Office of the
Director of Public Instruction,

From

Dr.S.R.U. Savor, M.A., D.Sc., I.E.S.,
Director of Public Instruction, Madras.

To

The Secretary to Government,
Education and Public Health Department, Madras.

Sir,

Sub:- Elementary Education - Introduction of pre-vocational training - Higher Elementary schools - Local Bodies - Provision for payment of subsidy - Proposals - Submitting.

Ref:- Government Memo.No.57746 B2/46-3,Edn.,dated 16-4-47.

In the above memo. Government have made provision in the Budget Estimate for 1947-48 for the payment of subsidies to local bodies for the introduction of pre-vocational training in 1949 40 Higher Elementary schools under their management, tentatively in 20 schools in Malabar District and in 10 schools in each of Salem and Vizagapatam Districts. Certain particulars regarding the employment of Prevocational Instructors in the schools under the Salem, Vizagapatam and Malabar District Boards have been called for with a view to submit proposals to Government for the distribution of the provision made in the current year's Budget Estimate.

The Special Officer, District Board, Malabar, reports that it is proposed to introduce prevocational instruction in only 10 Higher Elementary schools this year. The Special Officer, Vizagapatam District Board reports that for want of qualified instructors, there is no likelihood of introducing prevocational instruction newly in any schools during 1947-48. The reply from the Special Officer, Salem District Board has not yet been received.

From the above it would be seen that prevocational subject has yet to be introduced in a large number of schools in the above district boards and in a ^{small} number of schools in other District Boards also.

I therefore request that Government may be pleased to make provision in the Budget Estimate for 1948-49 towards the payment of subsidy in respect of 70 schools (tentatively) as indicated below:-

	Cost to Govt. in 1948-49.	Ultimate cost to Govt.

The rate of subsidy is fixed at one half of the minimum of the time scale of Rs 30-1-45 for a full-time instructor and Rs 50 for a part-time instructor. The subsidy for equipment is limited to one half of the cost subject to a maximum of Rs 100 for each school. The Director of Public Instruction recommends that provision should be made in the ^{estimate} budget for 1948-49 towards the payment of subsidies to local bodies for the introduction of pre-vocational training in 70 higher elementary schools. He has stated that full-time instructors will be employed

in 35 schools, while part-time instructions will be employed in the remaining 35 schools. The question as to how the provision to be made in the budget estimate should be apportioned among the several districts will be examined later.
