Sir,

****

While preparing the draft syllabus in respect of the bifurcated courses of studies to be introduced in Secondary Schools, the qualifications detailed in the Annexure I were proposed for the various posts.

The draft syllabus have not been finalised yet and it may take some time but as the courses have to be opened in the selected schools early next month, almost all the managements of those schools are requesting me to prescribe finally what should

should be the qualifications of the various teachers to be employed.

I, therefore, request you to take up this matter of qualifications separately and pass early orders thereon fixing the qualifications mentioned in Annexure I so that the schools concerned may advertise for these teachers sufficiently early. Since the scales of pay of almost all the posts have recently been revised, I request that the scales of pay may also be revised as indicated in the annexure II.

In this connection, I also request you to permit me to advertise for the teachers required for these subjects in Government Institutions.

I also request I may be permitted to instruct the Local Bodies and Private Managements, in anticipation of Government sanction, to advertise and appoint Teachers with the above qualifications.

Rc. No. 21-C-V/56 dated 28-8-56.

Sir,

Sub: Staff for Bifurcated courses of studies - Temporary appointment of Instructors and Assistant Instructors in Engineering recruited direct - Regularisation of appointment.

--

Consequent on the introduction of Engineering as a bifurcated course of study in the Government Secondary and Training School for Masters, Malappuram and the Model High School, Teachers College, Saidapet the following persons were recruited for appointment as Instructors and assistant Instructors in Engineering. They were appointed on the dates specified against each.

1. Sri M.A.Rafique	Instructor in Engineering, Model High School, Teachers College, Saidapet	6-8-53
2. Sri S.K.Mahadevan	Assistant Instructor -do-	10-8-53
3. Sri P.V.Devadas	Instructor in Engineering Government Secondary and Training School, Malappuram	13-8-53.

They were appointed in the respective posts under Rule 10(a)(1) of the General Rules for the Madras State and Subordinate Service through they were recruited by following the procedure prescribed in view of the orders in para 2 of the G.O.Ms.No. 1580-Education dated 17-6-48 viz. that the temporary post of ~~his~~ teachers sanctioned for the bifurcated courses in Government Secondary Schools were not suitable for regulation by rules. Subsequently Government have ordered that rules ~~regarding~~ regulating the service conditions of the holders of the posts should be ~~fou~~ framed in respect of all posts which had been speficically excluded from the purview of rules. Accordingly AD HOC rules in respect of all posts not regulated by rules including the posts of Engineering instructors have been submitted to Government on which orders have not yet been received.

Sri M.A.Rafique, temporary Instructor in Engineering has requested for regularisation of his appointment and sanction of increment - vide his letter dated 26-7-56 copy enclosed.

As all the three persons referred to above were recruited direct, I request orders of Government whether their temporary appointment may be regularised from the date specified against their names above pending the approval of the Ad Hoc rules by Government.

Yours faithfully,

P.K.Sangunayakul

for Director of

Copy of Letter dated 26th July 1956 from the Senior Engineering Instructor, Model High School, Teachers College, Saidapet, to the Director of Public Instruction through the proper channel.

I humbly beg to submit that I was appointed as Engineering Instructor to the Model High School, Saidapet, on the Forenoon of 6-8-53, after applying for the same in response to a Gazette Notification advertising for the applicants.

I beg to submit that though I will be completing 3 years of continuous service by August 1956, my appointment has not been regularised so far, nor has any increment been sanctioned to me till now.

Further I beg to submit that though the post in the School in which I am working has not been made permanent, I understand that the rules do not prevent my increments being sanctioned as in the case of other members of the establishment working in similar temporary posts.

I therefore request that in addition to making the post permanent and continuing me in it, I may kindly be granted my increments in the time scale of Pay of my post.

Thanking you in anticipation and expecting favourable orders.

Yours faithfully,
Sd.. Senior Engineering Instructor

NOTE:-

When the 1948 order placed the posts in question outside the purview of the rules, ~~tmx~~ it was meaningless to ~~xpx~~ treat the candidates to have been apptd. to the posts under rule 10(a)(i) of the General Rules. Sir,

Sub: Madras Educational Subordinate Services--Appointment as Instructor in Engineering in Government High Schools in the State.

.....

The posts of Instructor in Engineering in the Government High School, Paramakudi and Assistant Instructor in Engineering in the Model High School, Teachers' College, Saidapet are ~~even~~ now vacant, even after all efforts to secure candidates were made. The post of Assistant Instructor in the Government Brahadambal High School, Pudukkottai will also have to be filled now. Government have been addressed to sanction this post. The above vacancies were once before advertised in the Fort Saint George Gazette but produced no satisfactory results. The Employment Exchanges have also not been able to suggest candidates for the posts. It has become increasingly difficult to secure candidates to fill these posts, as there is great demand for persons with technical qualifications, in Industries. Unless the notification is published in the dailies, the vacancies in this Department may not attract the attention of qualified candidates, as they may not trouble to look up the Gazette for the purpose. In the circumstances stated above, I request that arrangement may kindly be made for the publication of the appended notification in the leading local dailies.

2. As per Government Order No. 1964 Public (Services) dated 16.10.1937 in respect of posts excluded from the purview of the Commission for which selection is made after due advertisement, a fee of Rs 10/- has to be levied from each applicant for any post in the Subordinate Service, the maximum pay of which is Rs 50/- and above. As proposals for framing rules for the posts sanctioned for the bifurcated courses of studies are under consideration of Government, appointments to the posts of Instructors in Engineering cannot be made on a regular basis. Hence in the notification to be published in the news papers the candidates who apply for the posts may not be required to remit a fee of Rs 10/- with the application.

Sub:- M.E.S.S. - Instructors in Engg. in Govt. High Schools - Vacancies - Advertisement.

Please see the letter of the D.P.I.at p.l C.F.

2. The posts sanctioned for the bifurcated courses of studies in Govt. Secondary ~~and~~ schools were treated as not suitable for regulation by rules. The ~~need~~ need now in the altered circumstances, to frame specific rules for these posts is under separate consideration. In that connection, the desirability of bringing such of the posts as carry fairly high scales of pay, within the purview of the M.P.S. Commission, will also be raised.

para 1, p. 1 C.F.

3. The Dir.'s point in his present letter is that the previous advertisement of vacancies in the F.S.G. Gazette has not ~~elicx~~ elicited satisfactory response and that the vacancies should be advertised in leading local daily newspapers. This may be done. Public (I & P) may be requested to take necessary action.

para 2, p. 1 C.F.

4. In this connection, the Dir. considers that regular appointments to the posts can be made only after the rules are framed. He suggests therefore that the appointments to be made w.r.t. the proposed advertisement may be temporary and that therefore no fee need be collected from the applicants. This need not be accepted. The appts. to be made may be regular and fees (Rs.10) may be collected from the applicants. The rules to be framed will apply only to future entrants. If Pub.(Ser) agree with these remarks, Pub.(I & P) may be requested to alter the advertisement suitably.

Note.

The scale of pay now proposed is the scale which was in force for school assistants before the craft allowance of Rs 5 was merged in the scale and it was raised to Rs 85-5-125-10-175. In view of the qualifications required, it does not seem desirable to lower the scale. The scale of pay may therefore be Rs 85-5-125-10-175 for Govt high schools. For schools under local bodies and private managements the scale of pay may be Rs 75-5-145. (Corresponding scale for L.T. Assistants)

Fin E III

Please see the note of E.P.H above. In the case of Instructors for the Engineering Course, E.P.H propose the scale of pay of L.T Assistant viz 85-5-125-10-175 for persons possessing L.M.E or L.E.E diploma qualification. In the same way the scale of pay of Instructors ~~for the~~ Agricultural course, the L.T scale may be provided for certificate holders and if a B.Sc is appointed to the posts, he may perhaps be started initially on Rs 100 in that scale. ~~[illegible]~~ For high schools under local bodies and aided schools, the scale 75-5-145, corresponding to the L.T scale in Govt schools may be adopted, with

Please see the note of EPH above. This depth may agree to the scales suggested at 'P' above for School Assistants in Domestic Science. As for the Attender woman, it does not seem necessary to sanction for the post a special scale different from that of Attenders in ordinary Educational Institutions. As IIIrd form qualification is being prescribed for the post, this depth may suggest the scale of pay of Attenders in Govt Colleges, I st grade viz 24-1-32-½(A)-35 for the posts of Attender woman referred to above.

Note

The scale of pay proposed for Govt high schools may be accepted pending the revision of the qualifications by the Board of Secy Edn. Inrespect of schools under local bodies, the same qualfications may be insisted on and the scale of pay may be Rs 45-2-85. There is already a complaint that the scale of Rs 40-1½-70 fixed for drawing masters in high schools under local bodies is inadequate and it should be raised so as to correspond to that of secondary grade teachers and the DPI has reported that this will be considered in connection with bifurcated courses. As this is to be introduced as a special subject, the scale of pay of a secondary grade teacher may be allowed to avoid all further correspendence on the subject,

Nil	Teacher_Vocal, Instrumental and Tablam. Graduate in Music and Diploma Holder in Music may be appointed In the case of title holders (Sangitha Siromani or Sangitha Bhushan) if they also happen to be S.S.L.C or Matriculates they may be appointed. Rs 80-5-120-10-170

Note

The scale of pay for school Assistants in Govt schools is Rs 85-5-125-10-175. It is not clear why the B-P-I. has recommended the scale which was previously in force. The revised scale may be allowed. For local bodies the scale of pay may be Rs ~~&5xxxxxxx~~ Rs 75-5-145. - As regards title holders, in the case of oriental title holders with the general educational qualification of S.S.L.C completed appointed as Pandits in Secondary Schools, the scale of pay of LT Assistant has been allowed and they have been equated with degree holders with LT or BT Training. The same principle is proposed to be adopted in this case also.

Apparently this is a mistake.
