS.

To The Secretary to the Government of Madras,

EDUCATION AND PUBLIC HEALTH Department.

Sir,

I have the honour to report that a number of requests are now being received about the admission of Refugee students from the Pakistan Dominion into the Engineering Colleges in this Province. As these --- students cannot be admitted into the general seats it is essential that some seats should be reserved for them as in the case of students belonging to States and other Provinces. I suggest that 8 seats 2 in each of the colleges, may be reserved for the Refugee students from the Pakistan Dominion. At present 8 seats are reserved in the 4 colleges for the students coming from the C. & M. Station, Bangalore (3 in Guindy, 2 in Coimbatore, 2 in Cocanada and 1 in Anantapur). For the Pudukottah and Sandur States one seat is reserved in Guindy and another seat is reserved for the students of the Pudukottah State in the Coimbatore College. The C. & M. Station, Bangalore now forms part of the Mysore State and I consider that the seats reserved for these students may be discontinued from 1948--49. There is an Engineering College at Bangalore where the students can be admitted. Pudukottah State has since merged with this Province and it is, therefore, not necessary to continue the reservation. For the size of the Sandur State no separate reservation is essential.

2. In connection with a proposal to admit five students from Indonesia into the Engineering College, Guindy, I have recommended that the reservation of seats for the students of the North West Frontier Provinces and C. & M. Station Bangalore may be stopped from the beginning of the academic year 1948--49 and that in their places the five students from Indonesia may be admitted. Please see my letter RC.No. 733/K.2/48 dated 31st March 1948. I request that the remaining 6 seats reserved for Bangalore and the 2 seats for the Pudukottah and Sandur States may be reserved for the Refugee students with effect from the academic year 1948--49.

Sub: Colleges - A.H.College of Technology, Coimbatore - Training of Orissa students.

Ref: Your express letter No.T.9-Edn. II. 79 dated 17-5-1948

One seat is being reserved every year for students from Orissa Province in the A.H.College ofTechnology, Coimbatore with reference to G.O.Ms.No.1919 Edn dated 7-10-46, the rate of contribution being Rs.700/- per student per annum. There were 2 such students in the college (one in the 1 year class and the other in the II year class) during the year 1947-48. A provision of Rs. 1,400/- was accordingly made in the estimate of 1947-48, in the statement showing the contribution payable by the Orissa Government to the Madras Government submitted to Government with my letter ROP.No.1-A.1/47-48 dated 25-9-1947

2. As the Government of Madras have since decided to raise the rate of bontribution from Rs.700/- to Rs.900/- and have requested the Orissa Government in their letter Ref.No.21466-10/47AEdn dated 9-6-1948 (copy enclosed) to pay the increased contribution with effect from the academic year 1947-48 a debit of Rs.1800/- (Rs.One thousand and eightx hundred only) may be raised against the Orissa Government as dues for 1947-48.

If it is a fact, I should be grateful, if the Government of Madras could kindly reserve two more seats to students from Coorg in these colleges from this year onwards as the Government of Madras are aware that there is no facility in Coorg for ~~students~~ studies in technical subjects and this Administration has always been looking to the Government of Madras for providing it. My dear Mr. Chettiar,

Reference our conversation this morning. You know that my Province has unfortunately got no institutions for professional training and depends entirely on the generosity and courtesy of other Provinces for giving this training to its students. I shall feel very grateful if you will reserve between three to five seats for the Degree Course in Engineering and three seats for the Degree Course in Medicine for students of the N.W.F. Province. I shall feel very much obliged if you will kindly afford other facilities for Post Graduate Training in your University for our students. The Provincial Government has no funds to spare and the people of my Province are also not very rich. I therefore request that so far as possible the places in different institutions to be allotted to my Province may be free; but if some Capitation Fee must necessarily

(1) that the students should be selected by the ~~Govt~~ Frontier Govt or the D.P.I N.W.F Province from persons eligible for admission according to the College rules;

(2) that the Frontier Govt should undertake to pay to this Govt at the beginning of each academic year a sum of Rs 700 per annum for the training of each student or such other amount as may be charged from time to time;

(3) that the students will not be required to pay any tuition fees to the College, the question of the payment of fees being a matter for adjustment between them and the Frontier Govt. The students will, however, be liable to pay the special fees such as fees for the Athletic Club and Reading room or the deposit for Library books and for instruments etc. according to the College rules;

(4) that the students should find their own board and lodging and

156

(5) That, if any of the seats reserved for students from N.W.F. Province is not required in a year, it will be open to the College authorities to admit a Madras student.

2 I am to request you to be so good as to say whether the Frontier Govt. agree to the arrangement and to the Conditions.

3 With regard to the ~~pa~~ facilities required for the Frontier students in Post Graduate training in the Universities of this province, I am to request you to furnish information on the subject or subjects in which the students propose to offer themselves for ~~their~~ post graduate studies and also the probable number of students ~~to~~ that ~~who~~ may offer themselves for such studies every year.

Please see herewith a letter of the Minister for Education in the North West Frontier Province. I think it must be possible for us to help them by admitting a few from their Province and that will also have, I think, a beneficient effect on our students. We may demand from them the actual expenses of tuition. I think that is the condition attached on which we are admitting students from the neighbouring states. The same condition may be imposed on these people also. The present position with regard to the students of the state that we admit may be put up.

A letter since received on the subject from the V.C., Andhra University, has been added to the file. Relevant extracts have been given to the Mdl. Section to examine the question of reservation of seats for N.W.F. Province Students in the Mdl. Colleges of this Province.

As regards Engg. Colleges, a statement showing the number of seats in each Engg. College and the number of seats allowed for outside students is put up at 'h'. It will be seen from the statement that no seat has, hitherto, been reserved for the students from N.W.F. Province in any of the Engg. Colleges of this Province. With ref. to a recent representation from the Orissa Govt., this Govt. have agreed to reserve one more seat for their students in the A.H. College of Technology, Coimbatore, in addition to the 2 seats already allotted for them in the College of Engg., Guindy. The principle on which the addl. seat was agreed to was that outside reservation should be kept up in the same proportion, as ~~these~~ it existed before new institutions were opened. According to this principle, Orissa has been given an addl. seat with the opening of the A.H. College of Technology, Coimbatore, with 75 seats. The position has now changed. The strength of the Coimbatore College has since been increased from 75 to 81, excluding the

p33cf

1295

178

3 seats already allotted for Orissa, Coorg and Pudukottah. With the opening of the new Colleges ~~in~~ for Andhradesa, the total extra seats available are 176 (6 extra in Coimbatore, 105 in Cocanada and 65 in ~~the~~ Anantapur College). In the present circumstances, it is proposed to allow on a respresentation from C.P. & Berar Govt. 2 more seats for their students in the Vizag. Engg. College at Cocanada in addition to the 2 seats already allotted for them in the Guindy Engg. College. On this basis, it seems reasonable to allot 4 seats for the students from N.W.F. Province in one or more of the Engg. Colleges subject to the condition, that the N.W.F. Province Govt. pays a contribution of Rs.700 per annum for each student as in the other cases. For orders. ~~The D.P.I. will, however, have to be consulted as to the Engg. College or Colleges in which the 4 seats should be reserved and also about facilities for post graduate training.~~

Public and Finance may see before circulation. If it is decided that the N.W.F. Province may be allowed 4 seats the college or colleges in which the seats may be reserved and also the point about provision of facilities for post graduate training may be settled in consultation with the D.P.I.

Please see the t.m. from the D.P.I. on the previous page. Some months ago the North West Frontier Province Govt asked whether some seats could be reserved for their students in the Eng: colleges in this Province. This Govt. replied that 3 seats could be reserved subject to the usual conditions (payment of contribution, qualifns of candidates etc.) and enquired whether the North West Frontier Province Govt. was willing to abide by these conditions. No reply has so far been recd. In the meanwhile the Director reports that the N.W.F. Province students have already arrived and enquires whether they can be admitted. There seems to be no objection to admitting them provided the Principal is satisfied that the students have been deputed by the N.W.F. Govt. and that they possess the qualifications required.

ENCLOSURE.

Para 1 of letter C.On 23/48 dated 27th July 1948 from the Principal, College of Engineering, Guindy to the Director of Public Instruction, Madras.

Subject:-Students admitted from other Provinces and States--Increased contribution.
Refce.:--Proceedings 432-K2/47 dated 19.7.1948.

It is stated in the above proceedings that the increased rate of contribution applies to Coorg students whereas only double fees are hitherto being collected from those deputed for study by the Commissioner of Coorg. Please let me know whether the Commissioner of Coorg may be addressed to pay contribution at the enhanced rate of Rs.900/- per student and arrear amount for 1947-48 less fees paid by the student.

Copy of letter Con-21/48 dated 29-9-48 of the Principal, College of Engineering, Guindy to the Director of Public Instruction, Madras.

The copies of letters that passed between the Chief Commissioner of Coorg and the Secretary to Government, Education Department on the contribution at the enhanced rate of Rs.900/- per scholar, per year with effect from 1947-48 contemplate only the two scholars deputed for study in the Engineering Colleges at Guindy and Coimbatore, while there were, during that year, other Coorg scholars also studying in this college. The following is the list of names of scholars in the classes during the years, 1947-48 and 1948-49.

1947-1948	Name	Class:	
1.	K.B.Subbiah	Final year	B.E.
2.	K.M.Chengappa	3rd	B.E.
3.	T.D.Thammiah	2nd	B.E.
4.	B.N.Biddppa	2nd	B.E.

3.	N.K.Chengappa	2nd	B.E.
4.	K.C.Devayya	1st	B.E.
5.	P.C.Ponnappa	1st	B.E.

2. In the case of scholars of similar states for whom seats are reserved every year, the contribution recently ordered at the enhanced rate from 1947-48, has been demanded not only for students deputed afresh during that year, but also for students of those states who were continuing their studies in the higher classes during the year.

3. Orders are solicted whether it is not the intention of the Government to collect contribution at the enhanced rate in respect of all Coorg Scholars during the years 1947-48 and 1948-49 to be in conformity with the practice adopted in the case of students belonin to the other States. The coorg students are hitherto paying double

...

The contribution due from the North Western Frontier Province (now in Pakistan) in respect of some candidates of that Province undergoing training in the College of Engineering, Guindy falls within the purview of the above Government Memorandum.

(A) 155-156 c/f

2. Three seats were reserved in the College of Engineering, Guindy, for students from the North Western Frontier Province in the academic year 1947-8, subject to the usual conditions with reference to Government's letter No.3527.A.47.3 Edn. dated 6th May 1947. Accordingly three students from that Province were admitted into the college during 1947-8. The contribution due from the North Western Frontier Province on their behalf amounts to Rs. 2,700/- at the revised rates of Rs.900/- per annum per pupil.

3. The Principal, College of Engineering, Guindy, reports that an amount of Rs.2,100 (at Rs.700 per student per annum, which was the rate of contribution then in force) was collected from the three students in question direct by mistake and credited into the Treasury under "XXVI. Education". A copy of the Principal's report regarding the irregularity is enclosed herewith.

4. Of the three students in question only one (Viz. J.K.Kapoor) is now continuing his studies in the college in the 2nd year class, and he has been directed to pay fees at the same rate as the students of the Madras Presidency from the current academic year onwards. The whereabouts of the other two students who did not rejoin the college after summer vacation are not yet known.

Y

X

A

5. In his letter Con.21/48 dated 24-8-1948 (co enclosed) the Principal has addressed the Government of North West Frontier Province regarding the arrear contribution of Rs.600/- due in respect of the three students in question consequent on the enhancement of the rate of contribution from Rs.700 to Rs.900/-.

6. The contribution due to the Government of Madras by the North West Frontier Province amounts to Rs.2,700 as already stated above, and this has to be adjusted by the Accountant-General in his books in the normal course. But out of this amount a sum of Rs.2100/- has already been collected from the students direct by the Principal and an amount of Rs.600/- (At Rs.200 per student) only remains to be collected either from the students or from the Government of North West Frontier Province.

7. Since the whereabouts of two out of the three students are not yet known, it is not possible to collect the arrears due from them, nor will it be in order to claim the arrear contribution from the Government of North West Frontier Province, when they have not paid the original contribution.

8. In the circumstances, I solicit the instruction of Government regarding the further action to be taken in the matter.

Your proceedings communicating a copy of the letter No. 3527.A.47.3.Edn. dated 6th May 1947 from the Secretary to the Government of Madras to the Government of North West Frontier Province was received in this office on 13-5-47. This was not communicated by the clerk concerned to the Accountant who makes collections in the office. On the applications for the admission of the three candidates, belonging to the North West Frontier Province, the then Principal ordered that the students should pay capitation and other fees by the 1st of August 1947. Evidently, the section in charge of the file did not bring it to the notice of the Principal that fees need not be paid by them as per the letter of the Secretary to Government. As per the orders of the Principal, the students brought the fees paid in the office. As the enhancement of rates applies to the students of the North West Frontier Province also as laid down in your RC.No.432.K2.47 dated 19-7-48 and as arrears of fees are due from the students of that province for 1947-8, the Government of that Province was addressed in my letter Con.21/48 dated 24-8-48 to arrange for payment of the arrears due on behalf of the students for 1947-8 and 1948-9 submitting copies thereof to the Director of Public Instruction and Accountant-General, Madras, as well, simultaneously.

The Government of Madras has recently ordered the enhancement of annual contribution to Rs.900 from Rs.700 per student deputed from other Provinces and States for study in this college with effect from 1947-8 in respect of Messrs.Aman Khan, Ajmal Khan and Kapoor has therefore become payable to the Madras Government. Messrs. Aman Khan and Ajmal Khan did not join the college in July 1948 and only Mr.Kapoor has joined this college and is in the second year division. If you have any information of these two boys who have not so far joined this college, I would like to have the same for removing their names from the college rolls.

2. I request that the arrear contribution of Rs.600 due for the year 1947-8 and Rs.900 due for 1948-9 on behalf of Mr.Kapoor may be arranged to be paid at your earliest convenience.

From the D.P.I. No. 728.A1/48 d. 14.12.48 and 14.2.49.

The Govt. have decided that the question of recovering the amount of Rs 600/- (Rupees Six hundred only) due from the three N.W.F.P. students admitted into the Engg. College, Guindy for the year 1947-48 at the increased rate of contribution of Rs 900/- p.a. (per student) should be dropped.

The question for consideration is about the recovery of the amount of Rs 600/- due to the Govt, ~~which~~ being the balance of the contribution payable by the N.W.F.P. Students admitted in the Engg. College, Guindy for the year 1947-48 at the increased rate of Rs 900/p.a. per student. The amount involved is small and question of recovery may, it seems, be dropped. Finance may see for remarks.

ASSISTANT SECRETARY TO GOVERNMENT

FINANCE DEPARTMENT

Finance (Accounts) Department.

In May 1947, this Government informed the Government of North Western Frontier Province that three places would be reserved for students of that Province every year in the Engineering College, Guindy, subject to the following conditions:--

p. 155-156 cf
(A)

(1) that the students should be selected by the Frontier Government or the D.P.I., N.W.F. Province from persons eligible for admission according to the college rules;

(2) that the Frontier Government should undertake to pay to this Government at the beginning of each academic year a sum of Rs.700 per annum for the training of each student or such other amount as may be charged from time to time;

(3) that the students will not be required to pay any tuition fees to the college, the question of the payment of fees being a matter for adjustment between them and the Frontier Govt. The students will, however, be liable to pay the special fees such as fees for the Athletic Club and Reading room or the deposit for Library books and for instruments etc. according

to the college rules;

(4) that the students should find their own board and lodging and

(5) that, if any of the seats reserved for students from N.W.F. Province is not required in a year, it will be open to the College authorities to admit a Madras student.

P.p. 155-6 cf (A)

In their letter dated 4th September, 1947, the Government of N.W.F. Province accepted the above conditions and stated that "in view of the very unsatisfactory financial position of the Province, the Capitation and tuition fees will be paid by the candidates themselves direct to the Principal of the College". Consequent ~~with~~ on the partition of India and the inclusion of N.W.F.Province in Pakistan, this Government decided that these seats should be dereserved but the students of that Province who were already studying in the College of Engineering, Guindy should be permitted to continue and complete their courses. Accordingly, the Government of India were addressed requesting them to convey the above decision to the Government of the N.W.F.P. and also to inform them that this Government had increased the contribution payable by outside States, Provinces, Administrations etc. from Rs.700 p.a. for each student to Rs.900 p.a. with effect from 1947-48 and that this increased contribution should be paid by Province them from 1947-48 in respect of the students who were reading in the Engineering College. In reply, the Government of India (in their letter dated 8-12-1948) drew the attention of this Government to the letter of the Government of N.W.F.P. of 4th September, 1947 referred to above A above which clarified the position of that Government in respect of payment of contribution. However, the arrangement proposed by the Government of N.W.F.P. which amounted to a modification of the proceedure suggested by this Government p.155 cf (A) does not appear to have been conveyed to the D.P.I. and the A.G. previously.

students during 1947-48. The question under consideration is about the recovery of the balance of Rs.600/- due to the Government with reference to the enhancement of contribution payable on account of outside scholars from Rs.700/- to Rs.900/- from 1947-48. The D.P.I. has stated that two out of the three students did not join the college after the 1st year and their whereabouts are not known. The third student Mr. J.K. Kapoor who is studying in the second year class is now treated as a refugee student. The amount cannot be recovered from the Government of N.W.F.P. and it is also not now possible to effect any recovery from the ~~two~~ students who have left the college. It seems therefore that the recovery of Rs.200/- due from Mr. Kapoor also may be waived and the D.P.I. informed that the matter may be dropped. as suggested by E&P.H.

Sub Engineering Colleges - Reservation of seats for outside students

---

The current file contains the following 4 communications :-

p1cf (1) From the Cochin Govt. for the reservation of a few seats for Cochin students in the A.H. College of Technology, Coimbatore

p3cf (2) From the Baluchistan Govt. enquiring as to the maximum number of seats that can be reserved for the students of that area in the Engg. colleges of this province.

p7cf (3) From the Rewa State for reservation of a seat in Automobile Engg. in the A.H. College of Technology, Coimbatore for the year 1947-48

p9cf (4) From the Baraundi Darbar for the reservation of a seat for their nominee in the Engg. College, Guindy for the year 1947-48.

para 2 m p 99 (b) 2. It may be noted, in this connection that the policy of this Govt. till 1932 in regard to admission to the Engg only Engg. College then existed (i.e) Engg. College, Guindy, had been to give preference to students belonging to the Madras Presidency, having regard to the accommodation available in the College and to the demand for Engg. edn. from candidates of this presidency

A change in the policy was effected from 1932, consequent on the representation for the reservation of a few seats in the College for students from the Travancore State. This change was made on the strength of the recommendation of the then DPI — Vide his letter on pp 9-11 cf of G.O No. 1757 Edn of 3-12-32. Six seats were accordingly reserved every year in ~~the~~ each of the Engineer and Subordinate classes ~~for~~ in the proportion and on the conditions laid down in the G.O. on pp 28-29 of Ⓡ. This reservation was made when the College had 60 seats for the Engineer class and 100 for the Subordinate class. Ever since, with the increase of seats in the College, the seats for outside students in the College were also increased on the principle that outside reservation should be kept up in the proportion as it existed before new ~~distt~~ institutions were opened. Following the principle, the representations now made for reservation of seats are examined below:-

Ⓡ

A

Vide Secy's note at 'P' in p 13 NF of G.O 1919 Edn 7-11-46 Ⓡ

(1) on p 1 ante Cochin State.

Cochin was alloted 1 seat when the strength of the Engineer class in the College of Engg, Guindy was 60. When the strength of the College was raised to 100 in 1936 Cochin was given one more seat. But, however in 1944, a request from Cochin state to raise the reservation of seats for their seats from 2 to 4 was negatived for the reasons stated in the DPI's letter on p 5 cf of Lr No. 331 Edn of 3-3-44. This order is quite in consonance with the principle set out at 'A' above. As a result of the opening of new Engg. colleges at Coimbatore, Vizag at Cocanada and Anantapur at Guindy, the total number of non-reserved seats available in the Engineer class is 355. With the present strength, Cochin may be allowed a total number of 6 seats (ie) 4 in addition to the two seats already alloted for it in the College of Similar increase has been

made in regard to Orissa, Coorg and Pudukottah on individual representations. The fees and other charges payable by the State for each student is Rs 700 per year. The College or Colleges in which the four addl seats may be reserved for Cochin students may be settled in consultation with the DPI. The Cochin Govt. request that seats may be reserved for their nominees at Coimbatore

B

(2) on p 1 ante. Baluchistan.

This is the first time that a request for seats in the Engg Colleges in this province has come from Baluchistan. On a recent request from the N.W.F. province, ~~this~~ Govt have decided to reserve 3 ~~seats~~ for ~~that~~ the students of that province in the Engg Colleges. Following this case, Baluchistan may be allowed 2 seats. Fees may be charged at the usual rate of Rs 700 per year per student. The College or Colleges in which the seats may be reserved, may be settled in consultation with the DPI.

(3) on p 1 ante. Rewa State.

The Govt have sanctioned the opening of the following courses in the A.H. College of Technology, Coimbatore

(1) Textile Technology
(2) Civil Engg.
(3) Elec. Engg.
(4) Automotive Engg.

For want of accommodation and other facilities, the DPI has proposed separately that the opening of courses in Textile Technology and Automotive Engg. may be postponed for the present. It is not likely that these courses will be opened actually in 1947-48. The request of the Rewa State for reservation ~~of a~~ seat for Automobile Engg. in the College cannot therefore be complied with for the present. They may be informed accordingly.

Separate file not put up

p 94

(4) on p 1 ante. Barwani Darbar. Though the

request is for a seat in 1947-48, it is likely that it will be renewed. This Govt need not object to reserving a single seat for a nominee of the Barwani Darbar in the College of Engg, Guindy in 1947-48. | E

There is not likely to be any objection in future to reserving every year in the college a seat for the student of the Darbar in case such a request is put forth in the future. The Darbar may be asked to pay a contribution of Rs 700 per year for their student.

While we may try to accommodate in a small measure students from sister Provinces or States, we cannot be indefinitely increasing that number. Once for all we may fix the numbers of outside students by way of certain per centage and if we want to accommodate other States, that must be taken out from the seats allotted to the existing States. It may not be ~~either~~ politic or good to refuse admissions altogether for students outside the Province when we have been giving a sort of reservation to some of the States. In these circumstances, I believe, 5 per cent of the seats may be reserved for students coming from outside the Province. That may roughly work out at 15 or 17 students from outside.

6

The fee that we are charging has been about Rs.750/-. We must recover the actual charges from these outside students. In view of the large costs ~~now prevailing~~ the present cost ~~it~~ may be calculated ~~at present~~ and a fresh fee settled.

Please see Secretary's orders at 'A' ~~above.~~ on the previous page. Twenty-five seats * are at present reserved for outside students in the Govt.Engg.Colleges of this Province. The Govt.Have recently agreed to reserve 3 seats for N.W.F.Province students in the Govt.Engg.Colleges. Then the reservation for outside students will come to 28. The orders in circulation are that the total number of seats reserved for outside students in the Govt.Engg.Colleges should be reduced to 19 from the Academic year 194~~7~~8-49. The Govt. of C.P.& Berar have reported that the 2 seats reserved for their students in the College of Engg. Guindy may be discontinued from the Academic year 1947-48 as an Eng.College has been opened in that Province ~~and~~ but that their existing students may be allowed to ~~furnish~~ finish their course. This means that the ~~rules~~ number of reserved seats will be reduced from 28 to 26. The question now to be considered is, how to reduce the reserved seats from 26 to ~~19~~ 19. The following suggestions are for consideration in this connection:-

*Cochin State	2
Pudukottah & Sandur.	2
C & M Station Bangalore	5
Ceylon	2
Evacuees from Burma and other countries	5
African Students	2
Coorg	2
C.P.& ~~Benarah~~ Berar	2
Orissa	3
	25

(1) Five seats are at present reserved for evacuees from ~~Buram~~ Burma and other countries in the College of Engg. Guindy. The Government have recently approved the D.P.I.'s proposal that the present concession of reserving five seats for these Evacuee students may be continued in the current academic year also as the educational facilities in Burma have not been restored fully to their normal level after the war and that the seats may be distributed in the other Govt. Engg.Colleges as well. This reservation was given as a war time concession. Now that the war is over and that almost all evacuees would have been ~~reported~~ repatriated there may not be any necessity or justification for this Govt. to reserve seats for evacuees from the next academic year. In this view, it does not seem necessary to reserve any seats for evacuee students from 1948-49. The existing students may, however, be allowed to finish their course. ~~If the suggestion is accepted the Govt of India may be informed accordingly.~~

Separate file (not put up)

I agree that this reservation may be abolished

A

(2) Two seats are at present reserved in the College of Engg., Guindy, for South and East African students. From experience, it is seen that almost every year only one student

from the South and East Africa is sent against the two reserved seats. This year also, only one candidate by name, Ezikicl D.costa, has been nominated to fill up one of the two reserved seats. The G. of I. have requested that a Burma student may be admitted in the vacancy. But this Govt. have not acceded to the request and the G. of I. have been informed that their nominee from Burma will be admitted against one of the seats reserved for Burma Evacuee students. In the circumstances, the seats reserved for South and East African students may be reduced from 2 to 1 from the Academic year 1948-49.

Separate file not [illegible]

B I think the reservation may remain as it is. [illegible]

(3) Five seats are at present reserved in the College of Engg. Guindy, for the students from C & M. Station, Bangalore. It does not seem that this small area should be allowed 5 seats when Cochin and Orissa are given only two seats each. The number of seats for C & M. Station may be reduced to 2. For orders.

C I think this may be cut down to two [illegible]

If the suggestions above are approved, the position will be as follows.

	Proposed Reservation		Existing Reservation
Cochin State	2	3	2
Pudukottah & Sandur	2	2	2
C&M Station, Bangalore	2 (-3)	2	5
Ceylon	2	2	2

	17		28

E With the modifications suggested by me above, we would have brought the reservations down to 19 — which is [illegible] reduction — 'F' on p. 9 ante. [illegible]

(4) The Cochin Govt. have agreed to admit every year 10 ~~B.T.~~ Malayalee students for BT training in their Trg. College at Trichur and ~~to~~ the D.P.I. has been asked to ascertain whether some Malayalee women students can also be admitted for teachers trg. in the Cochin State. In the letter on p.29C.f., the Govt. have turned down the request of the Cochin Govt. to reserve some addl. seats for their students in the Govt. Engg. Colleges of this Province. In view of A above it is for consideration whether Cochin may be given 2 more seats as an act of reciprocity.

Item (5):

The D.P.I. has suggested that the contribution may be increased from Rs. 700 p.a. per student to Rs. 1000 In another file, H.M.(Edn.) has suggested that the contribution obtained from outside Administrations in respect of their students reading in the Eng. E.&P.H.(A)

The D.P.I's letter on p 24 c.f. and its enclosure on p 25-26 c.f. may be perused. The figure of Rs. 840/- suggested as contribution to be levied from other states and Provl. Governments on account of their students studying in the Engg. College, Guindy may be accepted by the Govt. The question of allocation of seats in the Engineering College to students of outside administrations is separately under consideration. When that is settled, those Governments may simultaneously be informed of the seats reserved for their students and of the contribution they will have to pay. M.V.S

The file has been sent to this department with reference to the letter from the D.P.I. and its enclosures at pp 24-26 c.f. regarding the contribution payable by other states and Provincial governments on account of their students studying in the Engineering College, Guindy. Please see the notes of E. & P.H. from the middle of p. 16 above.

2. The Principal, College of Engg., Guindy, has stated that the approximate average annual gross cost per student of the Engg. class inclusive of the interest and depreciation value on capital cost comes to Rs. 876. He has, however, suggested only an increase of 20% over the existing rate of contribution of Rs. 700. i.e. Rs. 840 per student as the contribution payable by other provinces and states. The D.P.I. has recommended that the suggestion of the Principal may be accepted. E.& P.H. propose to accept the recommendation of the D.P.I.

3. It is not clear why a sum of Rs. 840 only should be recovered from other provinces and states, when the actual average cost per student comes to Rs. 876. At present, the Govt. are finding it extremely difficult to cater to the needs of their own students in regard to the admissions into Engg. colleges and there seems no adequate justification to afford facilities to students from other provinces and states in our Engg. college on payment of a contribution which is less than the average actual cost per student. Fin. may, therefore advise that the contribution payable by other provinces and states be fixed at Rs. 876 per student or at Rs. 900 roundly. A

Para 4: The D.P.I. has agreed that the contribution payable by outside ~~xxxxxxxx~~ administrations in respect of their students admitted into the Engg. Colleges in this Province may be fixed at Rs. 900 p.a. Further action with reference to this may be taken separately after the question of the number of seats to be allotted to outside administrations is settled - please see notes on p 18 ante.

According to the orders in circulation on page 13 ante, the position regarding reservation of seats for outside students in the Govt. Engg. Colleges is as follows:-

2. Though no change has been ordered in respect of item (2) above, it is submitted that Pudukottah has since been merged in the Province and therefore, there will presumably be no need to reserve any seat for that State. But before actually dereserving the seats, it may be ascertained from the D.P.I. whether Pudukottah, as a separate district or as part of a district, will be getting seats due to it in the district-war allotment of seats. As regards Sandur, there has been no mention of it in the further discussions in G.O.No.1969 Edn., dated 15-10-46, in which an increase of one seat was allowed for Pudukottah. Presumably, Sandur had not been sending any candidates so far. If so, it may not be necessary to reserve any seat for Sandur also. Before passing orders, however, the D.P.I. may be asked for confirmation of the portion at 'M' above, ~~and~~ also for information as to whether the size and population of the State will entitle it to a seat. A draft T.M. is submitted below for approval.

M

C

× Draft/M.I.

3. There is no reduction, or increase either, also in respect of item (1), (4), (7) and (9) above. Cochin [item (1)] has already been told that no addl. seats can be reserved. There have been no demands for increase in reservation from Ceylon [item(4)] and Coorg [item (7)] and no communication to either of them is, therefore, necessary. The C.P. and Berar [item (8)] may be informed that the contents of their letters at pp 31 and 35 c.f. have been noted. Orissa [item (9)] may

* ~~may~~ be informed that their request for additional reservation cannot be complied with.

4. In respect of item (3) ~~above~~ in para. 1 overleaf, the Govt. of Mysore may be informed of the proposed reduction of seats. (as the C & M Station, Bangalore, has since been ~~ceded~~ receded to that Government).

5. In respect of items (5) and (6) ~~above~~ in para 1 overleaf, the Government of India will have to be informed of the proposed reduction. They may be requested to communicate the reduction in respect of item(6) ~~above~~ to the concerned authority. (There is no High Commissioner now in Africa with whom we can correspond direct).

6. In respect of items (10) and (11) ~~above~~ in para. 1 overleaf, attention is invited to the linked× file below, the minute of H.M.(Edn.) at 'E' on page 11 ante, and the Hon. Premier's orders at 'F' on the same page. It is presumed that the Hon. Premier's orders should be applied to the Refugee Hindu students from Sind and North West Frontier Province | A and that H.M. Edn's‡ minute applies to the proposed reservation of three seats for the candidates of the Govt. of the N.W.F.P., dealt with in the linked× file below. | B If so, the Govt. of India may be informed of the proposed reservation at "A" above and asked to pass it on to the concerned authorities or persons. With reference to 'B' above, as North West Frontier Province is now in Pakistan, only the Govt. of India ~~[illegible]~~ should, it seems, be requested to communicate the cancellation of the seats with effect from 1948-49, to the Govt. of the North West Frontier Province.

7. It is not known whether on account of the revision of the number of the reserved seats, any re-arrangement of the allotment of seats between the various Engg. colleges will be necessary. The D.P.I. may be asked to consider this and, if any rearrangement is found to be necessary, to report to the Govt. in the matter.

8. Attention is invited to the extracts of the correspondence at pages 39-42 c.f. and the extracts of the notes on pages 15-16 ante. As it has been decided therein to raise the contribution of . 700/- to . 900/- with effect from§ 1947-48, all the outside administrations for whom seats are reserved, may be informed of the increase. This increase does not, however, apply to the African students who have to pay only at double the rates of tuition fees.

Notes and orders in circulation from page 9 ante may be read.

~~[illegible]~~ In reply to the telephonic message on pp. 49-50 of about ~~the~~ reservation of seats for Pudukotta and Sandur the D.P.I. has sent a copy of the letter from the Principal, Eng college, Guindy. This will be found on page 59 c.f. The Principal ~~of the Eng. College,~~ ~~Guindy~~, says that as Pudukotta by its merger in the Madras Province will automatically become eligible for seats in the Eng: colleges no separate reservation is necessary. But ~~the~~ the ~~Principals~~ say that Pudukotta may be considered as a separate district under which it will get two seats on the basis of population.

p 59 c.f. Reg. fair may be accepted.

Pudukotta has been constituted as a separate Revenue division of the Trichirapalli district for the present; it is not a revenue district. It seems sufficient if Pudukotta is grouped with Trichirapalli dt for purposes of admission to the Eng. colleges especially as only 3 candidates were deputed by the state during the last 10 years. As Sandur+ did not send any candidates so far no reservation need be made now. For orders. ~~[illegible]~~

Please see above

A. p 59 c.f.

+ Not merged in Madras Province so far.

In the revised allotment suggested on page 17 ante the C and M Station, Bangalore (now part of Mysore State) gets two seats. As there is no such place as C and M Station now there is no need to reserve any seats for that place in future ~~now~~. Mysore has got its own Eng: college and students belonging to the C & M. Station can get admission into the Mysore college just as Pudukotta students can claim admission into our Eng: colleges. Further, it is proposed

to abolish such reservation in the medical colleges.

Attention is invited to the D.P.I's letter and its enclosures on pages 67-78 c.f. In the circumstances stated by the Government of India in the letter on page 69 c.f. some seats may be reserved for Indonesian students in the Engineering Colleges. If the suggestions at A and B above are accepted 4 seats can be saved. These seats may be allotted for Indonesians. The Government of India have stated that only one candidate will be sent during 1948-49. The Director may be requested to arrange for the admission of this candidate and give the other three seats to Madrasi students during 1948-49. The Government of India may be informed that they will have to pay a contribution~~s~~ of Rs.900 per annum per student~~s~~; the student will also have to meet all his boarding charges. For orders.

Only two will be saved if C is accepted but we have allotted two more from the general seats & allot four seats to Indonesians.

A communication has been received from the Rewa State requesting for a seat in the Automobile Engineering Class in the Arthur Hope College of Technology, Coimbatore.
