Education & Public Health
Department, Madras.

No.S.K.6535/48 dated 22-6-48.

Sir, 27 JUN 1948

PAPER off cuts - accumulated in the Government Press, Madras
disposal by sale + sanction - request of.

The Superintendent, Government Press, Madras states in his letter No.SKR. Mis. dated 27-5-48 that paper off cuts have accumulated in the press and that they might get damaged and deteriorated owing to long storage. He therefore requests this office to remove them immediately.

There is no proper place for storing them in the Stationery Stores at Guindy. Further, it is feared that if the off cuts are removed to Guindy stores, they may be easily damaged by white ants. In this connection, reference is solicited to letter dated 3-6-48 (copy enclosed) addressed to the Superintendent of Stationery by this office cart contractor offering to purchase the stock of paper cuttings at Rs.250/- per ton. He is prepared to accept the lot with all errors and faults. Further, the rate quoted by him seems to be reasonable when compared with current rates for waste paper - press cuttings at Rs.160/- and 165/- respectively per ton. The Superintendent, Government Press, says that he has approximately 3½ tons of off cuts. The term off cuts does not come under the definition of waste paper referred to in G.O. Mis.No.963 Edn., dated 24-4-48.

It is therefore requested that sanction may kindly be accorded for the disposal of the off cuts accumulated in the Government Press, Madras, in which case the Superintendent, Government Press will be asked to dispose them of direct to Sri K.A. Manicka Mudaliar, Cart contractor, Stationery Office, at Rs.250/- per ton, to avoid unnecessary transport charges to Guindy and damage by white ants.

Copy of letter dated 3-6-48 from the Carting Contractor, Govt. Stationery Office, Madras, to the Superintendent of Stationery, Madras.

I understand that there is an accumulation of cut pieces of paper in Government Press to the extent of 3 to 4 tons. I am prepared to purchase the entire lot with all errors & faults at the rate of Rs.250/- (rupees two hundred and fifty only) per ton. A part of this accumulation is soiled and also eaten away by white ants. Considering the existing condition of the paper, I request you to confirm the sale of this accumulation at Rs.250/- per ton.

Sd. K.A. Manickam.

ABSTRACT

STATIONERY - Waste Paper collections other than press cuttings in Government offices - Collection and removal - Contract with the Salvation Army for the period from 1st April 1948 to 31st March 1949 - and disposal of press cuttings - Orders passed.

Read the following:

From the Superintendent of Stationery No. B3-10838 - 47 - dated 5-3-48.

ORD R:-

The Government accept the tender of the Salvation Army for the purchase and removal of waste paper in Government offices under the Government of Madras at a flat rate of Rs.160/- (One hundred and sixty rupees) per ton for the period from the 1st April 1948 to 31st March 1949. The Superintendent of Stationery is authorised to enter into the necessary agreement with the Salvation Army; in this agreement, provision should be made reserving power to Government to withhold from sale waste paper from specified offices at Government's pleasure from time to time and for revision of the price fixed by them. A copy of Memo No.57397-1 G2 Education dated the 2nd August 1947 which contains a definition of the term 'waste paper' is appended to this order for information.

2. The contract shall be subject to the following conditions:-

(1) The Salvation Army should supply waste paper to the hand-made paper factories of the Industries Department in accordance with the orders in G.O. No. 355 Education, dated the 6th June 1945 and to the All-India Village Industries Association;

(ii) They should supply the balance of the waste paper to the Punalur Paper mills. The rate at which the waste paper is sold to the Paper mills should be settled between the Salvation Army and the Paper mills. If the Paper mills do not require the waste paper offered by the Salvation Army at reasonable rates, the paper may be sold to other agencies.

3. The supply of waste paper to the hand-made paper factories of the Jail Department ordered in G.O. No. 294 Education, dated the 2nd March 1945, should be limited to the existing hand-made paper factories in the Central jails at Coimbatore, and Madurai and the Borstal school at Palamcottah. The waste-paper collections in the Surgeon General's office should be reserved for the hand-made paper factory at the Government Mental Hospital, Madras and the surplus only sold to the contractor.

4. The paper cuttings from the printing presses are excluded from the scope of the contract. These cuttings will be sold by the Superintendent Government Press, at the rate of Rs. 165 (Rupees one hundred and sixty five) per ton on site. Preference will be given to the requirements of the press cuttings of the hand-made paper factories of the Industries Department and the All-India Village Industries Association if they are willing to pay at the rate of Rs.165/- per ton and the balance of the quantities will be sold to the Punalur Paper mills. If the hand-made paper factories are unwilling to pay that rate, the entire quantity of press cuttings may be sold to the mills, if they require it.

5. The Director of Industries and Commerce and the Secretary All India Village Industries Association should get into touch with the Superintendent Government Press and arrange to clear the requirements of the hand-made paper factories. As regards the supply to the Paper Mills the Superintendent, Government Press will despatch the press cuttings to them advising them of the weight of the press cuttings despatched and the expenses incurred in despatch e.g., cost of gunnies, transport to railway station etc. The mills should arrange to pay the amount to the Superintendent Government Press promptly.

6. The prices of Rs. 160/- per ton for waste paper and of Rs.165/-

SUPERINTENDENT

APPENDIX.

Copy of Memo No. 57397 -1 G2 Education dated 23-7-47.

Sri S. Ranganatha Mudaliar, Contractor for Government waste paper for 1947-48 has brought to the notice of Government that the proper implication of the term 'waste paper' is not understood generally in Government offices and certain varieties of waste paper like old newspapers are not sold to him. The following definition of the term 'waste paper' is communicated to all the Officers concerned for information so that there may be no difficulty in disposing of waste paper to the contractor:-

"Waste paper includes old Gazettes, old newspapers, press cuttings (which term excludes 'paper cuttings from printing presses') taken from Newspapers in Offices, obsolete books, disposal files, other publications and wastepapers not wanted in Government Offices. Other records in Government offices such as magisterial records in criminal courts, judicial records in the High court, records under the Estates Lands Act, etc., do not come under the definition of the term waste paper unless the Officers concerned choose to treat them as waste paper which is ordinarily torn up under the rules in force regarding the method of destruction of such records."
