Sir,

Basic Education--Government Basic Training School
Moodbidri--Application of a Part-time Instructor
in Agriculture.

ENCLOSURES _____

SPARE COPIES _____

It is reported that cotton is not grown in South Kanara District and that Agriculture is the main pursuit of the people there. Since the Basic craft taught in schools should be directly connected with the local profession, more importance has to be given for the teaching of Agriculture in the Government Basic Training School, Moodbidri.

2. The sanctioned strength of the Government Basic Training School, Moodbidri is

Two L.Ts.
One Basic Teacher
One Craft Instructor
One Hindi Pandit.

Since Agriculture is a Basic Craft, suited for the locality, I propose to appoint an Instructor in Agriculture on a Part-time basis on a monthly remuneration of Rs. 40/- in the place of a full time Craft Instructor. I request that the Government may kindly approve this proposal for a part-time Instructor. The proposal does not cost anything extra, but results in a saving of Rs. 23/- per mensem.

3. It is reported that about 10 acres of dry land belonging to Sri G. Gopal Pal, the owner of the building

P.T.O.

in which the school is located is available for agricultural purposes and that the owner is prepared to lend the use of this land by the Government free of rent. The equipment now supplied is reported to be inadequate, but an additional supply can be made by purchase, meeting the expenditure from the allotment already sanctioned for the purpose or by the sanction of additional allotment by re-appropriation.

THE SECRETARY TO GOVERNMENT,
Education and Public Health Department.

Sir,

Sub: Basic Education - Government Basic Training
School, Moodibidri - Appointment of a craft
instructor.

I have the honour to state that the Government
in their order No.Ms.18 Edn dated 3-1-1948 approved my proposal
to appoint a part-time craft instructor in Agriculture on a
monthly remuneration of Rs.40/- in the Government Basic Training
School, Moodibidri in the place of the full-time instructor sanc-
tioned for the school. The G.O. was communicated to the Divisional
Inspector, Coimbatore and the District Educational Officer, South
Kannara in this office AC.No.1745-B.1/47 dated 9-1-1948.

2. In the meanwhile a craft instructor in
spinning was appointed. He joined duty on 13-1-1948 and is carry-
ing on the work. Since it is reported by the Headmaster, Basic
Training School, Moodibidri that there is no scope of carrying
out agricultural operations satisfactorily I recommend the re-
tension of the post of the full-time craft instructor originally
sanctioned instead of the post of the part-time instructor in
Agriculture sanctioned in G.O.No.Ms.18 Edn dated 3-1-1948. The
full-time craft instructor already appointed is being continued
in service in anticipation of approval of the Government.

3. Copy of letter AC.No.1-G/47 dated 31-1-1948
of the Headmaster, Basic Training School, Moodibidri is enclosed
for favour of perusal.

Sanction of the post of a part-time instructor in Agriculture
in the place of the full time craft instructor - retention of
the latter post - request for

RJC.No.61-A/48 dated 19-1-1948 of the Divisional Inspector,
Coimbatore.

In the above reference of the Divisional Inspector of Schools,
Coimbatore, communicating G.O.No.Ms.18 Edn dated 3-1-48 the post of
a part time agricultural instructor has been sanctioned in place of
the full time spinning instructor's post sanctioned previously. At
the time when proposals were submitted for the creation of the for-
mer post we were assured by the building owner that the 2 wells on
the precincts of the school compound would provide atleast
the minimum amount of water for essential agricultural purposes
As this school has been opened only this year, I had no know

of the period upto which the wells could provide water. One of the wells dried up in last November itself and the other almost dried up in the middle of this month so much so that even drinking water for the hostel had to be brought about 3 to 4 furlongs from the school. The subsequent showers have eased the situation a bit, but as matters stood, there is absolutely no hope of carrying out agricultural operations on a satisfactory scale till the rains set in i.e. till June. The craft instructor in spinning joined just recently on 13-1-1948 and he is carrying on the work. The spinning instructor has a lot of records to maintain in addition to the instruction side of the work. Hence he is fully engaged. Because of the above reasons I pray that the G.O. sanctioning the appointment of a part time instructor in agriculture may be held in abeyance. Further as next year i.e. in June at least one more batch will be taken, instructors both in agriculture and spinning, will be needed. Proposals for the sanction of an instructor in agriculture in addition to the one in spinning already appointed will be submitted soon after the strength of the training school for the next year is fixed up and before the outset of the monsoon in June.

Basic education - Govt Basic Training school Moodilidri - Appointment of a part time instructor in agriculture

The Govt sanctioned the opening of a basic training school at Moodilidri in July last. The D.P.I. reports that 'Agriculture' may be introduced as a basic craft in the training school (It is observed that the D.P.I. formulated his original proposals on the assumption that spinning ^{and} ~~will~~ be introduced as a basic craft) He suggests that the full time post of the craft instructor sanctioned for the school may be converted into a part time one on a monthly remuneration of Rs 40/-. The Director anticipates some additional expenditure under equipment but it is not ^{not} possible ~~for him~~ to estimate the extra cost on his account. The proposals of the Director may be accepted

(A)

In G.O. 1604 Edn 3 17-7-47 the Govt sanctioned
among other things the opening of a basic
training school at Moodbidri in S. Kanara district.
Among the staff sanctioned for the school
was a craft instructor. The pay to be allowed
to craft instructors to basic training schools
sanctioned in the G.O. is being examined separately.

The present proposals made in D.P.1 are

a) to appoint a part time craft instructor on Rs 40
in place of full time craft instructor sanctioned in the G.O. and

b) to purchase some additional equipment.
This dept may agree to (a) as it is not necessary to
base the pay of a part time instructor on the basis
of the pay to be allowed to full time instructors.

Page 1-2 of

A

Proposal (b) may also be agreed to as the extra
cost may not be on the presumption that
the extra cost will not be large.
The case may be returned to E.P.H.
