To

The Secretary to the Government of Madras,
Education & Public Health Department,
Fort St. George, M A D R A S .

Sir,

Reference:--G.O.No.1715 Education dated 7-7-1948 permitting the holding of a supplementary S.S.L.C. Public Examination in October.

When I sent my original recommendation regarding the holding of a supplementary examination in October 1948 (Vide my letter to Government R.C.No.427-B/48, dated 6th June 1948) it was expected that orders of Government would be received in June itself and so I recommended that 31st of July 1948 may be the last date for receipt of applications in my office. As the orders of Government were however received only on 9th July, 1948, the notice inviting application from private candidates was published in the Fort St. George Gazette dated 13th July 1948. I have given a full month's time for the candidates to submit their application and changed the last date for receipt of applications from 31st July, 1948 to 14th August 1948. For the examination "October 1949 onwards the last date will be 31st of July as ordered in the Government Order. This arrangement may be kindly approved.

2. The intention of Government in holding another examination is to give four chances for a candidate to appear for the examination within a period of two years. This would mean that a candidate failed in October should be permitted to sit for the examination in March also. I accept the view. However, this year, as it is proposed to hold the examination only towards the end of October, it will not be possible to publish the result before the first week of January at the earliest. After publication of the result, the certificates have to be stamped and got ready for despatch. The despatch of thousands of certificates by registered post to the individual applicants will take sometime and it will not therefore be possible for the failed candidates to apply in time for the March examination. I therefore recommend for the acceptance of Government, as a special case, that candidates who have failed in the examination in October 1948 will not be allowed to appear for the examination in March 1949. From 1949-50 onwards, the second examination may be conducted in September so that the results could be published in December and failed candidates could apply for the examination before 31st January every year. This being the first examination, the above arrangement is proposed for March 1949 only.

3. This arrangement will cause hardship for one class of private candidates for which the following proposal is recommended for consideration. There might be private candidates especially teacher candidates who would be preparing

P.T.O.

for the examination in March 1949. These candidates may not take a chance in October next as they want sufficient time to prepare for the examination. If the examination in March is closed completely for all private candidates, this type of candidates and even other failed candidates, who do not ~~apply~~ for the October examination will not be able to appear for the examination in March, 1949. To obviate such hardship or difficulty, I suggest that those private candidates who have not applied for the examination in March 1949 provided they submit their application before 31st October 1948. From 1949-50 onwards as every one will be allowed two chances per year, no such special arrangement would be necessary.

4. I request Government may be pleased to pass early orders on these recommendations.

Yours Faithfully,

Ranganayakulu

I don't understand item (2) in the draft that candidates who fail in the supplementary examination in October '48 should not be allowed to appear for the examination in March 1949. That may be made clear. *apm:cp*
