G.O. no 2650 Edn dt 12.12.47

Order No no 1623 Education dt 23-6-48.

Grants are now paid to local bodies towards one half of the expenditure incurred on payment of dearness allowance to the staff in secondary schools at the rates admissible to Govt servants prior to 1.1.48. The grant is assessed and paid along with the teaching grant. The Govt have considered the question of allowing the revised rates of dearness allowance to the staff in those schools and have decided that the revised rates should be allowed retrospectively from 1.1.48 and the expenditure incurred on payment of the allowance at the revised rates in 1948-9 and subsequent years should be taken into account for reckoning the half grant towards that expenditure. The grant for 1948.9 will be payable only in 1949-50.

Summarising note

Grants are now made to local bodies towards one half of the expenditure incurred by them on payment of dearness allowance to the members of the staff in secondary schools at the rates which were admissible to Govt servants prior to 1.1.48. The grant for this item is paid along with the teaching grant. The rates of dearness allowance to Govt servants have been increased with effect from 1.1.48. Of the staff in secondary schools under local bodies are paid dearness allowance at the revised rates and the expenditure on payment of the allowance at those ~~revised~~ rates are taken into account for purpose of ~~Govt~~ grant, the ultimate extra expenditure to Govt will be Rs 2.52 lakhs and the extra expenditure in 1949-50 will be Rs 2.94 lakhs as additional expenditure will be incurred in 1948-9 on payment of the allowance retrospectively from 1.1.48. and the grant for that year is payable only in 1949-50. The payment of dearness allowance at the revised rates from 1.1.48 has already been authorised in respect of the staff in Govt Secondary Schools and in Secondary schools under private managements and it would be unfair to postpone the grant of ~~remuneration~~ the allowance to the staff in secondary schools under local bodies alone. It was therefore considered necessary to issue orders immediately directing the payment of the allowance at the revised rates from 1.1.48 and admitting the expenditure on payment of the allowance at ~~the revised~~ those rates for purposes of grants. The usual service procedure was not therefore followed and the circulation of the case was limited to Hon (Edn). Hon (Fin) and Hon (Home) on behalf of H.E.

4. In the case of schools under local bodies (Secondary as well as Elementary) and aided elementary schools also, the decision of the Cabinet at its meeting on the 22nd January 1948 was only that the question of extending the enhanced rates sanctioned for Government servants to employees in the institutions mentioned above should be examined separately by the department concerned. Though the Cabinet decided that a suitable lump sum provision should be made for the extra expenditure on this acct. and lump provision has been made accordingly, the usual financial procedure for "New Services" will have to be followed before orders sanctioning the grants can be issued, as the Accountant-General held that in cases where a lump provision was made for a new service scheme in the budget on account of want of details, the new service procedure should be followed before it was sanctioned.

Education and Public Health may therefore be requested to prepare an estimate of the extra cost involved in these cases also in consultation with the L.A. Department and adopt the procedure for extremely urgent new schemes, i.e. obtain orders in circulation to H.M.(Education), H.M.(Fin) and Hon'ble Premier before issuing orders sanctioning the grants and circulate a summarising note to other Hon'ble Ministers, C.S. and Finance Department.

district boards and Executive Authorities of municipalities unless LA. have got information in this regard. B

The Executive authorities of these local bodies may be informed that dearness allowance at the revised rates should not be allowed to the servants of local bodies with reference to G.O. (a)

The case relates to the grant of dearness allowance to the staff in secondary schools under local bodies at the revised rates allowed to Govt servants from 1-1-48 and admitting the expenditure on the grant of the allowance at the revised rates for purposes of grant.

2. The following statement shows the expenditure now incurred by district boards and municipal councils on the grant of dearness allowance at the existing rates (the rates allowed to Govt servants prior to 1-1-48) and the additional expenditure to be incurred per annum on account of the adoption of the revised

rates and the additional cost to Govt by way of half grant on account of the adoption of the revised rates

	Expenditure per annum at the existing rates	Additional expenditure per annum on account of the adoption of the revised rates
Secondary schools under district boards	13,42,539	3,75,327
Secondary schools under mcl cls	5,03,584	1,28,966
Total	18,46,123	5,04,293
Cost to Govt by way of half grant towards the expenditure	9,23,060	2,52,146 or 2,52,150 roundly.

The arrears of dearness allowance due on account of the adoption of the revised rates from 1-1-48 will be paid only in 1948-9- and the grant payable in 1949 towards the additional expenditure incurred in 1948-9 on payment of the allowance at the revised rates will be Rs 2,56,370 as against the ultimate cost of Rs 2,52,150.

3/ A similar proposal relating to aided secondary schools under private managements has been placed before the Standing Finance Committee on 17.4.48 and it is going to be placed before the Cabinet. In the present case, Finance have already agreed to the adoption of the procedure indicated on page 1 ante according to which the proposal need not go before the S.F.C and the cabinet, the case being considered as one of extreme urgency.

3/ The file may now be sent to L.A. and Finance for perusal and remarks if any prior to circulation.

This matter was discussed at an informal meeting of Ministers when the revised dearness allowances were considered. It was definitely agreed to in that meeting that the revised dearness allowance should apply to aided institutions and Local Boards also. This seeks only to give effect to that agreement.

It is really unfair to postpone it by a reference to an informal meeting of ministers which never happens. We will be grossly unfair to the large body of teachers in Local Boards if we withhold this only to them when we have allowed this concession to both the teachers in Govt. schools and aided services.

H.Pr. told me that he wished to see this and the file may please be circulated to him.

The extra cost of Rs 2.52 lakhs estimated on p. 4 above is only in respect of teaching grants. The balance of Rs 2.52 lakhs is no doubt normally debitable to the "general account" of local bodies. But if there is a deficit in this account relating to any local body Govt will have to make a grant to cover the deficit subject to a maximum equal to what the local body spends by way of D.A. It is therefore likely that a substantial portion of the cost which could properly be borne by local bodies will have to be made good by Govt.
