Subject:- Advanced Studies Overseas in respect of M/S T.Premsagar and G.F.D.Gonsalves, 1945 Scholars.

Sir,

I am directed to forward herewith for favour of necessary action, a copy of letter No. G.97/45, G-248/45 dated 11th July, 1947 (with enclosures) from the Deputy Educational Liaison Officer, Indian Embassy, Washington, recommending extensions in the periods of scholarship for M/S T.Premsagar and G.F.D.Gonsalues. It will be observed that both the scholars have completed their Master's degree, and now propose to take the Ph.D. degree at the University of Utah in "Civil Engineering - Highways". In the case of Mr. Premsagar, the extension is recommended upto December 1948, and in the case of Mr. Gonsalves, upto March 1949. Since the former reached the United States of America on 28th December, 1945, the period of extension, if granted, would be for one year; in the case of Mr. Gonsalues, the period would be for about seven months, as he reached the United States of America on 25th August 1946. The Government of Madras may kindly decide the cases particularly from the view point of utilization of the scholars' services on return to India, and communicate their decision to the Government of India, as urgently as possible.

Attention: Mr. Ashfaque Hussain.

Dear Sir,

Please refer to the cases of Messrs T.Prem Sagar and G.F.D. Gonsalves, Madras Government scholars for 1945-46, now studying at the University of Uta~~c~~h, Salt Lake City, Utah.

I enclose herewith copy of the expert views and recommendations of Professor Deifendorf on the further programme of work in this country for these two scholars. We are prepared to recommend an extension for Mr. Sagar up to the end of 948, and for Mr. Gonsalves up to March 1949 so that they may complete their programmes of work in accordance with the advice of their Professor.

If their sponsoring Government has no objection, the extensions may be granted and the decision communicated to this office at an early date.

Yours sincerely,

Dear Mr. Sundaram:

In reply to your letter of June 21st, I wish to recommend your consideration of T. Prem Sagar and G.F.D. Gonsalves to be permitted to continue and secure their Doctor Degree. These students have done a very brilliant and outstanding piece of research on low cost roads and soil studies and are in position to make a real contribution in that field. Both these men have excellent character and have been very industrious and apply themselves to their work with considerable enthusiasm.

In order that a man be permitted to continue his work into a doctor, he must have recognized ability and I, therefore, hope that my recommendation will be considered by your department.

Dear Sir,

During the past year I have had Mr. T.Prem Sagar in a number of my classes, among them Soil Machanics, Airport Design and Cartography. I have found Mr. Prem Sagar of Superior ability, an earnest and concientious student and able to grasp a problem and solve it by independent thinking. The Soil Machanics Laboratory notes, in particular reflected by their completeness and organization an unusual amount of attention and library research.

I can state with out hesitation that it has been a pleasure to work with a student of his caliber.

Sir,

I am directed to refer to correspondence ending with this Ministry endorsement No.F.3-11/45 ODIV, dated the 9th January, 1948, in so far as it concerns the above scholar and to forward herewith a copy of an application f extension in the period of his scholarship upto December, 1949 from Mr. Gonsalves, received from the Indian Embassy, Washington.

The Provincial Govt. are aware that Mr. Gonsalves scholarship has already been extended upto March, 1949 to enable him to finish Ph.D. by that date.

Now it appears that he would be able to finish June, 1949 instead of March 1949. Thereafter he wants to practical training upto December, 1949.

The Provincial Govt. may kindly consider the matte from the point of view of employment on his return and whether -

1) he should beturn to India in June, 1949 after finishing Ph.D. or

2) he may be switched off to practical training soon as arrangements could be made, if the Provincial Govt. consider it more essential Ph.D. or

3) the Provincial Govt. would bear the full cost training subsequent to expiry of one year's in case they wish him to do both practical and Ph.D.

The Govt. of India are not however, prepared to Mr. Gonsalves period of scholarship beyond 24th Augus

The Govt have already given an extension in the period of scholarship of Mr. G. F. D. Gonsalves for 7 months upto March 49 to enable him to complete Ph.D. It now appears that the scholar could finish his Ph.D only in June '49.

X/15 c.f.
72734

p 1 c.f.

Thereafter he wants to do practical work till Dec 49 and has applied for extension till that time. The C.E.: P.W.D (Highways), has recommended that after completion of Ph.D in June 49 the scholar may be permitted to undergo practical training till 24.8.49. P.W.D and Fin agree to this proposal. If this is agreed to, the scholar gets an extension for 1 complete year. The G of I ~~have~~ are agreeable to meet half the cost upto this period. They have stated that if extension is given beyond this period this Govt will have to meet the entire cost. A draft letter agreeing to extension till 24.8.49 is submitted for approval. It may be circulated to H.M (Edn), H.M (PW) and H.M (Fin) for approval.
