Please see U.O.No.29382-A.4/48 A Edn. dated 4-6-48 from the Education and Public Health Deptt. at page 1 ante.

They want the Council Chamber for convening a meeting of the Standing Advisory Board for Technical Education at 2-30 P.M. on 15-6-'48.

In this Sectt. U.O.No.6391/47-1 M.L., dated 10-10-47 the Deptts. of the Sectt. have been informed that since the Council and Assembly chambers are exclusively meant for the meetings of the Council and Assembly respectively, they will not be available for any other purpose. In this connection attention is invited to the minutes of the Hon. the President made on two previous occasions when similar requests were made, extracts of which are reproduced below:

"I am not forgiving the Council Hall except for very extraordinary occasions. Please inform that it would be better to arrange otherwise."

"I do not know how the House was fixed up and invitations sent without making sure about the permission especially in view of my previous order circulated to all departments. That should not have been done. I have no idea of false prestige here. Apart from the question that the dignity of the House suffers from all kinds of meetings held there I do not at all relish the sight of the bag-stranded chair exposed to public gaze. I have therefore decided to refuse permission from 1-7-'48 for any purpose whatsoever. I hope the Govt. will respect this wish and see that some big place is fitted up for all such purposes. I hear there are number of Military buildings available in the Fort."

Under these circumstances it may not possible to make the Council Chamber available for holding the Meeting of the Board unless permitted by the Hon. the President as a special case. The E. & P.H. Deptt. may be requested to

say whether the proposed meeting cannot be held in the Committee Room which would be placed at their disposal if required by them.

42851 Please see the note of the M.L. Sectt. on p 3-4 above. It is stated that the Council chamber cannot be made available for the forthcoming meeting of the Standing Advisory Board for Technical Education on 15-6-48, unless the special permission of the President is obtained; and that the Committee room maybe utilised. The file may perhaps be circulated to H.M. (Edn.) who may talk over the matter with the President and get his permission for using the Council chamber for the meeting of the Standing Advisory Board fixed for 15-6-48.

The President has permitted today's meeting to be held in the Council Hall. I understand he has circularised that these meetings may be held in any other Committee room. The room adjoining my room was set apart for Committee room. I understand there is no furniture in it. The Chief Secretary may kindly go into the matter and furnish it properly so that in future Committee meetings may be held in that room. It really looks odd that every time the meeting is held in some such objection is made. It does not even look decent. Chief Secretary may kindly go into the matter and do the needful.
