Education and P.H. Department.

ANSWER.

(a) There is no such proposal at present.

(b) 3.53 acres.

(c) and (d).

There was originally a proposal to shift the school to the Coronation grounds but in view of certain representations, that has been dropped.

(e) It is proposed to transfer the site with the shed already constructed in it to the Kalaimagal Kalvi Nilayam, Erode, under certain conditions.

(f) Yes.

2. In 1944, a suggestion was made that the site measuring 3-53 acres relinquished by the Coronation Committee might be utilised for the provision of additional accommodation to the Government Secondary and Training School for Women, Erode. The Director of Public Instruction, ^{who was} ~~in response~~ ^{consulted in the matter} to this suggestion, reported that the land may be utilised for the purpose by providing a compound wall for the whole area and that a temporary shed for six class rooms might be constructed. The Government approved an expenditure of Rs. 19,200/- for the purpose. In 1946, the Director submitted a revised estimate for 33,500/- for the work, the increase being due to the provision of a compound wall on all sides of the school at an estimated cost of Rs.13,000/- instead of at a cost of Rs.4,400/- as previously proposed. The

cost of the wall was considered rather high and the Government approved an expenditure of Rs.20,500/- on the construction of a temporary latrine and shed only. The work has already been completed.

3. Last year, the Director reported that the shed already constructed on the site was unsuitable not only on the ground that it was situated at a distance of one mile from the main school building but also for the reason that it would lead to disintegration of the school as it would be impossible to exercise effective supervision and there would be practical difficulties in the working of the school also. The Director therefore suggested that the compound and quarters of the Deputy Superintendent of Police, Erode, might be secured for the provision of accommodation for the school. ~~This suggestion was considered in consultation with the Inspector-General of Police and he was not agreeable to it. It was given up and the Director was asked to make arrangements for the shifting, as soon as possible, of certain sections of the school to the shed already constructed and to submit proposals for the construction of compound walls and additional buildings.~~

Subsequently, in connection with the request of the management of the Kalaimagal Kalvi Nilayam, Erode, that the Coronation Site with the shed which is adjacent to the school may be given for the use of the Nilayam, the question of utilising the compound and quarters of the Dy.S.P.

was again considered and the I.G. agreed to it. ~~Orders have already been issued by the Home Department transferring the compound and quarters of the Dy.S.P. on the following conditions:-~~ on condition that one of the buildings now occupied by the school hostel should be handed over to the Police Dept. Orders were accordingly issued that the same should be made over for the use of the school subject to the following conditions:-

- (i) that one of the buildings now occupied by the school as a hostel should be handed over to the police department,
- (ii) that the Dy.S.P., Erode, should occupy the Prohibition Deputy Superintendent's quarters at the place, the latter officer being accommodated in the hostel building of the school to be handed over to the Police Department.

4. The Director of Public Instruction has been asked to ascertain and report from the management of the Kalaimagal Kalvi

Nilayam whether it is prepared to take over the Coronation Site with the shed already constructed on it, on the following conditions:-

- (i) that the money spent on the construction of the shed and the compound wall be paid by the Nilayam to Govt.,
- (ii) that, if, at any time, the Nilayam ceases to conduct educational work recognised by Government, the site and other buildings put up by the Nilayam should revert to Government, and
- (ii) that the site and the shed thereon should be exclusively used for recognised educational purposes and no portion of the site should be hired out or used for any profit-making business.

The report from the Director is awaited.

5. A draft ^{answer} order is submitted below for approval. The file may be circulated to H.M.(Education).

The answer may be as follows:--

- (a) There is no such proposal at present.
- (b) 3.53 acres.
- (c) and (d). There was originally a proposal to shift the school to the Coronation grounds but in view of certain representations, that has been dropped.
- (e) It is proposed to transfer the site with the shed already constructed in it to the Kalaimagal Kalvi Nilayam, Erode, under certain conditions.
- (f) Yes.

A revised draft answer is subd below for approval.
