Director of Public In

Director of Public Instruction,

To
The Secretary to Government,
Education & Public Health Department.

Sir,

Ref:- Government Memo No.23130-B2/48-1, dated 19—3—48.

***

I have the honour to submit the following report:-

1. Director of Public Instruction, Pudukottai: The present incumbent is in the scale of Rs.250-10-350. He is 57 years old and is drawing Rs.270/- and is expecting the next increment shortly. He was due to have retired in April 1948 but has been given an extension of service for a year. Presumably the Madras Government would be within their right to terminate his services earlier. He has, however, represented that in order to facilitate the transfer of management and the introduction of the Madras Government rules, he may be continued as a Special Officer on his present salary till the end of December. If Government agree to this proposal I would suggest that a senior Deputy Inspector of schools of the Province be attached to him as an Assistant Special Officer and if this is done for a period of 3 to 4 months it would be possible for the Special Officer to bring all the school in line with the schools under this department. It is expected that by that time the question of forming a separate district for Pudukottai or merging the territory in the neighbouring districts would have been settled and all the elementary and secondary schools now under State management would then be transferred to the District Board which would have jurisdiction in the area. An experienced head clerk or Upper division clerk from one of our offices has to be posted as Head clerk. This would make it easy to transfer the connected records to the offices of the District Educational Officers concerned.

2. Inspecting staff:-

The Inspecting staff consists of a Personal Assistant to the Director of Public Instruction in the scale of Rs.100-5-150. In addition to his being the head of the Director of Public Instruction's office in passing orders on routine matters, he also assists the Director of Public Instruction in the inspection of local secondary schools and receives a conveyance allowance of Rs.10/- a month. The next officer is the Inspector of Schools, Thirumayam circle in the scale of Rs.70-5-120. He is a B.A., L.T., and is in receipt of Rs.30/- as Fixed Travelling Allowance and has to tour for 24 days a month. He also gets an allowance of Rs.10/ for inspecting Secondary schools outside his jurisdiction. There are also 2 inspectors in the junior grade in the scale of Rs.50-3-80 in the taluqs of Kulathur and Alangudi. Both are in receipt of Rs.30/- as fixed Travelling Allowance. Compulsion has been introduced in the entire taluk of Thirumaya and half the taluks of Kulathur and Alangudi. For th purpose of enforcing compulsion there are two Deputy Inspect working in Thirumayam and two others one each under the Juni inspectors. They are in the grade of Rs.35-2-55 and are als in receipt of Rs.21/- as fixed T.A. None of these officers have any office establishment, but are allowed to utilise services of teachers for clerical work. Each of these has, however, a peon. The number of elementary schools on 1-4 is reported to be 328 (216 State and 112 aided) excluding the elementary schools attached to secondary schools, aid or government. I suggest that TWO Deputy Inspector's ran

may be formed each with a Junior Deputy Inspector der con-
The Personal Assistant to the D.P.I. and the Inspect
the senior grade may each be in charge of one range the
two inspectors of the junior grade be attached one to tary
each of the Deputy Inspectors. For the present the a s
dance officers otherwise known as Deputy Inspectors m on-
be continued for the purpose of working the compulsory
scheme. There are 7 clerks and 1 typist in the Office
the D.P.I. Of these two clerks each may be assigned to
two Deputy Inspectors. One Headclerk and two lower divi
clerks may be appointed in addition to the Headquarters d
office.

3. Institutions:--

(a) Elementary schools:-

Until the future status of the Pudukottai state is settled, that is, whether it is to form a separate district or whether it is to be merged in the neighbouring districts, all the elementary schools run by the State have to be run by this department. The management of these schools can eventually be transferred to the Local Board that is likely to be constituted for the area. In view of this it is desirable that all the teachers in these elementary schools are placed on the scales of pay applicable to the schools under the Local Board in this Province and next on Government scales.

As far as aided elementary schools are concerned, I consider that Government should immediately announce that the Dearness allowance which elementary school teachers in the Province are receiving would be applicable to these teachers either from the date of merger 3.3.'48 or from 1.3.1948 to make assessment easier or from 1.4.48. At present aided elementary schools receive their grants monthly, grants being assessed according to the rates fixed by the Durbar at the rates shown in the Annexure 'A' plus a D.A. of Rs.3/- per mensem. The managements are required to sanction to the teachers the scale of pay in force in Government schools (as shown in Annexure 'B') which would therefore mean that each management has to supplement the teaching grants from their own funds as they are not in receipt of any maintenance grant as in the case of schools in the Province. The Department has also the right to disallow grant for a teacher or for the entire school for bad work or irregular attendance. I understand, however, that the practice obtaining in the Province of giving a reduction does not prevail there. It is desirable that in addition to the D.A. at the rates now in force in the Province, these aided schools should also be assessed grants at the rates prevailing here. Details of the estimated expenditure will be worked out later on receipt of the orders of Government. The Certificates issued by the Pudukottai State has not been recognised as equivalent to the corresponding grades in view of the fact that the training is only for 12 months. It may not be fair, however, to assess grants at lower rates for this reason and as a special case all the teachers now employed in various schools may have to be classified as teachers of the corresponding grade in the Province.

(b) Training:-

proposals which the Government of Pudukottai had under consideration.

The rate of stipends for the secondary grade is the same as for this Province. In regard to Higher elementary grade however, it is Rs.15/- which is higher than Rs.12/- that is sanctioned in Madras. I see no reason why this higher rate for the Higher Elementary grade should be continued next year.

(c) Secondary:-

Almost all the secondary schools, both State and private, have large elementary sections attached to them. It is desirable to separate them, but for next year they may be allowed to continue. So far as Government schools are concerned, it is not the policy of government to run secondary schools except where that are intended for girls. Till a local body is constituted for the area, there is however, no other alternative but to continue them as Government schools. As suggested in the case of elementary schools, the teachers in these schools also may be granted local board scales of pay. It is found that the scales of pay of teachers in elementary and secondary under state management are lower than those in the Province. The Headmaster of the Sri Brihadambal High School as well as the Headmistress of the Rani's high school are however on special scales of pay. The Headmaster is in the scale of Rs.125-10-175 and is drawing Rs.175/-. He is 53 years old and has put in 27 years of service in the school. The Headmistress is in the scale of Rs.200-10-250 and draws a salary of Rs.210/-. She has put in 18 years of service in the school. She is 50 years old. The only school which Government may consider retaining under their management is the Rani's high school for girls. I recommend that the special scale for the Headmistress may be continued. The fees charged in the schools are slightly lower than the standard rates in this province and are also graded for different forms. In the Rani's school, the rates are only one-third. In addition some free scholarships and boarding concessions are awarded but the total value of the boarding concessions both for the college as well as the school comes only to about Rs.3,600/- per year. Though the rules for the award of free scholarships and boarding concession have to be revised, I recommend that for the year 1948-49 they may be continued without any modification.

In regard to aided schools, only 2 schools are in receipt of block grants -- C.S.M. high school, Pudukottai and Bhuvaneswaraswami high school, Ramachandrapuram. The C.S.M. high school gets a grant of Rs.5,000/- per annum payable in monthly instalments while the other gets a block grant of Rs.275/- p.m. No other secondary school is in receipt of any grant though proposals for the payment of grant from the next academic year are reported to be under consideration. These two schools as well as the remaining secondary schools may be brought under our Grant-in-Aid Code. The estimated expenditure for the payment of teaching grant according to the grant-in-aid code to all the aided schools will be worked out later on receipt of orders.

(d) Collegiate:-

The Rajah's college is a First grade one with the following strength in the different classes:-

I Class	181	III Class	33 plus 2 girls
II Class	99	IV "	27 plus 2 girls
	280		60 plus 4

For the B.A. the college is affiliated in Group (i) (b)

Mathematics and Group (iv) (b) Economics and History. The existing staff consists of a Principal, 3 Professors, 6 Lecturers, 7 Assistant Lecturers, one Pandit, one Physical Director, one Tutor and 2 Demonstrators. I recommend that the existing staff may be continued on their present scales of pay and that the question of their absorption into Government service and the fixation of their pay may be considered later. The existing scales of pay are as follows:-

Principal	250--20--450
Professors	200--10--400
Lecturers	150--10--250
Asst. Lecturers	100--10--150
Pandit	80-- 5--140
Physical Director	150--10--200
Tutors and Demonstratos-	60-- 5-- 75

The Principal is not having any B.A. work as the College is not affiliated in Physics for the B.A. and he is only the head of the Intermediate department in Physics. Ido not consider it desirable to effect any change in the personnel and that he may be continued in his present post. The post of Professor of Mathematics is at present vacant, the permanent incumbent Mr.Panchapagesan having been compulsorily retired from 1-4-1948 for taking part in politics. I understand that the incumbent is submitting a representation to Government on the question. The present Professor of History has been ordered to be retired from 1.7.1948. He is 58 years old. I understand that one Dr.Ponnayya, M.A., D.Litt., who is reported to be serving under the Government of India in the Agricultural Department has already been appointed to the post on a salary of Rs.300/-. I recommend that this appointment order issued some months ago may be allowed to stand. If it is objected to, another M.E.S. post in History will have to be created. The Principal informed me that Mr.Ponniah has not so far intimated his willingness to join the post. In the College staff there are 5 members who possess only third class M.A. degrees. Three of them have put in more than 5 years of service in the college and may therefore be automatically be exempted by Government from the possession of the prescribed qualifications. Two however, have put in less than 5 years and as a special case, they may also be exempted from the possession of the prescribed qualifications.

It is impossible to admit any more students in the College unless additional accommodation is immediately provided. At present it is not possible to admit more than 88 students in the science classes in the Intermediate owing to the limited laboratory and lecture room space. I have instructed the Principal to submit proposals with a rough estimate of the cost for removing two walls in the Chemistry laboratory for enabling an additional batch of 44 being admitted in the science sections. These alterations can be made without any difficulty and I recommend that Government may allow me to issue instructions in this regard. The Principal informed me that the present gas plant is about 25 years old and has to be replaced. An estimate of Rs.20,000/- for this purpose had been sanctioned by the State and an order had actually been placed for its supply. After the merger the order has been cancelled. The Principal considers that the provision of the new gas plant should be treated as an urgent item and that sanction should be accorded for its purchase.

A small sum of Rs.3,000/- is required for electrifying some of the lecture rooms. This may be allowed. The hostel is in urgent need of an electric pump. The provision made for these two items has similarly been cancelled and has to be restored.

For developing this College, it is essential that Group II should be introduced in the Intermediate classes, while in the B.A., B.O.L., and B.Com. and one or two B.Sc. cours be considered. It is necessary, however, that additional modation is provided before any steps are taken for dev the college. The College is affiliated in Electrical En for the Intermediate. The Lecturer in charge gets an all of Rs.50/- for being the Electrical Inspector for the Stat has to cease since these duties will naturally be taken o the P.W.D. A group certificate course in Electrical Engine, is run in the College under his supervision with the approv of the University. I recommend that this course may continu and a small allowance may be sanctioned to this Lecturer for this purpose.

4. To sum up, I submit the following recommendations:-

INSPECTION.

(a) The D.P.I. as well as other members of the existing staff should be absorbed into Government service.

(b) The D.P.I. should continue in his old scale as Special Officer for a period of 3 or 4 months during which time he will be expected to complete all arrangements, with the help of the Assistant Special Officer, for the change over to our rules in regard to administration as well as assessment of grant for all classes of schools.

(c) The Personal Assistant and the Senior Inspector shou be placed on the scale of pay of the Senior Deputy Inspector, all the existing schools being distributed between them.

(d) The Junior Inspectors should be placed on the scale of pay of Junior Deputy Inspector, each one being attached to one of the Senior Deputy Inspectors.

(e) The existing Deputy Inspectors should be continued as Attendance Officers for looking after the compulsory areas.

(f) Each Senior Deputy Inspector should have an office establishment of two clerks, one of whom should be from the office of the D.P.I.(State) and the other fromone of the Senior Deputy Inspector's office in the Province. The remaining 5 clerks and typist may continue at the Headquarters office. In addition an experienced upper division clerk or Head clerk of the Education Department should be posted as the Head of the Office.

(g) The post of an Assistant Special Officers should be created and filled by an experienced Senior Deputy Inspector of schools from the department. The entire Headquarters establishment should be disbanded as soon as the change-over has been completed which is not likely to take more then 3 or 4 months.

2. College.

(a) The College should be taken over by Government but all the members of the staff should continue on the existing scales of pay. All the existing courses of study should also continue.

(b) If it becomes necessary to fill in the vacancy of the post of Professor of Mathematics a post inthe M.E.S. should be created. Similarly if the person appointed as Lecturer in History does not join another M.E.S. post has also to be created.

(c) Immediate orders may be passed for the purchase of a gas tank, an electric water pump for the hostel and for electri fying some of the rooms in the college.

(d) Arrangements should be made for dem
walls in the Chemistry Laboratory to provide
batch.

(e) The present scale of fees and other co
be continued unaltered. The Principal should h
issue the prospectus for admission on these lin

(f) Exemption should be given to such of th
who possess only a third class M.A. degree.

3. Secondary schools.

(a) All schools under statemanagement should be ta
by Government along with the existing incumbents who shou
fitted into the Local body scales.

(b) X The Rani's high school may be taken over by Gover
ment and the incumbents paid according to the government sca
of pay, the Headmistress being continued onher xx own scale o
pay.

(c) All aided schools should be informed that grant-
for the year 1948-49 would be assessed accordin to the
in-Aid Code rules. The standard rate of fees levied in
vince x need not be applied for 1948-49 and schools m
to levy the same fees as they are doing at present.

CONFIDENTIAL
SPECIAL

GOVERNMENT OF MADRAS
Education and Public Health Department.
Memorandum No.23130 B2/48-5, Edn., dated 22nd June 1948.

SUB:- PUDUKOTTAH STATE - Education Department - Taking over by the Madras Government.

REF:- From the Director of Public Instruction, No.823 K2/48, dated 18th April 1948.

***

Paragraph 1 of the letter - Director of Public Instruction, Pudukottah:- The Government accept the proposal of the Director of Public Instruction that the present Director of Public Instruction, Pudukottah, may be retained as special Officer on his present pay of Rs.270/- till December 1948. The Director's proposals that a senior Deputy Inspector of this Province may be attached to the Special Officer for three or four months and that an experienced Head Clerk from one of the educational offices may be posted as Head Clerk under the Special Officer, are also accepted.

2.Paragraph 2 of the letter - Inspecting staff: - The reorganisation suggested by the Director of Public Instruction is generally approved. As Pudukottah is now part of the Madras Province the rules regarding qualification, pay, etc., in force here will be applicable to all the employees under the Durbar. The Director is requested to prepare a list of employees in the Education Department in Pudukottah, examine whether they possess the qualifications prescribed in the Madras rules and make recommendations wherever necessary for relaxation of rules to enable them to be absorbed in the Madras cadres and also to prepare an estimate of the cost if those employees are to be paid according to the rates of salaries in force in the Madras Province.

The Senior Inspector in charge may have two clerks under him but there does not appear to be any necessity for a Head Clerk and two lower division clerks at the Headquarters. It is suggested that the posts can be abolished and the work attended to by the staff in the Office of the District Educational Officer, Thiruchirapally, into which district Pudukottah is merged. The Director is requested to offer his remarks on the suggestion.

As regards attendance officers, 60 such posts were sanctioned recently. The Director is requested to examine whether the compulsory elementary education scheme in Pudukottah cannot be entrusted to one of these officers and the existing posts in the area abolished. The other posts of Inspecting Officers may be brought on to the cadres of posts in Government service and the question as to how the existing incumbents in the posts may be fitted in the new scale may be examined in due course, pending which they may be allowed their existing pay. They may be paid F.T.A. etc. at Government rates and the existing rates of conveyance allowance etc. may be abolished.

3. Paragraph 3 of the letter - Elementary Schools:- The Government accept the proposals of the Director of Public Instruction - (1) that the rules relating to recognition and aid for elementary schools in the Madras Province may be applied to elementary schools in Pudukottah, subject to the condition that certificates of teachers in service on the date of the merger be recognised as equivalent to the certificates of the corresponding grade in the province;

(2) that elementary schools should be assessed grants at the rates prevailing in the Province and that teachers should also be paid dearness allowance at the Madras Government rates.

The two proposals may be given effect to as from the 1st January 1948.

M

The Government also approve provisionally the Director's proposal that State elementary schools should be maintained by the Department, the teachers being allowed the revised scales of pay admissible to teachers under local bodies in Madras pending consideration of the question of formation of a local body for that area. They further agree to retain all elementary school teachers who have been in service for more than 5 years.

4. Paragraph 3(b) - Training Schools:- Training sections for boys may be transferred to Thiruchirapally and a separate section for girls may be attached to the Rani's High School. The existing one year course may be abolished. Stipends for both secondary and higher elementary grade training may be the same as those in Madras.

5. Paragfaph 3(c) - Secondary Schools:- (i) State Schools:- The Government accept the Director's proposal that Sri Brihadambal High School for boys, Pudukottah, may be taken over under Government management until a local body is constituted for the area, that the teachers in the school may be granted the revised scales of pay fixed for teachers in secondary schools under local bodies and that the Headmaster of the school may be paid on the scale of pay of Rs.150-10-200 plus a special pay of Rs.10/- or Rs.25/- admissible according to the strength of the school. Similarly, the Rani High School for girls should be taken over under Government management temporarily until a local body is constituted for the area and the staff of the school except the Headmistress should be brought on to the scales of pay fixed for teachers in the secondary schools under local bodies. The existing scale of pay for the Headmistress should be treated as personal to her and she should be allowed to continue on that scale. When fixing the pay of the staff in the revised scales, weightage may be given for their previous service in the schools.

The Government accept the Director's recommendation that during 1948-49 school fees may continue to be levied at the old rates, and that scholarships and boarding concessions may be continued without any modification.

(ii) Aided Schools:- The Government consider that during 1948-49 aided schools may be allowed to levy fees at the existing rates and that they may be paid the grants to which they are entitled to under the rules in force in Pudukottah. From 1949-50 they may be brought into line with other aided secondary schools in the matter of levy of fees, adoption of revised scales of pay and payment of teaching grants under the Grant-in-Aid Code.

6. Paragraph 3(d) of the letter: Collegiate:- The Rajah's College should be deemed to be a Madras Government College now and all the Madras rules regarding qualifications, pay, etc. should be applied to the staff.

The Director's proposals that the existing staff may be continued on their present scales of pay and that question of their absorption into Government service and fixation of their pay may be considered later is accepted. Dr.Ponnayya's appointment as Principal may also be continued until further orders. The Director may examine the qualifications of the members of the staff and make recommendations, wherever necessary, for relaxation of rules to enable them to be absorbed in Madras cadres. He is also requested to work out the cost involved if the employees are to be placed on the scales of pay allowed to similar employees in Government colleges in the Madras Province. He is also requested to examine the necessity for the staff now employed in the college with reference to the number of hours of work for each member of the staff. The Government consider that the proposals for electrification of some of the lecture rooms and the introduction of new groupe for

---

the Intermediate and B.A. may be brought forward in connection with Part II Estimates for 1949-50.

Rat p.5

The Government agree that the group certificate course in Electrical Engineering now conducted in the College may continue and a small allowance may be sanctioned to the Lecturer in charge.

7. The proposals are approved only provisionally. The Director is requested to submit very urgently a detailed estimate of the cost involved in all the proposals. On receipt of the estimate final orders will be issued.

The Darbar sanctioned a sum of Rs.20,000/- to buy and erect a new gas machine for the Raja's College since the existing gas machine breaks down frequently and since its capacity is only for 48 students. The present strength of students to whom petrol gas has to be supplied is about 88.

2. Orders have been placed with Messrs. Vijayam and company, Engineers, Contractors and merchants, Madras. The contract price is Rs.12450/- including the cost of equipment and erection charges etc. In addition to this the cost of pipes etc., will come to Rs.2500/-. The principal wants to have the erection of the new gas plant done immediately i.e., before the re-opening of the College. Messrs. Vijayam & Company, Madras and the State Engineer have estimated the cost of

of bricktank and producer house at Rs.5000. This expenditure may be met from the sum of Rs.20000/- sanctioned.

3. I request that sanction may kindly be accorded to construct a brick tank and producer house at a cost not exceeding Rs.5,000/-.

4. The Darbar have already ordered that the present gas plant in use may be given to the Sri Brahadamba High School.

5. The State Engineer has recommended that the executive of the works referred to in paragraph 2 above may be entrusted to V.M.Krishnamurthi Kothannar a contractor at 20% above the current schedule of rates in view of the necessity and urgency of the work. He has stated that this rate is reasonable and may be allowed as a special case. I submit that the State Engineer's recommendation may be approved.

I have the honour to state that even though the Durbar has restored the sanction for the new gas plant and a new pump set for the hostel, the expenditure on the purchase and erection now after the merger of the State has to be sanctioned by the Government. I would invite attention to the letter of the Special Deputy Collector, Pudukottai state to the Collector of Tiruchirapalli requesting sanction for the construction of a brick tank and producer house at a cost not exceeding Rs.5,000/-. Though this expenditure is included in the sum of Rs.20,000/- the entire expenditure has now to be met from the Madras Government funds for which sanction is required. p3-4 ante

1. I understand that a communication has been received in the College here yesterday to the effect that the school fees in the College have been enhanced by 66 2/3 per cent and that the enhanced fees should be paid before 30-7-48. (The annual fee of Rs.90/- for First University Class for instance is enhanced to Rs.150/-).

Madras rate Rs. 144 in mofussil Rs 150

2. The College here was reopened in the last week of the last month and no notice of any kind was given to the student or parent that there would be an enhancement in the middle of the academic year.

3. Having given it out, on the date of admission of student, that the ~~amount~~ annual fee is only Rs.90/-, it is neither legal, nor fair, nor equitable to demand an enhancement in the middle. The parents are in a big dilemma at present. They are not able to continue the studies of the children, as the enhancement is by 66 2/3 % , nor are they in a position to stop the education of the children and make them waste one valuable year.

4. If this enhancement had been duly announced early enough many would not have joined the institution at all.

5. The students were admitted in the last week of June and long after it, they were given a calender in which a note was put that fees are subject to alteration. This cannot be construed as a notice for the enhancement that has been done now. At best, it will mean that it is liable to be altered

only from the next academic year (1949).

6. I am told that the enhanced fees by 66 2/3% are thus brought into effect, suddenly, without any notice and I am told that the enhanced fee are ordered to be paid before 30-7-48, on pain of dismissal of the students.

7. You can well imagine the agony of the parents. The prices of food stuffs are soaring high and to add to the difficulty, if the schools fees are suddenly raised by 66 2/3%, it is working untold hardship on the people. I am sure that you will appreciate the unfortunate position of the parents. May I therefore request you to be pleased to order that in the circumstances of the case the enhanced fee of 66 2/3% might be collected from the next academic year onwards?

8. Pending final orders on this, I pray that the collection of the enhanced fee now fixed for 30-7-48, may kindly be stayed.

Thanking you,

Yours faithfully,

MINISTER FOR EDUCATION

GOVT. OF MADRAS

Sir,

We wish to bring to your notice, the sudden announcement of the new rates of fees for both the Senior Intermediate and B.A. classes. We the Students of these classes are forced by financial difficulties to lodge an earnest protest against the new rates.

It is common knowledge, that most of us came to study at this college, because of the low fees; and it must be remembered that with great difficulty, we have managed to arrange for loans for the two-year course at rupees at ninety (Rs 90) per year for the intermediate and rupees one twenty (Rs 120) per year for the B.A, on the persumption that we would complete our studies with the money borrowed. The new rates have completely up set our future; for if the new rules concerning the new rates were to come in to force, most of us will have no alternative but to dis.continue our studies. Had we had this intimation of the increased fees in 1947, — at the beginning of our course — many of us would have made arrangements to study at some other cheaper college or had taken up some profession.

Now, in the middle of our course, it would be impossible for us to pay Rs one hundred and fifty (Rs 150) per year for the Senior Intermediate and rupees one hundred and eighty nine (Rs 189) per year for the Senior B.A. Class — ie. a rise of 66 2/3% for the Senior Intermediate and 57½% for the Senior B.A. Class. Now, at a time when it behoves us to put in much serious study, we are beset with worries of the future. Needless to say, it would be impossible to obtain further loans at this juncture. This is a monstrous state of affairs; and, as obvious, needs immediate rectification.

6

We are confident that you will give this humble petition immediate and serious consideration. On your decision, lies the future of most of us. Once again we entreat you to enable us (the Senior Students who are to appear for the Public Examination of March, 1949) to have the previlege of completing our studies, paying our fees at the rates we paid in our Junior classes.

For this act of kindness we shall ever remain your debtors.

We beg to remain,
Sir,
Your most obedient Students.

Sir,

RAJAH'S COLLEGE, PUDUKOTTAI - Tuition Fees -- Rate.
Reference:-Government Memorandum No. 23130-B2/48-5 Edn., dated 22..6..1948.

In para 6 of the above Memorandum, Government ordered that the Rajah's College should be deemed to be a Madras Government College now and all the Madras Rules regarding qualifications, pay etc. should be applied to the staff. As this is a government college, orders were issued for the collection of tuition fees at the rates now in force in the Province. I enclose herewith in original a representation from Sri T.R. Vaidyanatha Iyer, Vakil and Ex-M.L.C., Pudukottai complaining against the enhanced rate of fees. I request that as recommended by me in my report (vide item 2 in para 4) the old rate of fees levied in the college may be continued.

1. I understand that a communication has been received in the College here yesterday to the effect that the school fees in the College have been enhanced by 66 2/3 per cent and that the enhanced fees should be paid before 30-7-48. (The annual fee of Rs.90/- for First University Class, for instance, is enhanced to Rs.150/-).

2. The College here was reopened in the last week of the last month and no notice of any kind was given to the student or parent, that there would be an enhancement in the middle of the academic year.

3. Having given it out, on the date of admission of student, that the ~~amount~~ annual fee is only Rs.90/-, it is neither legal, nor fair, nor equitable to demand an enhancement in the middle. The parents are in a big dilemma at present. They are not able to continue the studies of the children, as the enhancement is by 66 2/3 % , nor, are they in a position to stop the education of the children and make them waste one valuable year.

4. If this enhancement had been duly announced early enough, many would not have joined the institution at all.

44

5. The students were admitted in the last week of June and long after it, they were given a calender in which a note was put that fees are subject to alteration. This cannot be construed as a notice for the enhancement that has been done now. At best, it will mean that it is liable to be altered

45 42

only from the next academic year (1949).

6. I am told that the enhanced fees by 66 2/3% are thus brought into effect, suddenly without any notice and I am told that the enhanced fee are ordered to be paid before 30-7-48, on pain of dismissal of the students.

7. You can well imagine the agony of the parents. The prices of food stuffs are roaring high and to add to the difficulty, if the schools fees are suddenly raised by 66 2/3%, it is working untold hardship on the people. I am sure that you will appreciate the unfortunate position of the parents. May I therefore request you to be pleased to order that, in the circumstances of the case, the enhanced fee of 66 2/3% might be collected from the next academic year onwards?

8. Pending final orders on this, I pray that the collection of the enhanced fee now fixed for 30-7-48, may kindly be stayed.

Thanking you,

Yours faithfully,

T. R. [illegible]

2. ஆதி விதிகள் பின்னால் மாறுதலடையலாமென்று நடப்பு வருஷக ~~[illegible]~~ காலண்டரில் கண்டிருந்தபோதிலும் ~~மாணவர்கள் சம்பளம் செலுத்தியபிறகு அவர்கள்~~ ஆர்.வி பிரகிருதம் அதிக சம்பள உயர்வு இண்டர்மீடியட்டுக்கு 66.2/3 சதவிகிதமும், பி.ஏ. வகுப்புக்கு 57.1/2 சதவிகிதமும் ஏற்படுத்தப்பட்டிருப்பது மிகவும் அதிகம். தாங்கமுடியாததாகவிருக்கிறது. இவ்வளவு ஜாஸ்தி ஏற்படும் என்று நாங்கள் கொஞ்சமும் எதிர்பார்க்கவேயில்லை. இவ்வளவு அதிகமான உயர்வுக்கு அவஸ்யமிருப்பதாக ஏற்கனவே தெரிந்திருக்கும் பட்சத்தில் பள்ளியில் எங்கள் மாணவர்களை சேர்க்குமுன் எங்கள் சக்தியையும் வருவாயையும் அனுசரித்து யோசித்துக்கொண்டிருப்போம்.

3. இப்புதுக்கோட்டை சமஸ்தானம் இந்தியா மாகாணத்துடன் ஐக்கியம் செய்யப்பட்ட 3..3..48 வரை இவ்வூர் உயர்தர பள்ளிக்கூடம் சமஸ்தான

அரசாங்கத்தாரால் பரிபாலிக்கப்பட்டு வந்தது. ஐக்கியம் சம்மந்தமாக செய்யப்பட்டு வரும் பிரசங்கங்களில் இதுவரை இருந்துவரும் சௌகரியங்களுக்கு எவ்விதத்திலும் குறைவும் பங்கமும் ஏற்படாமல் பாதுகாக்கப்படுவோம் என்ற அபயம் பிரதானம் எல்லா அதிகாரிகளாலும் கூறப்பட்டு வந்திருக்கிறது. அவ்விதமிருக்க திடீரென்று பள்ளியில் சம்பள விகிதத்தை வருஷ நடுவில் உயர்த்தியிருப்பது மிகவும் அசௌகரியத்தை கொடுத்திருக்கிறது.

4. புதுக்கோட்டை வாசிகள் அநேகமாக 90 சதவிகிதத்துக்கு மேலாகவே ஏழைகள். அன்றாடம் காலட்சேப~~த்துக்கு~~ம்கூட சரிவர செய்ய சக்தியில்லாதவர்கள். ஒவ்வொரு குடும்பத்திற்கும் சென்ற 5, 6 வருஷங்களாகவே முக்கியமாகவுள்ள அவசிய ஆகார வசதிகளுக்கு தாங்கமுடியாத அளவுக்கு மேற்கொண்டிட கடன்கள் வாங்கப்பட்டு நாளுக்குநாள் கடன்கள் அதிகரித்துவிட்டன. அதற்கு மேல் பொறுப்பு ஏற்பட்டுவிட்டபடியால் இனி ஒரு தம்படிகூட கடன் வாங்க இடமேயில்லை. இப்படிப்பட்டவர்களை ஆகாரபொருள்களின் விலை ஏற்றமே கவலைகள் கொடுத்து மிகவும் ~~மிகவும்~~ வாட்டிக்கொண்டிருக்கையில் பிரகிருத~~ம்~~ உயர்வு சம்பளம் மேலும் உபரியாக தாங்கமுடியாத கவலையையும் கஷ்டத்தையும் அவர்களுக்கு கொடுத்திருக்கிறது. பிரகிருத சம்பள உயர்வு மாணவர்களின் லக்ஷத்திற்கும் சந்துஷ்டிக்கும் பங்கமேற்படுத்தியும் மேற்படிப்பையே அவர்கள் நிறுத்திவிட்டு வயிற்றுப்பிழைப்புக்குக்கூட சம்பாதிக்க வழியில்லாமல் அவர்களை சோம்பேறிகளாகச் செய்தும், பெற்றோர்களின் கடமைகளை அவர்கள் சரிவர செய்ய ஏதுவில்லாமலும், ஏற்படுத்திவிட்டது.

5. மேலும் இவ்வூர் சர்க்கார் உத்தியோகத்தில் அமர்ந்துள்ளவர்களுக்கு மாத சம்பளம் மிகவும் குறைவு. அவர்களில் கீழ்தர டிவிஷன் கிளார்க்கு வேலையார்க்கும் உத்தியோகஸ்தர்கள்தான் இங்கு மிகவும் அதிகம். அவர்களுக்கு சமீபத்தில் உயர்த்திக் கொடுக்கப்பட்ட மாத சம்பளமும் ரூபாய் 35ல் ஆரம்பமாகி ரூபாய் 55 உடன் முடிகிறது. அட்டெண்டர்களாகவும், செக்ஷன் ரைட்டர்களாகவும் அநேகர் இருக்கிறார்கள். அவர்கள் சம்பளமும் மிகவும் குறைவு. வெகுநாளாகவே சொல்பம் பஞ்சப்படி கொடுத்து வந்த சமீபத்தில்தான் ரூபாய் 10 ஆக உயர்த்திக்கொடுத்துவருகிறார்கள். அதுவும் மாதம் 60 வரை சம்பளம் வாங்கிவருகிறவர்களுக்குத்தான் பூரா பஞ்சப்படி மட்டும் ரூபாய் 10 கொடுக்கப்பட்டு வருகிறது.

ஆ.த.வி. எங்கள் சம்பளம் ரூ 69/- ஆக கொடுத்தாலும் அவர்கள் பெரும் படியாக ரூ 70/- தான் கிடைக்கிறது.

மதராஸ் ராஜதானியில் நடந்துவரும் சம்பள திட்டம் பஞ்சப்படி விகிதம், வீட்டு வாடகை வகையறா வசதிகள் ஒன்றும் சமஸ்தானம் ஐக்கியமாக்கப்பட்டு சுமார் 5 மாத காலமாகியும்கூட மேற்கண்ட சலுகைகளில் எதுவும் இவ்வூர் உத்தியோகஸ்தர்களுக்கு காட்டப்படவேயில்லை.

6. பள்ளி வருஷம் துவங்குவதற்கு முன்னதாகவே போதுமான அவகாசம் கொடுத்து புது சம்பள விகிதத்தை விளம்பரப்படுத்தியிருப்பின் சக்தியில்லாதவர்கள் பள்ளியில் பையன்களை சேர்த்திருக்கவே மாட்டோம். சுமார் 1 மாதம் பாடங்கள் துவக்கப்பட்ட பின்னும், புஸ்தகங்கள் வாங்கியும் முதல் மாத சம்பளம் செலுத்தியபிறகும் புதுவிதிகளை ஏற்படுத்தி அதிகச்சம்பளம் கேட்பது ஏழை மாணவர்களை விலகிக்கொள்ளும்படி (மறைபொருள் வார்த்தைகளால்) சொல்வதாகத்தான் பொருள்படுகிறது. சக்தியில்லாததினால் அநேகர் விலகிக்கொள்ளவேண்டியிருப்பதால் ஒரு வருஷம் வீணாகபோகிறது. இனிமேல் வேறு மார்க்கத்தில் புகுவதற்கும் காலதாமதமாகிவிட்டது.

7. ஆகையால் மேற்கூறப்பட்ட சிற்சில அம்சங்களை சமூகத்தில் கருணையுடன் ஆராய்ச்சி செய்து மதராஸ் ராஜதானியில் புதிதாக சேர்க்கப்பட்ட புதுக்கோட்டை ஏழை மக்களும் முக்கியமாக மதராஸ் கவர்மெண்டு சம்பளவிகிதம் பஞ்சப்படி பெற்று வராத புதுக்கோட்டையிலிருக்கும் கவர்மெண்டு உத்தியோகஸ்தர்களுக்கும் உபரி கஷ்டங்களை இந்த பஞ்ச காலத்தில் கொடுக்காமலிருக்கும்பொருட்டு காருண்யமுள்ள கவர்மெண்டார் அவர்கள் இவ்வருஷம் பள்ளியில் சேரும்பொழுதுள்ள சம்பள விகிதப்படியே மாணவர்களை தங்கள் நடப்பு படிப்பு முடியும்வரை வாசித்து வரும்படி உத்திரவுகள் அவசரமாக பிறப்பிக்கவேணுமாயும், டை கோரிக்கைகளை அளிப்பதற்கு சற்று கால தாமதமாகும் பட்சத்தில் ஏற்கனவே செலுத்தியிருக்கும் முதல் மாத சம்பளத்திற்கும் புது சம்பளத்துக்கும் உள்ள வித்தியாசத்தை இம்மாதம் 30 தேதிக்குள் (30..7..48) செலுத்திவிடவேண்டுமென்று காலேஜ் பிரதம ஆசிரியர் உத்திரவை இம்மனு பைசலாகும் வரை நிறுத்திவைக்கும்படி, உடனேயே உத்திரவுகள் ஏற்படுத்தவேணுமாய் மிகவும் தாழ்மையுடன் ஏகோபித்துபிரார்த்தித்து கேட்டுக்கொள்ளுகிறோம்.
