2. In view of the grave situation caused by this disastrous fire and in view of the urgent need for the accommodation, the correspondent requests that his application for a building grant for an upper story to the existing school building, referred to in Government Memo. No.61717-46/B1/3-Education dated 19-3-1947, may be placed on the approved list and that ~~may~~ he may be allowed to start the building at an early date. With reference to the above Government Memorandum this scheme was included in the list of building schemes submitted to Government for their approval for the quarters ended 30-9-47, 31-12-47 and 31-3-1948. But this scheme has not yet been sanctioned by Government for inclusion in the list of approved works for purposes of Grant. In view of the special circumstances, I request that the scheme may be approved,

Grant - Buildings - St. Antony's High School - construction of an Upper Storey - Inclusion of scheme in the list of approved works.

From the D.P.I. Rc.No.386/48 F dated 24-6-48.

The correspondent of the St. Antony's High School, Tanjore, applied in March '47 for a grant for the construction of an upper storey to the existing school building at an approximate cost of Rs. 60,000 but he was informed in Memo No.61717/46-B1-3 Edn., dated 19-3-47 that his application ^{would} ~~should~~ be taken up for consideration only after the revised procedure for dealing with such applications ~~was~~ settled. After it was decided that a consolidated list of building schemes for aided secondary schools should be submitted to Govt. once a quarter, the D.P.I. has been including the scheme in the list for each quarter, but the scheme has not so far been selected. As a large shed with 14 classrooms for the school has been destroyed by fire in May 1948, additional accommodation has to be provided for immediately. The correspondent has therefore requested

that the scheme for the construction of an upper storey may be placed in the approved list. In view of the special circumstances, the D.P.I. recommends ^{that} the scheme may be approved. It is proposed to sanction in the current year, as a special case, grants not exceeding 2.5 lakhs for construction of buildings for secondary schools which were subject to the restrictions imposed in 1941. The St. Antony's High School is one of such institutions as it is a high school for boys. The Director's recommendation may therefore be accepted and the scheme may be placed in the approved list.

2. As the furniture in the shed has also been destroyed by fire, the D.P.I. has permitted the management

management to proceed with the purchase of such of those articles that are urgently required for the school and to submit an application for equipment grant with the necessary particulars.

The Director requests that he may be permitted to sanction the equipment grant this year itself as a special case from the savings, if any, in the sanctioned appropriation or by obtaining additional funds. The Director may be asked to submit the application for equipment grant with his recommendation as to the amount of grant that may be paid and orders in regard to the disbursement of the grant in the current year may be issued on receipt of that application, in consultation with Finance.

The file may be circulated to H.M.(Edn.) for orders as to whether the scheme for the construction of an upper storey may be included in the list of approved works and that a grant equivalent to one half of the cost not exceeding Rs. 35,000 may be made for the scheme. The maximum limit for building grants to non-Govt. Secondary Schools recently approved in Cabinet is Rs.35,000. ~~Rs. 30,000~~ - the limit that has been imposed in respect of the schemes placed in the approved list ~~in govt.~~ at (2) + (3) + (4)
