Sir,

Subject Permission to take land on lease for residential and agricultural purposes.

1. I am an officer of the Madras Edl service now on leave after 7 years of War service

2. Recently I had applied to Govt for a grant of Wasteland in Ootacamund Taluk of Nilgiris Dist but owing to the ban on assignment Govt have offered me the lease of the land for one fasli from 1 July 1948.

3. It is doubtful whether permission of Govt is necessary to taking land on lease; but in order not to err on the subject I am writing to request Govt sanction

4. Govt Memorandum No 5270 F/47-2 dated 27 Nov 47 in the Revenue Deptt refers.

not put up — (in Rev Deptt)

5. I would also request Govt's permission to take a house and land surrounding it on lease situated at Egmore. The reason for taking lease of this is because I have no house in Madras and cannot, while I am on leave get any priority to obtain one. I have the honour to be

Attention is invited to rule 13 of the Government Servants' Conduct Rules. It would appear that the main reason for the prohibition of a Government servant from engaging in any trade or undertaking any employment or work other than his official duties is that his official duties are likely to suffer by his extra official activities. If the grant in this case is in the opinion of Government likely to distract the attention of the Government servant from his normal duties, the grant would be at variance with the spirit of the rule. Otherwise, the Government Servants' Conduct Rules do not prohibit the grant.

Sir,

Sub: Permission of Government sought to live outside the City limits.

I beg to submit the following request for Government's kind acceptance.

After trying for over two years to secure a house in Madras I was compelled, by the urgent need for accommodation, to move out of the City limits. I was able to acquire the lease of a house at Ennore for a period of ten years. I am paying a monthly rent of Rs.100/- for that house according to the terms of the lease. The actual distance of the place is 11 miles from Fort St. George and I do not find any difficulty in coming to Madras for the performance of my duty. As a rule, I get into Madras in the morning and leave late in the evening and I am therefore available for work all day.

In view of the extreme difficulty of securing accommodation in Madras, of which Government are aware, I request their kind permission to be allowed to stay in my present house.

Yours faithfully,

In continuation of my letter dated 21-2-1949 on the subject I beg to state that I omitted to mention in my previous letter that - although Ennur is not connected by Telephone it would be possible for me to be contacted through the Police Out-post in Tiruvottiyur where I can make arrangements with the local Police Officer for passing on any message to me.

It is also very likely that the Telephone system would be extended to Ennur shortly on account of the starting of The Asok Motor Works which is the Austin Motors Assembly Plant for the whole of India.

I am invariably in Madras on working days and holidays to attend to office work from about 10 in the morning to 8 in the evening.

To

The Director of Public Instruction,

Sir,

REF: My conversation with you on the subject of my stay at Ennore.

I have the honour to submit the following:

pp.1-2 nf.

In my last letter I had anticipated and answered some of the questions now raised by Government.

2. Regarding the first point whether an officer staying out of the City could perform his duties properly, I should say that my staying outside the City has not so far interfered with the proper performance of the duties pertaining to my appointment. The place where I stay is really only five miles out of the City limits.

3. Since 22 February 1949 when I took up this appointment I have been working in the office till 8-30 p.m. and 9-30 p.m. as required - more often till 9-30 p.m. I have also been attending office on all holidays. I am certain that no part of my duties has been, is being or will be neglected in consequence of my staying outside the City.

4. With regard to the second point about interviews - occupying the whole day, it is precisely because a great deal of time during the day is taken up with interviews that I have to - stay till late in the evening and work on holidays to cope with the enormous and voluminous office work which attaches to this appointment. I do in the office every day the equivalent of 'home work' in between 5 and 9-30 p.m. that is for a period of 4½ hours.

5. I have been aware from the outset that it should not be said that I am not accessible to visitors because I stay outside the City. In order not to give room for that idea I have been attending office on all days without exception and any one can se me during office hours or even outside office hours if he wants t There is absolutely no question whatever of any part of my work

work being affected, much less neglected, by my not staying in the City. The only disadvantage that I can see attaching to this arrangement is that I am not available for visitors between 7 and 10 in the morning. About this I should say quite frankly that I would not be happy to see visitors at home even if I stayed in the City and I consider it entirely unnecessary to do that except on those occasions when one is unable to attend office.

I am putting in a total of ten hours of work every day for my office work and visitors.

6. Regarding the question about petrol, since I visit no other place as a rule, my journeys are restricted practically to office and home. I have been able to manage on the allotment made for my car so far. Should the petrol supply get further restricted I may have to use the train service or a bicycle.

7. I would say in conclusion that it is an economic necessity for me to stay at Ennore where I am paying a rent of Rs.100/- a month and where I have to maintain a certain minimum establishment for the upkeep and maintenance of the place. On the meagre net salary which I get now, it would be impossible for me to pay rent and maintain an establishment and run a house in the City in addition to the one at Ennore.

In the light of what I have said above I would request you to make a strong recommendation to Government to permit me to stay outside the City as a special case.

Yours faithfully,

A

SUB:- Lt. Col. M.A. Hamid - Permission to live at Ennore - Reconsideration of orders - Requested.

REF:- Govt. Memo No. 17963-A-1, Edn., dated 4th April 1949.

E/15

***

I have the honour to request Government to be so good as to reconsider the orders in their memorandum quoted above for the following reasons:-

(1) There is at present a most acute crisis in the Madras City as regards house accommodation and I fear I would not be able, in spite of all efforts, to secure a house at Madras. Even if, for the sake of argument I got a house I would have to pay at least Rs.200/- per mensem as rent. What is left to me after deductions from my pay is Rs.615/- and if I pay Rs.200/- or over by way of rent I would have bearly Rs.400/- to live on.

(2) Apart from this aspect of the question the reason given by Government in their order quoted above for refusing permission to me to stay at Ennore was that I was conducting large scale agricultural operations in Ennore and that it would interfere with the performance of my duties if I were permitted to remain there. I beg to submit that the idea that I was conducting large scale agricultural operations is not correct. The facts are:-

(a) During my 28 months leave from '46 to '48 I felt that I should take some interest in the Grow More Food Campaign and with that object in view I took a house and some land attached to it on lease for 10 years. Part of my reason for taking that house on lease was that I might stay there in the

26

the last three years of my service, not having a house of my own or a rented house in the Madras City.

(b) During my leave I engaged a maistry to cultivate about 2 to 3 acres for me and that proved a disastrous failure owing to local difficulties such as cattle trespass, water scarcity and widespread tendency in the village to pilfer crops.

(c) That position continues to-day. It would be hardly correct to call that activity large scale agricultural operations. Indeed I am certain that any officer who takes some interest in gardening would do as much. That would hardly interfere with my professional work.

(d) I would assure Government most earnestly that any small cultivation that goes on is supervised by a maistry who is a trained gardener of the Agricultural Department. I do not have to devote any time or energy in that direction.

(3) I am in office on all days including holidays from about 10-30 A.M. till about 8-30 in the evening. That has been so ever since I took charge of my present appointment.

(4) It would be noticed from the above that my staying at Ennore, far from being a hindrance to the performance of my duties, is a great blessing in the sense that I have a house to live in in a healthy place. I would, therefore, request Government to be pleased to grant me permission to reside at Ennore.

Yours faithfully,

CHIEF SECRETARIAT

Public (Misc.) Dept

Please see the query of H.M. (E. & L.) on p. 3 ante and the note following. The idea in compelling Lt. Col. Hamid to reside in the City is that an officer should reside in his headquarters. To live outside headquarters, he should get permission from the Govt. The idea in requiring an officer to live in his headquarters is that he must be available for urgent and special office work ~~office work~~ outside office hours and that no extra expenditure to Govt. is involved by his residence outside headquarters. Attention in this connection is invited to the notes at pp 19-22 and pp. 31-33 of G.O. 871, Public (Political), dated 3-5-1937. Ⓐ

In the case of Lt. Col. Hamid, in view of the scarcity of house accomodation in the City and in view of the quick transport now available ~~from~~ and to the City, it is for orders whether this Dept. will

He has his own car &

agree to permitting him to live at Ennore, provided that no extra expenditure is caused to the Govt. After orders are passed, the file may be returned to E&P.H.

The D.P.I has recommended Col. Hamid's request. presumably because he is satisfied that no inconvenience to Govt. work has been caused and no additional expenditure to Govt ~~are being caused~~ involved thereby. Not many people will find Ennore so attractive and the inconvenience of travelling up & down daily so inappreciable from a personal point of view as Col Hamid seems to have been ~~[illegible]~~ finding. I think we shd be grateful to any officers who manages in this way without ~~aggr~~ adding to the scramble for houses in the city.

I do not know how Col. Hamid is getting petrol so much as to go to Ennore every day. I doubt very much whether an officer living so far away can attend

Will his work suffer, particularly when one's time during office hours is wasted on visitors? Tell the D.P.I. accordingly & ask him whether Public work will not suffer by Cl. Hamid living outside the city.

H.M. may like to agree, as the personal circumstances of Col. Hamid are also such that he cannot afford to live in the city.

H.M. (E & L)

On general principles it is not advisable to allow an officer of this position to live outside the city. But in the special circumstances of this case Cl. Hamid may be given 6 months more time from to-date to find accommodation in the city.
