Schools - Special - District Board, Tanjore - Industrial
school - Revision of the scales of pay of the staff -
Ceramic demonstrator and Potter under the control of the
Madura District Board - ~~fax~~ - Orders passed.

Extracts from the letter D.Dis.No.19736/47, dated 26th January 1948 from the Inspector of Municipal Councils and Local Boards, to the Secretary to the Government, Local Administration Department.

Sub: Establishment - Municipal Councils and District Boards - Salaries of employees of certain new posts - Revision - Proposals.

Ref: Government Memo No.12078-47, dated 10-5-1947, and this office letter Rbc.No.19736-47, dated 13-11-1947.

In connection of this office letter Rbc.No.19736-47, dated 13-11-1947, I send herewith supplementary proposals in regard to the revision of the scales of pay of certain posts for which scales were not revised by Government in their Memorandum No.36715-9 Spl., L.A., dated 8-2-1947. The references enclosed are enumerated in the appendix to this letter and remarks in respect of the proposals contained in the references are given below:-

x x x x x x

6. Madura District Board:- The Special Officer of the Madura District Board has sought for orders in regard to the revision of pay of the following posts:-

Designation.	Existing pay.
(1) Ceramic demonstrator	Rs. 35/- per mensem.
(2) Potter	Rs. 15/- per mensem.
(3) Garden Superintendent	Rs. 50/- per mensem.
(4) Mechanic-in-charge of Rani Mangammal Chatram.	Rs. 25/- per mensem.

Ceramic demonstrator:- There is a similar appointment under the Tanjore District Board. The Director of Industries has suggested certain qualifications for that post in his letter L.Dis.No.6206-C2-47, dated 4-12-1947 (enclosed) and stated that the scale of Rs. 50-3-80 suggested for the post by the Special Officer, Tanjore District Board, is reasonable. I recommend that the same scale and qualifications may be adopted for the ceramic demonstrator under the Madura District Board.

Potter:- This is a menial post. An increase in pay by 25 per cent as in the case of other menials would be adequate.

Garden Superintendent:- The existing scale is Rs. 50/- per mensem. For park superintendents under municipalities the Government have fixed the scale of Rs. 50-1-55 - vide Government Memorandum No.36715-46, dated 8-2-1947. That scale may be fixed for the garden superintendent under the district board.

Mechanic in charge of Rani Mangammal Chatram:- The pay of mechanics under district boards has already been revised by Government - vide Govt. Memorandum No.36715-46, dated 8-2-1947.

The following were among the posts mentioned by the special officer:-

The Government in their order G.O. The Government also requested the Special Officer to furnish a copy of his proceedings sanctioning the scheme, the employment of the special staff proposed, and the incurring of other incidental expenditure from the District Board funds in the year 1942-43. As per instructions of Government proceedings of the Special Officer, No.1. dated 11-2-43 sanctioning the scheme the employment of the Special staff proposed and the incurring of other incidental expenditure not exceeding Rs.700/- has been furnished to the Secretary to Government, Local Administration Government, Madras with this office Ref.No.15361/42 dated 9-2-43. The scheme is continuing from 23-2-43 with some breaks owing to changes of Ceramic Demonstrators. The Ceramic Demonstrator and his potter are not attached to any school. They have been visiting villages having their head-quarters in the District Board Office, Mathurai. The Ceramic Demonstrator has made 850 pupils as per oral orders of the Ex President, District Board, Mathurai and has made clay articles. As no systematic work was turned out by the Ceramic Staff, they have been directed recently to work under (PTO)

the Firka Development Officer, Tirumangalam from 5-11-48 for doing intensive work ⁱⁿ for the selected firka and they are paid from District Board funds, though they work under the Firka Development Officer. The District Industries Officer, Mathurai has requested to issue instructions to the Ceramic Staff to work under him. The continuance of the staff is under consideration and it will be decided at the next meeting of the Firka Development Scheme. I shall submit a further report to Government after arriving at a decision.

Schools - Special - District Board Tanjore - Industrial School - Revision of the scales of pay of the staff

From the Inspector of Municipal Councils & Local Boards
D. No 19736/47 D. 26.1.48.

From the Special Officer, District Board Tanjore
R.C. No A.10. 36521/47 D. 26.1.48

The proposals for the revision of the scales of pay of the staff in the Industrial School maintained by the D. Bd, Tanjore, are set out in the Sd. copy of the Director of Industries & Commerce, who was consulted in the matter, has recommended the adoption of the revised scales proposed and therefore suggested the

qualifications to be prescribed. The Inspector of M.C. & Local Boards has endorsed the Director's recommendations.

2. The qualifications proposed by the Director of Industries may be fixed. In regard to the revised scales of pay proposed, the following remarks seem called for

	Existing scale -	Proposed scale
Superintendent -	Rs 165-10-175-15/2-210	Rs 200-5-220-10-250

The scale of pay proposed is the same as that fixed for Superintendents of Govt Industrial Schools. In fixing revised scales of pay for the staff employed in local bodies the general principle adopted is that the scale of pay should be slightly lower than that fixed for the same post in Govt service. Following this principle, the scale of pay may be revised as Rs 180-5-200-10-240. (The scale of pay fixed for Lecturers in Govt School of Technology, Sec 10, Mysore)

For new entrants to the scale of pay may be allowed to the holder of a degree in Mechanical or Electrical Engineering. For the holder of a diploma of I.E. E. or M.E. the scale of pay may be fixed as Rs 75-5-145- This is the scale fixed for Inspectors in Engineering to be employed for diffracted duties.

If this scale is prescribed for the staff, the difference between the Govt's scale of pay & the Asst. Lecturer's scale of pay will be very small. In view of this it does not seem necessary to pursue this question.

in secondary schools. - Vide annexure 1590 no 1580 En 3/17-6-48

Assistant Lecturer. The scale of pay may be fixed as 21-7-48

Rs 20-3-100 - The scale of pay for Art Teachers in school of Arts crafts is Rs 70-2-90 and a slightly higher scale

may be allowed for Art Lecturer. - It does not seem necessary to follow the Art scale of Rs 80-3-110. Instructors, weaving Instructors & Ceramic Demonstrator

The slightly lower scale of pay of Rs 45-3-75 or. The former scale may be fixed. 21-7-48

Rs 45-2-75 may be adopted. Potter & Gate Keeper These posts are now on fixed pay. As there are menials, the Inspector of local boards has suggested that an increase of 25% may be

allowed. As the Potter is to be designated as Assistant to Ceramic Demonstrator, a scale of pay of Rs 20-1-30 may be allowed. For the gate keeper the scale of Rs 16-1-25 proposed by the Dt Bd may be adopted.

3. For the Ceramic Demonstrator and Potter under the Madura Dt Bd, the scale of pay that may be fixed for those posts under the Tanjore Dt Bd may be adopted. 21-7-48

4. The revised scales of pay may be given effect to from 1.1.47

5. No grant is made by the Education Dept for the Industrial School at Tanjore. There is no information whether any grant is made by the Industries Dept. In the case of the Madura Dt Bd, ceramics is probably taught in high schools as a manual training subject.

There is no information in which school the posts exist. This may be ascertained before orders are issued.
