C.NO. 853-B1/48 dated 16--4--1948.

SIR,

Sub: Basic Education - Craft Equipment - Supply by
private associations - Sanction of advance.

I have the honour to state that at present considerable difficulty is experienced in getting a supply of equipment - required for Basic Schools and for Basic Training Schools. Since there is no government workshop to supply the equipment private agencies have to be depended upon for the supply. *As the persons and institutions dealing with the manufacture of craft equipment, have not much of a capital of their own for manufacturing and supplying them on a large scale and keep a good stock of them, they cannot supply the requirements of the craft stores and take payment subsequently. I, therefore, recommend that the Government may be pleased to sanction a special permanent advance to each of the following Associations which manufacture craft equipment:

- | | |
|--|----------|
| 1. The Khader Abhivirudhi Sangam
Kalankaraipatti, Vanaramutthy Post.
Tinnevely Dist. | Rs.2,000 |
| 2. All Indian Spinners Association
Tamil Nad Branch, Tiruppur. | Rs.5,000 |
| 3. All India Spinners Association,
Andhra Branch, Masulipatam. | Rs.5,000 |

The grant of the advance will enable the Associations to manufacture and stock sufficient equipment so that the Associations will be in a position to supply the requirements for the stores without delay.

2. The institutions referred to in para one above are reliable. However, "The Khader Abhivirudhi Sangam Kalankaraipatty may be required to execute satisfactory security bond. The other 2 Associations are the branches of the All India Institution which may not agree to execute any bond for security.

3. The above proposal may be sanctioned for a period of one year and its further continuance may be considered in the beginning of April 1949.

4. The amounts may be sanctioned out of Rs.9 lakhs sanctioned by the Government for the expansion of Basic Education.

My letter Rec. No. 89.M-48 dated 2.6.'48 -

As already represented to Government in my letter C.No. 853.B.1-48 dated 16.4.'48 considerable difficulty is experienced in getting the necessary supply of equipment required for Basic Schools and Basic Training Schools. The associations dealing with the manufacture of craft equipment are not able to stock and supply them to educational institutions. Hence the heads of institutions are unable to get their requirements without delay. Thus the work is greatly handicapped. Unless advances are given to the associations that manufacture ~~crafts~~ there is no likelihood of the schools getting their requirements in time.

In these circumstances, I request you to kindly obtain the early orders of Government on my letter Rc. No. 853. B.1-48 dated 16.4.'48.

Yours faithfully

-Ref: My letter Rc.No.553 M/50 dated 5-9-1951.

In G.O.No.1751 Edn., dated 15-7-1948 Government sanctioned an
advance of Rs.5000/- to the All India Spinner's Association, Masuli-
patnam and directed that this expenditure will be met from the
lumpsum appropriation under 37 Edn. 1 - Primary grants to local
bodies I. Ordinary areas (i) Excluding Post War Reconstruction -
7. Basic Education - Voted in Budget Estimate for 1948-49. In my
letter quoted above I have reported that the advance to All India
Spinners' Association, Masulipatnam need not be allowed to be
kept by them. The Divisional Inspector of Schools, Godavari
Division was asked to direct the All India Spinners' Association,
Masulipatnam to refund the advance with them.

Now the Divisional Inspector has requested me about the
head of account to which the refund of advance should be credited.

BASIC EDUCATION - Craft equipment - Supply of private associations - Sanction of advance.

Ref:- From the D.P.I.No.853 B1/48, dated 16-4-48

The proposal of the D.P.I. in his letter in the c.f. is that for a period of one year a special permanent advance to each of the following Associations which manufacture craft equipment may be sanctioned as shown against them:-

- | | | |
|---|-----|------------|
| (1) The Khader Abhivirudhi Sangam.,
Tinnevely District | ... | Rs. 2,000 |
| (2) All Indian Spinners Association,
Tiruppur | ... | Rs.. 5,000 |
| (3) All India Spinners Association
Masulipatam | ... | 5,000 |

The expenditure on the payment of this advance is proposed to be met out of the lump sum provision in the current year budget set apart for the extension of Basic education. The proposal may be accepted. Finance may see for remarks before circulation.

E.P.H. No. 26853 B3/48-1
1.5.48.

Please see the notes of E.P.H. above.
Usually permanent advances are sanctioned to Govt servants only and not to private firms of the kind mentioned in the c.f. Hence the proposal does not relate to the payment of a special permanent advance as recommended by the D.P.I. but only an advance payment by the Govt.

The proposal amounts to paying all private associations which manufacture craft equipment stores, advances with a view to help them to meet their working capital expenditure. This is not covered by the rules. It is not clear whether there are no agencies who can be asked to supply the required stores and take payment from the supply. There does not seem to be adequate justification to depart from the normal procedure.

in such cases, viz. to advance pay the money after supply of the materials.

As regards the three institutions mentioned in the CF., the A.I.S.A. Tamil Mad Branch & the A.I.S.A. Andhra Branch can, it seems, meet the capital cost of manufacturing the stores without the aid of an advance from the Govt. as they are recognised institutions of established reputation. There seems to be no need to

give them an advance as proposed by the D.P.D., especially as it does not appear that the associations themselves have asked for such

Finance (Exp. A)

(Previous Fin. notes on pp 1-2 above)

The D.P.D. has explained in his letter on p 5 CF. that the permanent advance applied for may be necessary in view of the fact that the A.I.S.A. Tamil Mad & Andhra Branches have only limited capital and cannot sell anything except on cash payment. He has also stated that the advance will cover the arrears that would be against our institutions during the period of payment of the materials and before the bills are actually cashed. Under the arrangement proposed by the D.P.D., the Govt. will have to pay the bill before the stores are actually received by them and tested. As a general rule, stores should

The D.P.D. has not suggested any such payment.

not be paid for until delivery has been effected and the quantity and the quality of the stores supplied have been duly checked and found satisfactory in every respect. In exceptional cases where the application of this rule will cause hardship, a part of the cost is paid in advance on receipt of the railway receipt from the contractor in despatch provided that the firm is of well-known standing and that an agreement is taken from the contractor to secure the Govt. against all possible risk of loss.

The D.P.D. considers in the present case that even this

para 2, p 1 CF security should not be insisted upon in respect of the two branches of the A.I.S.A. as they may not agree to execute a bond.

There is no information regarding the requirements of the stores of the institutions and the probable estimate of cost of the stores. In view of the circumstances detailed by the D.P.D.,

it is for consideration whether the proposed sanction advance of Rs 5,000/- each to the Tamil Mad Branch & the Andhra Branch of the A.I.S.A. and Rs 2,000/- to the Khaddar Akhivindin Sangham may be agreed to in this Dept. as a special case, subject to the condition that the sanction will be in force for a period

Please see below 22.6.48

of one year.

The D.P.D. will, of course, obtain the necessary security bond from the Khaddar Abhivandhi Sangham. p. 2, p. 1. c.

In view of the special circumstances of the case, Finance may suggest that the case may be circulated to H.M. (Fin) also.

The advances proposed are evidently intended to enable the three associations to manufacture and stock sufficient equipment so that the associations

may be in a position to supply the requirements of the Education Dept. without delay. It already pointed out that it is not usual to grant advances. This Dept. may

therefore advise that if the associations need funds to meet their capital expenditure they may apply to the Govt. for loans/repayable with interest in a specified number

of years. It is necessary to give sufficient security for this purpose. The rate of interest may be 5% as in the case of advances granted as State aid to Industries Development also will have to be consulted if this suggestion is acceptable. It is however, E.P.D. wish to press their proposal

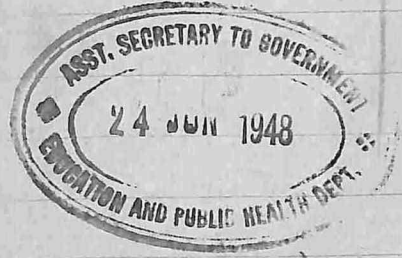

to grant advances from the lump sum allotment for Primary education in the current year's budget under 'Education'. It can be done only as an advance payment for the goods required and adjusted after the goods are actually supplied. It is not possible to treat the advances as permanent advances as such advances are granted only to Govt. servants and debited to Defunct Section of the Accounts. In any case, it does not seem safe to forward make advance payments without taking an agreement to secure the Govt. against any possible loss or risk and in excess of the value of the goods to be purchased for the various institutions.

Director S. and P.H. may be requested to take orders in circulation as to which of the two alternatives may be adopted in the present case. H.M. (Finance) also may see.

A loan under the State Aid to Industries seems to be rather cumbersome & the institution may not agree to payment of interest.

We may $\therefore$ agree to advances being given as proposed, the amounts being held as advance payments for goods to be supplied. An agreement may be taken from each of the institutions to supply goods to the value of the advances within a reasonable period & to refund to the Govt. any excess over the value of the goods supplied.

Order may be taken in O.E. for the above procedure. 22.6.48 E.P.H.
