THE SOCIETY OF THE CATHOLIC EDUCATIONAL COUNCIL OF SOUTH INDIA

From
V.Rev. Monsgr. A.F.Theodore, D.D., B.A.,L.T.,
Secretary, The Catholic Educational Council of South India,
M a d r a s.

To
The Hon'ble Minister for Education,
Government of Madras.
M a d r a s.

Sir,

I thank you for your kindness in according me an interview on the 22nd August. Availing myself of your kind promise to consider the case of Religious teachers (Priests, Nuns and Brothers) who have attained their sixtieth year, may I place the matter before you for your sympathetic consideration and favourable orders.

At present Religious teachers who have attained their sixtieth year are permitted to teach in schools but no teaching grant is paid for them. Most of these teachers are still strong and energetic and as a result of their long experience their teaching is efficient. Teaching is to them a matter of vocation and they devote themselves with much self-sacrifice and zeal to their work. It is a great financial loss to the school if no grant is paid if their services continue to be efficient and beneficial to the school.

Their retention in service does not stand in way of promotion of the junior members of the staff, as in the case of lay teachers, and hence no injustice is done to anyone.

May I request you, Sir, kindly to pass orders that Religious teachers who have attained their sixtieth year be permitted to continue to teach and the usual grant be paid if the inspecting officer is satisfied that they are still strong and energetic and their teaching efficient and beneficial to the school.

Thanking you, Sir, once more for your kind promise to consider the matter and awaiting your favourable orders.

I have the honour to be,

Sir,
Your most obedient servant.

Schools - Secondary - Aided - Assessment of teaching grant on behalf of teachers who are retained in service beyond sixty years of age - Proposal - 9 not approved

From the Secretary Catholic Educational Council of South India dated 2-9-47

From the D.P. 9 no 2401 E/2/47 d 28-10-47

Order no 1587 Education of 18/6/48.

The Govt have considered the question whether rule 16 of the Grant-in-Aid Code should be amended so as to permit the assessment of teaching grant on behalf of teachers in aided educational institutions who are permitted by the D.P. 9 to be retained in service beyond sixty years of age and have decided that ^{no change} need be made. They also agree with the D.P. 9

that in regard to the grant of permission to teachers to work after sixty years of age, the provisions of Rule 10-A of the Madras Educational Rules are sufficient

Grant-in-Aid - Exemption from age rule on behalf of superannuated teachers-
Assessment of teaching grant on their behalf

From the Secretary Catholic Educational Council of South India dated 2-9-47

From the D.P.I. R.O.C. 2401 E/2 47 dated 28- 10-47

The request of the Secretary Catholic Educational Council of South India is that Religious teachers who have attained the ~~sixty~~ ^{sixty} year may be permitted to continue to teach and that their salary may be taken into account for purposes of assessment of teaching grant to the institution.

2. Under Rule 10-A of the M.E.R., the D.P.I. may permit a teacher over sixty years of age to work in a school. The Director says that under this rule extensions may be given for one year at a time up to 65 and that no amendment of the rule is necessary. *This may be accepted*

3. Under Rule 16 of the Grant-in-Aid Code, no grant should ordinarily be paid on behalf of teachers in aided secondary schools who have completed their 55th year. The Director may however relax the rule in special cases up to the age of sixty. No grant should be paid on behalf of teachers who are retained in service beyond sixty years of age. The rule was issued under G.O. No 368 Edn dated 6-3-40. Attention is solicited to Mr Rutherford's minute on page 3 of the G.O. The D.P.I. states that in the case of teachers in European and Anglo Indian schools who are granted permission to continue in service after sixty, teaching grants are assessed and the same practice should be adopted in the case of other aided schools also. By permitting the retention of these superannuated men the Govt are put to some extra expenditure as they will be drawing the maximum salaries in the time scales ~~after 55 years of age~~ and if grants are assessed on the basis of those salaries there will be some extra cost than the grant that would otherwise be admissible on half

of a new recruit on the minimum pay in the time scales of pay. It is therefore for consideration whether the rule should be changed and the D.P.I. should be permitted to assess grants on behalf of such super annuated men and if so the minimum salary in the time scales of pay or the average pay of the time scale may alone be taken as the ~~max~~ approved expenditure for purposes of assessment of grant on behalf of these ^{superannuated} teachers.

Retention in service after 55 years and by relaxing the rule for sufficient reasons, further retention is allowed in exceptional cases. If grant is allowed in special cases will be diminished.

In the circumstances stated by the DPI on p 5 CF, Finance also may agree with the DPI's view at P on p. 5 CF. (The extra cost is not likely to be much, as retention in service will be sanctioned year by year under very special circumstances).

25.4.48 H.M. (Finance) may see before issue of order. 3.5.48 4/5/48

Notes from page 1 ante may be perused. Under rule 16 of the Grant-in-Aid Code no teaching grant should be paid on behalf of teachers in aided secondary schools who are retained in service beyond sixty of years. The Director has recommended that when teachers are permitted to teach as a special case, after 60 years of age, the expenditure on payment of salaries to such teachers should be taken into account for purposes of assessment of teaching grant. It is proposed to accept the Director's recommendation and amend the rule. Finance have agreed to the proposal as the extra cost is not likely to be much as permission to continue in service after

I am not convinced why the existing rule should be changed. 60 is good enough for Indian schools. Otherwise, retention up to 65 would become normal.
