Subject:- ADVANCED STUDIES OVERSEAS IN RESPECT OF
MR. S. PARAMANANDHAN, 1945 SCHOLAR,
EXTENSION IN THE SCHOLARSHIP PERIOD.

Sir,

I am directed to forward herewith, for favour of necessary action a copy of letter No. E.A. 5238, dated the 3rd November, 1947 (with enclosures) from the High Commissioner for India, London, regarding the studies of Mr. S. Paramanandhan in the United Kingdom. The scholar has successfully completed the 1946-47 B.Sc. degree course in Marine Engineering and Naval Architecture at the Kings' College, Newcastle, Durham University and also practical training with the Neptune Engine Works.

The University authorities have stated that Mr. Paramanandham has been an excellent student, and have strongly recommended an extension in his scholarship period upto October, 1948 (i.e) for about ten months, so as to enable the scholar to complete the 1947-48 Second and Third Year Combined degree course in Marine Engineering and Naval Architecture at the Durham University in June 1948, and then supplement the academic studies by undergoing the essential practical training at a shipyard and a Model Testing Tank upto October, 1948. The High Commissioner for India also supports the recommendation.

2/

In view of the above, Government of India are inclined to agree to the ^{proposed} extension in the scholarship period for Mr. Paramanandham upto October, 1948 so as to enable him to complete the academic studies and practical training. The Government of Madras may kindly consider the case and communicate their decision to the Government of India telegraphically, together with their views regarding the scholars' further studies and training in the United Kingdom, in relation to the type of work he is expected to do, on return to India.

This may kindly be treated as 'urgent'.

I have the honour to be,
Sir,
Your most obedient servant

DK Hingorani
for Secretary.

Copy of letter No. E.A. 5238., dated the 3rd November, '47 from the High Commissioner for India, Education Department, India House, Aldwych, London, W.C.2., to the Secretary to the Government of India, Ministry of Education, New Delhi, India.

I am directed to invite reference to the Education Department cable dated 4th September, 1946 insofar as it concerns Mr. S. Paramanandhan and to enclose herein copy of his representation that his scholarship may be extended until October, 1948. I am also to forward herewith copy of a letter dated the 20th October, 1947 from his Supervisor which explains the conditions under which the scholarship application has been recommended by him. This Office is prepared to support Mr. Paramanandhan's case.

I am to request that the Government's decision in this case may kindly be sent to this Office as soon as possible, as normally this candidate's scholarship would terminate on the 25th December, 1947.

Mr. Paramanandhan's annual progress report for the current session is enclosed herewith.

8th October, 1947.

Dear Sir,

Reference your letter dated the 26th September, 1947
requiring information for extensions of scholarships.

I have already applied for the extension of scholarship
on the 5th and 27th July, 1947. A full report of my work at the
Neptune Engine Works and the Kings College was submitted on
5th July, 1947-

As arranged by Mr. Kirpal (letters dated the 14th Septe.
and 29th October, 1947) I have to do a combined course in Marine
Engineering and Naval Architecture in two academical years
'46 - '48. October. I have successfully completed my 46 - 47
course and am continuing my '47 - '48 course. My scholarship
terminates by February, 1948, and I request that it should be
extended until October to proceed with my Degree examinations
and complete one year of training.

The authorities may kindly note that my Final
Examinations are in the month of June 1948 and so I could
not leave earlier or hurry through my work since I am following
a regular Degree course as set by the University. Three
further months stay is essential at a Shipyard and a Model
Testing Tank, since such facilities are not available in our
country.

Thanking you,

I remain,
Your faithfully,

(Sgd) S. Paramanandhan

UNIVERSITY OF DURHAM

20th October, 1947.

Dear Sir,

S. PARAMANANDHAN

The above ~~mt~~ student who is now taking the 2nd and 3rd Year Combined Course in Naval Architecture, and will be presenting himself for the final examinations in June 1948, tells me that his present scholarship terminates in Feb. of next year.

He was successful in passing the Marine Engineering examinations at Pass Degree standard last year, and from such contact as I have had with him during his work in the Naval Architecture Drawing Office last year and also during the vacation period, I consider that he is a very excellent student, and that he should have no difficulty in obtaining his Degree covering the Combined Course in Naval Architecture and Marine Engineering next year.

It is unfortunate that these scholarships do not date from about October to October in the view of the terms which we keep, and I would strongly recommend that his scholarship be extended at least until October 1948. This would enable him to complete his course here, satisfactorily and also give him some further time in a shipyard, and some general experience in model experiment work at a model testing establishment.

I am,
Yours faithfully,

(Sgd) L. C. Burrill

Professor of Naval Architecture.

Mr. S. Paramanandham is
a scholar selected in 1945-46 for
advanced studies in "Naval Architecture
and Marine Engineering - Marine Engineering"
and is intended, after completion of studies,
for absorption in the teaching personnel of
the Govt. Engineering Colleges. The normal
period of scholarship allowed for each
scholar is two years. Mr. Paramanandham
would have completed this period of two
years by the end of Dec. 47. In the circumstances
stated in their letter on pp1-2 CF, the Govt.
of India are inclined to agree to the
extension proposed for by the H.C. for India
for the Scholarship period for Mr.
Paramanandham upto October 1948 (i.e.) for
6 months beyond the normal period of
Scholarship. The DPI, who has been
consulted, supports the request. His
recommendation may be accepted. The
Govt. of India will, of course, bear half
the cost of the scholarship training
for the extension period also.
