The draft on plate has been issued. G.O. No. 141 Edu. dated 21.1.46, required by Finance is put apart (X).
~~It is may be invited to the Principal's letter at pages 5-7 of G.O. No. 141 Edu. dated 21.1.46, which fully explained the need for a separate typist for the Elec. Engg. Dept. of the College. The D.P.I. has now stated that there is still need for the steno-typist for the dept. Further continuance of the post till 31.1.1950 may therefore, be recommended in this dept. May be sent to 7 in. for further rev. app.~~

G.O. No. 141 Edu. dated 21.1.46. From there

(Per Finance rule on p 3 above)
The further rule of E.H.H. may be perused. The reasons for the employment of a steno-typist in the Electrical Engineering dept of the College of Engineering, Guindy are on p 6 of G.O. 141 Edu dated 21.1.46. From there

it is observed that the main reasons for the employment of a separate steno. typist, for were:-
1) Electrical Communication Engineering was a newly created dept and it would take some time to organize it suitably into efficient working conditions.
2) The Professor of Electrical Engineering was newly appointed and pending the appointment of the rest of the staff, the professor would necessarily have to look after all the lecture, laboratory work etc and 3) the purchase of equipment in apparatus, instruments, machinery, materials and tools etc might involve a lot of correspondence and also for correspondence with other institutions.

As it is more than 2 years since the Electrical Engineering dept has begun to function, most of the above mentioned reasons ^{must} have ceased. Further the Restructuring and Reorganisation Committee have recommended that the question of sanctioning shorthand writers for officers should be examined afresh and sanction accorded only in cases where it is necessary. It has also been suggested that for each office or department of the Secretariat in which more than two officers are working, a pool of shorthand writers may be formed, the number of shorthand writers being fixed at about 50% of the number of officers. Any shorthand writer in the pool could be utilised by any officer for shorthand work. In the circumstances this dept may suggest that the post of the steno. typist sanctioned in G.O. 141 Edu dated 21.1.46, for the Electrical Engineering, dept may be abolished ~~is~~ ^{be} forthwith.

They want that the post of sten. typist should be abolished forthwith. But, in fairness, it appears that the D.P.I. should be given at least some time for making a sufficiently strong presentation for the continuance of the post, if it was really necessary. It is therefore ruled that, in modification of the Memo. at page 1 ante, the D.P.I. may be told that the post should not be continued after 31.3.1948, unless fresh sanction was obtained, in the meantime, for its further continuance, showing sufficient justification therefor. Subject to orders, the draft memo below is for approval. Finance may see afterwards for the necessary information, after issue.
