Secretary, E. & P.H.

Till now, my tours in the past have been with reference to certain invitations and certain functions but my experience in the last 2 years has been that those tours were not as useful as they might have been if that had been planned a little more ahead. In order that the tours may have the maximum value, I propose to do the following this year. The dates for my tours in the various districts will be fixed according to the time-table mentioned below:-

| Months.       | Districts.                       |
|---------------|----------------------------------|
| May 48.       | Madura and Kistna                |
| June          | Kistna, South Arcot & Chingleput |
| July          | Anantapur, Bellary & Cuddapah    |
| August        | Chittoor & North Arcot           |
| September     | Salem & Nilgiris                 |
| October       | Ramnad & Tinnevely               |
| November      | Malabar & S. Kanara.             |
| December      | Vizagapatam & W. Godavari        |
| January 1949. | Trichinopoly & Tanjore.          |

While on tours in the districts, I would like to contact the Teachers' Associations in the various places. In fact, the success of our introduction of Basic Education and Re-organisation of our Elementary and Secondary Education will depend, to a great extent, upon our converting our teachers to our point of view. Secondly, our inspectorate should also be contacted. Of course, I would like to meet the representatives of local boards and other managements of schools also. In order to do so, the following factors may be observed in arranging for these tours:

2.

(1) Teachers' Associations wherever they wish to convene any conferences and meet me, may be fixed during those periods.

(2) A conference of inspectorate employed in the district, the D.E.O., the Divl. Inspector of Schools if in that district, or the D.E.O. and the Deputy Inspectors and others may be held.

(3) Visits to institutions - Elementary, High Schools and colleges - may also be arranged.

The D.E.O. will be in charge of the programmes and will let me know at least 5 to 6 weeks in advance the programme that he may arrange for me in the district. If he wants me to accept any ~~and~~ individual items of programmes, the heads of institutions will write to me.

I would also like to meet Congress and other Social workers when I go over to the districts. But that matter will be left to the Presidents and Secretaries of the Congress Committees to whom also I am circularising my tentative fixture of dates for the various districts.

But I need not point out here that success of these tours will depend a great deal on the cooperation of the officials and non-officials in the district.

The D.P.I. may issue circulars to this effect.

R.O.C. No. 708-- L3/48 dated 14th July 1948.

Sub: Four programme - Hon'ble Minister for Education - Certain irregularities observed in Schools - remarks.

READ: Proceedings R.O.C.No.708-L3/48 dated 22--5--1948 of the Director of Public Instruction, Madras.

In continuation of Director's Proceedings read above the following circular is issued:-

The Hon'ble Minister for Education observes that in his recent tour in Chingleput district he found and that while he had consented to visit certain schools the school authorities had also arranged certain functions without consulting him. The result was that the Hon'ble Minister could not meet all the engagements within the time allotted. The District Educational Officers are informed that if any functions are proposed to be arranged in the schools Hon'ble Minister's special permission should be obtained in advance.

2. In many schools the authorities had arranged flag hoisting functions. The Hon'ble Minister for Education desires that flag - hoisting function must be done periodically at appointed times and with great dignity. It should not be done cheaply whenever anybody comes at any odd time.

3. The Hon'ble Minister has also noticed that "Jana Gana Mana" is not sung by the pupils to the proper tune. It has an authorized tune which the schools should also maintain. The District Educational Officers and the Inspectresses are therefore requested to note the points mentioned.

In my tour in the Chingleput district, I found that while consent to visit certain schools has been taken, they arrange certain functions without consultation. The result is that I could not meet all the engagements within the time allotted. The D.P.I. may be asked to inform the ~~xxxxxx~~ D.E.Os. that if any functions are to be included in the schools that I visit, unless special permission is taken, no formal function need be arranged.

In many schools they had arranged flag hoisting functions. The flag hoisting function must be done <sup>appointed</sup> ~~periodically~~ <sup>with a order of day</sup> periodically at ~~particular~~ times and ~~they~~ it should not be cheaply done whenever anybody comes at any odd time.

I also find that 'Jana Gana Mana' is not sung to the proper tune. Jana Gana Mana has an authorised tune in which it is sung from Cape Comorin to Himalayas. Our schools must also keep to that tune.
