Station MADRAS, Dated the 27th March 1948

From (Name) Sri D.S. Reddi, M.A. (Oxon),

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,
EDUCATION AND PUBLIC HEALTH Department.

Sir,

REF: Government Memo No. 7445(S) C.1. Edn., dated 19-11-42.

I have the honour to submit herewith a brief report on the working of the Government Colleges excluding the Second grade Colleges during 1946-47.

- The Statistics relating to the strength in each College and the receipts and charges are furnished separately in the Annexure.
- The results obtained by the Colleges at the University Examinations were generally satisfactory. The extra curricular activities were well maintained as in previous years. The Salient features in the working of the colleges during the year under report are mentioned below.

Government Arts College, Rajahmundry.

There has been an increase in the strength of the College from 335 in

P.T.O.

1945-46 to 447 in 1947-48. Accommodation still ~~continues~~ continues in-sufficient. The results of the University Examinations were good.

Government Arts College, Anantapur.

There has been an accession in the strength of the College. This is partly due to the increase in the number of seats in the Science groups of the Intermediate and in the B.Sc. Chemistry (Main). The students Co-operative Stores continued to function and contributed a portion of the profits to the Poor Boys Fund. The War services Information Bureau continued to function giving instructions and guidance to the students that sought commissioned jobs in the army.

Presidency College, Madras.

The number of students increased further, from 1333 to 1421. The number of women students also increased from 237 to 263 of whom 142 were doing the Honours and Postgraduate courses. Instructional tours were conducted as usual and the extra-curricular activities were maintained. The Research Schemes under the auspices of the Board of Scientific and Industrial Research were extended for another year and research activities were carried on. Several of the workers have gone abroad under the new overseas scholarship scheme. Two students of the College working under the Board of Scientific and Industrial Research were awarded M.Sc. Degree.

Government College, Kumbakonam.

The new block for the Natural Science was completed and this group was started from the commencement of July 1946. The College Old Boys Association continues to do good work. The head of the Tiruvavadurai Mutt was pleased to add one more to the number of scholarships awarded by him. This additional scholarship and another donated by the President of the Old Boys Association were earmarked for the girls students of the College.

Government Victoria College, Palghat.

There has been a further increase in the strength of the College. Government have sanctioned the construction of additional buildings for the college. A Committee consisting of leading old Boys of the College and Prominent citizens of Palghat has collected a sum of Rs.2600/- to institute a scholarship in the name of Dr. Savor who was Principal of the College from June 1935 to January 1945. The hostel accommodation

for women students was increased by renting another building. The extra curricular activities were well maintained. The Old Boys Association continues to evince its interest in the welfare of the College.

Queen Marys College, Madras.

The strength of the College increased from 335 to 399. A new course in Household Arts for the Intermediate was opened during the year under report. The extra curricular activities were maintained at a high level. The results of the University Examinations were good. A Public Entertainment in aid of the Social Service League and the hostel employees fund was given. The Social services League extended the scope of its activities by opening a ~~Spinning~~ and Weaving section.

Government College for Muslim Women, Madras.

This College was started in July 1946 and was located in the Hobart Secondary and Training school. Government have since ordered the transfer of the College to Sri V.L. Ethiraj with effect from the closure of the College for Summer vacation.

Government College, Coimbatore.

The College was raised to First Grade during the year under report. Mathematics and Geography courses have been provided together with B.Com.course. Government have also sanctioned the construction of additional buildings for the College. During the year a hostel for the students was opened.

Training Colleges for Men and Women.

There was nothing special to record about these colleges except the opening of a Nursery class in the Lady Willingdon Training College, Madras.

College of Engineering, Guindy.

During the year, Government sanctioned the opening of Engineering College for Anantapur, but for want of accommodation in Anantapur, additional students were admitted both in this College and Arthur Hope College of Technology, Coimbatore to be ultimately transferred to the Anantapur College. Government have since ordered the gradual abolition of the L.C.E. course in the College and sanctioned the opening of an overseers' course. The demand for technical personnel is still far in excess of supply and students are offered jobs before the results of the final examinations are known. There is good scope for employment even for plucked students.

Arthur Hope College of Technology, Coimbatore.

The College continues to be located temporarily in the building belonging to the Argus Eng. Co. Government have since purchased the British Evacuee Camp in

49
the Forest College area for the College and it is expected that the College will be shifted with effect from the Commencement of the next academic year.

Engineering College, Cocanada.

Government sanctioned the opening of an Engineering College at Vizag, but for want of a suitable building, the college had to be opened temporarily at Cocanada. The College is at present located in the combined Military Hospital buildings at Cocanada. Temporary arrangements have been made with the authorities of the P.R. College, Cocanada for holding the Physics and Chemistry lecture and practical classes in that College. The sanctioned strength of the College is 100.

Law College.

During the year under report, the college was shifted to its permanent building in George Town.

Memorandum No. 7445 (S) C-1, dated 19th November, 1942.

Sub:- Annual Reports - Government Colleges -

The Director of Public Instruction is informed that, in view of the serious shortage of paper, the practice of printing the annual reports of Government Colleges should be discontinued for the duration of the War. It is sufficient if a brief report for all the colleges together is submitted to the Government.

E. C. Wood,
Secretary to Government.

I have seen the report. They may be all right as far as
they go but it is necessary to impress upon our colleges,
gives
Another point which may be considered as an essential part of

05/10/6

13/76

a college so that it may give the boys and girls proper training. It is not merely the instruction that is given in the college that is of great importance but the creation of a high atmosphere that is really important. I wish our colleges develop social service as an essential part of the college activities. This will succeed in creating a high atmosphere, which is very much in demand in our colleges.

This is not only for the students but is also for the staff. It must be considered as part of the work of the college to ^{train} ~~bring~~ the students into social service by themselves actively taking part in these activities with a devotion towards the country. The re-orientation of our colleges on these lines is very necessary and the D.P.I. may be asked to take steps to bring about this change. Apart from the directions that ^{he} ~~we~~ may give, he may also be asked to get reports from the principals about these activities and forward them to Government along with other aspects of activities.

R.G.No.1550-K2/47 dated 26th October, 1948.

SIR,

Government Colleges - Social Service Activities
Reference: -Your D.O.No.24519-A/48-2 Education
dated 7.7.1948. C/13

With reference to your above D.O. forwarding a copy of the minutes recorded by the Hon'ble Minister (Education) regarding the promotion of Social Service activities in the Government Colleges, I have issued the necessary instructions to all the Principals concerned. I have also called for detailed schemes of social activity proposed to be undertaken by the colleges during the current year. Certain Principals are requesting sanction of an expenditure to meet the cost of equipment connected with schemes like 'Adult Literacy'. While the staff and students' Unions should be able to put forth their best efforts in a variety of social activities, yet I consider it ^{necessary} ~~for~~ to make provision for incurring expenditure not exceeding Rs.100/- in respect of each college towards the initial equipment like slates, books etc. I, therefore, request that the Government may be pleased to authorise me to sanction an expenditure not exceeding Rs.100/- to each of the Government colleges if the scheme outlined by them entails such expenditure.

I request the favour of early orders.

Yours faithfully,

For Director of Public Instruction.
