ENCLOSURES PINF (B)

SPARE COPIES _____

The sanction accorded for the employment of two lower division clerks in connection with the preparation of Volume II of the report on public instruction for 1946-47 expires with effect from 20.7.1948. Though the work for which the two clerks were employed has almost been finished I feel there is still need for their further employment. I have already informed Government in my letter R.G.86-F/47 dated 6.5.1948 that on account of the dearth of trained personnel it was found possible to detail only new recruits for the work. The clerks being new were unable to do as much work as would be done by experienced hands and the result has been that the compilation work in connection with the report for the year 1947-48 has made but little headway. It is usual at this time of the year to have finished a good portion of the work relating to statistics of colleges and Secondary schools. Since the new clerks were busy all the time preparing both parts of Volume II of last year the work for the current year has fallen in arrears. With a view therefore to overtaking the arrears and to minimising the delay in the completion of the current years report I consider

that the continuance of the staff of 2 Lower Division clerks absolutely necessary. In view of these I request that Government may be pleased to order the further continuance of the two lower division clerks for a further period of two months with effect from the date of the expiry of the present sanction viz. 20.7.48. Every care will be taken to see that the arrears are overtaken within the period of the sanction.

Yours faithfully,

For Director of Public Instruction.
