O.F. 32. Education Department Received Registered

From (Name) Sri D.S. Reddi, M.A. (Oxon) To

Designation Director of Public Instruction. The Secretary to Government, Education & Public Health Dept.,

Station Madras. Fort St. George, Madras. 9.

Enclosures: No. 988-G-2/48, dated 5-5-1948. 194

Sir,

Ref: Government Memorandum No. 30804-B1/48-1, Education, dated 29-4-1948.

I furnish herewith a detailed note on the question of financing of Secondary Education by local bodies, as desired therein.

33400
 5/5.5.48.

For Director of Public Instruction.

C.No. 988-G-2/48.

Govt. Memorandum No. 30804-B1/48-1- Education, dated 29-4-1948.

(Not put up) the net cost according to the financial position of

Prior to the issue of orders in G.O. No. 1157-Education dated 12-6-1930, subsidies to local bodies towards the cost of maintenance of secondary schools were generally fixed with reference to the net cost of the schools or some fraction of the local bodies concerned. As Government considered that the system of assessment of subsidies involving laborious calculation of the net cost of each school under a local body should be replaced by a simple one, they decided that a system of paying lump sum subsidies to local bodies should be introduced from 1930-31 and accordingly in their order No. 53 L-E, dated 12-1-31 fixed the lump sum subsidies, which represented the amounts paid in 1929-30 to each local body with an addition of 5 per cent. They also directed in G.O. No. 1157-Education, dated 12-6-1930 that the lump sum subsidy referred to above should not be liable to revision in future nor should any addition be made to it on account of new schools that might be opened thereafter by local bodies.

With reference to this policy, local bodies had to bear the entire expenditure (both recurring and non-recurring) from the year 1930 onwards, on the opening of new secondary schools under their management. About the year 1941 representations were made by the Municipal Council, Hospet and by certain District Boards in 1944, about the inadequacy of the lump sum subsidies sanctioned to them for the maintenance of schools. Government examined the question and decided that no general revision was necessary, but having regard to the fact that there had been a rise in the number of secondary schools maintained by "poorer" District Boards also proportionately with the general rise all round in the number of such schools, since the subsidies were fixed, and such a rise entailed a comparatively greater strain on the resources of the "poorer" local bodies, they decided that the "poorer" local bodies should be given some additional help. They accordingly sanctioned the payment of an additional subsidy of Rs. 2000/- to the Municipal Council, Hospet an additional subsidy of Rs. 2000/- per

P.T.O.

annum to each of the District Boards, Anantapur, Bellary, Chittoor, Cuddappah and Kurnool and of Rs.1,000/- to the District Board, the Nilgiris - Vide G.O. No. 687 (1-S) Education, dated 20-4-1942 and G.O. No. 2048-Education, dated 5-12-1945.

In para 2 of G.O. No. 975-Education, dated 10-5-1947 Government directed that the system of paying fixed lump sum subsidies to local bodies should be abolished as from 1-1-1947 and that local bodies be paid every year for all recognised secondary schools under their management grants-in-aid based on the net cost of the institution in the proceeding financial year approved by the Director of Public Instruction, subject to the proviso that in the case of schools in respect of which fixed subsidies were being granted as teaching subsidies, teaching grants paid under the revised system should not be less than the subsidies to which they were hitherto entitled.

Government have since passed orders in their Memorandum No. 24579-B-1/48-1-Education, dated 29-4-1948, that for purposes of arriving at the net cost, ten instalments of fees at standard rates should be taken into account. Under this new system, the schools opened prior to 1930 and which were in receipt of lump sum subsidies will continue to receive at least the lump sum subsidies hitherto paid to them, while all the new secondary schools opened after June 1930 and those, which through opened prior to 1930 yet had to be maintained wholly out of the funds of the local bodies under the individual orders of Government passed from time to time, will now receive grants, equal to one half the net cost. This will be a substantial relief to local bodies at least to the following extent:-

- 1) The existing financial burden on local bodies to maintain the secondary schools opened prior to 1930 without any grant from provincial funds and also the schools opened by them after June 1930, will be reduced to half.
- 2) They will be in a position to meet their half share of cost towards the provision of accommodation, equipment and play grounds in respect of schools opened prior to 1930 and
- 3) They can open new secondary schools, to meet the needs of the Public, if sufficient contribution is forthcoming from the Public towards non-recurring items of expenditure (Building, Equipment and Playground).

The compensation payable from provincial funds under para 4(iv) of G.O. No. 975-Education, dated 10-5-1947 will further recover the deficit to local bodies in respect of secondary schools.

Based on the claims preferred by local bodies and passed by the Director in respect of the short term of 1946-47, the amount of compensation payable to local bodies for 1947-48 may be estimated approximately at Rs.6.48,900 as detailed below:-

Under Rule 32 (ii) (a)	6,32,600
Under Rule 32 (ii) (b)	16,300

6,48,900

For Director of Public Instruction.

Immediate.

Secretary, E. & P.H.

With regard to the Conference of representatives of Local Boards and Municipalities on the 15th of May, I hope by now orders would have been issued about the Conference. I have had a talk with H.M.(L.A.) over this matter. He thinks and I agree with him that the Inspector of Local Boards and Municipal Councils may issue the invitations for the Conference. He may also be entrusted to make arrangements for the Conference, such as accommodation, etc., through the Commissioner of the Madura Municipality.

It is necessary that this step should be taken immediately as 15th of May is very near. Any postponement of the date will not be possible as Hon. Premier will have to go to Delhi for the Constituent Assembly sessions immediately after the Conference and so arrangements may be done for holding the Conference on that date.

c | With regard to the subjects that will be discussed in the Conference, I had given a list. Both the L.A. Dept. and the D.P.I. may be asked to prepare notes with regard to each of the subjects so that we may have information in every item before the Conference begins.

X | With regard to financing of education through Local Boards, a comprehensive note may be prepared and put up along with figures. A tabulated statement with regard to the financial position of each of the Local Boards and Municipalities, the Govt. grant that we give for various items and their own income in elementary education fund may also be put up for ready reference. The financing of secondary education and the effect of giving them half the net cost instead of block grants may also be put up.

Such other materials that may be necessary for the Conference may also be put up. The Insp. of Local Boards and Municipal Councils may be requested to meet me on the 26th at 2 P.M.

T.S.A.

24-4-48.

H.M.(Education).

/True copy/

'C': H.M. has told me subsequently that the D.P.I. may be asked to prepare notes on all the items, and that, besides that, the E. & P.H. Dept. may also ~~may~~ prepare notes on the materials they have on all the items in consultation with the L.A. Dept. wherever necessary. Please take action accordingly.

M.V.Subramanian,
26-4-48.
Secretary.

RC for figures for 1947-48, which have to be collected from the individual budgets of the 81 M.C.s & 24 D.B.s, are being tabulated. They will be sent to E.P.H. separately in two or three days. Necessary extracts from r.f. have been taken. The file may be returned to E.P.H.

30.4.48. 30/4 30/4/48 E.P.H.

From the D.P.I., No. RC. 988-G.2/285.5.1948

The note prepared by the D.P.I. in regard to financing of secondary education by local bodies is on pp 3-4 cf. Statements showing the income & expenditure on the maintenance of secondary schools by local bodies during the years 1946-47 and 1947-48 are put up at (H) & (J) copy. The file may be circulated to H.O. (C.D.)

The net expenditure on the maintenance of secondary schools from the funds of local bodies during 1946-47 under the fixed lump sum subsidy system was Rs 21,70,681, while the net expenditure under the revised system of payment of teaching grant on half the net cost basis which has come into force from 1947-8 is expected to be Rs 16,50,266 taking into account the compensation payable under rule 32(i)(a) & (b) of the Grant-in-Aid Code. This is only a rough estimate as the figures are based upon the revised estimate for 1947-8 - It will be possible to have a correct estimate only after the actuals are known and the grant for 1947-8 is assessed by the Director. It will be observed from the above figures that the system of payment of teaching grant on half the

30804 B1

(16)

net cost basis for all the recognised secondary schools -
 will certainly afford some financial relief to local bodies
 in the expenditure incurred from their funds on secondary
 education and they can utilise this saving for the
 opening of new schools ~~and~~ or for improvement of the
 existing schools. - vide in this connection para 311 of G.O.
