Ref:- Government Memo.No.21466-14/47-A Edn. dated 9-6-48.
*****

With reference to para (2) of the Government Memorandum referred to above I recommend the distribution of the 17 seats reserved for students from outside the Province among the three Engineering Colleges at Cocanada Anantapur and Coimbatore as follows.

1) College of Engineering, Cocanada.	6 seats i.e.	2 from Orissa & 4 from Indonesia
2) College of Engineering, Anantapur.	5 seats ie.	3 Hindu students from Pakistan & 2 students from Coorg.
3) College of Engineering, Coimbatore.	6 seats i.e.	2 from South & East Africa, 2 from Cochin & 2 from Ceylon.

Considering the large demand for seats in the College of Engineering, Guindy, it is desirable not to reserve seats for outsiders there.

Subject: Placement of Indonesian students in Institutions in India.

Sir,

In confirmation of this Ministry's telegram of even number dated the 13th July 1948, I am directed to state that the Indonesian scholar, Mr. Surono, was sent to Madras by the G.T. Express which left Delhi on the 14th instant. The Principal of the Engineering College, Guindy, may be requested to receive him and provide him with hostel accommodation immediately and take steps to have him admitted to the College.

Mr. Surono has been awarded a Government of India scholarship of the value of Rs.200/- p.m. The Government of India will also pay his capitation fees and tuition and examination charges. As it might take some time before arrangements for the payment of the stipend through the usual channels can be completed, it is requested that the Provincial Government may kindly disburse Mr. Surono's stipend and also meet his capitation fees etc., debiting the expenditure against the Central Government, until such time as this Ministry is able to arrange payment through the Accountant General,[redacted] Central Revenues and A. G. Madras. In order that the student may not find himself in financial difficulties, the Principal of the Engineering College may kindly be requested immediately to pay him an advance of stipend, if he requires it.

Sir,

I am directed to refer to your letter No. 52005-A/48-3-Edn., dated the 29th July, 1948, on the subject cited above and to request that the Madras Government may kindly reconsider their decision not to admit Mr. Surono at the College of Engineering, Guindy. In this connection I may point out that in response to our letter of even number, dated the 2nd March, 1948, to the Principal, College of Engineering, Guindy, requesting him to admit certain Indonesian students to the College, he replied in his letter Rc.No.1.149 B-48, dated the 17th March, 1948 (copy enclosed) stating that since the permission of the Government of Madras was necessary in the matter he had forwarded the letter to the Director of Public Instruction, Madras, for necessary action. He however, discussed in his letter the courses of the students and indicated the year of study to which they would be admitted if permission was granted by the Madras Government. We then addressed an express letter dated the 24th April, 1948 to the Madras Government in which we requested them to kindly authorise the Principal to admit the student to Guindy College. The Madras Govt. in their letter Rc.No.2166-12/47, dated the 9th July, 1948, stated that the Director of Public Instruction Madras had been asked to arrange for the

In this connection I may point out that in [illegible] to our letter of even number dated the 2nd March, 1948, to the Principal, College of Engineering, Guindy, requesting him to admit the said Indonesian student to the College, he replied in his letter No. L.149 A-48, dated the 27th March, 1948 (copy enclosed) stating that since the permission of the Government of Madras was necessary in the matter he had forwarded the letter to the Director of Public Instruction, Madras, for necessary action. admission of this student as desired by the Government of India.

In view of the correspondence referred to above it was assumed by this Ministry that the Indonesian student had been admitted to the Guindy Engineering College, as requested by us. The Indonesian Representative in India, Dr. Soedarsono was accordingly informed and when the student arrived at Delhi he was sent to join his Institution at Guindy. Later we were informed by Dr. Soedarsono verbally that the College authorities had informed the student that he was to be transferred to Kakinada College as there was no arrangement for him at Guindy. Both the student and Mr. Soedarsono appeared to be rather upset at this as they had heard that the Kakinada College was a new institution and was not so well equipped as the Engineering College at Guindy. We accordingly sent a telegram to the Madras Government dated the 21st July, 1948 requesting that the previous concurrence of Central Government may kindly be obtained before transferring the student from this Institution. I am also enclosing a copy of letter received from Dr. Soedarsono expressing his anxiety that Mr. Surono should remain in this Institution. It is, therefore, requested that in view of the previous commitments made to Dr. Soedarsono in consultation with the Madras Govt., arrangements may kindly be made to recall Mr. Surono from the Engineering College of Kakinada and to allow him to study at the Engineering College, Guindy, as previously arranged.

Copy of letter No.1-149B-48 dated the 17th March 1948 From Dr. J.J.Rudra, Principal College of Engineering, Guindy, Madras to the Secretary to the Govt. of India, New Delhi.

Sir,

Sub: Students from Indonesia - placement in Institutions in India.

Permission of the Government of Madras is necessary for admission of students from Indonesia into this College. I have therefore forwarded your letter to the Director of Public Instruction, Madras for Necessary action.

I may, howev-erm add that if the Government of Madras decide to admit the Indonesian students into the College of Eningeering, Guindy, the class in which they may be admitted would be determined by the University of Madras to which this college is affiliated. While the decision of this point rests with the University of Madras, it may not be out of place for me to say that the course which the Indonesian students have gone through is very different to the course in this college and it would not be either possible or desirable to admit them into a higher class than that from which they come.

It is desirable that the students should spend at least two years in this College to derive lasting benefit from the system of education in this College and social andcultural contact with the people of this Province. I should, therefore, think that from this consideration as well as the difference in the courses in the Technical University, Indonesia and the Madras University, the students who have completed their theird year courseshould be prepared to join our course, subject of course, to the concurrence of the University of Madras. There are four students who come under this class.

There is one student who was doing his second year course. I think it would be desirable for this student to join the first year class of this College and do the full 4 year course. Alternatively, he can join the second year class; but according to the regulations of the Madras University, he will have to appear for the examinations for the first and second year courses. He should not mind this, as there are quite a number of students who take the first and second year examination together.

If the Government of Madras decide to admit these students into this College, it would neither be necessary nor desirable for the students to join the College before the opening of the session on the 3rd July 1948. The College is residential and I do not think that the Indonesian students will have any difficulty in adapting themselves to the conditions here.

Copy of letter No. 724/11/48, dated the 4th August 1948 from Dr.Soedarsono, Representative of the Republic of Indonesia in India to Mrs. Asghar, Ministry of Education, New Delhi.

I come to know, through a telegram, that Mr. Surono had been sent to Cocanda. It had been previously agreed upon that the Government of India would send a telegram to the Guindy College authority to let him stay in the Guindy College.

I am given to understand that the Cocanda's College has much less equipment and other facilities than the Guindy College of Madras.

Therefore, I shall be very grateful to you, if you will kindly arrange to take him back to the Guindy College.

Up to now Mr. Surono has not yet received the scholarship and on account of this he has been several times, complied to borrow. Of late he had to borrow Rs.50/- for going to Cocanda. Now, he has not a single pie in his pocket. I hope you will do something about this.

Thanking you in anticipation.

Dear Mr. Subramanyan,

Will you kindly refer to Dr. Tara Chand's telegram of the 5th instant regarding the payment of stipend to the Indonesian Scholar Mr. Surono. The Representative of the Republic of Indonesia in India who has reported that the student has received no payment of stipend after the disbursement of Rs.200/- early in August - is rather perturbed at the delay. As the student has been brought to India and granted a Government of India scholarship as part of our scheme for promoting Cultural co-operation with Indonesia, the Government of India is anxious that every effort should be made to see that he is free from financial difficulties. It would, therefore, be greatly appreciated if the Madras Government would kindly arrange for the immediate payment of the arrears of his stipend and also arrange for the prompt and regular payment of his stipend and fees at the beginning of every month till this Ministry is able to arrange direct disbursement to the student through the A.G. Madras.

Telegram from the Govt of India F/18

(All the previous papers are put up in a file in circulation)

Recently the Govt revised the number of seats reserved for outside Students in the Govt Eng: colleges. In that connection ~~[illegible]~~ 4 seats were ~~allotted~~ reserved for Students from Indonesia. This reservation was made at the instance of the Govt of India who have agreed to meet all the expenses of the Students including their tuition fees. Mr. Sorono referred to in the telegram is a candidate recommended by the Govt of India for one of the seats reserved for Indonesia. The Govt of India's recommendations in respect of the three remaining seats have not yet been recd:

2/ In Memo No: 2/466-14/47 Edn d/ 9.6.48 the D. P. I was asked to suggest the names of the Eng colleges to which the seats reserved for outsiders (17) may be allotted. The Director's suggestions are on page 3 cf. According to these suggestions the 4 seats reserved for Indonesia are to be in the Cocanada college. and the Principal Eng college, Guindy, has therefore asked Mr. Sorono to go and report himself to the Principal, Eng college, Cocanada.

3 The Govt of India now desire that Mr. Sorono should be retained in the Guindy college. It is not clear whether the Govt of India desire that all the 4 seats reserved for Indonesia should be in the Guindy college. They may be asked about this. In the meanwhile the D. P. I. may be asked to retain

4. The Govt of India also request that Mr. Sorono may be paid an advance of Rs200 to be recouped from the Govt of India. The D.P.I. may be authorised to do this. The amount may perhaps be met from the amount allotted for contingencies in the college.

A The arrangements for the education of the Indonesian students have already been made & this student will have to go to Cocanada. This may be approved.

Pl. see the telegram from the G of I in the Current File. Attention, in this Connection, is invited to the notes and the orders in Circulation on pp 1-2 NF and para 1 of the Lr on p 9 cF of C.O.No. 1940 Edn of 5.8.48. The G of I have sent the telegram, it seems, before they have recd. this Govt's reply in their letter on p 9 CF of Ⓡ. It is for orders whether as a special case, Mr. Surono may be transfered from the Kakinada to the Guindy Engg. College; ~~if so, the G of I may be informed that this Govt. will not be prepared to reconsider their decision conveyed in para 1 of the Lr on p 9 cF of Ⓡ, if similar requests are made in the future.~~

H.M (Edn) and Hon'ble Premier may see.

The telegram Ⓡ indicates the same attitude that I have animadverted on at A at 6/1 NF. I think we must refuse reconsideration, send a wire saying so, & send a letter asking that we repeat we cannot accept the proposition that we must let the prior approval candidates to the various colleges.

(For the 4 seats of Engg. reserved for the allocation Indonesia the Govt of India have nominated only one candidate (Mr Surono) this year)

I think we should courteously but firmly point out that we can promise only to admit certain students but cannot allot the students to the various colleges in consultation with the Govt. of India. If they want to impose such conditions, we would rather not have those students. We should not be dictated by the Govt. of India ~~even~~ in small matters like this. It is a matter of principle and dignity not to be interfered with in these matters.

Please see herewith the letter of Mr. Sen Gupta, Secretary of the Technical Education Board. In view of this letter, I think we may oblige them. When they insisted upon their officiousness, we were well advised in telling them that they cannot expect us to consult them in this matter but now as they have made it a request, I think we may oblige them. I have consulted the Principal of the Guindy Engineering College on the phone. He tells me that there are two vacancies, i.e. two boys have not yet joined and even if theyjoin, one of them may be sent to Cocanada and so, orders may issue that Mr.Surono, the Indonesian student who applied through the Government of India, may be transferred to Guindy. This letter may be filed and the reply may be sent to Mr. Sen Gupta on the following lines:

"Your letter dated 9th August 1948 to Hon. Minister for Edn. requesting that Mr. Surono, the Indonesian student may be admitted in the Guindy Engineering College. It is not the practice of this Government to disturb students from one college to another after they are allotted to individual colleges but in view of your request, the Government have ordered Mr. Surono to be transferred to the Guindy College."
