ANSWER.

(a) and (b).

The Hon'ble member presumably refers to the financial position of the District Boards and Municipal Councils to introduce the revised scales of pay sanctioned for teachers in schools under their control. The financial position of almost all the District Boards and Municipal Councils is not sound.

(c) The Government do not propose to make up the full deficit on this account by grants. However, to put them in funds, they have sanctioned the enhancement of the rate of education tax and have given advances with to enable the District Boards and Municipal Councils to introduce the revised scale of pay for teachers in elementary schools. They have also, with a view to enable local bodies to meet the extra cost involved in the adoption of the revised scales of pay for the staff in secondary schools sanctioned, the payment of teaching grants on the basis of half the net cost of maintenance of the schools in lieu of the fixed lump sum subsidies paid hitherto. This has afforded the necessary financial relief and the revised scales of pay have been adopted by all local bodies.

Orders regarding the introduction of revised scales of pay were issued in G.O. No.975, Education, dated 10-5-47 and in G.O.No.1154, Education, dated 5-6-47. So far as Dt. Boards are concerned, while passing orders on their E.E. Fund Budgets for 1947-48, reports were called for from the S.Os. regarding the extra cost on the revised scales of pay. The S.Os. were also asked to make suggestions to Govt. for meeting the extra cost involved. Most of the Spl. Officers asked for additional subsidies from provincial funds to meet the extra expenditure.

The decision of the Govt. was that the entire expenditure should be met from their own funds / local bodies. The view was

and that the rate of education tax might be suitably raised and advances paid towards the balance of the expenditure. A statement indicating the extent up to which the Education tax was raised and the advances were given is put up at 'A'. Out of 24 Dt. Boards, orders have been issued in 19 cases. In the case of Salem, the matter is under consideration separately. In the case of the remaining 4 Dt. Boards, necessary orders will be issued on receipt of the report called for.

3. Revised scales of pay have been introduced by all municipal councils. It was observed that the financial position of most of the municipal councils was unsound and necessary steps were taken to enable them to meet the additional expenditure on the grant of revised scales of pay, by enhancing the rate of education tax levied by them, wherever it was necessary, and ^{also} by granting advances from the Provincial funds in all deserving cases.

4. The revised scales of pay fixed by govt for teachers in secondary schools under local bodies have been adopted by all the local bodies - Govt were till 1947 ~~maintaining~~ giving fixed lumpsum subsidies towards the cost of maintenance of secondary schools opened prior to 1930. The system was abolished as from 1.1.47 and the system of payment of teaching grants to all the recognised secondary schools under local bodies has been introduced instead. This is mainly intended to enable local bodies to meet the extra cost involved in the adoption of the revised scales of pay. - The grant that is now being paid includes compensation for the loss ⁱⁿ of fee income on account of the award of fee concessions under mlo 92 M.E.R., half the expenditure incurred on schemes for scholarships & fee remissions up to 10% of the fee income recommended standard ~~afforded~~ by the Director & half the expenditure on payment of dearness allowances at approved rates. This will afford necessary financial relief ~~directly~~ to

Financial position of District Boards and Municipal Councils.

* 47 Q.—SRI R. SURYANARAYANA RAO: Will the Hon. the Minister for Education be pleased to state—

(a) whether the examination of the finances of the municipalities and local bodies has disclosed that some of them cannot afford to pay the revised rates of salaries and give retrospective effect to revised scales from January 1947;

(b) what those municipalities and local bodies are; and

(c) whether the Government propose to make up the deficit on this account by suitable grants?

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR:—

"(a) & (b) The Hon. Member presumably refers to the financial position of the district boards and municipal councils to introduce the revised scales of pay sanctioned for teachers in schools under their control. The financial position of almost all the district boards and municipal councils is not sound.

"(c) The Government do not however propose to make up the full deficit on this account by grants. However, to put them in funds, they have sanctioned the enhancement of the rate of education tax and have given advances to enable the district boards and municipal councils to introduce the revised scales of pay for teachers in elementary schools. This has afforded the necessary financial relief and the revised scales of pay have been adopted by all local bodies."

SRI R. SURYANARAYANA RAO:—"In view of the answer that the financial position of almost all the district boards and municipal councils is not sound, will the Hon. Minister, instead of giving them advances to make up the deficit, make it a grant? The advances will never be recoverable."

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR:—

"It is open to the Government to do whatever in future. But at present they have granted only advances."
